In one of our workrooms we have two hundred and fifty tailors and tailors' helpers—the work they do shows that character and skill which cannot be had except from a specially trained force.

When you come to Oak Hall you turn your steps not only in the right direction for style, but for moderate price.

Remember this spring the coats are longer and carry the full front and concave shoulders. The vests are cut full. Trousers peg and semi-peg.

Bring the boys to Oak Hall—it's the store of their fathers and grandfathers, and more alert to-day than ever. We're celebrating our forty-fourth birthday this month.

Pay for Volunteer Firemen.

To replace the tax exemption which firemen enjoyed, the following law has been enacted:
Whereas, the court of errors and appeals has decided that the allowance of volunteer firemen an exemption from taxation upon five hundred dollars of the assessed valuation of their real and personal property, which exemption they have received for many years, is unconstitutional, and such exemption cannot now be given under the law; now, therefore, to continue, establish, encourage and maintain an efficient volunteer fire department where it is inexpedient to establish a paid department;
Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. Each and every active volunteer fireman, doing fire duty under control or supervision of any common council or other governing body of any municipality or any board of fire commissioners of such municipality, or of any fire district, where they and each of them are not otherwise personally compensated for their services, so voluntarily rendered, shall receive each the sum of Fifteen Dollars, to be paid to them as other obligations are paid by said municipality out of moneys raised by general tax levy to cover any losses they and each of them may incur in attending upon and putting out fires in the municipality under and within which they may be doing public fire duty.

2. A full, true, perfect and complete list of such active firemen shall be made out and kept by the clerk of each such municipality or fire district, and the payments aforesaid shall be made as other payments are made by the municipality upon application of such active firemen on and after the first day of December in each and every year.
3. All acts and parts of acts inconsistent herewith are hereby repealed, and this act shall take effect immediately.

St. Mark's Officers.

St. Mark's Parish held their annual meeting on Monday, Apr. 24th, and elected the following:
Senior Warden, James E. Watkins.
Junior Warden, Geo. F. Nicholson.
Vestrymen, E. B. Watkins (Treasurer), Hooper Watkins, Theo. Skinner, Henry Poyer, David Cottrell (Secretary).
The Treasurer's report showed the Parish to be in good financial condition, the Easter offering being very liberal. In every respect, the Church is prospering under the ministry of Rev. Paul F. Hoffman.

The Great American Entertainment Co., with its wonderful Stereoscopic Cinescope-Phone, will produce the life-motion of man and beast, accompanied by songs, quartets, duets, choruses, and instrumental music, with natural and artificial scenery from every part of the world, including science, travel, and war, sprinkled with side-splitting scenes and songs, making this the most unique entertainment before the public. At Union Hall this (Saturday) evening. Children under twelve, 15 cents; adults, 25; reserved seats, 35 cents.

He kept up in the race.
James S. Barron, President of the Cottox Mill, Rock Hill, S. C., writes: "In 1903 I painted my residence with L. & M. 'Z' Enamel, and, oh, what a great many houses painted three years ago. Don't pay \$1.00 a gallon for flaked oil, which you do in ready-for-use paint. Buy oil fresh from the barrel at 60 cts. per gallon, and mix it with Longman & Martinez's L. & M. Paint. It makes paint cost about \$1.20 per gallon. Wears and outlasts the gold. Every Church given a liberal quantity when bought from H. McD. Little."

THE BEST Health Culture. No poor man
can afford to bother with any of the ex-
perimental health fads. He is too busy
making a living for himself and family, and
when he is afflicted with a bad cough or cold,
or develops catarrh as the direct result of a
cold, he takes a few doses of Dr. Boecher's
German Syrup. And if something more
serious, say consumption, prostrates him or
any member of his family, German Syrup
can again be relied on to effect a cure. Trial
bottle, 25c. Big bottle, 75c. At Laiba's.

We have heard quite a number
of complaints in regard to automobiles
blocking both street and sidewalk, on
Bellevue, last Sunday. At one time, in
the forenoon, church-goers could hardly
get through the crowd of men and boys
who were watching the repairing of the
machines. A passer-by noted six of the
bulky vehicles grouped on the now too
wide avenue. If the autos require
attention, they should be taken back of
the buildings, and not obstruct the
highway nor desecrate Sunday's quiet.

The New England Club met at
the home of Mrs. Aiken, Thursday
evening, and a very jolly occasion it
was. Owing to the weather conditions,
many were unable to attend, only twenty
being present. The music was of a
high order. Miss Laver's solo was ex-
ceptionally well rendered. Mrs. Osgood
and Mrs. Wilson favored the company
with choice readings, in which elec-
tionary ability was quite prominent. All
felt it pleasant and profitable to be "in
it," and fully appreciated the kindness
of their hostess.
