### MEMORIAL DAY.

It was a pretty general holiday in this section—everybody was out. About half-past one, the Grand Army Post, with the Patriotic Order Sons of America, preceded by the Band, proceeded to Oakdale Cemetery. The programme was pleasantly varied by music by the Band, a flag drill and songs by sixteen little girls, and America sung by the Assembly. Miss Phyllis Cooper read Lincoln's address at Gettysburg in a very impressive manner.

There was a large crowd present, and the exercises were very interesting.

About the time of the Post's arrival at the station, rain began to fall, and it became necessary to curtail the programme. The S. of A., and Band, were dismissed, and the Post drove over to Greenmount and placed flowers on the forty-two graves, without ceremony, and quickly returned home in a driving storm. This was certainly regretted, as a large number of citizens were present.

On the preceding Sunday, May 28th, the Post, Sons, and Band attended the Baptist Church, and Pastor Williams gave them an able sermon, interesting, practical, and pointed. All were pleased and were not slow in expressing their approval.

### Town Council Meeting.

All members were present at last Saturday night's session.

Highway Committee reported that they found, so far, but one small piece of gravel near Sandy Cross Way. Also, that Third Street, north of Colwell's place, is in very bad condition, and needs gravel.

Light Committee reported clean gas lamps in service, very satisfactory. License Committee reported favorably on Jon. F. Bowler's application for renewal, and it was granted.

Property Committee reported one application for position of dog catcher, Joe. Sasse. He was appointed.

Reported stealing of gravel from the Town's property to be considered at special meeting.

A representative of the D. & A. Telephone Company was present, and considerable discussion arose in regard to injury to shade trees by guy wires. Finally, the matter was referred to the Committee on Fire, Water and Light, and Property.

The subject of the Oyster Shell Bark Louse was introduced, many reports of damaged maple trees being received. After debate, an appropriation of \$100 was made from General Surplus Fund to purchase spraying apparatus and material.—the Committee of the Whole to superintend the work, and employ skilled help. Chairman and Property Committee to purchase machine.

Highway Committee instructed to gravel Third Street to Camden County line,—about one-half mile.

If Laton M. Parkhurst does not become an irrigation enthusiast, it will not be caused by lack of experience. He erected a large reservoir, with gravel sides, contained within twenty feet square, holding 12000 gallons, which is filled by a hot-air engine, from a three-inch well. Last week he filled it three times, running the contents off through hose into ditches. He pronounced it a success, and it looks like one.

There are a few boys in town, old enough to know better, sons of reputable parents, who are sadly in need of discipline. Last week Friday, several of them attended a picnic given by pupils of the fifth and sixth grades, at the park. They were not invited, but interfered much with the children's pleasure, and filled a number of dinner baskets,—eating what they could and spoiling the balance. No doubt some of the parents would be surprised were we to mention some of the names of those who participated in the raid.

### Interesting School News.

There was no Commencement this year, because of the extended Course of Study,—hence no graduates.

The graduating exercises of Eighth or Grammar Grade, on Friday afternoon, were enjoyed by all present. The singing was especially fine, showing very skillful training. The High School Orchestra played well. The recitations were all good. Rev. G. R. Middleton, in presenting diplomas, dwelt upon "Culture of the three Hs,—head, hand, heart."

The following composed the class:  
Carrie E. Applegate, Sarah M. Bower, Helen M. Barry, Roy H. Brown, Mary F. DeWalt, Lila A. Dodd, Edith A. Doble, Mary M. Eckhardt, W. Wallace Harley, Ella Hoyle, Abbie Morgan, S. Louise Peggsey, Louie Rice, Ida M. Thomas, Frank L. Thomas, Howard J. Westcott, Charles S. White, Marie F. Westcott, Thos. N. Lockhart.

The following pupils attended school every day while school was in session during the past school year:  
Grade 11, Katharine Berry  
" 10, Nellie Laver

" Emma Berry  
" 9, Dorothy Birdsall  
" 8, Louise Presssey  
" 7, Frank Thomas  
" 6, Herbert Smith  
" Clara Wright  
" 5, Sr., Edith Warrington  
" 5, Jr., Edward Weber  
Lillian Smith

As we are preparing to erect a new school building, the following items, taken from the report of Supervising Principal Holdridge to the State Superintendent of Public Instruction, at Trenton, may be interesting.

The enrollment is as follows:  
Grade 10-11 . . . 48  
SUBURBAN  
8 . . . 31  
7 . . . 28  
6 . . . 23  
5 . . . 19  
4 . . . 16  
3 . . . 13  
2 . . . 10  
1 . . . 7  
Total enrollment . . . 1112  
Total days attendance this year, 128274  
last year, 118376

Increase this year . . . 14348  
Inasmuch as our State money is dependent largely upon the number of days attendance, the large increase over last year (more than 10 per cent) pleases us. It promises an increased State appropriation.

IF YOU INTEND to plant raspberries in the spring, it will pay you to investigate the "New Ruby" offered by Wm. F. Hasset, Call for descriptive circular.

Another New York automobilist came to grief, Monday night. Officer Keyser hailed him, but as he had no Jersey number, he put on speed,—the ladies calling back "good-bye." Egg Harbor was notified by phone, and the smart man paid that city five dollars, and contributed fifty to the Hampton poor fund,—three charges being brought against him. It doesn't pay to dodge Jersey laws.

Thos. Skloner, with his mother and sister, Miss Frances, started yesterday for a trip to England, to be gone a few weeks. Miss Elizabeth Skloner and Miss Cook will have charge of the cut glass factory until the proprietor returns.

## AN IMPRESSIVE FACT.

A subscriber from Pennsylvania writes that in his neighborhood there were two young men, each twenty years of age. One of them, called A, said to the other, named B, "I am going to take a glass of beer every day until I am fifty years old." Then B replied, "I am going to save five cents every day. Now count up the interest at five per cent, and see who will have the most when we are fifty."

The correspondent continues: "A few years ago, as Overseer of the Poor, I buried A in a drunkard's grave, while B lives in this county, owns a nice farm, and has money out at interest."

THE BEST Health Culture. No poor man can afford to bother with any of the experimental health fads. He is too busy making a living for himself and family, and when he is afflicted with a bad cough or cold, or develops catarrh as the direct result of a cold, he takes a few doses of Dr. Beech's German Syrup. And if something more serious, say consumption, prostrates him or any member of his family, German Syrup can again be relied on to effect a cure. Trial bottle, 25c. Big bottle, 75c. At Leib's.

Don't pay \$1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 60 cts. per gallon, and mix it with Longman & Martinez L. & M. Paint.

It makes paint cost about \$1.20 per gallon. Weave and covers like gold.
