School Closing Exercises.

Schools close next week, and the following announcement is given out in regard to the program:

There are no public exercises by the Senior Class this year. The class have finished their examinations, and will leave for a trip to Washington next Monday, June 5th. After their return, there will be a Senior Class entertainment, intended for the relatives and immediate friends of the graduates, in the Assembly Room.

The Baccalaureate Sermon will be preached to-morrow evening, June 4, in the Presbyterian Church, by Rev. W. S. Marple. Members of the Board, High School, Teachers, and Class will attend.

The Graduating Exercises of the Grammar School will be held in Palace Theatre, next Thursday evening. A class play will be presented, entitled "Evangeline."

Admission is by ticket, to be obtained from members of class. There is but a limited number who can be admitted, hence it is feared many will be disappointed. The fifty members of the class can have but four tickets each—hardly more than enough for their immediate families.

(Which goes to prove that the town is in need of an up-to-date new school building, with an auditorium large enough for annual commencements. The new school building at Woodstown has an auditorium, with sloping floor, capable of seating nearly a thousand people.—Ed.)

Memorial Day was all that could be desired as to weather conditions and exercises. As advertised, a great wagon and several trucks transported the Band, six members of the G. A. R., large delegations from the P. O. of A., P. O. S. of A., firing squad, and Boy Scouts, and automobiles containing patriotic friends, formed the procession. At Oakdale, Post State President H. H. Young made an excellent address before a large assemblage. This was followed by singing by ten girls, volleys by the squad of six, prayer, band music, P. O. S. of A. ceremonies, and decoration of graves by the Scouts. At Green mount, a similar programme was carried out, with an earnest address by Dr. Gardner. Here they were encircled by a very large crowd. The entire program was impressive and not too long to be enjoyable. At the Camp Hall, tables were spread and a lunch served to those who participated in the exercises.

An exhibit of Manual Training, including shop work, sewing, and work in all grades of our schools, will be given in the shop, Central Building, on Wednesday, June 7, from two to five o'clock. A Combination Meeting.

Town Council met Wednesday evening, and received protests from several property owners in regard to damage to trees and property fronts by changes in grade lines and installation of curb and walk. No one claimed excessive assessment. A free-for-all discussion followed, and the entire matter turned over to the Finance Committee, to verify and consider the complaints. They will report on June 14th.

An order for fifty dollars voted for Memorial Day expenses.

Complaint made that a clump of poisonous plants, probably ivy, was a serious menace to children at Grape Street and Valley Ave. Highway Committee will have it destroyed at once.

Same committee was authorized to have a short section of the old Waterford Road, which connects Parkdale and Baisio, brushed out. Teams and autos find the passage difficult.

Light Committee empowered to have the Park lighted on July 4th. The wires are already up, having been paid for by the Town.

Committee will meet next week to consider the new fire truck propositions, and other matters.

Postal Savings Fund.

Larger postal savings deposits will now be accepted at the post office. This is made possible by an important amendment to the Postal Savings Act just approved by President Wilson. A postal savings depositor may now have an account amounting to \$1,000, upon which interest will be paid. Formerly, \$500 was the maximum amount he could have to his credit. This enlargement of postal facilities will be gratifying to thousands of depositors who have already reached the old \$500 limit and are anxious to entrust more of their savings to Uncle Sam.

Another feature of the amendment that will avoid further embarrassment to the public and to postal officials is the doing away with the limit on the amount that could be accepted from a depositor monthly. Under the old law, only \$100 could be deposited in a calendar month. The amendment has abolished this restriction.

While the Postal Savings System has already proved a signal success as shown by the fact that more than half-a-million depositors have over eighty million dollars standing to their credit, still it has fallen short of meeting the full demands of the public because of restrictions which have now been eliminated. Postmaster General Burleson and Third Assistant Postmaster General Dockery have been tireless in their efforts to secure a modification of the limitations, and the new liberalizing legislation is particularly gratifying to them.

Timothy McMicking, a resident at Nesco, and known by many here, was thrown from his wagon last Saturday morning, and broke his leg near the hip. ABOLISH WASH-DAY HORROR

The stooping, straining, lifting, mussy, long drawn-out weekly event is revolutionized, when you install labor-saving, sanitary, stationary laundry tubs. Wise women count the cost of backache nowadays in dollars and cents. They figure that stationary laundry tubs are a mighty good investment. No water to carry, fewer steps to take, time saved, and—what's the use of saying any more? Stationary laundry tubs cost so little. Get our estimate.
