## Town Council Meeting.

Town Council met on Tuesday  
evening, and considered and passed  
the following ordinances:

Appointing commissioners rela-  
tive to widening E. H. Road.

Confirming Sidewalk Commis-  
sioners' report.

"Safety zone" ordinance, — to  
prevent the parking of vehicles  
within fifty feet of the corners of  
Bellevue Ave.

Resolution adopted, authorizing  
certain changes in lighting system.

Law and Order Committee em-  
powered to appoint officer near the  
Reading berry station, during the  
season.

Appointing of dog catcher was  
deferred until next meeting.

The down-town fire company  
was called out about 2.30 Tuesday  
morning, too late to render any  
service in dousing a burning box  
at the Pennsy freight station. But  
how it took fire is a mystery.

Miss Elizabeth Myrick has the  
honor of winning the degree of  
A. M. in a post-graduate course at  
Radcliffe College, Cambridge, Mass.  
She had specialized in English at  
both Swarthmore and Radcliffe.

But few families can boast of so  
many of its members graduating  
this month, as that of George B.  
Wood. Willard Wood was one of  
the Eighth Grade graduates; Miss  
Mildred from the High School;  
Miss Miriam from the Domestic  
Science Course at Temple Col-  
lege, Philadelphia.

A crowd of young people went  
down to Atlantic City, late Wed-  
nesday night, in a large truck;  
but, coming home, when the other  
side of Pomona, something went  
wrong with the engine, and they  
were stalled several hours. Some  
of them arrived home on trains as  
late at nine o'clock next morning.  
But they had a good time.

A meeting was held on Tuesday  
evening, in the Vocational Rooms,  
of the "County Field Day" Com-  
mittees, — members coming from  
Moorestown, Riverton, Pomona,  
Germania, Bargaintown, English  
Creek, and Egg Harbor. Exhibits  
and demonstrations, second to none  
in the State, are arranged for, and  
invitations extended to all Granges  
to participate.

## They Took a Ride.

On the invitation of Mr. Samuel  
Anderson, a party of four—Messrs.  
George Elvins, R. H. Sharpe, W.  
R. Tilton, and the Senior Editor,  
—accompanied him on an automo-  
bile ride of over one hundred and  
fifty miles, on Wednesday last.

Starting at four o'clock a. m.,  
they went by the way of Aislen,  
Indian Mills, etc., and arrived at  
Pemberton in good time for an  
excellent breakfast. Much of the  
ride was through a rich country,  
where comfortable homes, great  
barns, sleek cattle, and promising  
crops indicated prosperity and con-  
tinentment.

Off again, via Brown's Mills,  
Lakehurst, Lakewood, Point Pleas-  
ant, Tom's River, New Egypt,  
and a host of hamlets, reached  
Harnegat, where hearty appetites  
did full justice to a substantial  
fresh fish dinner.

Leaving there about two o'clock,  
they turned homeward by Passer-  
ton, Green Bank and Batsto, and  
reached home in a thunder-storm  
at four o'clock.

Much could be said of the view  
of the grand estate of George  
Gould, at Lakewood, glimpses of  
the ocean, the long bridges crossed,  
good roads and bad, handsome  
homes in town and country; but  
everyone was satisfied that, for  
every good and pleasant thing de-  
sirable in a home, Hammoniton is  
the peer of anything we saw on the  
trip. Of course, we all tendered a  
thank you to our host for twelve  
hours of pleasure.

## Board of Trade Resolutions.

Whereas, the Hammoniton Board  
of Trade has been obliged to accept  
the resignation of its faithful and

## From a Small, Light, Simple Motor—in the

### Hudson Super-Six

**NOTE** that we add no size, no cylinders in the Super-Six. It is still a small, light, simple Six. The size is identical with the former Hudson Six-40. But our new invention—a Hudson patent—gets 70 horsepower from this Light Six. Hereafter, at its best, it delivered 47 horsepower.

At any speed there is utter smoothness. And motor wear is almost eliminated. Endurance has been almost doubled.

#### LET US PROVE IT

Come for a ride in the Super-Six, and judge it for yourself. Do not be misled by rivals who cannot use this motor. Let the Super-Six performance tell you what it means.

The difference is enormous. It shows in every quality you prize.

There are also six new Hudson bodies built for the Super-Six. Each in its type makes the limit in luxury.

In every way you will find the Super-Six superior. If you buy a fine car you are bound to choose it. Let us prove this to you. It will save re-

#### All Other Cars Outrivalled

At Shepherd Bay, under A. A. A. supervision, a 4-passenger Super-Six stock car excellently equipped for these tests.

100 miles in 80 min., 21.4 sec., averaging 74.67 miles per hour, with driver and passenger, 75.50 miles in one hour with driver and passenger.

Standing start to 50 miles an hour in 16 sec.

During these tests the car was driven 135 miles at top capacity, at speed exceeding 70 miles per hour, without discoverable wear on any part.

## THE OVERLAND

### Electric Control Buttons at your Finger Tips.

Naturally, you want a car that can be operated easily,—you realize that the extent of pleasure and safety in driving depends upon the ease of control.

In most cars the details of control seem to be planned with an eye for convenience in assembling the various parts.

But the Overland-control was arranged just as you would arrange it if you were designing a car for your own convenience.

You control the electric magneto, the electric lights, the electric horn, with your finger tips, without bending forward.

To start the motor, you merely touch a foot button in the floor.

Cars are here on our floors for your inspection.

SATURDAY, JUNE 24, 1916

Our esteem for Mr. Roosevelt has been increased, if possible, by his action in declining the Progressive party nomination for President. He is reported to have said, in an interview, "The work of the Progressive Party has been accomplished, and there is now no reason for its continued existence." Correct: the Republican platform of 1916 declares for every important principle for which the Progressives have been contending, and its nominees are in full harmony with these declarations. With two parties in the field during the coming campaign, there is little doubt of Republican success. The present very unsatisfactory administration will be retired, and American patriots of firm fibre will govern our beloved country.

We have called the public highways, after dark, "the Devil's night school," and many a criminal will acknowledge that he received first lessons in immorality at that institution. Yet there are parents, even in Hammonton, who are thoughtless on this subject, and allow children to spend hours away from home, not knowing anything of their conduct or company. As an instance of what sometimes occurs, not many nights ago a lot of boys gathered back of the Central School buildings, and disfigured the walls with obscenity; then threw a brick through one of the windows, entered the building, and covered blackboards with the nastiest that seems to be their delight. It is a pity that some adequate punishment cannot be meted out to such a gang. In our judgment, a few applications of hickory oil would be most efficacious, as the perpetrators of the outrage mentioned, and others, seem too shameless to be affected by arrest and fine, or even imprisonment.

The ordinance forbidding the parking of vehicles within fifty feet of Bellevue Avenue corners, is causing not a little criticism, and may cause embarrassment for some people, particularly strangers,—though the purpose intended in passing it was all right.

Got your float ready for the Fourth?

County Farmers' Field Day.

The success of the Field Day held last year warrants the Farmer's Week Committee of the Hammoniton Vocational School of Agriculture to hold a similar event this year at Hammoniton Park, Saturday September 9, 1916. This Field Day is for the purpose of exhibiting farm products, as few realize the agricultural possibilities of South Jersey, and the variety and quality of products raised in this section.

It is to be hoped that the poultrymen, fruit raisers and truck growers will unite in sending exhibits to this Field Day meeting, as exhibits are open to all farmers and growers of farm products in Atlantic County and the neighboring counties. Ribbons will be awarded to the successful exhibitors in each class. Competent judges will be secured to properly grade each exhibit.

The morning will be devoted to the exhibition of fruit, vegetables, flowers, poultry, stock and transformed products. Ample time will be given at noon for luncheon.

The program of the afternoon while not yet arranged, will consist of speeches by well qualified men, on agricultural subjects of importance and timely interest.

All South Jersey farmers are invited to join in making this Field Day a success by showing the quality and variety of products which can be and are raised and produced in this part of New Jersey. Send in your exhibit and be present in person.
