Town Council Meeting.

A special meeting was held on Wednesday evening, called by the Mayor. All present.

Clerk read a circular from the Secretary of State, containing two or three sections from the new election law, which require Council to "immediately" redistrict the Town where four hundred or more votes

have been cast in any precinct.

As Committee of the Whole, with Mr. Sharpe presiding, Council discussed the matter thoroughly, and decided that a division into four precincts was advisable, both present precincts having cast over four hundred votes.

It was considered necessary to canvass the latest registry books, to determine the boundary lines of new precincts; and as this could not be done in an evening, the Clerk was authorized to employ a man (preferably an assessor) to assist in locating voters, and report at a later meeting. The division must be made by ordinance, and completed by May 15th. Such an ordinance will have to be introduced at next regular meeting, on May 10th, and be passed within five days thereafter.

Subject of watchmen at various railroad crossings introduced, and Mr. Sharpe instructed to take up the matter with proper officials.

A letter was read from E. A. Stevens, State Road Commissioner, enclosing specifications for such improvement of Main Road and Bellevue Av. as he would approve, and suggesting that Council procure estimate of cost. Referred to Highway Committee, who will try to push the business.

Adjourned at 9.48.

Arthur H. Irons, son of a former townsman Howard L. Irons, died on Sunday, April 16th, at the home of his aunt, Mrs. Roger Beatty, at Phoenix, Arizona, 24 years old. A beautiful Christian death.

electric welding was introduced. It sounded the death knell of the light, flimsy netting and of light poultry fences of all kinds. This radical change over old methods was made by the Pittsburgh Steel Company and was incorporated into its now celebrated "Pittsburgh Perfect" fencing, for hogs, sheep, cattle, farm purposes and for lawns and poultry. This fencing is manufactured exclusively by them. Electric welding also placed wraps, clamps and ties in the waste wire class.

"Pittsburgh PERFECT" ELECTRICALLY WELDED POULTRY Fence

"Pittaburgh Perfect" poultry fences as well as all farm and lawn fences under this brand, are now being made from a special quality of open hearth wire, manufactured in the immense addition to our mills recently built. It is now heavily galvanized by an improved process. All stay wires are the same size as line wires, and is the superior of any poultry fence made. The quality of the open hearth wire, conceded superior to Bessemer steel; the galvanizing, applied by our special process; and the large wires, are all of vital importance in giving service and durability.

Bottling Whisky.

When I read in your paper, today, about the new ordinance that had been introduced, providing that whisky be included with its close relatives, beer, porter and ale, to be sold by bottlers, it did seem incredible that any sane person could propose such a thing. O! for ten thousand tongues, to cry out against it. The abominable stuff, which makes a person unfit to be seen by others; yet this same cursed stuff is sending innumerable souls into eternity, to stand in the presence of Almighty Think of those who have met such an untimely and dreadful end through the use of whisky, and how can you Councilmen, and others who favor the poison in any way, go about feeling satisfied with yourselves, until you have tried to stamp out this deadly traffic?

"Know ye not to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness.''.--Roman vi. 17.

Then, gentlemen of Council, can you, will you stand for or against that deadly poison? God grant that it may be banished from our town before it sends any more men to degradation and death! Oh, death, where is thy sting? The sting of death is sin. Is there any thing that brings about more sin than whisky?

Read the thirteenth chapter of Romans: "Whosoever resisteth-the power, resisteth the ordinance of God: and they that resist shall receive unto themselves damnation.

. . Let us walk honestly, as in the day; not in rioting and drunkenness. . . . Put ye on the Lord Jesus Christ, and make not provis² ion for the flesh, to fulfil the lusts thereof."

Dare any one of you who is in authority cast aside the "ordinance of God," and substitute that of the Devil? Think of this, you who are asked to vote for rum, and you who are asked to sign your names for licenses to be granted for selling the stuff. Can your names be written in the Lamb's book of life, while you are signing your name and giving your influence for the greatest agent Satan can have?

Is this strong language? I pray that God in mercy will so put fire from Heaven in the hearts and on the tongues of preachers and people that those who have heretofore upheld the liquor traffic in any way may not rest in their beds until they turn about and help to stamp it out!

Athletic Association.

The Board of Trustees met on Tuesday evening, and decided several matters of importance.

The season will open May 20th, with Egg Harbor. The President appointed the seven trustees a committee of arrangements for the opening day. A number of special features will be introduced,—further announcements to be made

next meeting of members will be held in Firemen's Hall on Tuesday next, May 2nd. All who are interested are invited.

The candidates for the team are practicing twice a week, and the players for first game will soon be selected.

The subscription paper is meeting with great success. May the good work continue until the entire debt is paid.

The members, team, trustees and town people are getting in some "team work" together, and this certainly means success.
