#### My Say About Oleo.

MR. EDITOR : - Please let "Oleo" know that the law against oleomargerine does not conflict with his rights. Here it is in a nut shell:

1. The tax is only two cents per pound on oleo.

2. There is no law preventing him from buying all he wishes.

3. The inspectors do not inspect it for quality. The manufacturer has the right to sell good or inferior oleomargarine.

4. He cannot, however, sell it for butter, and as "Oleo" goes not like butter he should not complain.

5. The law simply protects me and others who prefer butter. I know that it is made of anything and everything that can be utilized from cow, steer, hog, sheep, and, I might add, filth of the slaughter house.

6. If I eat rancid butter, I know it is rancid butter; but if I do not wish to buy pure, elegant oleomargarine, the law says that unprincipled sharpers shall not sell it to me as butter; and if it is worth any thing at all, let it stand on its own merits. No one has any objection to oleomargerine as long as it is sold as such. If it is so pure as "Oleo" claims, then all he has to do is to proclaim its merits, and butter cannot interfere with its sale.

7. The very fact that it cannot easily be distinguished from butter, was just the reason the law was passed, in order to protect innocent purchasers of butter from being swindled, as one-half the gro. cers sold butterine and oleomargarine as butter, some of them not even being aware of it. Why sell the angelic article as butter?

S. The law was also passed to protect the health of the people, as tape-worms, typhoid fever, and other diseases were traced to this pure, innocent stuff.

9. The "hungry people" can buy all the oleomargerine they wish, but they can have the privilege of using butter in preference, which was not case before. They now get what they ask for, as "they pays their money and takes their choice." CREAMERY.

FOR RHEUMATISM.

Manion, Isto., Aug. 12, 1883.

My wife was so afficted with liberation in her shoulder and arm that she could do nothing for herself, and could not sleep in bed, but had to be bolstered up in a rocking chair. Physicians prescribed, many patent modicines were used, but the pain still got worse. I sent for the Russian Rhesmatism Care, under a cloud of doubts. It was used according to directions for one week, and my wife was cured. It was one of those agreeable surprises that you meet once in a lifetime. It is now over four months since the cure was effected, and she can wash, iron, hoe in the garden, and do all kinds of work as well as ever, and has no symptoms of the old discase. We have no hestiancy in recommending the cure to all similarly afflicted, as gave and so symptoms.

The proprieter of this celebrated medi-The proprieter of this colorated medi-cine justly claims for it a superiority over all remedies ever offered to the public for the EAFE, CERTAIN, SPREDY and PER-MANENT cure of Agua and Fever, or Chils and Fever, whether of short or long stand-ing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the direc-tions are strictly followed and carried out. whatever will it fall to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been sured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more cartain to cure, if its use is continued in smaller doses for a week or two after the disease has been chacked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, lowever, require a cathartic medicine, after having takes three or four doses of the Tonic, a single dose of BUIL'S VEGETABLE FAMILY FILLS will be sufficient.
