ODE FOR MEMORIAL DAY.

BY A. L. PARKER.

The following was sung with excellent
effect, at Bath, N. Y., on Memorial Day,
1870, before a very large audience. It can
be sung to the air of "Just before the bat-
tle, mother."

Softly press the turf, my brothers,
While you stop above the dead;
Sleeping here are veteran heroes,
All embalmed in glory's bed.

Heaven shall witness that we love them
For their deeds of valor bright;
On the bloody field they won them,
Battling for the Nation's right.

Mourning here are widowed mothers,
Children breathe an orphan's sigh,
Sisters weep for fallen brothers,
Comrades hide the tearful eye.

But there's joy that crowns the weeping,
See our flag in triumph wave
O'er a Nation's rescued freedom,
Won by loyal hearts and brave.

View its stars, how bright they glitter,
Mending shackles from the slave;
Mark the stripes, in pride they flutter
O'er mountain, plain, and ocean wave.

We have made our annual offering,
Borne by childhood's angel feet,
Flowers that bloom'd at Summer's dawning
Made the soldiers' winding-sheet.

God of peace, and God of battle,
Let their dust be guarded well,
Those that sleep beneath the marble,
Those that slumber where they fell.

Farewell, brother, till that meeting,
Where the dewdrops are of gold;
There thy deeds of noble daring
Heaven's pure light will well unfold.

THE WATER SUPPLY.

According to the statement that has
been made, a vote by the people em-
powers Council to control \$75,000, a
proposition which the voters should
carefully consider. While not alluding
to any particular individual, it is not
out of place to state that in these days
of selfishness, when in every city public
trusts are betrayed, and politicians ac-
cept a share of the "proceeds," it is not
safe to vote large sums to the control of
any but those who are specially selected
to perform certain duties. We have, so
far, been fortunate in selecting honor-
able men for Council, and it is to be
hoped that the future will not change
our advantages in that respect.

There is one point to make, however,
which is that the new councilmen were
not elected on the "water" side of the
question.

The proposition to take a census of
those who will agree to use the water to
be provided is a proper one.

We have an excellent body of coun-
cilmen and it is hoped that they will de-
vise some acceptable plan for water,
but I trust the people will never con-
sent to turn over \$75,000 to be disposed
of by any six men as long as the voters
can have a voice in the matter them-
selves.

P. H. JACOBS.

The water at Greenmount Cem-
etery is for the use of lot holders, and is
accessible at all hours of the day at the
stop hydrants. Lot holders will confer
a favor by reporting any violation of
the above rule to the Secretary. The
arrangement for lot care is by private
agreement with the man at the cemetery,
or any other, and for which the associa-
tion assumes no responsibility.

C. H. WILSON, Sec'y.

Tuesday eve., May 26th, in the

classes will be shown.

The route of the H. A. A. bicy-
cle run this evening will be from the

bor Road, to Bellevue Avenue, to Main

thence to the festival grounds on Cot-
trell's lawn.

Benediction

In our account of Commencement exercises, last week, we unintentionally omitted to mention the Atlantic City Amateur Orchestra, whose music added so much to the entertainment. We have rarely heard music that pleased us as well. Though amateur, they are entitled to commendation from all. The recitation by Miss Mabel Quinn, "The Broomstick Train," was a story of the days of witchcraft, brought down to the trolley cars of today, the "broomstick train." Miss Daisy Matthis gave us "The School Master's Guest," the principal character being an old lady whose remarks upon modern education were decidedly amusing. Both recitations were well rendered.
Edwin Try returned a few weeks ago from Trenton, after a year's retirement, because of abuse of his wife. Mrs. Try professed great fear of personal violence on his return, but yielded to his persuasions and consented to receive him back. Last Tuesday evening she rushed into Squire Atkinson's, in a state of great excitement, told a thrilling story of her husband's reproaches, and his final threat to procure a revolver and "not even with her for sending him to the penitentiary." One only Constable being out of town—no warrant was issued then; but some one told Try that officers were after him, and he departed for parts unknown.
Last Saturday evening, Miss Grace Brett called on her neighbor, John Scullin, for milk. She had to pass near a chained dog, which acted very viciously. She remarked, "I don't like to pass that dog," and Mrs. Ferrell, Mr. Scullin's daughter, walked with her, stopping to pat the dog, which fawned about her; but as soon as Miss Brett came near enough, he sprang at her, biting her on the arm and scratching her face. Though not supposed to be rabid, the animal was killed, to prevent further trouble.

A movement is under way to form a class for physical culture. A gentleman and wife who are competent instructors, will locate in town and fit up a gymnasium if a sufficient number will join. The course will consist of ten lessons, two per week, and cost each member one dollar. A junior class will be formed for afternoons. Information can be obtained from Mrs. Dr. Cunningham, Miss Cleaves, Miss Lulu Hopping, Miss Maud Jacobs, Miss Jessie Conkey, Mrs. S. E. Packard, or Miss McFarren.

Tuesday afternoon, an Italian tried to board a train at the heading station, on the wrong side, when it was moving. The train hands did not see him as he seized the rear guard rail, and as the speed increased he was more unable to reach the steps, and his paces were uncomfortably swift over his plight was discovered and the train stopped. He was not thrown to the ground nor injured, but walked back to the station, and after adding to his already too great burden of wine, laid down and slept.

A very pretty wedding occurred on Thursday afternoon, 21st, at the residence of Mr. Joseph Mason, Vine Cottage, when Mr. James Houldin, of Mount Holly, and Miss Ellen F. Russell, of Hammononton, were united in marriage by Rev. J. C. Killian. Guests were present from Philadelphia and elsewhere. The pastor, where the ceremony was performed, was beautifully decorated. An elegant dinner was served.

Do you ever read the news (?) from Hammononton, as published in the city dailies? We suppose the writers are well paid, for they should doubtless think that anyone would consent to tell such whoppers for nothing. One of our business men said to us, Thursday, "A man who would write such lies ought to be hung; he is an unsafe man in any community." That is strong; but knowing the truth and reading the lies makes one disbelieve all statements made in those papers. Stick to the truth; it may not bring you as much cash, but your pillow will be easier, and your neighbors will respect you more.

An interested citizen has consulted several experienced engineers upon the subject of a water supply for Hammononton, showing and explaining the plan as published in the *REPUBLICAN*. From one of them he has received the following approximate estimate. Details and exact figures (which will vary little from these) will be given at the proper time:
Two wells, 25 feet deep..... \$1500
Tower, 75 feet high..... 1000
Tank, 60,000 gallons..... 500
Pipes, 2 inches to 6 inch..... 300
Hydram..... 750
Pumps and power..... 2500
Foundations..... 250
Land and siting..... 500
Labor..... 2000
Total..... \$11550

This comes nearer the real value of the desirable plant, hence would receive more favorable consideration by those who will have to foot the bill.
ELM ETCHINGS.
J. E. Johnson and wife, of Brooklyn, visited L. G. Hora, on the way to their country home, at Lower Bank. James Curry shipped his first strawberries for the season, on Wednesday. Fred. E. Priestly, the builder, has taken some Winslow contracts. J. Flanagan is building a house on Spring Road, for his own use. Mrs. J. Bickley has been ill for two weeks, but is recovering. Elm farmers have been wishing for rain, and their desire has been granted.

Condensed Testimony.
Chas. B. Hood, broker and manufacturer's agent, Columbus, Ohio, testifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, proprietor St. James hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years standing, caused by a gripp, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it, and never knew it to fail, and would rather have it than any doctor, because it always cures. Mrs. Humming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at Croft's Pharmacy.

This evening a number of Hammonontonians will attend the graduation exercises of the Philadelphia Musical Academy, to be held in Musical Fund Hall, Phila. Miss Metta Tilton's name appears on the program for the evening, she having completed the course with special honors.

The all-day rain storm of Wednesday, with an attendant cool wave, induced the H. A. A. to postpone their lawn party until this evening. The bicycle parade, Sons of Veterans drill, entertainment, and refreshments will remain on the programme, as previously announced.

There's a happy family reunion at the home of G. W. Pressey, Miss Emma, who recently graduated at the head of her class in the Philadelphia Hospital; Drs. Burt and Jean, dentists, from Newport News, Va., with their families, are all at home together for a visit.

A year ago we astronomically opposed a change of the Supervising Principality of our Schools,—being satisfied with the methods of Mr. R. E. Salisbury, and feeling that a change would not be beneficial. To-day we should more decidedly object to a change, whoever the proposed incumbent might be. Mr. H. C. Krebs has proven himself a master-workman in his high profession. Competent to teach, quiet, cool, firm, he controls teachers and pupils with little apparent friction, and produces results which all must approve. Aside from his school duties, he makes heartily every movement tending to the betterment of society and makes his influence tell for the right. Hammononton is the gainer by the addition of such a man.

On Monday, a police sergeant from Atlantic City was for Hammononton serving subpoenas upon witnesses in the Yalissardo case, to be tried next Monday.

At the best, a Constable is so poorly paid that Hammononton can find but one fit man to accept the office, and qualify. Yet a man salaried by Atlantic City is sent here with legal papers, and given the fees for serving them. It is not right, even if legal, which we question.

Miss Emily Morrill is employed at Black's store.

F. A. Lehman is busy with an order for several clay carts for Winslow brick works.

Though not yet definitely decided upon, Mr. G. F. Shady, with his wife and daughter, Miss Mary, expect to spend the coming Summer in northern Vermont.

"Jack" Brewer was acquitted on Wednesday, at Bridgeton, of obtaining money on false pretenses, and disposing of goods upon which he had given a chattel mortgage. A suit for damages will probably be instituted by Mr. B.

We have looking around town, as is our custom, viewing the fields here and there, and the most promising one we have seen belongs to John F. Jenison, on Main Road. Blossoms! blossoms! where will they end? We are glad, and wish they may bring him good returns, and all his neighbors share the same good fortune.

ACRES of good land for sale, mostly wild, between Seventh Street and Plymouth Road, to be sold on the G. A. R. lot. Will be sold very cheap, at a nominal price, and easy terms given. 250 acres in addition, on Seventh st. adjoining above, will be sold with or separate. For particulars apply to J. A. KIRKSON, 12th and Grand Streets, Hammononton.

In the Highbrook ten mile road race, held at Jenkintown last Saturday, A. K. Bernshouse rode from the 14th mark, there being a limit of five minutes. He rode the distance in 24:04 1/5, making third fastest time, out of 106 men who started. 88 started ahead of him, and he finished in thirty-second place. Such riders as Wenzel, Lindley, Peck, Fagan, Bowers, and Goodly started on the same line, and he beat them all but Lindley, who took second time, 24:04. The first time was 23:57, won by John A. Shomo, the prize being a parlor organ. The best time made by professionals in a similar race, over the same course, was 24:10,—nearly six seconds slower than Bernshouse's time.

HAMMONTON vs. ATCO.

The Hammonton Base Ball Club played and won the first game of the season, last Saturday, with the Atco A. A. Score 30 to 3. The end was quite apparent from the start and both sides played with a little less ginger than they would had the nines been more evenly matched. Three of the visiting pitchers were knocked out of the box.

Lukens left in the second inning and one of the features of the game was Geppert's unexpectedly fine showing when put in his place.

Early in the game, Atco's catcher smashed his finger and Dodd was substituted.

Naylor made a pretty one-handed catch of Mathews' fly in the 6th.

Atco did not raise much outside the diamond, though Gartside made a three bagger in the sixth, and came in on an error at 3rd.

Bakely evidently prefers chickens to apples this season and several times he fished for Andrews' brood with a fly. In the seventh he sent a homer to center. Mathis, Hedrick and Geppert each made a two or three base hit.

A large number of people were in attendance, but it made one feel almost homesick to miss Grant's familiar "Well! Well!! Well!!!" after a brilliant play.

To-day the Duquesnes, formerly the U. A. A., of Philadelphia, will play our boys. A very exciting game is expected.
