In our estimation. When they are sent to us on a trading errand we always remember that they are not discriminating buyers, and take special miscriminating buyers, and take special pains to see that they get what both you and they want. Then we always try to be prompt in waiting on them—there is always a little worry at home when they are sent on an errand and stay too long, often through no fault of their own.

SING WHILE YE MAY.

My heart has been singing all the day long, Of sweetest happiness sounded the song; Soon clouds may gather; the night cometh on.

Filled is my heart with the tenderest dreams, And deeply I quaff of Joy's sparkling streems; Yet Sorrow stalks behind with somber mien.

Now I must bask in the bliss that is mine. Revel in gladness that sparkles like wine; Misfortune and grief come to all in time.

I'll list while I may to this song in my heart; Oh! that its melody ne'er would depart; Unheeding the stings of Fate's cruel dart.
