H. A. A. RACES.

U. of P. "Boys" Claim a Record Made on Hammonton's Track.

Though a large number of meets were held at different places in this section of the country, on the Fourth, which attracted a large number of racers, yet the fine track and the excellent prizes at Hammonton brought some of the best to our town. The grand stand contained many out of town visitors as well as the usual attendance of Hammontonians. A strong breeze from the west made good speed on the back stretch well nigh impossible, though the time throughout was very good, considering the wind.

The great event of the day was the exhibition riding on a Syracuse racing tandem by two students of the University of Pennsylvania, J. P. Williams, '98, and J. S. Williams, '90. Both are members of the University Track Team. J. P. rode on winning tandem at the recent intercollegiate races, and J. S. was one of the winners in the dual races between Pennsylvania and Harvard and Pennsylvania and Cornell. Enthusiasm was displayed on the part of the spectators when it was announced that these riders would try to break the unpaired tandem record. This was without the usual time of practice on the track, and the delay for choice of most favorable conditions of wind, etc., which is usual with would-be record breakers.

Two attempts were made. Both times they set up a good pace and kept it up almost all the way, their "sweaters" appearing like a blur of red against the green foliage of the trees. In the first attempt the first quarter was made in 29 4-5 seconds and the entire half in 59 4-5. This was just 2-5th of a second more than the world's record made by Pippin and Hughes at Denver, Col., Dec. 31, '95. The second attempt was better by 2 seconds, the first quarter having been made in 28 1-2. This record, of 57 4-5 seconds for one half mile unpaired tandem, (which was signed by the proper officials), broke the record of Pippin and Hughes by 1 3-5.

This record, at Denver, it was claimed, was heretofore unbroken; but our reporter remembered having read in the Philadelphia Press of June 29th, that at the Illinois State Meet of the L. A. W. at Peoria, June 27th, "A. C. VanHues and G. C. Bicker, of Chicago, reduced the world's half-mile tandem record from 59 sec. to 57 2 5, just 2-5th of a second less than the time made on our track. In answer to an inquiry, we received the following letter:

"Replying to yours of the 6th inst. I have had no official notice as yet of any reduction of the tandem record at Peoria. I have seen newspaper statements to the effect that the unpaired tandem record was placed at 57 2-5, but cannot tell positively until I have a report from the referee. The records now standing are Pippin and Hughes' unpaired half mile 59 2 5, and Haggerty and Williams, paced, half mile, 52 1-2.

Very truly yours,
Geo. D. Gibson, Chm.
L. A. W. Racing Board."

Probably the most interesting of the races to our citizens was the Novice, very likely because the only one won by one of "our boys." The time, 2:30, was very good especially for a novice. Parkhurst rode third until near the finish, when by a sudden spurt he forced ahead, winning with a very generous margin. A time limit of 2:40 was placed on the heats of the Mile Open, and they were all within the limit, though one of the heats had to be run over. Of course, W. M. Trotter won the final.

In the final heat of the One Mile Open, a bad spill occurred, in which Cressey, Gormley, Trotter, and Bateman were thrown, but fortunately all escaped serious injury, though some of the bikes needed repairs. It is said to have been caused by a rider attempting to cross the track and striking one of the wheels. And in the final of the One Mile Handicap, Bernshouse had a fair showing for one of the prizes, but a little before he reached the tape a rubber plug in his tire became loosened, and nearly all the air escaped.

The Williams' tandem racers rode their 1-4th mile exhibition in 28 2-5 sec.

In the Five Mile, Trotter and Vernier dropped out after the first lap, assigning sickness as the reason. By the second lap the riders were nearly all bunched. Later, however, the race developed a "dark horse," in the person of Shumate, who won.

The following is the summary:

One Mile Novice.—
Final Heat.—1st W H Parkhurst, 2nd M Pomnitz, 3rd G E Johnston. Time, 2:30.
One Mile Open.—
First Heat.—1st A Bateman, 2nd H W Eckhardt, 3rd H G Gormley. Time, 2:35.
Second Heat.—1st W M Trotter, 2nd C Bateman, 3rd W H H Cressey. Time 2:30 2-5.
Third Heat.—1st Jos Vernier, 2nd H W Hackert, 3rd, H L Treat. Time 2:35 2-5.
Final.—1st Trotter, 2nd Eckhardt, 3rd Vernier, 4th Bateman. Time, 2:31.
One Mile Handicap.—
First Heat.—1st H W Eckhardt, 70; 2nd W J Slack, 70; 3rd H W Hackert, 60; 4th J J Parker, 100; 5th W H Parkhurst, 110. Time, 2:20.
Second Heat.—1st Jos Vernier, 50; 2nd H L Treat, 50; 3rd W M Trotter, scratch; 4th E A Cordery, 90; 5th A K Bernshouse, 60. Time, 2:17.
Final.—1st Eckhardt, 70; 2nd Vernier, 50; 3rd, Hackert, 50; 4th Trotter, scratch; 5th Slack, 70. Time, 2:18.
Five Mile Handicap.—
1st J G Shumate, 300; 2nd H W Eckhardt 200; 3rd W H H Cressey 500; 4th, H W Hackert, 150; 5th Slack, 220. Time, 13:37.

BASE BALL.

HAMMONTON VS. MORRIS A. A.

We haven't forgotten how to play ball yet; and the games on the Fourth improved on some of those seen recently, with the result that both games were captured by the Hammontons, notwithstanding the good showing of the visitors.

In the morning there was "no'er a hit" in the pitching for Hitchner was in the box. In the afternoon game our battery was changed, with Gartside twirling the ball and Hitchner behind the plate. It has heretofore been hard to get any one to hold Gartside, but Hitchner got there all right.

The scores were :—morning 5 to 2; afternoon, 12 to 5.

Old People

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate, and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer, and aids digestion. Old people find it just exactly what they need. Price 50 cents and \$1, at Croft's Pharmacy.

Bucklin's Arnica Salve

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever, sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price, 25 cents per box. For sale at Croft's.

A PATENT PEACH CARRIER OR CRATE.

The long-felt want for something better than a tottering small bottomed basket for shipping Peaches in, has been found at last, in the shape of a crate that holds two baskets. This carrier has a spring bottom, like a buck-board, that prevents fruit from being bruised in transit,—on wagon or car, on the way to market. It is light, but very strong, and intended for a return package. The cover is slung on, which saves the annoyance of tying or wiring covers on baskets. Price complete, \$15 per 100. Baskets for carriers, \$3.50 per 100. Sample can be seen at Brown & Co.'s store. For sale by

The much debated silver question is, so far as we can read or hear, a mass of theories,—very fine to be sure, and certain (in the minds of its advocates) to bring a financial millennium to our debt-burdened country. We don't pretend to understand it all; but we don't know of a man who has mastered all the intricacies of the subject! but free silver men want, among other things, that any owner of silver bullion may take his metal to the mint and there have it made, without charge, into United States coin, and this coin to be declared a legal tender for all debts, the same as gold now is.

Stripped of all ornamentation, here's the way it looks: one ounce of gold, American standard of fineness, that is, 900 parts of pure gold to 100 of alloy, will coin in dollars \$18.60. Sixteen ounces of silver, American standard of fineness, that is, 900 parts of pure silver to 100 of alloy, at the rate of 4124 grains to the dollar (the weight of the present silver dollar) will coin \$18.60 in silver dollars. These sixteen ounces of silver can be bought in the markets of the world to-day for about \$9.94. There would therefore be a profit of \$8.66 on an investment of \$9.94, being about 87 per cent if the holder of silver could have it coined without charge.

We heard a man say, recently, "Silver is the poor man's money," but we fail to see how he would be benefited by the above transaction, or by unlimited coinage at the same ratio. As in other business, capital would be required, and capitalists would be quick to seize upon the temporary advantage to be derived from such a coinage law.

It came to the knowledge of Fire Marshal Brown, Monday, that a steam fire engine was for sale at Lambertville, N. J., for \$500, and from the description it seemed to be just what Hammononton needs. A proposition was during Monday endorsed by twenty or thirty leading taxpayers of the town, pledging themselves to secure payment for the engine if, on examination by a committee, it proved satisfactory; depending upon the town meeting approving the \$500 next March. A meeting was held in the Council Room, Monday evening, M. L. Anderson being chosen chairman, J. C. Anderson secretary. After a statement by Mr. Brown, and some discussion, Messrs. Brown, George Kline and J. M. Austin were appointed a committee to visit Lambertville, examine the engine, and report to a public meeting to be called by chairman Jackson after their return.

Later.—A second letter from Lambertville, written on Wednesday, in reply to one from our Fire Marshal, states that the engine weighs 6000 pounds. The committee very properly decided this was too heavy for hand drawing and decided not to expend time and cash for a visit to view the machine.

The Italian Society were granted permission to parade on July 16th, but were notified that under the ordinance they would not be allowed to carry their images on the streets. Bishop McPaul said to them, last Sunday, "We do not wish to antagonize our neighbors; therefore I advise you to hold your parade on the church grounds, and not on the public street." We are informed that they have decided not to have any parade.

On Friday morning, A. J. King was driving up Washington St. when his horse, startled by a train, jumped to one side, the road cart struck a tree and was dashed to pieces, and Mr. King buried in the wreck. Witnesses soon reached the scene. Mr. K. seemed dazed by the shock, but after a rest in the Union office, was able to walk to his home.

Because of the existing financial depression, we do not favor the purchase of a steam fire engine, even at the proposed low price of \$500. When the purse is empty and debts accumulating, the expenditure of one dime more than is absolutely essential is wrong. The collector finds it more difficult than ever to gather in taxes for 1896, because men have not the money to pay with; hence we believe it would be unwise to ask them to increase the burden by over so small an amount. We have never been satisfied with second-hand machinery, anyway. Wait a while.

We copy the following editorial from the Philadelphia Press of July 7: Professor Harry C. Marston, of the department of American and Prehistoric Archaeology of the University of Pennsylvania, has done good service to the cause of fact by pointing out that the recent report of the finding of an Indian canoe and relics at Hammononton, N. J., was a "job" by which the public and the newspapers were victimized. Mr. Marston should have gone further, however, and notified the newspapers thus victimized of the exact facts of the case, which seem to have been based on a discovery first made in 1893, and about the archaeological value of which there was much doubt. The home office likes as little to be fooled by fakes as the archaeologists themselves.

Two Lives Saved.
Mrs. Pebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Theo. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery, and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Orot's Pharmacy.

MR. EDITOR:—I wish to call the attention of some one or more persons to the howling that is repeatedly kept up until midnight on Bellevue Avenue, in the business center. It should be suppressed.

Robert Steel, having felt unwell for some days, went home to his mother at Cape May, on Wednesday. He is intended returning on Monday, but this is uncertain as latest reports indicate no improvement.

M. D. DePuy, with his two daughters, Miss DePuy and Mrs. P. S. Tilton, and Miss Meta Tilton, left for Bath, N. Y., on Thursday morning. They will be away all summer. Mr. J. O. Johnson will occupy their residence.

We regret to hear that Bernshouse intends leaving the track. His fellow riders, as well as the public, will regret his taking this step. A. V. W. Setley, who has developed into a rider of promise, also intends giving up bicycle racing.

The Deharteau Exercises of the Physical Culture Class, at the completion of their course, Tuesday, were enjoyed by an audience which, considering the weather, was of good size. Miss Williamson, the instructor, has left town.

The Hammononton Base Ball Club will play the Egg Harbor nine on our local grounds to-day. The visitors have not lost a game this season, having defeated the Atlantic City, May's Landing, Pleasantville, Camden, and other clubs. To-day's game will decide their right to the championship of Atlantic County.

C. E.'s

Mr. Spurgeon once said to his students—"speaking of the C. E. movement,—Brother, you may not yet have grasped all the details of that organization, but I counsel you to your immediate and favorable consideration."

Consideration; yes, that is what the Christian Endeavor Society needs,—not only on the part of "outsiders," but also by members themselves. How few there are who are thoroughly posted on C. E. work; and it was with this thought in mind that the C. E. of the Baptist Church made arrangements for a series of meetings devoted to this subject.

The first meeting was held last Sunday evening, and was opened with an inspiring song service. The devotional exercise and Scripture lesson were followed by a strong, very practical and encouraging address by Pastor Killian. The text was taken from 1 Kings xviii, 44, "Behold, there ariseth a little cloud out of the sea, like a man's hand." The pastor began by applying the topic, "The Farm and the Farmer," to the C. E. Society and field of work, saying that "what the farm is to the temporal part of man, the Society (remembering, of course, that it is but a child of the Church) is to the spiritual part of man." He referred to the organization of the society, "The very nature of its birth, is proof that it was God-appointed, and its spread shows that it is God-organized."

A few moments were spent considering the almost phenomenal growth of the society, its relation to the Church, and the "great work God designed it to accomplish, by bringing together the young people of all countries and all denominations, not into organic unity but into a spiritual union which has from that day unceasingly marked the C. E. movement."

The various lines of committee work were then explained, and the speaker emphasized the need of faithful work in the planting, fertilizing, weeding, and watching the fruit on the farm, and were assured of large returns through faithful labor. We are sure that all gained new and broader ideas of their duties as members of committees.

The second meeting of the series will be held to-morrow evening at 7:30. The subject will be "The Model Farmer." All are most cordially invited.

PRESS COMMITTEE.

Berries two cents a quart in Philadelphia, a few days ago. And yet a canning factory is spoken of no more. How is this? One canning factory would bring a dozen inside of five years. It can be brought about. But who will do it?

368 ACRES of good land for sale, mostly well settled, between several towns, and Weymouth Road,—to close up the A. G. C. estate. Will be sold very cheap, at a nominal price, and easy terms given.

Also 22 acres in addition, on Seventh St., adjoining above, will be sold with it or separately. For particulars, see N. H. JACKSON, 12th and Grand Sts., Hammononton.

The Board of Freeholders, at their meeting on Wednesday, awarded a contract for improvements to the jail amounting to \$6,000. They also authorized temporary loans to pay for the new county roads. Petitions for the removal of the county seat were received and referred to a special committee, Messrs. Garnish, Souders, and Jeffries.

ADJOURNED SHERIFF SALE.

The sale of the property seized as the property of Mary Emma Anderson et al, and taken in execution at the suit of Jacob Mueller et al, shall be adjourned for four weeks, until

Monday, July 13, 1896,

At 2 o'clock in the afternoon of said day, at the hotel of Alexander Aitken, Hammonton, Atlantic County, New Jersey.

H. E. JOHNSON, Sheriff.

Dated June 15, 1896.

Chas. A. Burke, Solicitor.

Wm. Rutherford, Commissioner of Deeds, Notary Public, Real Estate and Insurance, Hammonton, N. J.

The late change of time on the Reading Railroad gives Hammonton trains as follows:

Down.—a. m., 9:19; exp. 11:32; p. m., 2:19; exp. 3:47, 5:11; 5:45, 7:05, 7:46.

Up.—a. m., 5:25; exp. 7:01, 7:31; 8:54; exp. 9:37; p. m., 3:20, 5:20; exp. 6:07, 10:07

Mr. Charles Herbert, father of D. C. Herbert, died on Monday morning, at his residence on Central Avenue, aged eighty-two years, after a very short illness. Funeral services were held at the residence of his son on Wednesday afternoon, conducted by Rev. H. T. Taylor.

We have received from the music publishing house of The S. Brainerd's Sons Co., 151 Wabash Ave., Chicago, a copy of the "True Blue Republican Campaign Song Book" for 1896. The book contains words and music of seventeen solos, duets, mixed and male quartets, and would be just the thing for our McKinley Club.

The Fourth was not exactly a quiet day in Hammonton, though there was no disorder. It couldn't well be quiet while Young America can buy fire-crackers. Then there must have been several hundred tourist bicycle riders from the city passed through town; besides, we had two games of base-ball, and bicycle races.

M. E. services to-morrow. Rev. Mr. Gwion, of Atlantic City, will preach in the morning. Evening, Epworth and regular services combined. Topic "The Call of the Disciples." Extra efforts will be put forth to make the evening services during July and August especially interesting. Bell will ring at 7:00 and 7:30 P. M. until further notice.

Mr. J. T. Seely, of Paterson, N. J., visited his father and other relatives, this week. It would delight you to hear him tell of the popular reception given to Mr. Hobart on his return from St. Louis. Think of it,—an armory which will hold thousands of people, was crowded full; and thousands could not gain admission; the Democratic Mayor presided, and an old died-in-the-wool Democratic Judge was chief speaker.

Atlantic City's new boardwalk is not yet finished; but they celebrated its completion on Wednesday, with elaborate ceremonies. The Mayor's wife drove the last spike—a "golden" one, there were speeches, bands of music, a parade of soldiers, firemen, and societies in the evening, with fireworks. A number of Hammontonians were down, including members of the G. A. R. and S. of V., who mostly came home in special trains at 11:30.

Conductor Johnson of the local accommodation train on the Reading, had considerable trouble last Friday with a half drunk Italian because he would not stop the train at the Union Depot. On arriving at Hammonton the Italian continued his abuse and finally, it is stated, struck Johnson. Then it was Johnson's turn, and when he got through the Italian was in pretty bad shape. The conductor was charged with assault and battery and a hearing before Justice Atkinson ensued, but the Italian failed to press the charge and Johnson was discharged.

JOHN T. FRENCH, P. M.

One day this week, a fish pedlar stopped at C. H. Wilson's residence and told Mrs. W. that her husband had met him at the station and told him to leave eleven pounds of fish. Mrs. W. thought it strange, but the fellow talked well, so she took the fish and paid for them. Mr. Wilson never gave the order. Subsequently it was found that numerous other families had been fooled in the same way, and brought stale "fresh" codfish. Among the victims was P. H. Jacobs, and he writes us as follows: "Please state that I will give five dollars for information enabling me to have the bogus 'codfish' man arrested and convicted. I want his name and address, and I will do the rest. Those victimized owe a duty to the community to punish such individuals as he."
