Athletic Association.

After months of planning and working, the Athletic Association is ready to open the base ball season. To day is "Opening day," and the following schedule will be strictly adhered to.

The Parade will form at 2.15 on Railroad Avenue, front at Twelfth St., and extending toward the shoe factories.

Parade, led by the Band, will start at 2.30, and go via Bellevue Ave., Central Ave. and Vine St., to the grounds.

The Egg Harbor team and both the local teams will be in line, also the Association trustees and members and the track teams and others. The Association will not conduct a triangle run.

Promptly at 3 o'clock, the track events will start on the new quarter mile track in the grounds. Entries will be kept open until time of races, but all contestants must report in time for races.

The races will be over about 3.30. A short time will be allowed for the teams to "warm up," and Band will render a number of

selections. At 4 o'clock, Mayor Austin will toss out the first ball, the Umpire will call "play ball," and our base ball season will be on.

Admission to grounds will be 15 cents. Grand stand, 20 cents. Ladies in grand stand, 15 cents. Children under 15 will be admitted for 10 cents. No extra charge will be made on account of the track meet, and the above prices will be

the regular charges for all games. Mr. Clifford C. Small has been appointed manager for the traveling team, and will shortly arrange a schedule for them.

Remember, that this will probably be our only game with Egg Harbor

this year. The grounds have been improved

and put in fine condition. There has been a great awakening of base ball enthusiasm this year, and to day will be the first

opportunity to show it. A large attendance will be a great encouragement to our boys on the teams, and to the Association. Clean sport, properly managed, deserves support. Let us have it.

Mrs. Laton M. Parkhurst is the possessor of a fine new plano. Taking part in a puzzle contest, she won fourth prize, which consisted of a very substantial portion of the purchase price of a piano of her choosing. She paid the difference, and secured the instrument.
