THE BIRDS.

What fruit may be upon my tree
I have but little care;
'Tis happiness enough for me
To know the birds are there.
There's nought in orchard or in field
More precious than they can yield.
The berry, apple, and rich pear,
And fleshy peach in turn,
Are all delicious, rich and rare,
And well our praises earn;
But, in our birds full joy we find
For eye and ear, for heart and mind.

IRRIGATION.

MR. EDITOR.—I take it, that you
publish and sell your paper to give your
readers information on any subject that
will interest them, and put money into
their pockets.

Now sir, after one of our dry spells,
such as we have just passed through,
losing one-half of our crop (with the
promise of much more), I think it not
unwise to bring before the thinking por-
tion of our people, the subject that
heads this article.—Irrigation.

I find, in speaking of this matter to
different parties, there are two opinions
about it. I had thought that need was
so apparent that there could only be one
side to it. In that, I find I am much
mistaken. I have been told by some
whose opinions have weight, that it is
not practicable! Then some say if the
thing was practicable the benefit would
not compensate for the trouble or ex-
pense. Well sir, if that is so, we need
go no further, but I confess that, with
me, it looks very different. What we
want at present, is to get this thing be-
fore the people, so that it can be look at
pro and con, then we will get at some-
thing that may be of service to your
subscribers and to the town. This
small talk, (we may call it) where peo-
ple give no reasons for their views, is
virtually time thrown away that might
otherwise be of some use to the public.

What we need most, now, is the ad-
vice of some thinking men (or, if you
please, women) who have given the
matter some thought to see if some com-
bined effort cannot be made to effect
what I consider our real safety, our
protection from a dry and parching soil.
It is not my purpose now to enter into
the merits or demerits of this matter,
but simply to ask those interested to
give such information as may be within
their reach. Let both sides come to the
front, and then we will know how this
matter stands. Respectfully,

DAVID FIELDS.

"OH! CAST THAT SHADOW FROM
THY BROW." You can't do it if you
have liver complaint or dyspepsia. The
darkened countenance tells the story of
inward commotion and woe. Clear your
stomach, strengthen your digestion, re-
gulate your liver, tone your nerves, and
then away goes the shadow from your
brow, and you are happy because you
are well. Mrs. M. J. Alston, of Little-
ton, N. C., says, "I recommend
Brown's Iron Bitters to the nervous
and debilitated. It greatly benefitted
me."

The horrible suspicion has been
aroused that Judge Stallo, envoy-elect
to Italy, is not a Democrat.

The French Government will soon
introduce a bill increasing 50 per cent
the French import duties on articles
from all countries which do not accord
to France the most favored international
commerce.

The soothing and restorative effects of
Ayer's Cherry Pectoral are realized at
once in all cases of colds, coughs, throat
and lung troubles, while its far reach-
ing and powerful healing qualities are
always demonstrated in the most seri-
ous pulmonary disorders.

There was a decrease in the public
debt during June of \$3,003,093.75, ac-
cording to the old form.

1161 new cases.

that unless the England withdrew from

For the fiscal year ending June 30
there has been a falling off of govern-
ment receipts of \$25,929,093.78 and an
increase in expenditures of \$18,662,208.-

In no other medicinal preparation
have the results of the most intelligent
study and scientific inquiry been so
steadily and progressively utilized as in
Ayer's Sarsaparilla. It leads the list
as a truly scientific preparation for all
blood diseases.

ident Garfield, contributed by the State

Baltimore was visited last Sunday
by a rain storm which caused a flood
which has not been equaled since the
great flood of 1868, when several lives
were lost. Fortunately no lives were
lost by the storm, but the damage will
not be less than \$200,000.

The jury in the case of Lucille Yselt
Dudley, charged in New York, with
shooting O'Donovan Rossa, Tuesday
acquitted her on the ground of insanity
which was claimed by her counsel in
his opening argument. The testimony
mainly bore on the fact that previous
to the shooting she had been greatly ex-
cited by reading comments in Rossa's
paper on the recent dynamite explosions
in London, and had come to regard him
with intense hatred as the enemy of her
country. She was committed to the
Lunatic Asylum.

Sister Mary Francis Clare, the Nun of
Kenmare, has submitted a proposition
to the Hudson County Board of Free-
holders to train at her school a number
of young girls now inmates of the alms-
house. She has visited the almshouse,
and referring in her proposal to the
contaminating influence of the institu-
tion, she signified her willingness to take
any number the board may designate,
at the same cost the county now pays
for their maintenance. Her proposition
was referred to the counsel of the Board
for his opinion as to the power of the
Board in the premises.

After all, the mugwumps have no-
body but themselves to thank for their
unhappy situation with regard to viola-
tions of the Civil Service reform rules.
It was only to be expected that the Re-
publicans would be bounced and Demo-
crats appointed to their places.

HUDSON RIVER R. R.

Conductor Melius Says Something of

Interest to All Travelers.

Forthrightly, N. Y., Feb. 22, 1884.

DEAR SIR: I have used your medicine, called DR.
KENNEDY'S FAVORITE REMEDY, for Indigestion
and Dyspepsia, to which I was subject at times, and
know from experience that it is worthy of all that can
be said of it for disorders of that kind.

Respectfully, W. S. MELIUS.

St. Harrison St.

That Dr. David Kennedy's Favorite Remedy is exten-
sively used along the line of the Hudson River Rail-
road, is shown by the following from Tarrytown.
The writer is none other than Mr. DeRovere, the Sta-
tion Agent of the Hudson River Railroad Company at
Tarrytown, a man well known in that community.

Tarrytown, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondont, N. Y.:
DEAR SIR:—For a long time I was troubled with
a severe attack of Dizziness and Pinned Sick Headaches.
I thought it was due to impure blood and a disordered
state of the system. I was advised to try Favorite
Remedy. I did so and have been completely cured.
It's the best thing I ever heard of for any disorder of
that nature, and I've recommended it to many with
like success. A. DOLLIVER.

Dr. Kennedy's Favorite Remedy is not confined in
its sphere of its usefulness to one state or locality, but
is hailed as a boon by hundreds in every state, as the
following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. D. Kennedy, Rondont, N. Y.:
DEAR SIR:—I had been a sufferer from Dyspepsia
from the time I was sixteen years old. I had consulted
various physicians, but could find no relief; therefore
had almost given up in despair of ever regaining my
health, when Dr. Kennedy's Favorite Remedy was
recommended, which I tried and have been cured.
It's the best medicine I ever knew of, and worthy
of the greatest confidence. Mrs. S. C. Dougherty.

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

larial poisons, and is the best preventative of chills
and malarial fever in the world. It is especially of-
fered as a trustworthy specific for the cure of Malaria
and Liver complaints, Constipation and all disorders
arising from an impure state of the blood. To women
who suffer from any of the ills peculiar to their sex
Favorite Remedy is constantly proving itself as a
valuable friend—a real blessing. Address the prop-
rietor, Dr. D. Kennedy, Rondont, N. Y. 50 bottles for
\$5, by all druggists.
