Insist upon Fresh Infant Foods.

A healthy baby is usually fat and chubby, because his food agrees with him.
If you have had trouble in finding a food that agrees with your baby, try some of the brands which we carry. We handle all of the good ones which you see advertised in the magazines.
These foods come to us at frequent intervals, so we can always guarantee their freshness.
This is an important point to consider, for even a normally healthy baby is apt to get sick if he is given stale food.

An Extra 34 H. P.

From a Small, Light,
Simple Motor—in the

Hudson Super-Six

\$1375
at Detroit

NOTE that we add no size, no cylinders in the Super-Six. It is still a small, light, simple Six. The size is identical with the former Hudson Six-40. But our new invention—a Hudson patent—gets 70 horsepower from this Light Six. Hereafter, at its best, it delivered 42 horsepower.

At any speed there is utter smoothness. And motor wear is almost eliminated. Endurance has been almost doubled.

LET US PROVE IT

Come for a ride in the Super-Six, and judge it for yourself. Do not be misled by rivals who cannot use this motor. Let the Super-Six performance tell you what it means.

NEVER TAXED

This vast reserve power shows in marvelous performance. It shows in hill climbing—shows on hard roads—shows in quick acceleration.

Think of adding 80 per cent to a motor's efficiency. Can you realize how much that means?

It means a motor which is never taxed. At half load it does what full load did in former like-size motors.

This is all due to ending motor vibration. We save the power which was lost in friction.

All Other Cars Outrivalled

At Sheephead Bay, under A. A. supervision, a 7-passenger Super-Six stock car excellently equipped for stock cars in tests.

100 miles in 60 min., 21.4 sec., averaging 74.67 miles per hour, with driver and passenger.

Scoring 1st out of 50 miles in hour in 16.2 sec.

During these tests the car was driven 3550 miles at top capacity, at speed exceeding 70 miles per hour, without discernible wear on any part.

There are also new Hudson bodies built for the Super-Six. Each for its type marks the limit in luxury.

In every way you will find the Super-Six supreme. If you buy a fine car you are bound to choose it. Let us prove this to you. It will save regrets.

THE OVERLAND

Electric Control Buttons at your Finger Tips.

Naturally, you want a car that can be operated easily,—you realize that the extent of pleasure and safety in driving depends upon the ease of control.

In most cars the details of control seem to be planned with an eye for convenience in assembling the various parts.

But the Overland control was arranged just as you would arrange it if you were designing a car for your own convenience.

You control the electric magneto, the electric lights, the electric horn, with your finger tips, without bending forward.

To start the motor, you merely touch a foot button in the floor.

Cars are here on our floors for your inspection.

Our Motto: Veritas Vincit

Did you ever stop to think why gasoline is so high? Did you ever stop to test your gasoline or petroleum? Are you aware that your gasoline is poor? Do you know that gasoline is a big factor of your car's power, speed, carbon, service, and expenses?

We Repeat: You Lose in the Long Run!

The independent refiner cannot afford the facilities to ship his products abroad and receive the present commanding high prices; hence it is your chance,—your opportunity to buy his best products at the same figures as you are now paying for the big man's re-refinement.

THINK IT OVER.

The undersigned Hammonton firm wishes to announce the establishment of their oil service station at Ato, N. J., and is ready to deliver within a radius of 15 miles. Prompt delivery is assured with our new up-to-date automatic tank motor truck.

We are Independent of all Trusts!

Our products are refined from the Pennsylvania crude paraffin base wells,—unquestionably the best in the market.

Now, Mr. Consumer, it is your chance to buy well refined filtered gasoline for your auto, gas engine, and all gasoline driven motors, petroleum for your illuminating and fuel purposes, lubricants for your machines and cars.

Give us a trial, and be convinced.

SATURDAY, JUNE 17, 1916

Charles E. Hughes, Republican Candidate for President.

We have always held to the belief that the President of these United States should be a man in all that manhood implies,—first well qualified by education and knowledge of what our country is, and what its institutions stand for. He should have decided views upon all vital subjects, with firmness to uphold what he knows to be right. He should be an American first and last; believing the rights of his own country to be supreme, he should be willing to promptly insist upon their recognition by every nation, and to enforce his demands with every resource available.

We have recognized in Theodore Roosevelt just such a man as we have pictured, and should have been well pleased to support him for our National Executive, this year. But circumstances have changed, and it has become apparent that in nominating him the Progressive party antagonized the mass of Republicans in the United States.

By dividing the vote made the re-election of President Woodrow Wilson certain. This is a consummation devoutly to be deplored. Hence it becomes the duty of every lover of his country to place his ballot where it will count for a majority for the Republican nominee.

Col. Roosevelt evidently holds this view, and though nominated by the Progressive Convention, has so far declined to accept, and will probably advise a re-nomination of the old-time allies, that a sound Republican may be elected.

Notified by wire of his nomination, Justice Charles Evans Hughes promptly resigned his position on the United States Supreme Court bench, then wired his acceptance in language that is unmistakable and proves him to be just the man for the emergency. It gives us pleasure to heartily endorse him, and bespeak for him the support of every lover of his country.

We give below a few extracts from his message, to show you what manner of man he is.

"I have not desired the nomination. I have wished to remain on the bench. But in this critical period in our national history I recognize that it is your right to summon and that it is my paramount duty to respond. You speak at a time of national exigency, transcending mere partisan considerations. You voice the demand for a dominant, thoroughgoing Americanism, with firm, protective upholding policies essential to our peace and security; and to that call, in this crisis, I cannot fail to answer with the pledge of all that is in me to the service of our country. Therefore I accept the nomination.

"I stand for the firm and unflinching maintenance of all the rights of American citizens on land and sea. I neither impugn the motives nor underestimate the difficulties; but it is most regrettable true that in our foreign relations we have suffered incalculably from the weak and vacillating course which has been taken with regard to Mexico,—a course lamentably wrong with regard to both our rights and our duties.

"I stand for an Americanism that knows no ulterior purpose, for a patriotism that is patriotic, whether native or naturalized, of whatever race or creed, we have but one country, and we do not for an instant tolerate any division of allegiance. I believe in making prompt provision to secure absolutely our national security. I believe in preparedness.

"We demand adequate provision for national defense, and we condemn the inexcusable neglect that has been shown in this matter of first national importance. We must have the strength which self-respect demands—the strength of an efficient nation ready for every emergency.

"We must make a fair and wise readjustment of the tariff, in accordance with sound protective principles, to secure our economic independence and to maintain American standards of living.

"I deeply appreciate the responsibility you impose. I shall undertake to meet it, grateful for the confidence you express. I have resigned my judicial office, and I am ready to devote myself unreservedly to the campaign."

The proposed change in the lighting system in certain parts of town as outlined by Council's committee and Supt. Doughty, appears to us to be a very good one, which will not only save us money but will also pay for itself. Besides changing the light-gas to all-night incandescents, and the placing of upper Bellevue Avenue on the all-night wire (a slandy advertisement for Hammonton), the streets approaching the factories will be lighted, also the Park, and the lamp at the foot of Central Ave. will run all night. These are good changes, and should be endorsed by everyone. It will cost the lighting companies fully five thousand dollars to make necessary changes.

We would advise all who are not thoroughly acquainted with the appetites of their newly purchased autos, to put in a good supply of gas and water. It may save trouble on the route. We would also remind drivers that the horn is intended to give warning of their approach. Yesterday morning, a well known citizen, on his bicycle, came very near being run down by a local auto, no warning being sounded.

The proposed 100th ordinance, like everything else new, contains its objectionable provisions, as well as its praiseworthy ones. The object is to protect legitimate business, to prevent outsiders from coming in and taking the cream on holidays,—the only occasion when there is a real profit for our local men, who are making a living at so much a head.

According to a new law, just in force, all dogs must wear collars with license tag attached, containing number, and the owner's name. Otherwise, the dog is liable to be shot at sight by any citizen. License costs one dollar for males, two dollars for females, and are issued by the Town Clerk. The dog tax is fifty cents.

Lawn tennis is one of the healthiest of exercises, and is also very enjoyable to players and onlookers. We note that it is growing more and more popular in Hammonton.

We call attention to list of exempt pupils in the various grades, on second page of this issue, also to an article concerning the agricultural laboratory at Pleasantville.

More trouble! Something similar to the "fire blight" is attacking the foliage of our sugar maple trees. What next?

The Hammonton Paint

Is the very best paint ever used in Hammonton.

There are scores of buildings in town covered with this paint, which look well after eight or ten years of wear.

The Hammonton Paint is sold for less than other first-class paint. It has no equal, as it works well, covers well, and wears well.

Town Council Meeting.

Council had an unusually interesting and lengthy session on last Wednesday evening. All were present except Mr. Nicolai.

Highway Committee, in their report, stated that Mr. Black had signed a contract with the Post Office Department for a certain sized building, and he did not see how he could move back his front building line. They also reported Lincoln Street in bad condition.

Finance Committee reported having examined bond tendered by the well construction company, and find same satisfactory. It was accepted.

Same committee approved report of the Sidewalk Commission, and it was accepted. An ordinance will be passed, officially confirming the findings of the Commission.

Fire, Water & Light Committee recommended enlargement of the fire district, to extend to Lincoln, Passmore, Peach, to a line with School Lane, to Tilton, Pleasant, Third, to West End Ave., back to Twelfth Street. Same Committee, with the Finance Committee and Solicitor, will draft an ordinance to provide such extension.

Committee reported four sets of specifications for motor-drawn fire apparatus, as follows: For Co. No. 1, one to cost not exceeding \$2,500, to be fitted with two forty-gallon chemical tanks, 200 feet of hose, ladders, axes, etc.; also, one same as above, with accommodation for 500 feet of water hose in addition, to cost not over \$3000; also, one to carry water hose only, 1000 feet, to cost not over \$900. For Company No. 2, providing room for 500 feet of water hose and other appliances, at a cost not over \$1500. All apparatus to be fitted with self-starters, electric lights, etc. Clerk was instructed to advertise for bids, to be opened by committee July 12th, 8 p.m.

Committee recommended changes in street lighting system, including all-night service on Bellevue Ave., to Main Road; changing all gas lamps to electric on Second and Third Streets, and between these streets, and to burn all night. Action will be taken at a special meeting, next week.

All fire plugs had been inspected and repaired. Committee recommended extension of water mains out Pleasant Street to Messina Ave., to place fire hydrant at corner for Figueroa Company and providing protection for neighboring residents. Action deferred.

Bills ordered paid footed up as follows:
Town Purposes.....\$337.24
Interest on Improvement debt..... 8.54
Highways..... 384.04
Fire Department..... 117.93
Post..... 123.85
Lights..... 151.83
PARK..... 1.61
Board of Health..... 151.00
Sewerage..... 325.71

Chief of Police reported four arrests for riding bicycles on sidewalks, and seven star boarders. Collector's receipts for taxes last month were \$308.90.

Clerk Seely reported receipts for liquor licenses, etc., \$2416.40.

Loyal Order of Moose asked that special officers be sworn in for the Fourth, and tender services of their members, gratuitously. Law and Order Committee were given power to act.

Assessors asked that G. Caruso be reimbursed for taxes paid by him on another man's land. He will have to present his claim, sworn to.

State Road Commissioner Stevens stated that he will advertise for bids for paving Bellevue Avenue as soon as money is available.

A letter from Mr. McCoach, City Treasurer, Philadelphia, urged the Town to compensate Mr. Vire for the killing of his valuable poultry by dogs.

An ordinance to license and regulate motor drawn vehicles conducting passenger business, passed first reading. The fee is \$25 for first license, and \$50 each for additional licenses obtained by same person. It is to take effect July 1, if adopted.

Another ordinance passed first reading, appointing commissioners (Messrs. Wm. J. Smith, John G. Caligue, and Samuel Anderson) in the matter of changing curb lines on Egg Harbor Rd., from Bellevue to Peach Street.

Still another ordinance passed first reading, to facilitate traffic on certain streets. It provides that no vehicle may stand on any cross street within fifty feet of the corner of Bellevue Avenue. For each offence a fine of five dollars will be charged by the Justice.

Law and Order Committee will investigate the subject of appointment of a public dog catcher. Adjourned at 11:20.

Un-Claimed Letters.
