W. C. T. U.

The ladies have taken this space for one year, and are responsible for all that it may contain.

The Woman's Christian Temperance Union of Atlantic County met in convention, in the M. E. Church at Port Republic, Thursday, April 26. Mrs. E. M. B. Tilton, County President, presiding. Rev. D. Johnson, pastor, made the opening prayer. Mrs. A. C. Fleming, of Absecon, read a Psalm. Singing, led by the choir. Mrs. Bourne, State President, introduced by Mrs. Tilton, spoke a few words of kindly greeting.

Mrs. Campbell, Rec. Sec'y, being absent, Mrs. F. P. Cheney, of Absecon, Cor. Sec'y, was elected pro tem. Roll call responded to with texts of Scripture. Mrs. Abbie Collins welcomed the guests, Mrs. E. C. Jenness, of Pleasantville, responding in her usual happy manner. Committee on Courtesy and Resolutions were appointed.

The State song and pledge followed. County Supt. of Christian Citizenship being absent, Mrs. Bourne spoke very interestingly on the subject, explaining the work of this new department. Dr. Eva Lake then read a paper on "What does the Canteen mean?" Rev. D. Johnson was introduced, and welcomed the ladies in a most cordial manner. Mrs. Collins led in noon-tide prayer, and after singing the temperance doxology Mr. Johnson pronounced a benediction. Lunch was served in the hall near the church. Executive Committee meetings were held at 1:30.

Afternoon session opened with singing. "Blest be the tie that binds," reading Scripture by Mrs. Ella Mapler, and prayer. After reading the minutes, Mrs. Leedom read a paper on "Work of the W. C. T. U.," a bright, tender Christian tone throughout. The work is training the women of our land as they never were trained before, leading us to a purer and better life, to a praying Christian life. Mrs. Charles A. Smith, of Hammonton, followed with a paper on Evangelistic work, saving of drunkards—saving them body and soul, for a life eternal. Solo, sung by Mrs. Roach.

Question-box followed. Answered by State President, except in one or two instances when she called upon some one whom she thought could answer them better.

Resolutions were passed, protesting against opening the Egg Harbor fair on Sunday, and Sunday meetings of the Country Club at Northfield; against the sale of cigarettes to minors, and the sending of liquors to recently acquired possessions; and on other topics.

In the evening there was a song service, prayer by County President, dust by Mrs. Rough and Mrs. VanSant, address by Mrs. Bourne, on the work of W. C. T. U. in the past, and urging an increased work in the future, especially in adding to membership. At the close she made a short prayer. A collection was taken while Miss Blake sang a solo "Listen to my prayerful pleading."

While wage-earners are on a strike and receive no pay, the salary of the labor leader and agitator continues.

An excess of \$50,000,000 a month in exports over imports is a pretty good favorable trade balance to carry on our national ledger.

The next measure to be taken up for consideration in the Senate is the Frye shipping bill. Its passage by a large majority seems assured when a vote can be reached.

The United States government buys its Krupp armor, made here at home cheaper than any other country in the world. But of course Democrats are dissatisfied.

Oregon Republicans are for expansion the Nicaragua canal, the open door in China, and, very naturally, for the gold standard as the basis on which Oriental countries should pay for goods.

The "trust" question has been taken up by the sub-committee of the House Judiciary Committee, and it recommends either a new anti-trust law or a constitutional amendment that will give Congress full power to deal with trusts.

Exports of American products and manufactures were almost \$30,000,000 greater last March than in March, '99. That wall of protection is not too high to prevent our goods climbing over it and getting out into the markets of the world.

Gold Democrats are informed by the fusionists in Oregon that they need not come forward except as penitents. As if anybody who was on the winning side in '96 could feel sorry about it!

Said an old successful merchant to a young brother just starting in business: "Where you go you will meet many sharp, tricky, crooked men; but you will find that they always die poor. If you can form a character and establish a credit, there can be no question about your ultimate success. Most failures in life are due to a deficiency of character and a consequent lack of credit." This bit of counsel is the key to whatever success the younger brother afterwards achieved.

We love to expect, and when expectation is either disappointed or gratified, we want to be expecting again.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the same supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50c. Sold by Crowell, Druggist. Guaranteed.

The Porto Rico Act.

The change in public sentiment regarding the Porto Rican act, now that its principles and underlying motives are understood, has been remarkable. People who a month ago were clamoring for immediate free trade with Porto Rico say frankly now that the act as passed is vastly better, and for very important reasons. The late established of immediate free trade with Porto Rico would have taken away the easiest method of raising revenue which that island must have, and which it could otherwise only have had by an internal revenue act—a tax which would have been extremely burdensome—or by direct contribution from the Treasury of the United States. This absolutely necessary revenue will now be supplied by the collection of duties on the goods imported into the United States from Porto Rico, or into Porto Rico from the United States. If this system of raising money is satisfactory to Porto Ricans, they can put an end to it within a few months if they desire, since the act authorizes them to elect a legislature, and specifically provides the tariff between the United States and Porto Rico shall cease when that legislature shall provide the necessary funds for sustaining the government of Porto Rico.

An equally important result, however, of the enactment of this law, which retains a mere shadow of tariff duties between the United States and Porto Rico, lies in the fact that the right to determine all matters of this character, as they are reached, is retained by Congress, and thus no precedent is established by which anybody could claim, or the Democratic party could successfully assert, that free trade with the Philippines or other possessions of that character must or would logically follow. It is only justice to the workingmen of the United States, whether on the farm or in the factory, the mines or elsewhere, that our Congress should retain in its hands the absolute power to determine these matters one by one, as they may offer themselves for determination.

If the farmers of the country are to be enlisted in the campaign against trade, we suppose a reservation will be made in favor of the big agricultural combination of wheat farmers which as proposed will aim to hold the price up to a dollar by reducing the output 20 per cent.

In the last two calendar years, under the Dingley tariff, we bought of Europe goods worth \$725,000,000. In same two years we sold to Europe goods worth \$1,010,000,000. The balance of trade in our favor was thus \$1,215,000,000 from Europe alone. This is the sort of "entanglement foreign alliance" that is caused by the Republican policy of protection. It is entangling to the other fellow.

There are several kinds of brother-in-law. Mr. Dingley has one, a brother of his former husband, who says of the Atlantic's candidacy, that it will not win unless the people desire "to place the destiny of the nation in the hands of a woman." This view of the case has been mentioned before.

No Footed the Surgeons.

Sold by Crowell Druggist.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Discovered" means its existence upon her and for seven years who withstood its severest tests, but her vital organs were unharmed, and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of a bottle of Dr. King's New Discovery for Consumption, and was as much relieved on taking first dose that she slept all night; and with two bottles has been completely cured. Her name is Mrs. Luther Lutz. (True written W. G. Hammond & Co., of Shelby, N. C. Trial bottles free at Dr. King's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.)

An "incandescent arc" lamp has been placed of the M. E. Church, set at rest the much vexed question whether President McKinley did or did not drink wine. He stated that Bishop Walden had a long talk with the President on the subject, and Mr. McKinley had said that when he attended banquets he did not turn down the glasses filled by the waiters, and they were filled by the waiters. He always had, however, a separate glass from which he drank apollinaris water, and that the wine always remained untouched.

It seems to be generally understood that all Notaries Public have been legislated out of office. All who were appointed since the bill was passed will serve their five years.

It is especially desired that members of Township and Borough Boards of Education be at the meeting.

STARKEY. On Thursday, April 10th, 1900, at her residence in Hammon, N. J., Mrs. Mary Starkey, mother of Mrs. J. C. Anderson, passed away. At a regular meeting of Little (A. H.) Council, No. 27 Degree of Posthumous, Imp'd O. R. M., of Hammon, N. J., held on the 23rd inst., Plant Moon, G. B. D. 400, the following resolutions were adopted in respect to the memory of our late sister, Mary Starkey:

Resolved, That in the loss of Sister Starkey there has been a vacancy which can never be filled; and while we can not understand the workings of the Great Spirit in taking our loved one from us, still we must submit to his will.
