That Ur. David Kennedy's Favorite Remedy is extensively need along the line of the Hudson River Baulmoad, is shown by the following from Tarrytown. The writer is none other than Mr. Delievere, the Station Arent of the Hudson River Railroad Company at Tarrytown, a man well known in that community.

Libought it was due to impure blood and a disordered state of the system. I was advised to try. Except the Romedy I did so and have been completely cured, I't the heat thing I ever heard of for any disorder of that nature, and I've recommended it for nany with like success.

Dr. Kennedy's Favorite Remedy is not conflued in its phere of its usefulness to one state or locality, but is halled as a boon by hundreds in every state, as the following letter from Miliville, N. J. will show;

## The Hammonton Boom.

MR. EDITOR ;-About twelve mouths age it was stated in the REPUBLICAN that the "dead-lock" was broken. How little the writer knew of the future,-the stir and the bustle of the last year, the putting up new and tearing down old; remodeling, fixing and improving things generally, has thoroughly proved. Not only was the lock broken, but the key has been thrown away; with all the surroundings of dull times.

The cry is (outside of Hammonton) "dull times, very dull times;" the whole country at a stand-still; and Hammonton flourishing as she has never done before. By what magic has all this come about ? Presto! change !some Mountebank has been here surely! Not a bit of it. This has all been uccomplished by the solid industry of the town. This is none of your buying and selling to raise the value of corner lots! No sir, the people of Hammonton are at work, and that is what is giving the advanced rates. That is what is clearing out unsightly places, and putting worth into them, -solid every time!

I am not going to inflate you, Mr. Editor, by telling you of great sales (there are plenty of them, too) but of what is actually being done to build up and make a good permanent foundation for the future. I am more acquainted with the upper part of the town,-the lower, you can fix to suit yourself. On Oak Road, there has never before been such a clearing up. Land that lately could be bought almost for a song must now be paid for in cash, if you wish to tempt the holder to sell. There is Mr. Tibbit's new house. May they long enjoy the fruits of their labor. Next comes the Measleys (senior and junior),-more comfort out of industry. I point out what improvement has been put on J. C. Adams' house, a new addition, new siding and a coat of paint. have now to tell you that our Italian residents are becoming builders, and owners of farms. John O'Dilla's is the next for me to show you. Following the good example of others, he also is putting up a new house. Next comes Albert Adams, with something nice. Young people must have things to suit. How many of the marriageable young ladies have been looking that way, this deponent saith not; but if it turns out a fact, all we can or ought to say is Amen! One thing more before we leave Oak Road (but this is a secret) we are going to have a store somewhere about this road and Myrtle Avenue.

But I must hurry. Look at all these lots in and near Myrtle Avenue,-all cleared-nothing to keep out the sunshine, -no low unsightly bushes, -no scraggly pines; all under cultivation. Dr. Yarrington has been surrounded, (only it happens to be the reverse of Pat's when he did the surrounding), he has compared now on every side of him to cheer a should walker road, the same busy work is going on. You see that

new barn? that is Mr. Super's. On the other side of the road you will see Edwin Jones improving with a house for pickers. You must excuse me, I cannot point out everything this time, but there is Mr. Walker at work on his fifty acre farm, clearing and putting things in first class shape: and there is Mr. Burgess' place-entirely remodeled showing improvements all around on Walker and Oak Roads. But this will do for this time. We will finish our trip to Elm some other day. D. F.

Two VERY UGLY TWINS .- They go hand in hand, and lead their victim a t rible trot down the valley of the shadow ofdeath. One is neuralgia, the other rheumatism. These generally proceed from disordered blood. Brown's Iron Bitters knocks out these ugly twins by setting the blood aright and invigorating the system. Mr. W. T. Osborne. of Coxville, Ala., used Brown's Iron Bitters for rheumatism and neuralgin with most happy effect. It also cures

This medicine, combining Iron with pure vegetable tonics, quickly and completely currs byspepsin, indigeration, wenkeese, Impure Bload, Mainria, Chilis and Fevere, and Neuralgiae.

## Ayers Sarsaparilla.

Since then Mr. LELAND has recommended AVER'S SARSAPARIELA in many similar cases, and he has never yet heard of its failure to effect a radical cure.

Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enor-mously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with AVER'S SARSAPA-RILLA, which allayed the pain and irritation healed the sores, removed the swelling, and completely restored the limb to use, Mr. LELAND has personally used

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rhoum, Sores, Eruptions, and all the various forms of blood disease

We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel. Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. LELAND'S extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information.

To You. From Oak Hall.

Imperial power rests with the Farmer. The great freight corporations seek him that they may take toll upon his ample stores. We traders seek him to take our stuff. His staples are down, his face longbut why? No reason, while his dollar will buy so much. The Oak Hall stock proves this. Our story for this spring is a tale of cheapness. Note these examples in Men's Suits:

Blue Flannel Suits, \$6.50, \$10.00, \$12.00, \$15.00. They are all. except the lowest. all-wool and all full

indigo color. All-wool Black Cheviot Suits, \$8.50 and \$10.00. Black Corkscrew and Diagonal Worsted Suits, \$13.00, \$15.00, \$18.00, \$20.00, \$22.50, \$25.00, \$28.00, \$30.00. Brown, Wine, Blue and Dahlia Worsted Suits, \$15.00, \$20.00, \$22.50, \$25.00, \$28.00. Just so through all the stock, the three great EEE's, Elegance, Excellence, Economy, prevail.

Pleasures of the Imagination.

Happy youngster. A chair, a box, half a dozen big books, bits of cord and cork. Papa's cane, Mamma's aquarium, and a vivid imagination, supply all his needs. Neither Rangeley trout nor Saguenay salmon can so delight the expert angler. Imagination has joys and limits. It will not make a dear thing cheap nor an old thing new. Real wants demand real supplies, and this fact underlies the great Oak Hall Million Dollar investment in Clothing and Cloths for Men and Boys. Real Bargains must

be facts-hence the Oak Hall system offers only Bargains. For Boys the stock is big. Large Boys' Suits, \$5.00 to \$18.00. Small Boys' Blouse Suits, \$3.50 to \$12.00. Sailor Suits, \$2.50 to \$6.00.

"AFER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly more my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.

Or CHILLS and FEVER.

AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAYE, CERTAIN, SPEEDY and PERMANET cure of Agus and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it full to cure if the direct whatever will it fail to ours if the direc-tions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole fami-lies have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every one more certain to cure, if its use is continued mere certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FABILIT FILLS will be sufficient.

EULI/S SARSAPARKILLA is the old and reliable remedy for impurities of the blood and Scrothlous affections.
