A word to Farmers.

The Hay crop in this section will be very short. Hay is now scarce and high, and is slowly but steadily becoming scarcer and higher. It would therefore be wise for every farmer to try to raise hay of some sort sufficient for his own use.

COW PEAS

can be sowed up to July 10, at least, for a hay crop, and some people sow them as late as the middle of July. Cow peas are rich in feeding material, can be raised on poor soil, and impoverish the soil less than any other similar crop. Then, the seed is not expensive.

Mr. Watkis Replies.

MR. EDITOR:—As Councilman, and Chairman of Committee on Law and Order, I think some notices should be taken of articles that frequently appear in your paper, and especially one in your last issue, signed "Bee Bee," also relating to men who have received help from the town and who are spending their money at a licensed hotel in this town. In the latter article, it was found it was a man, not men, and that he had not received assistance from the town, but had been helped by private individuals. Being seen at a hotel does not necessarily mean that a man is spending his money for liquor. A hotel is a public house for all, where men may meet to transact business, or for social meetings.

As regards the article by Bee Bee, such a case might happen at the best regulated summer resort. One of the councilmen has visited the cove nearly every day this summer, and at a time when it is most frequented by bathers, and he has never heard any of the vulgar Bee Bee writes about. If the writer had signed his name, council would have tried to bring the parties to justice; but they will not take notice of anonymous articles.

The protest against these articles, and similar ones, is not so much because they appear here, but because of their widespread circulation throughout the whole country, by the means of advertising agencies, where every newspaper in the country can be found on file. Such articles are a direct menace to the prosperity and welfare of the town. Parties having any intentions of coming here would very quickly give up the idea when confronted with some of these articles. Mr. Editor, I doubt there are but few persons in Hammonton who have traveled more extensively, both in this country and abroad, than the writer, and from my experience I think it would be hard to find a more peaceable and law abiding people than right here in Hammonton. We were told by some that a licensed hotel would cost the town many times more than the license fees. After careful inquiry, the writer has failed to find where it has cost the town a penny. We have now had license nearly three years, and in that time a fine hotel has been built, which is a credit to the place. More property has been sold to outside parties, in this time, than in any similar period, during the past fifteen years. This, of course, means that more people, and of a good class, have come here. There are less vacant houses. There are many inquiries about property,—parties looking for manufacturing sites, with houses for themselves. There has been built an exceedingly handsome bank, which would be a credit to a much larger and wealthier place than this. Electric lights have been introduced, and the franchise has just been granted to a company with a capital of \$750,000, for water works. A new industry has just settled here, bringing skilled workmen, and in time giving work to others. We have better roads, and considerable more money in the town treasury than has been there for several years. No town lawsuits, less paupers, few idle men, work for all, better railroad facilities, and a general air of prosperity. We were informed that if license were granted several of our most prominent people would leave town, as it would soon go to ruin. These parties have not only not left town, but have further improved and beautified their places, and in one case a contract has been given for a new house.

Every town has a few who are doing all they can to keep back progress, unless things are done according to their individual way of thinking; and this in the face of the fact that they are property owners, and are depreciating their own holdings. One such person told a councilman that if he wanted to see what a licensed hotel did for the town, to go down a certain street and he would see several men so drunk that they were unable to move. He went down and found that the men were

passing through the town on their way to Atlantic City, and were simply resting,—were as sober as the informer. Many affairs similar to this have come under my own observation.

The writer is not booming any hotel, or selling liquor in any form, but mentions certain facts which have occurred during license, and which are palpably present to the most blind. If people would use a little more common sense, for their own, and the general welfare of the town they live in, and use it without a narrow minded prejudice, they would be much happier themselves, and certainly their neighbors would be also.

JAMES EDWIN WATKIS.

MR. HOYT:—Please advertise the following in the *Republican*:

I give many thanks to the Town Council for keeping me waiting for a license two years, and at last deciding not to give it to me. I would like to know the reason, and what fault they found in me. I have lived in this town for years, respected and profited it. I think the laws in this town are the same as they were in Italy about forty years ago; that is, everything was under the control of the priests. So I think with four or five people in this town. If it wasn't that I am out of health, I wouldn't have cared for a license, as I could work otherwise and earn my living. If any of the Council prefer to say anything about this, I will be very glad to hear them.

JOS. ESPOSITO.

Discovered by a Woman.

Another great discovery has been made, and that, too, by a lady in this country. "Disease fastened its clutches upon her, and for seven years she withstood its severest tests, but her vital organs were undermined and her death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recover, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamok & Co., of Shelby, N. C. Trial bottles free at Dr. Crovill's drug store. Regular size 50 c. and \$1. Every bottle guaranteed.

SATURDAY, JULY 1, 1899

Councilman Watkins, in his excellent communication, speaks good and true words concerning the evidences of prosperity in Hammoncton; and no one can be better pleased with the town's real progress than the Editor. But we fail to see where the licensed sale of rum has contributed one iota to what so gratifies our correspondent. Again, he fails to tell the other side of the story—that several valued families have left the town during the three years; that several men have lost employment because of liquor drinking; that never did the town pay over \$300 a year for a policeman until liquor licenses were granted, and we now pay \$300, with an increased salary to the night officer. No, the liquor traffic has not helped Hammoncton; we share the general prosperity noted all over the United States. We notice, further, that the citizens who are now adding the most to our town's attractiveness are not those who patronize or favor licensed bar-rooms.

We admit that anonymous articles are not fair, and we never publish one without a protest. But the surest way to rid the community of a nuisance is to publish the fact that it exists. Thus are Philadelphia papers endeavoring to suppress gambling in that city. A generous coat of white-wash will not long cover a hole in the wall. Action is promoted by agitation. Additions to wealth or population that are won by suppressing the truth cannot prove beneficial or permanent. The evils that follow the use and sale of rum may be measurably lessened by opening the public eye to their true appearance.

Nineteen years ago to-day, the writer took possession of the REPUBLICAN office. Time flies; but when we take a retrospective view, we can better realize its duration. Many changes have taken place in Hammoncton and among the people. For example, of the men then engaged in mercantile pursuits, there remain Messrs. Murdoch, Jackson, Stockwell, Anderson, Elvius, and Herbert. Messrs. P. S. Tilton, M. D. DePuy, Wm. Black, Jos. Coast, L. W. Cogley, Fay & Son, and Wm. Rutherford have joined the silent majority. Of these now in business, some have settled here later, others have grown from boyhood during these years. We are glad to know that "the old folks," like the REPUBLICAN, have prospered. May prosperity abide in Hammoncton and among its people, until we round out a quarter century.

"Uncle Mike" Boyer says, "If you get hold of a good thing, hold on to it." It's a good motto, but it made trouble last Saturday. You see, Uncle mounted a bicycle for the first time—it was a tandem,—and he recognized the handle-bars as a first-class attachment for a novice. He held on so vigorously that his partner (Harry Little) couldn't guide the machine. Consequence: both riders were pitched headlong, and the other fellow got the worst of it. His shoulder is lame yet, and he had a bad cut on his fore arm. Mike escaped with a fractured skull. The tandem fared best of all, and the plucky pair held on to their programme, remounted, and finished their ride.

There is to be a picnic to-day in D. R. Westcott's grove, at Nosen. Refreshments, swings, and games will be provided. Made by Hammoncton Band. Proceeds for Daniel Westcott and family, whose barn and other out-buildings were burned recently. Every body is invited, and all are promised an enjoyable afternoon and evening. If to-day proves stormy, the picnic will be held on Monday next.

Frank Loroche dropped dead while picking berries, last Saturday. Coroner Cunningham viewed the body and gave a certificate of death from heart disease.

The entertainment, on the evening of the 4th, will have many pleasing features, including a celebrated solo performer from Philadelphia, and the male quartet.

Mr. and Mrs. P. H. Jacobs entertained the members of the M. E. Ladies' Aid Society, on Tuesday evening. About thirty were present, and had a delightful time.

Winslow Lodge of Odd Fellows elected the following officers on Wednesday evening:

Noble Grand, N. C. Holdridge.
Vice Grand, Horton Jones.
Rec. Sec'y, Orville E. Hoyt.

Mr. Daniel E. Perry died at his home, in Wakefield, Mass., of a reumatism of the heart. Mrs. Perry, formerly Miss Fanny M. Ramsey, has hearty sympathy of a host of friends in this town and vicinity. Her married life lasted but a few months.

The Base Ball Club elected the following officers:

President, R. J. Byrnes.
Vice-President, C. F. Osgood.
Secretary, J. C. Anderson.
Treasurer, Wm. J. Jackson.

John Galipe, Dr. J. A. Wana, Acting Manager, Wayland DePuy.

Mr. L. Myrick brought as a sample basket of the "Austin Dewberry," a new black which he has procured from Texas. The berries are very large, of pleasant flavor, bear profusely, and ripen with the Early Harvest. They are too soft for distant market, but will carry well to Philadelphia, and promise to prove valuable here.

The Hammoncton Base Ball Club have accepted R. J. Byrnes' liberal offer of a five year lease of the field extending from Egg Harbor Road to Washington Street, and from Capt. Somerby's to the Fruit Growers' Union property. We congratulate the club, as this is the finest location in town for the purpose,—easy of access, and between the railroads.

The Board of Education held a special meeting last Saturday evening. The Property Committee presented several bids for new building. E. W. Strickland was the lowest bidder,—\$5674,—being \$1874 above the appropriation. The Committee and bidder will endeavor to cut out superfluous and ornamental items sufficient to bring the bid down to \$4800.

A change in the train time on "the old road" takes effect to-day. We could not get all the figures in time, but there is little local change. Trains leave Hammoncton as follows: Down-mail at 8:08; a. m.; 12:08; express, 3:41 p. m.; mail 5:53; a. m.; 7:30. Up—6:05; mail, 7:05; express, 9:30; a. m.; 12:30 p. m.; mail, 5:03. Sunday—down at 8:03 a. m., and 5:45 p. m.; up at 8:20 a. m., and 4:55 p. m.

Next Saturday, July 8th will be a grand fete day for the Base Ball Club. There will be a game on the new grounds in the afternoon, with a good visiting club. Gattuso has been secured as pitcher, with Frinks, a first-class player, behind the bat. Music by the band. In the evening there will be a grand operatic concert in Union Hall, given by members of the "Grant Operatic Society," of Philadelphia, who, under the solicitation of Mr. E. S. Grant, give their services free for the Club's benefit. The following will take part:

Miss Julia Robinson, prima donna.
Miss Kelly, contralto.
Horace Dumont, baritone.
Louis J. Muz, tenor.
Frank Ball, baritone.
E. J. Hill, tenor.
E. S. Grant.

There are among the finest church and concert singers in the city. Mr. Siegfried Lehmann, late music director for Madame Patti, will be accompanied. Tickets, 50 cents, which will entitle the holder to a reserved seat if presented at Crowell's Pharmacy after Wednesday noon, 6th inst. Entire proceeds to be collected and prepare the new Base Ball Park.

Town Council Meeting.

Regular meeting on Saturday evening last, 24th inst.,—all members present. Property Committee reported Park fence repaired—better than ever—trees trimmed. New pump in tower well. New locks for lock-up.

Water Committee reported copy of Water Company's charter received. Lights improved. Guy wires to secure dangerous pole on Third Street.

Licenses Committee reported adversely on license application of Jos. Esposito, —no more hotels needed in that locality. Reported favorably on B. Crescenzo's application.

AN ORDINANCE to provide a Supply of Water for the Town of Hammononton.

Introduced April 29, 1899.
Passed June 24, 1899.

Section 1. Be it enacted, That authority be and the same is hereby given to the Hammononton Water Company to lay pipes at a depth not less than three feet beneath the surface of the public streets, avenues, alleys, and lanes of said town, for the purpose of conducting water.

Sec. 2. That said company shall lay at least four and one-half miles of water mains and pipes — the same to be laid under the direction of the Council — before it shall receive the benefits of and be deemed to have complied with the terms of this ordinance.

Sec. 3. That at all times all of the main and lateral pipes shall be of a size and strength sufficient to supply said town and the inhabitants thereof with a continuous supply of water of a quality and quantity sufficient to meet all public and private requirements.

Sec. 4. That through said pipes shall be conducted only pure, fresh water, that may be drawn from driven or artesian wells within the limits of said town or elsewhere.

Sec. 5. That said company shall construct in said town a tank or tanks, or a stand-pipe, sufficiently large and strong to hold, and which shall at all times contain at least 30,000 gallons of water, at an elevation of not less than forty (40) feet above the highest street level in said town, and that said tank or tanks, or stand pipe, for a thorough distribution of water, shall be properly connected with the pipes and mains aforesaid.

Sec. 6. That the said company shall at all times furnish a full and uninterrupted supply of water for the extinguishment of fires, for the sprinkling of streets, for the use of public buildings (when the said town enters into a contract for the same), and for mechanical and other private uses; and, subject to the contract aforesaid, such water for the sprinkling of the streets and for fire purposes, shall be furnished for the town, and shall be delivered through anti-freezing double nozzle fire hydrants; the aggregate number of such hydrants shall not be less than thirty-five, located on the pipe distribution throughout said town, and that said hydrants shall be placed at the direction of the Council of said town, and that this requirement shall not be construed to compel the said company to locate or set any fire plug or plugs at a greater distance than three hundred feet from any established service or supply pipe operated by the company; and if the Council shall at any time determine that it is necessary to establish any plug or plugs beyond the limits above specified, then and in that event the actual cost of the establishment and setting of any plug or plugs beyond the limits aforesaid shall be tendered to and paid the said company when the said plug or plugs are so established and set as aforesaid; that said company shall, under the direction of the Council, furnish an adequate supply of water for two drinking fountains and troughs for the use of persons and horses, said fountains and troughs to be erected by the town, and shall furnish all water requisite and necessary for the use of Town Hall and under the conditions that the water supplied so as aforesaid shall be supplied free of any cost to the said town or the inhabitants thereof.

Sec. 7. That all the rights and privileges in this ordinance granted shall be subject to an act entitled "An Act for the construction, maintenance and operation of water works for the purpose of supplying cities, towns and villages of the state with water," approved April 21, 1876, and the several supplements thereto and acts amendatory thereof.

Sec. 8. That said company shall commence work on the construction of the water works plant within two months after the passage of this ordinance, and have the plant completed within nine months from the date of the passage thereof; or, otherwise, all of the provisions of this ordinance shall cease, terminate, and become void without further notice.

Sec. 9. That said company shall not charge more than fifteen dollars annually, per plug, for fire purposes, when the town shall enter into contract for same, nor greater charges than the following for private consumers, viz: For the first spigot, \$6 per annum. For each additional spigot, \$1 per annum. For water under the meter system the sum of \$8 for 10,000 gallons, or \$10 for 30,000 gallons, and 25 cents for each 1000 gallons over 30,000, per annum; and said company may, if it so elect, supply all water under the meter system, instead of the spigot system of charges.

Sec. 10. That said company shall furnish water to the town at a rate equivalent to one-half of the minimum rates paid by private consumers, for all purposes other than fire purposes or otherwise specified in the propositions attached and made a part hereof.

Sec. 11. That the Town of Hammononton hereby reserves the right to purchase the said water plant at the expiration of ten years from and after said company shall have begun the construction of said plant, according to and upon the terms following, that is to say, the price to be paid therefor shall be determined by arbitrators, one to be appointed by said town, one to be appointed by said company, and one to be appointed by said town and said company.

Sec. 12. That the said company shall furnish all meters free to consumers of water.

Sec. 13. That this ordinance shall not be construed as effective unless the water works plant constructed by said company shall in all particulars be erected, constructed and operated so as to secure to the inhabitants of said town a water pressure of forty pounds to the square inch, and all of the advantages to be derived from the Board of Fire Underwriters and Adjusters by reason of the fact that the water supply is up to the full requirements for securing the reductions of premium rates in towns having a water supply.

Sec. 14. That this ordinance shall not become effective until said company shall have paid for the printing thereof.

Sec. 15. That all of the stipulations contained in the proposition of said company for a franchise shall become and be a part of this ordinance, and is hereby made a part thereof.

Sec. 16. That the said company shall give an acceptable bond of twenty thousand dollars to carry out the terms of this ordinance.

Sec. 17. That all the stipulations, conditions and agreements hereof contained shall continue in force so long as the said company complies with the provisions of this ordinance.

Sec. 18. That this ordinance shall take effect from the date of the final passage thereof.

ALEX. H. BUTTON,
Chairman of Town Council.

J. L. O'DONNELL, Town Clerk.

THE undersigned persons, seven in number, who are desirous of forming a company for the construction, maintenance and operation of water works for the purpose of supplying the Town of Hammononton, in the County of Atlantic and State of New Jersey, with water, under the provisions of an act of the Legislature of the said State of New Jersey, entitled "An Act for the construction, maintenance and operation of water works for the purpose of supplying cities, towns and villages of this state with water," and the several

supplements thereto and acts amendatory thereof, do hereby certify:

First, The name adopted by the said company is "The Hammononton Water Company."

Second, The amount of the capital stock of the said company is seventy-five thousand dollars, divided into fifteen hundred shares of fifty dollars each.

Third, The term of existence of said company is to be perpetual.

Fourth, The number of directors of said company shall be seven.

The names of those who shall manage the affairs of the company for the first year, or until their successors are elected and qualified, are — Cyrus D. Jones, George S. Horn, Thomas A. Dunn, all residents of the city of Scranton, in the County of Lackawanna, State of Pennsylvania, and Leami Monfort and S. E. Brown, of Hammononton, Atlantic County, State of New Jersey, and Nelson J. Ritter and J. F. Crandall, of Atlantic City, N. J.

Fifth, The name of the town in and for which such works are to be constructed and the business carried on, is Hammononton, in the County of Atlantic.

The location of the principal office in this state is on Bellevue Avenue, in the Town of Hammononton, County of Atlantic.

The name of the agent therein and in charge thereof, upon whom process against this corporation may be served, is Samuel E. Brown.

The said Town of Hammononton has a population of not more than fifteen thousand and not less than five hundred inhabitants.

In witness whereof we have set our hands and seals the eighth day of February, A. D. eighteen hundred and ninety-nine.

Eli H. Chandler,
Notary Public, M. C. of N. J.

Resolved, That the consent of the Councilmen of the Town of Hammononton, in the County of Atlantic and State of New Jersey, be and the same is hereby given to Cyrus D. Jones, George S. Horn, and Thomas A. Dunn, of the city of Scranton, in the State of Pennsylvania, and to Leami Monfort and Samuel E. Brown, of the Town of Hammononton, and Nelson J. Ritter and Joseph F. Crandall, of the city of Atlantic City, in the County of Atlantic and State of New Jersey, to associate themselves together as a body politic and corporate, under the name of the Hammononton Water Company, for the purpose of constructing, maintaining and operating water works for the purpose of supplying the town of Hammononton and the inhabitants thereof with water, in pursuance of the provisions of an Act entitled "An Act for the construction, maintenance and operation of water works for the purpose of supplying cities, towns and villages of this state with water," approved April 21st, 1876, by the Legislature of the State of New Jersey, and the various supplements thereto and the acts amendatory thereof, subject, nevertheless, to the following conditions and restrictions:

That they shall have the privilege of laying pipes along the streets, roads and alleys in the town and not unnecessarily obstruct public travel in laying mains or making connection thereon.

That they shall be held responsible for what over damages may occur from the bursting of pipes and mains and from open trenches, or from any other cause happening from the negligence of the said company, its employees, agents or servants; that they shall set fire plugs from time to time in such places as Council may determine; provided, that this requirement shall not be construed to compel the said company to locate and set any fire plug or plugs at a greater distance than three hundred feet from any established service or supply pipe or line operated by the said company; and provided, further, if Council shall at any time determine that it is necessary to establish any plug or plug beyond the limits above specified, then and in that event the actual cost of the establishment and setting of any plug or plugs beyond the limits aforesaid shall be tendered and paid to the said company when the plug or plugs are so established and set as aforesaid.

That they shall, under the direction of Council, furnish an adequate supply of water for two drinking fountains and troughs for the use of persons and animals, said fountains and troughs to be erected by the town, and shall supply all the water requisite and necessary for the use of the town hall and under the conditions that the water so supplied as aforesaid shall be supplied free of any cost to the town of Hammononton and the inhabitants thereof; and provided further, that all water supplied for public schools or town purposes, other than through the fire plugs, shall be furnished to the said town for one-half of the minimum

rates at which water, at any time, is supplied to private consumers.

That they shall not charge more than fifteen dollars annually, per plug, for fire purposes, nor greater charges than the following for private consumers, viz:

For the first spigot, \$6 per annum.

For each additional spigot, \$1 per annum.

For water under the meter system, the sum of \$8 for each 10,000 gallons or fraction thereof; or the sum of \$10 for each 30,000 gallons or fraction thereof above 10,000 gallons, and 25 cents per 1000 gallons for all water used above 30,000 gallons; and said company may, if it so elect, supply all water under the meter, instead of the spigot system of charges.

That they shall commence work on the water works plant within two months after the passage of this resolution, and shall have the plant completed within nine months after the date of the passage hereof.

That the plant shall not be deemed to be complete until at least four and one-half miles of pipe have been laid and the water turned thereon, ready for service.

That they shall make extensions to their then existing mains whenever the revenue to be derived therefrom shall return an equivalent net revenue of seven per cent on the cost of said extensions; said extensions to be made under the direction of the Council, but not to be construed to interfere with or to annul the provisions of any other portion of these resolutions.

That the said Town shall have the option of purchasing the said plant at any time after ten years from the date of the completion of the same, and the terms of said purchase to be set by arbitrators, one to be selected by the company, one to be selected by the town, and the third to be selected by these two.

That they shall give an acceptable bond to carry out the terms of this resolution.

Glorious News

Come from Doctor D. B. Gargile, of Washita, I. T. He writes: "Four bottles of Electro Bitters has cured Mrs. Brown of eczema, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give her no help; but her cure is complete and her health is excellent." This shows what thousands have proved, — that Electro Bitters is the best blood purifier known. It is the supreme remedy for eczema, tetter, salt rheum, ulcers, boils, and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cts. Sold at Grocers. Guaranteed.
