CHAPTER CCLXVIII.—A further supplement to an act entitled "An act to revise and amend the charter of Egg Harbor City," approved February thirteen one thousand eight hundred and sixty-eight.

CHAPTER CCCCXXVIII.—An act to legalize the action of the trustees of Perseverance School District, of Hamilton township, Adams county, New Jersey Whereas, the inhabitants of Perseverance school district, in Hamilton township, Adams county, New Jersey, on the twenty-first day of February, Anno Domini one thousand eight hundred and sixty-six, did authorize the trustees of said school district, to wit: John C. Adams, to raise the sum of four thousand five hundred dollars in the year eighteen hundred and sixty-six for the purpose of buying land and erecting thereon a public school

6. And be it enacted, That any board of directors under this act may regulate, by resolution or by-law, the manner of signing, issuing and transferring stock of the company, but no transfer of any stock shall be valid, until the same is entered on the books of the company.

7. And be it enacted, That it shall not be lawful to issue any stock of any such company in payment of any estate, real or personal, unless the same be required for the business of the said company, and then only by a vote of the board of directors; and no stock shall be issued under this section at a rate of value less than the par value of the same.

8. And be it enacted, That before any company organised under this act shall commence the business for which they are organised they shall pay to the treasurer of the said state such sum of money as shall be fixed by the school fund as would be required

He placed himself within the bar. His clothes looked so shabby that the effort was made to let the case proceed under his management.

"Has your name been entered on the rolls of the State?" demanded the judge.

"It is immaterial," answered the stranger, his thin, bloodless lips curling up with a sneer. "Here is my license from the highest tribunal in America!" and he displayed the judge a broad parchment.

The trial went on.

He suffered the witnesses to tell their story, and he allowed the defense to cross off. Ashley spoke first, followed by Keane and Freuthe. The latter brought the case down in cheers, in which the jury joined.

The proposal was gladly accepted. The fisherman was gone so long that the young man began to be impatient. Meanwhile the hungry fish snapped greedily, at lured hook, and the young man lost heart in depression in the excitement of put him in; and when the owner of the returned, he caught a large number. "Bring out from them as many as were in the basket, and presenting to the young the old fisherman said:

"I fulfill my promise from the fish you caught, to teach you whenever you desire earning what you need, to waste time in fruitless wishing, but to cast a ray of yourself."

HAMMONTON!

RARE OPPORTUNITY TO SECURE A HOME

To All Wanting Farms.

In the great Hammonton Fruit Settlement, the best income-producing land is offered to all wanting farms in the most desirable and healthy climate, with a good productive soil, being among the best in the garden state of New Jersey; only thirty miles from Philadelphia on the Camden and Atlantic Railroad, and but few miles to the New York Railroad. These lands are sold to the actual settlers at low prices and easy terms, in five, ten, twenty acres and upwards to suit.

The Title Perfect.

Warranty deeds, clear of all incumbrances, given when all the purchase money is paid.

The Soil

Is a fine sandy clay loam, suitable for all grains and grasses, and is pronounced the best quality for gardening and fruit raising. It is a marl deposit, with a marly substance mixed all through it in a very comminuted form and in the exact condition to support plants. With proper farming it is very productive and profitable, easily worked, warm and early. The lay of the land is slightly undulating, and is called level; it is free from stones or rocks.

The Best Fruit Soil in the Union.

Pears, Apples, Quinces, Cherries, Blackberries, Raspberries, Grapes, all kinds, and all other fruits are raised here in immense quantities, and they are sold at the best prices in the market. Hammonton is already celebrated for its fine fruit and wine. From two hundred to five hundred dollars is cleared, free from expense, per acre in the fine fruit culture. Sweet Potatoes, Melons, and all the finer Vegetables delight in this soil; this branch of farming pays much better than grain raising, and is much easier work.

The Market

Is unsurpassed, direct communication twice daily by Philadelphia, New York, and Atlantic City. The Railroad Company leaves cars here to be filled with fruit every day in the season; they are filled in the afternoon, and the same night or next morning by daylight are in the market, where the highest cash prices are obtained, without any other trouble to the producer than delivering the produce to the car. None of the land now offered is over one and a half miles from the Railroad.

The Climate

Is mild and delightful; the winters being short and open, out-door work can be carried on nearly all winter, whilst the summer is no warmer than in the north. Persons wanting a change for health will be satisfied here; the mildness of the climate is soon beneficially felt by delicate persons and those suffering from Dyspepsia, Pulmonary affections, or General Debility, as hundreds here will testify. This section has long been known for its health, and during the months of June, July, August, and September, the climate is most favorable for health. No Malaria, Chills and Fevers in this section.

The Water

Is pure and soft, of the best quality. It abounds in streams and is found by digging down to thirty feet. Wells are very cheaply made, as there is no rock to go through. We have the best stores in the county, where goods are sold as cheap as they are in Philadelphia or New York. Good schools with competent teachers. Clergymen of all denominations reside here, some of them in charge of congregations, others cultivating the fruits; also a number of retired physicians. The Methodist, Presbyterian, Baptist, and Universalist have their services regularly. Mills convenient.

Reliable practical nurserymen who furnish all kinds of trees, plants and vines at the lowest prices.

The population of the settlement is large and rapidly increasing; it is composed of the best classes from New England, the Middle and Western States, intelligent, industrious and moral. The buildings are well built and handsome, and some of them fine. All kinds of reliable mechanics who will give satisfaction. Every convenience to be had and can be found at any other place.

The lands have been examined by some of the best agriculturists and fruit growers in the country, who pronounce them the best in the U. S. for fruit growing. Mr. John B. Hammon, the agricultural editor of the New York Tribune; Dr. I. P. Trimble, the State Botanist; Mr. John G. Brown, member of the American Institute for 1876; and others, reported that they never saw a finer growth of fruit, grain and grass than they saw here, and recommended this settlement to persons desiring to till the soil, for pleasure or profit. These lands are being rapidly sold, and from the rapid and extensive improvements property will certainly increase in value. Inquiries for J. J. Byrnes, the founder of the settlement, will show the lands free of expense. For further information write or address

NOVELTY SEWING MACHINE.

It makes the famous elastic lock stitch that will not rip or ravel and will not break in washing, ironing, or wearing. It is adapted to all kinds of family sewing, and to the use of seamstresses, dressmakers, and indeed for all purposes where sewing is required. It uses the straight needle, which is not liable to break as the curved needle, does not soil the dress of the operator, and does not require a bobbin, as the needle is so constructed, it is not injured by being turned backward, and is, therefore, not liable to be put out of order by children or inexperienced persons. It is made in the most thorough manner, of the best material, for economy and excellence of work, for strength, firmness, and durability of work, for simplicity, for cheapness, and for thoroughness, and for cheapness this machine is

WITHOUT A RIVAL.

At the Massachusetts State Fair of 1867, the Novelty Sewing Machine took the Premium over all others, and was awarded a bronze medal, and a diploma.

Every machine is sold with a table and complete outfit, and is warranted for one year.

We sell a few and a few testimonials, such as we are constantly receiving from all parts of the country.

From the Christian Intelligencer, New York, July 16, 1868. "In point of utility this machine is far superior to any other reliable and warranted machine. Of the merits as to simplicity, reliability and durability, abundant testimony can be furnished."

From the Liberal Christian, New York, July 16, 1868. "Every family and every seamstress should have one of these admirable machines."

From Harper's Weekly. "Every seamstress, every family should have one."

From the Judge's Report, Massachusetts State Fair, 1867, who awarded the Novelty Sewing Machine a medal, in the face of opposition from the established high priced machines.

"This machine is the very embodiment of simplicity. Ladies will find them useful and convenient."

Reliable Agents wanted everywhere. To such as will assure us of their intention to place the business thoroughly, valuable territory will be awarded.
