Vol. 55

HAMMONTON, N. J., SATURDAY, APRIL 28, 1917

No. 17

Of the long category of things forbidden, men have ventured to legalize, or license but one,—the manufacture and sale of spirituous and malt liquors, the most insidious crime in the list, and the prolific parent of the rest.

We are opposed to this business in its every form; and why?

Because it is of no benefit to mankind,—does not increase his happiness, his usefulness, his desirability as a citizen. On the contrary, the use of liquor lowers a man's vitality, saps his strength, destroys his sense of right, makes him the enemy of his family and of those who should be his nearest and dearest.

These results are not the exception; they are the usual result of habitual indulgence; and the occasional or moderate drinker gradually falls to the level of the lowest.

We have lived more than three-score-and-ten years, in different states, observed all phases of this liquor business, and drinkers in every degree, and to-day we stand more firmly opposed than ever to the nefarious traffic.

These are some of the reasons why we advocate total suppression of King Alcohol's court, everywhere, beginning in Hammonton, where the disastrous effects of the business are daily becoming more evident.

No man has a right to sell rum. It is the only line of trade which confers no benefit upon its patrons, and which sooner or later reacts upon its promoter, and brings its woes upon him and his.

Pension Day, next Friday.

Town cleaning-up week begins next Tuesday.

The Board of Trade meets next Tuesday evening.

Independent F.R. Company will meet next Wednesday evening.

Grape and other streets are benefiting by Bellevue excavation.

On Wednesday, the one session plan took effect in all the higher grades of Hammonton schools, and in the suburban schools,—from eight o'clock to one,—in order that pupils may engage in garden and farm work.

Class in First Aid will meet at Civic Club Hall next Monday, at three o'clock. Bring one of the following bandages,—1 inch wide, three yards long; 2 1/4 in wide, five yards long; 3 inches wide, five yards long.

On May 5th, Dr. Ella M. Anderson will give a practical talk on first aid work. Let us welcome her with a full house. She is well known to many here, this being her home town. Local physicians will help the First Aid Classes, on dates to be announced.

Mrs. Charles A. Smith, formerly a resident here for many years, active in the W. C. T. U. and the M. B. Church, died at her home in Collingswood, on Monday last. Her remains were brought here for burial on Thursday. Rev. Everett vanDriht having charge of the service.

Mrs. Melissa C. Setley, widow of the late Harry P. Setley, U. S. N., died in Philadelphia on Friday last, after lingering illness. Her remains were brought to Hammonton for burial, on Tuesday. She was a native of Maine, but came here with her parents soon after the Civil War. She is survived by a daughter, Mrs. Marie A. Knout, and a son, Albert V. W. Setley, of New York.

Attention! This is first requisite in discipline. To this end also we address you. The country calls. The Boy Scouts of America have adopted the slogan, "Every Scout to feed a soldier!" The local troop have, through the kindness of W. L. Black, received a plot of ground, and are tilling it under the direction of Mr. McDougall, the Vocational School instructor. Any contributions, in the line of fertilizer, manure or money, will be greatly appreciated. Get behind the boys. This is for their profit, physically and economically, as well as a patriotic enterprise. The Boy Scout Troop is a community organization, and solicits your support. SCOTT MARTIN.

MOTORISTS!

Read This Over Carefully!

The largest hammer that ever a
blacksmith swung does not deliver a
blow as heavy as those your tires get
hundreds of times in a few
hundred miles of travel.

That cotton fabric and rubber,
can stand up under such punishment
is remarkable when you think of it.

A blacksmith will tell you that the
temper of steel can be spoiled by
too much heat. Little wonder
then that even a few degrees too
much in the vulcanizing pits will
ruin a tire by carbonizing the rubber.
This results in a tire that
cannot stand the pounding of daily
service.

By the exclusive Miller method
of vulcanizing, all the essentials
are retained in the cotton fabric.
The native toughness and resiliency
of the rubber are kept intact. Both
cotton and rubber are welded into
a rugged mileage unit.

Miller geared-to-the-road tread
bands are never spoiled in the ap-
plication. They come to you brim-
ful of mile muscle, and with 100
per cent power to resist and endure.
The blows of the road affect them
almost as little as the hammer
affects the anvil.

Hundreds of motorists found
Miller repairs and re-treads to be
faithful long distance performers in
1916.

You, too, can establish mileage
records and reduce your tire ex-
pense by having your tires repaired
and re-tread by the Miller method
in 1917.

Write or phone and we will call
for, and deliver all work. We
guarantee all work.

Town Council Meeting.

Regular session on Wednesday
evening, with all the members
present.

W. J. Vernier's bill, \$88.60, for
expenses incident to house connec-
tion contract which could not be
carried out. By vote, \$13.18 paid
for bond was refunded; balance
declared illegal by Solicitor.

Repairs to track at Park were
ordered, for May-Day Fete.

Engineer submitted profile map
and estimated cost of installing a
storm sewer to drain lands near the
Littlefield ice plant, the Gas house,
and over to Orchard Street. The
Reading Co. will be asked to fulfill
their pledge to do part of the work.

Atco having asked for refusal of
old chemical engine, sent a check
for \$50 on account, balance to be
paid May 1st. Solicitor will be
asked whether we can sell without
advertising same.

By a vote of four to three, Texas
Oil Company was refused permis-
sion to erect overhead tanks on
Washington St., adjoining frame
buildings. Solicitor will draw up
an amendment to the ordinance,
making First Road the southern
limit, instead of the Reading.

Committee was authorized to
ascertain cost of running a 4-inch
water main from Washington St.
to Thirteenth, with hydrant near
Homeway Co. buildings.

Two sets of "hydrant gates," to
each of which two lines of hose can
be attached, either one in depend-
ent of the other, were ordered, to cost
about twenty-five dollars each.

Having purchased a large safe
for assessors, Property Committee
found it necessary to place supports
under the floor in Collector's office,
which was ordered done.

Dr. McIlvaine's bill for services
to poor, and not approved by the
Overseer, referred to Solicitor.

All those making sewer connec-
tions on upper Bellevue were direct-
ed to puddle and pack the earth
when filling, and to do same before
digger comes along. Engineer was
authorized to enforce this. Permit
for excavating must be given by
Clerk or Engineer.

A twenty-four inch storm sewer
was ordered, to drain new Packard
Street and vicinity, up Bellevue to
Fourth, to cost \$1600. The huge
power shovel will be used for exca-
vating, saving the Town much of
the cost. This will replace the
proposed sewer, to cost about five
thousand dollars.

Interest on the \$17,000 refunding
bonds was ordered paid, —\$2925.
Adjourned at 10:55.

The May-Day Fete.

The hearty co-operation of every
resident of Hammoncton is earnestly
requested to make May 12th a
memorable day in the history of
our town.

Prof. E. J. Goddard has done
splendid work in behalf of the
athletic end of the program; and
the greatest gathering of athletes
ever witnessed in Atlantic County
is assured.

The Song committee, — Messrs.
W. R. Seely, J. A. Waas and H.
C. Doughty, — have perfected ar-
rangements which insure a festival
sure to be appreciated.

The "May Queen" portion of
the program will be highly pictu-
resque and pleasing.

In view of the fact that members
of the State Board of Education
will be invited to attend, the com-
mittee would greatly appreciate it
if every householder, and every
business house, would beautify and
decorate in honor of the occasion,
in fact, for the entire week follow-
ing "clean-up week."

THOS. B. DREER,
Sec'y May-Day Fete Committee.

The Home Garden.

Much has been written about
making the farmer; but the towns-
man also needs help. Cultivate
your back yards, grow vegetables
to be eaten fresh and canned for
next winter. Those who have idle
land in or about town should be wil-
ling to have such ground cultivated
as it will be in better condition for
it; and the owner can show his
patriotism by permitting some needy
party to use the ground.

Prepare your ground thoroughly,
fertilize, and use good seed. An
hour a day in the back yard garden
will yield a wonderful return in
health and vegetables.

Those who have land that they
would like to have planted by some
one who has no land, should notify
this office or Mr. McDougall.
