"The Best Bread

said a lady recommending Leonard's
Home Made Bread to a friend.

We do not make quite such a broad
claim as that for it, but do say it is the
best in town.

Made by machinery and enclosed in a

He Checks His Steed High.

When George Henry Nowitz goes out for a ride,
He hires a team that he handles with pride.
The buggy is new and the harness it shines,
And he feels pretty big as he picks up the reins.
When he gets good and ready he thinks he looks slick,
Yet he's no more account than a monk on a stick.
For he really can't tell how to write or to read,
But this he can do, he can check up his steed.

high!

So he checks him up

So he checks him up

The horse may object, but what does he care?
He's out for a ride just to make people stare.
I look at him, too, with a great deal of pain,
As I'm making a study of heads without brain.

For a man who will check up a horse till his eyes
Can't see the road but must blink at the sides,
Has really of grey matter such a small trace,
That I can't understand what he holds in its place.

The Lecture Course.

The committee have made their se-
lections for the next winter's course.
Dates have not been fixed, nor the or-
der of entertainments, but the following
are booked: "The Danbars," male
quartet and bell ringers; Frank Dixon,
lecturer, probably on "The man against
the Mass;" The Elma B. Smith Com-
pany, entertainers; Strickland W. Gill-
man, humorist; and the Lotus Glee
Club, a male troupe.

The committee believe that this will
prove the strongest course yet offered.
Following the experience of last year
they have selected an expensive list,
feeling that the people will appreciate
and support it.

You may be told that the pres-
sure in our water mains is 60 lbs. to the
square inch; that the pressure when the
stand-pipe is cut off and the water is
forced directly into the pipes is 100.
But Mayor Jackson knows better. Mon-
day night, the firemen desired a good
test, with four streams from two hy-
drants, on four inch mains, so asked for
and received full pressure. Evidently,
they forgot to notify the engineer when
they were done, and he kept the pumps
going. The Mayor and family were
out that evening, and the force of water
burst a radiator, up-stairs, flooded the
room, the plaster, carpet, etc., in the
lower rooms was ruined, and that part
of the house looked like a flood wreck.

The 500 club met at the home of
Mrs. Wm. A. French last Wednesday
evening. All the members were pres-
ent except two; and in addition to the
members the hostess entertained Mrs.
Vail and daughter, and Miss White, of
Washington, D. C., sisters of Mrs.
Byrnes; Mrs. and Miss Colwell, Miss
Chalfant, and Mrs. Wm. Craig, of
Washington, Ohio, sister of Mrs.
French. Many lively progressive games
were played with much appreciation by
all. After the games members partook
of a delectable collation served by the host-
ess. The next meeting will be at the
home of Mrs. King, on Wednesday
next.

Improvements about Oakdale
Cemetery have been commenced, after
being long delayed by standing water.
It is proposed to put the grounds in
good shape, with the co-operation of
the lot holders. The grounds are now
being put in condition for seeding, and
the streets are to be graded in orna-
mental shape. It is proposed to have
large stone pillars at the entrance, with
a name-plate connecting them. Now
we ask lot-holders to help us. If you
cannot fix up your lot yourself, write
to the Sexton, R. Clark, and he will
do the work at small expense.

L. M. PARKHURST, Sexton.

W. J. Smith has no fine a grove
of young pines as any we know of ad-
joining the Patterson place, on the
Lake. He is having the underbrush re-
moved and improving the place gener-
ally. This is a fine place for a boat
landing along the Lake shore, and the
trees are already large enough to give
good shade.

The Holeproof Hosiery

For Men and Women.

A box containing six pair hose, guaranteed to wear six
months without any holes. A new pair free for every
pair that does not come up to guarantee.

The price is \$2 for a box of six pair hose, and

purchase, without any holes.

For Men, we have them in black, brown, light gray, and
black with white feet,—sizes, from 9½ to 11½.
For Women, in black only,—sizes 8 to 10.

Just figure out your expense for six months on hosiery, and
you will learn that the holeproof hose
are the cheapest at the end.

Suggestion from our Merchant Tailoring Depart- ment.

If your clothes are to be made
to order, our merchant tailoring department, in charge of a
man with eighteen years experience, is at your service.

The management guarantees every garment to fit.
The best of trimmings are used, and we feel safe in saying
that our made-to-order suits will hold their shape longer and
look better than most of the suits that are made to order.
The price we ask is many dollars less, comparing quality,
than most of the stores will ask for ready-made.

All clothing bought of us will be cleaned and
pressed free of charge.

The lake at Afton, which for a
number of years past has been drained,
has been flooded again. Neat fences
have been built around several prop-
erties there, and the town looks like its
old self again. By the way, with the
new gravel road, it's a rather pleasant
drive over to Afton. There's a shady
little nook on this side of the pond,
where one can enjoy a picnic lunch
along with a fine view across the pond
and a cooling breeze from off the water.

Here comes the Spring Winds to chap, tan
and freckle. Use Pinealve Carbonized. (Acts
like a poultice) for cuts, sores, burns, chapped
lips, hands and face. It soothes and heals.
Sold by City Pharmacy.

Mrs. Sparks, under the auspices
of the W. C. T. U., gave an excellent
talk on the evils which poison one's
body, to about 350 children, in the Bap-
tist Church, Tuesday afternoon. In the
evening she addressed a host of people
on the temperance question at a parlor
meeting at Mrs. A. L. Jackson's resi-
dence. She is an able speaker, and the
ladies of the W. C. T. U. feel encour-
aged by the cordial reception given her
by both children and adults.

PRESS SUPT.

Have you driven down the lake
way lately? It's a drive worth while,
and there have been many improve-
ments along the way. Not the least of
them are the broad green pastures on
Hammoncton Ave., that gives one a
view clear across what was once a
tangled thicket to Central Ave.

What the Kidneys Do.

Their Unceasing Work Keeps
Us Strong and Healthy.

All the blood in the body passes through the
kidneys once every three minutes. The kid-
neys filter the blood. They work night and
day. When healthy they remove about 500
grains of impure matter daily. When un-
healthy some part of this impure matter is left
in the blood. This brings on many diseases
and symptoms—pain in the back, headache,
nervousness, but, dry skin, rheumatism, gout,
gravel, disorders of the eyesight and hearing,
dizziness, irregular heart, debility, drowsiness,
dropsy, deposits in the urine, etc. But if you
keep the filters right you will have no trouble
with your kidneys.

Thos. Baker, living on French St., Hammoncton,
N. J., says: "I suffered considerably
from a dull, heavy pain through the lower
part of the body. I was unable to find a
remedy that would give me relief, and was at
a loss to know from what source the trouble
arose until my kidneys became irregular in
action. Learning of the merits of Doan's
Kidney Pills, I procured a box at the Red
Cross Pharmacy, and received great relief. I
take pleasure in recommending this excellent
remedy to other sufferers."

For sale by all dealers. Price, 50 cents.
