Most of us have heard, through the papers, of the destitution prevailing in Nebraska; but that great State is far away, and few of us have realized that honest and industrious men and their families are suffering and dying of starvation. A letter received this week from there states that the need is great, new cases requiring help are found every day. We copy an article from the *Ewing Advocate*, and commend it to all who have a dime or a dollar to spare.

The citizens of Ewing have publicly declared that there is need among the poor. This should have been done three months ago. The fact stood out in bold relief. It was manifested by the dreary waste of parched plains and desolated fields. It was shown by the living skeletons called horses; by weak, emaciated cows, and hogs starving for the want of food. It was told in the terrible look of apprehension seen on the mother's face when flour, food, fuel, money, and credit have all disappeared, and the only outlook is suffering and hunger. It was plainly spoken by the actions and utterances of stalwart men, pleading for help; men who keenly felt the humiliation of their condition. But hunger is a tyrant that admits of no compromise. Starvation or death is its imperative demand. Life must be sustained by food, and when the food is lacking death is the inevitable result.

We have been opposed by the cry of "No destitution." But the generosity of the Sunny South, and the hospitality of the East, has rendered it possible for us to prevent much suffering. But the demand is increasing. New names are constantly being added to our list. The state appropriation for food has been eaten up, and our supply is very low. Our supplies are sent out into Holt, Boyd, Antelope, Wheeler and Garfield Counties. Our contributions come from all parts of the land, the church the farm, and the factory have given; the banker sends his check, the widow her mite; the veteran that wore the blue helps the veteran that wore the blue.

The people of the East and South are learning the great lessons of generosity. The poor people of the West are learning the wonderful lessons of privation and thankfulness. Truly, it is more blessed to give than to receive. Our people must suffer; the die is cast and it cannot be averted. But your contributions will lighten the load of human suffering, and lift you up to a broader view of humanity and a brighter path to travel. Help us, and your reward will come as truly as it was said: "Inasmuch as ye did it unto these ye did it unto me."

Mrs. J. Hewitt Broadbent,
Local Relief Agent for Nebraska Sufferers, Ewing, Holt County, Neb.

The Elm Fruit Growers' Society desire to inform their members that there will be a special train about 9 a. m., for Boston and Eastern points this season. Shippers can thus have choice of ice or dry cars. The Railroad Co. have made arrangements with their eastern connections whereby they expect that the cars will arrive on time at Boston,--8 a. m. Shippers are requested to be prompt in delivery, as the train must not be delayed, as it will have to run on fast time without stop (except for water) in order to make connections. Any who desire to ship at Elm and join the Society to help business, are requested to hand in their names early, as lists are about to be made up. The Society is run on strictly business principles--without side issues--as economically as is consistent with efficiency; and profits go where they belong--into the pockets of the members. ELM.

If King Solomon was alive he would now say: "Go to the traveling man, learn his ways, and be wise." Mr. C. W. Battell, a Cincinnati traveling man representing the Queen City Printing Ink Co., after suffering intensely for two or three days with lameness of the shoulder, resulting from rheumatism, completely cured it with two applications of Chamberlain's Pain Balm. This remedy is gaining a wide reputation for its prompt cures of rheumatism, lame back, sprains, swellings, and lameness. 50 cent bottles are for sale by druggists.

Mr. Johnson Bane, of Boston, the greatest known guitarist of the United States, will give a guitar recital in Union Hall, Hammononton, on Monday evening, May 20th. Mr. Bane is with the guitar what John F. Rhodes is with the violin. In this recital he will be assisted by Mr. Ernst Oswald, of Philadelphia, a very fine zither soloist. Mr. O. has played several times at concerts in the Academy of music, Phila., and many other entertainments, and is very highly spoken of both in private and by the press. Mr. Jos. Evans will give some banjo and dulcimer solos, assisted by Messrs. J. D. Fairchild, J. S. Thayer, and other local talent. This recital will be under the management of J. S. Thayer.

There was quite an excitement in the High School, over the late examinations. The County Superintendent desired to "know what Hammononton Schools have been doing for three years past," and ordered an examination in three grades of the Central, excusing the other eight grades, and all the outside schools. The present classes have been working under the town's separate course of study, and scholars felt themselves unprepared for this sudden change. Whose fault it was that the County course was not followed this year, as voted last August, we cannot say,--statements vary; but the result was that only five of the pupils attended during examination days. The Board took considerable pains to learn why so many stood away, and rumors were spread that these delinquents would be compelled to submit or be expelled; but nothing has been done officially and the term is nearly ended. Of course, those who were not examined have no chance for a diploma or promotion, and this we believe to be the only legal penalty. But it made a serious complication, and created some ill-feeling.

Under a State law, a census of New Jersey must be taken every ten years,--and this is the year. A few days ago the Chairman of our Board of Assessors had received no notification of this duty, and of course no blanks for the purpose. Probably he has them by this time, for we are informed that the work must be begun Tuesday, the 14th. The circular issued by the Secretary of State is very explicit in its instructions. The census will enumerate in detail the number of dwellings, the number of families, the number of individuals, classified as follows: Native whites, male and female; colored natives, Irish and German residents and other nationalities separately; the number of individuals under 5 years old, those between 5 and 20, those between 20 and 60, and all over 60 years of age. Each dwelling house, for the purpose of the census, means any place of abode in which any person is living at the time, whether in a room over a warehouse or factory, a loft over a stable or a cabin. Wholly uninhabited dwellings are not to be counted. The word "family" includes persons living under a common roof and at the same table. A hotel, with all its inmates, constitutes but one family within the meaning of the census. A hospital, prison, etc., would also be classed in the same way. On the other hand, the solitary resident of a cabin or loft constitutes a family for the purposes of enumeration. The age of every person is also to be ascertained, and all infants born after May 15th are not to be counted. The law provides that the census shall be taken by the assessor of each voting district in city and county.

No man is fit for heaven as long as he wants anyone else kept out.

The meeting adjourned subject to a call of the clerk. When the lab of teachers is completed, we will publish it.

What do you think of having two chemical fire engines instead of one? The Council's Committee, in the course of their investigation, inspected the new engine at Atlantic City. It is a two wheeled, single tank machine, and weighs when loaded, at least twelve hundred pounds. That is certainly heavy enough for men to drag around on Hammononton roads. Suppose we add two wheels, broaden the tires, and buy two of them for a sum not to exceed the appropriation made at town meeting. One could be kept at the engine house, the other perhaps near Elvins' corner, for use in that section. It looks like a good scheme.

FOR SALE. 20 acre farm on Eleventh St., with 5 roomed house, barn, etc. Address: JAMES EVANS, Cor. Arctic and Del. Ave., Atlantic City.

The old Board of Freeholders met on Tuesday last, and closed up the year's business. The annual financial report will probably be published next week. The new Board met on Wednesday, elected Edward H. Shinn, Director, and authorized the issue of bonds not to exceed \$25,000 for a new building for the insane department. John C. Anderson was re-elected clerk.

STENCILS AND RUBBER STAMPS. Leave your orders for stencil cutting and rubber stamps, etc., with A. L. ELLIS, at Steel's jewelry store, satisfaction given.

At the meeting of the Board of Education, Tuesday evening, it was decided not to continue Prof. Salisbury as Principal, notwithstanding numerous signed petitions were received from pupils in the High School and from parents of pupils in all grades. We think the Board made a mistake; but the vote was five to four, and majorities usually rule in America. Several other changes were made, and still others are in prospect. The meeting adjourned subject to a call of the clerk. When the lab of teachers is completed, we will publish it.

12 CENTS pays for a pound of good beef steak at ANNE O. FRENCH, Central Avenue, Hammononton, N. J.

What do you think of having two chemical fire engines instead of one? The Council's Committee, in the course of their investigation, inspected the new engine at Atlantic City. It is a two wheeled, single tank machine, and weighs when loaded, at least twelve hundred pounds. That is certainly heavy enough for men to drag around on Hammononton roads. Suppose we add two wheels, broaden the tires, and buy two of them for a sum not to exceed the appropriation made at town meeting. One could be kept at the engine house, the other perhaps near Elvins' corner, for use in that section. It looks like a good scheme.

The disclosures made before the Senate
Investigating Committee show that for
years the business of the State has been
conducted on a very liberal scale and in
an exceedingly loose manner. Each
high official seems to have been a law
unto himself in all matters pertaining
to his department, and his unsupported
word passed current as a voucher for all
transactions coming under his supervision.
No one appears to have been suf-
ficiently interested in looking out for the
State to take upon himself the task of
investigating the various expense ac-
counts, and thus the filching of the
public money was made easy. If the
researches of the Voorhees Committee
result in establishing the State depart-
ments on a business basis much practical
good will have been accomplished.

The widowed sister of Abraham Lin-
coln has been removed from a little post
office in Kentucky, which was her sole
means of support, to make place for a
petty Democratic politician. The *West
Jersey Press* remarks that this act sizes
up the Administration to perfection.

Marvelous Results.

From a letter written by Rev. J. Gun-
derman, of Dimondale, Mich., we are
permitted to make this extract: "I have
no hesitation in recommending Dr. King's
New Discovery, as the results were almost
marvelous in the case of my wife. While
I was pastor of the Baptist Church at
Rives Junction she was brought down
with pneumonia succeeding a gripe.
Terrible paroxysms of coughing would
last hours with little interruption, and
it seemed as if she could not survive them.
A friend recommended Dr. King's New
Discovery; it was quick in its work and
highly satisfactory in results." Trial
bottles free at Croft's pharmacy. Regu-
lar size 50 c. and \$1.

Persons who sympathize with the af-
flicted will rejoice with D. E. Carr, of
1235 Harrison St., Kansas City. He is
an old sufferer from inflammatory rheu-
matism, but has not heretofore been
troubled in this climate. Last Winter
he went up into Wisconsin, and in con-
sequence has had another attack. "It came
upon me very acute and severe," he said.
"My joints swelled and became inflamed;
sore to touch or almost to look at. Upon
the urgent request of my mother-in-law
I tried Chamberlain's Pain Balm to re-
duce the swelling and ease the pain, and
to my agreeable surprise, it did both. I
have used three fifty-cent bottles and be-
lieve it to be the finest thing for rheuma-
tism, pains and swellings extant. For
sale by druggists.
