It is said that, in the present state of things at Washington, "not over one man in each forty-three who apply for a Federal office gets it." This leaves forty-two hungrey and disappointed applicants in each forty three, which reduces the chances of success to a very low figure. It is hardly worth while to take such chances if one can find anything else to do.

A Richmond despatch says the coudition of the people of Grayson, Floyd, Carroll, Franklin and Patrick Counties, Virginia, is deplorable on account of the failure of the crops for two seasons. Absolute want is almost at the door of many, and people cannot pay their taxes, only one-third for last year having been paid. Supplies furnished the paupers of the counties for two years are unpaid for, and Carroll has issued bonds and sold them for one third their value to purchase food for her indigent. North Carolina continguous to these counties. If the present season is not better than the last, outside assistance will be required.

It is announced that by the 1st of next month every iron and steel mill in Pittsburg and vicinity, with one exception, will be using natural gas as fuel. This will reduce the consumption of coal there 38,250,000 bushels per annum, or one-seventh of the yearly output of the region tributary to Pittsburg. It will also throw out of employment thousands of firemen, coal heavers and ash haulers employed in the mills.

The report of the Board on the Dolphin has caused a great deal of comment among naval officers. The Government is responsible for the action of its agents, and the general opinion is that the Dolphin will ultimately be accepted by the Secretary of the Navy, but that the Advisory Board will be abolished.

Mr. Hay, First Assistant Postmaster General, was too ill to be at his post for several days last week. He has been growing weaker, and has only kept at his work by strong will and untiring energy. He has been advised by his friends to resign on July 1, and it is expected he will do so.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CEETAIN, SPEEDY and PERMANENT ourse of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected,
the disease perpetuates its taint through
generation after generation. Among its
earlier symptomatic developments are
Eczema, Cutaneous Eruptiona, Tumors, Boiis, Carbuncles, Erystpelas,
Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Bheumatism, Scrofulous Catarrh, Kidney and Liver Diseases,
Tubercular Consumption, and various other dangerous or fatal maladies, are
produced by it.

Aver's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious discases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine Honduras Sarsaparilla, with Yellow Dock, Stillingia, the Iodides of Potassium and Iron, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S BARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.
