### Who is My Brother?

A paper read at Christian Endeavor meeting  
in the Elwood Presbyterian Church, on  
Sunday evening, June 20, 1897.

The topic for to-day, "Am I my  
brother's keeper?" suggests the ques-  
tion, Who is my brother? Let us with  
the help of God, and in the Scriptural  
sense, try to answer this broad and  
pertinent question.

In the Scriptural sense of this word,  
are we not all bound to each other by  
some common ties? Surely it means  
more than ties of blood and kindred.  
Paul speaks of his fellow laborers as  
brothers, they all being engaged in the  
same work of doing good to each other  
and to those around them, and helping  
each other in all good works. These  
were his brothers in the work. Are  
we not, then, in this Society, brothers  
in this sense, inasmuch as we are all  
working for and with each other to  
accomplish the same result? To do  
this, we must have our hearts filled  
with love and charity towards every  
one, our eyes open to see, and our ears  
to hear every cry and cause in which we  
can extend a helping hand.

Perhaps some one who is trying to  
overcome some sin, feels discouraged be-  
cause he thinks no one cares for him,  
and a few words even, kindly spoken,  
will help him, and show him that we  
have an interest in him and his welfare.  
Are we not too easily discouraged be-  
cause we do not succeed in the first  
effort? We forget the old adage that  
our teachers were always quoting to us,  
"If at first you don't succeed, try, try  
again."

If those around me are my brothers,  
is it not individual effort from me, and  
from each one of us, as a Society, that  
is required? Can we not look around  
and see some one, who is our brother,  
and needs our help, and by putting  
forth a persistent personal effort can  
help them, and can bring them within  
the influence of this Society?

Are we not too apt to draw our skirts  
around us and sit down in our self-  
righteousness, thinking we have done  
our duty if we come here evening after  
evening, while our brother is left to the  
evils and temptations that surround  
him on every hand?

Let us remember that the youth are  
our brothers, as well as those older, and  
are exposed to many temptations, with  
less knowledge of the world and its  
snares, hence more susceptible to evil  
influences. Let us make a special effort  
for the youth right here in our midst.  
Solomon says, "Train up a child in the  
way he should go, and when he is old he  
will not depart from it."

Not only should this feeling extend to  
the weak and fallen, but we should  
stirve by our example to help those who  
are already striving to live right. For  
instance, take the cause of temperance,  
in which we are all deeply interested.  
We hear persons say, "A glass of wine  
will not hurt me," but Paul says, "It is  
good neither to eat flesh nor to drink  
wine, nor anything whereby thy brother  
stumbleth, or is offended, or is made  
weak." That is why it is gratifying to  
see so many white ribbons. It is a con-  
stant reminder of the effort that is being  
made to put down this evil,—not only  
here but all over our land,—the evil  
that is ruining so many of our brothers  
and causing so much sorrow and suffer-  
ing everywhere.

Then, are not our "brothers" any  
who are weak, suffering, disheartened,  
fallen, or in any way in need of sym-  
pathy, encouragement, or support? Also  
those with whom we are associated in  
working to advance the cause of Christ,  
in the world? In view of this, let us be  
more earnest, watchful, and prayerful,  
lest we be asked at the last day, "Where  
is thy brother?"

Christ said, "For whosoever shall do  
the will of God, the same is my brother  
and my sister, and mother."

Whatever hope there is for free silver  
lies in international action; whatever  
hope there is for international action  
lies in the Republican party.

### BASE BALL GAME.

HAMMONTON DEFEATED IN A  
GRAND FINISH.

For eight innings they fared sumptu-  
ously; but alas! and alack! in the  
ninth we were transported in a trice,  
with dear old father "Rip" up the Cata-  
kills, with old Hendrick Hudson and  
his crew, only to wake up from the  
nightmare in which intangible hits,  
ghostly fleeting figures, and the dim  
shadowy outlines of the groaning grand  
stand, were mixed in an entirely unsat-  
isfactory combination.

For four innings, Rudolph held the  
West Philadelphia to two hits. Then  
it was, in the fifth, that Sharp lined out  
his three bagger, bringing in Jones and  
Denight, and coming in himself on a  
passed ball. Hardly anybody doubted,  
before the ninth inning, however, that  
we had the game all our own way; but  
there came a time — Let us pass  
over that as lightly as possible. Suffice  
it to say that the visitors scarce failed  
to connect, and the eleven runs to their  
credit were the result of a combination  
of eight hits, two or three errors, and a  
few other ingredients put up according  
to their most approved prescription.  
Hope began to dawn in the troubled  
breasts when four runs had been made  
with but one out, but quickly faded  
with Tomlin's incautious steal of second  
and Loveland's strike-out.

As a whole, H. A. A. played with  
rather more get-up-and-get than usual,  
and gave a more pleasing exhibition.  
Setley was a special exception, and we  
can't "tell" much about our third base-  
man.

A Massachusetts highwayman with a  
bull-dog auxiliary recently attempted  
to hold up a wheelman on the road.  
He made a bad mistake. The wheel-  
man had a large squirt-gun, loaded to  
the muzzle with ammonia, which he  
discharged with paralyzing effect upon  
both the highwayman and his dog.  
Here is a valuable pointer for Jersey  
cyclers. Equip yourselves with squirt-  
guns and strong ammonia, and when  
occasion presents itself imitate the ex-  
ample of the Bay State man. Perhaps  
one of those insect powder guns, loaded  
with red pepper might be more conve-  
nient to carry. Either would do the  
business better than powder and lead.  
It comes in the nature of a surprise, and  
proves irresistible.

If you scoff at crooked people, be very  
sure that you walk very straight.

## The Republican.

[Entered as second class matter.]

SATURDAY, JUNE 23, 1897.

On Wednesday evening, ten of the twenty-four arc lights contracted for by the town were in operation. Naturally, with new and untried machinery and lamps, there have been many hitches, and more criticisms; but we are assured that every difficulty is being overcome as rapidly as possible, with good prospects for a perfect electric lighting system. Our people like the lights, only wishing there were more of them.

A pleasant surprise party was given to Miss Katie Garton last evening at her father's residence, on Middle Road. Among the invited guests were, Misses Myrtle Smith, Gertrude Thomas, Phoebe Newcomb, Emma VanSant, Beniah Jones, Roberta Maxwell, Mollie Swift, Nellie Hurley, Nellie Jones, Daisy Mathie, Messrs. Lewis Smith, F. H. Tomlin, Geo. Parkhurst, Parker Treat, Harry Davidson, Harry Rutherford, Harry Thomas, Lewis Cordery, David Davies, John Hoyt.

Mr. Alfred M. Stringer, a former Hammonontonian, now in Philadelphia, is the owner of a copy of the London Sun published in July, 1837, at the coronation of Queen Victoria. The entire first page is printed in gold, head piece and all. In the center of the page is a fine medallion portrait of the Queen. The edition was known as the "Golden Sun," and sold for a sovereign on the date of publication. Its value now is greatly enhanced. Mr. Stringer probably owns the only copy in the United States.

Hammononton is to have a "first-class hotel." So says John T. French, who has already broken ground for the building, on Egg Harbor Road, near Maple Street. The old house, built many years ago by Deacon H. N. Andrews, later owned by Wm. D. Frost, is being turned around and moved back to make way for a four-story building, forty-two feet square. W. H. Burgess is doing the moving. Walter Andrews prepared the plans, and will build the hotel. The first story will be a half basement, of Trenton stone, the superstructure frame, with wide piazzas, and everything possible to make an attractive place for visitors.

The M. E. Church was well filled last Sunday on the occasion of the celebration of "Children's Day." The decorations were beautiful, consisting of bouquets and potted plants, including some handsome palms. A large cross stood back of the pulpit, beside a large banner bearing the inscription "Young People's Republic." To this banner were attached stars, one by one, each containing a motto: "Law," "Justice," etc., after its sentiment had been presented by one of the young people. The exercises by the primary department, consisting of about thirty children, were very interesting. The solo by Miss May Bishop pleased all.

Many years ago, a hard working mechanic in Easton, Penn., drew a lottery prize of \$3000. Not knowing what to do with what was to him a fortune, he was urged to open a saloon. He did so, and made money. But he died a drunkard. His oldest son became a sot, but was rescued literally from the gutter, in Philadelphia, and became a very useful and successful minister. His second son acquired the same habit, was an excellent printer, but was too uncertain to hold a position; abused his family, lost the respect of all, and died three years ago a sad death. The third son died very young, a victim to drink. Two of these sons we know well, and give the history as authentic. Did the saloon business pay? It is ever thus.

The steady fall in the price of silver and the steady rise in the price of farm products have disproven another of the pot theories of free coinage. The backbone of their argument was and has been from the beginning that prices of farm products kept pace with the price of silver, and that unless silver be debilitated and advanced to its old price, farm products must continue at the old rates which they reached a year ago. The fact that wheat has doubled in value, wool increased 50 per cent, and other articles produced by the farmer advanced greatly in value, while silver has steadily declined and still continues its downward course, has done more to destroy the silver argument than anything else, except the rapid abandonment of the silver standard by countries which had thoroughly tested it.

Bernshouse, coal, \$1.20. Thos. B. Wescoat, having served seven years, was placed on the retired list. Secretary instructed to send vote of thanks to all who assisted in the trip to Egg Harbor City. Adjourned. Receipts \$3.24.

JOHN T. FRENCH, P. M.

This is jubilee week to England, and British subjects everywhere are celebrating the event. Queen Victoria has passed the sixtieth anniversary of her accession to the throne, in commemoration of which it is fit and proper that a suitable demonstration should be made. Her reign has been both the longest and most glorious in England's history, and the nations of the earth have very properly united with her own subjects to do her honor. There never was a monarch of more stainless character, or one who labored more unceasingly for the advancement of civilization. Victoria has been a model queen. Under her beneficent rule, the British empire has made a prodigious development in every avenue of industry, and the arts and sciences have flourished to an unprecedented degree. She is a lover of peace and a promoter of harmony. May her life of usefulness be prolonged.

These tickets will be sold June 27th to July 24th, and will permit of stop over at Denver and points West. Returning, passengers must reach original starting point later than Aug. 17th. The True Remedy. W. M. Roping, editor "Tikiwa, Ill., Ohio," says: "We won't keep houses without Dr. King's New Discovery for Consumption, Coughs and Colds. Experienced with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is safe to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides it is guaranteed. It never fails to satisfy. Trial bottles free at Croft's drug store.

J., on Monday, July 12th, 1897, at 10 o'clock a. m. or given thousand three hundred and fifty dollars to be awarded to the lowest bidder at certain points on the County Road between Hammononton and Union. Specifications may be had on application to the undersigned. Road was proposed "half for hauling," and also price for third foot. The committee reserves the right to reject any or all bids.

Rev. A. W. Spooner, of Camden, known to many here, was among several injured in a railroad collision at Woodbury, Wednesday evening. Happily, none were seriously hurt.

The Union's Daily Bulletin was resumed on Wednesday, after ten days' suspension. Shipments of raspberries are large, with a few very early blackberries and an occasional crate of late strawberries.

WANTED.—one of those pitching machines used by the Tigers, warranted to strike out every man who faces it. Address W. D. care H. A. A.

Rev. Burroughs Eldridge, of Haddonfield, Penn., formerly Pastor of the Hammononton Baptist Church, was one of a party of cyclists on the way to Atlantic City on Monday, and stopped to call on a few of his friends.

Dick Drake left Federal Street wharf, Camden, on his bicycle, Monday last, at 3:00 o'clock, and reached Hammononton at 4:50,—making the twenty-nine miles in an hour and fifty minutes, the best time we have known.

FOR RENT OR FOR SALE, the Captain of C. P. Crowley place, a ten-room house with all modern improvements.

According to the daily papers, A. H. Miller, of this place, has been granted a pension. This claim was rejected under the Cleveland administration, but the Grand Army took it up, recently, with just result.

A strangely-acting dog attracted attention on lower Bellevue, Wednesday, and when it was noticed that he was foaming at the mouth, Councilman Anderson requested Geo. Fiedler to kill the beast. A double charge of shot did the business quickly.

Harley B. Nichols, of Landdown, Pa., with his son and two daughters, rode to Hammononton on their wheels, last Friday, and visited former friends. If we mistake not, Mr. Nichols was born in "Vine Cottage." Part of his boyhood was spent here.

The Boys' Brigade gave an exhibition drill, Wednesday evening, and paraded the principal streets, preceded by the drum corps. The little fellows, with uniform cap and white pantaloons, looked quite soldierlike, and their drill and marching were commendable.

FOR RENT. The D. L. Potter house and barn, corner of Bellevue Avenue and Liberty Street, Hammononton. Rent \$100 per month. GEO. BEATTY.

The Fourth of July will be on Sunday this year, and Monday will be generally celebrated. But Pastor Killian of the Baptist Church proposes to observe the day itself, and will preach on Patriotism Sunday evening. He has invited the Boys' Brigade, Sons of Veterans, Grand Army, Woman's Relief Corps, and Junior Order American Mechanics to attend and participate in that evening's exercises, with a prospect that each organization will accept.

One of a quartette of city cyclists has a badly fractured collar bone, as the result of a spill, Wednesday. When near Blue Anchor, a man fell from his wheel, and this one fell over him. Landford Crowley, of Blue Anchor, hitched up his fast mare and brought the sufferer to Hammononton at a rapid pace, for surgical aid. Dr. Cochran relieved him.

Mr. Artiz has fitted up part of his little building, at Bellevue and the County Road, for a refreshment stand. We hear that J. O. Saunders has a similar enterprise in the grove above Thirteenth Street, and one of the French boys is established in a tent, half a mile beyond. We wonder how many of these "treats" will prosper. It looks as though the supply of their wares might soon exceed the demand.

We see no good reason why the pro-posed tax on beer should be stricken out of the new tariff bill. There is no ar-ticle of large consumption that could more easily stand a stiff tax, or the burden of which would be more lightly borne. In fact, so far as the customer is concerned, the chances are that there would be no burden at all, for it is highly improbable that the brewers would attempt to so advance their charges as to render necessary any in-crease in retail price. Some years ago, brewers received \$12 a barrel for their beer, the present price being \$6, and yet the usual charge of five cents per glass has not been changed. This is a safe and easy way to raise needed revenue, and we hope the tax will remain a part of the new law.
