HAMMONTON, N. J., SATURDAY, JULY 14, 1917

No. 28

HEALTH NOTICE.

The "Sixteenth" is here, and it behooves each one of us to take every measure to prevent bad after effects of the celebration. Every year we have to contend with some ill effects of the occasion. One year it was measles; another time it was typhoid; last year it was the terrible scourge of diphtheria, directly traceable to infection on that day.

Be careful with whom you associate; be careful what you eat and drink; report all people whom you may suspect of contagion to the Sanitary Inspector, and we will miss our usual activity of the health authorities afterward.

INSPECTOR.

"Big Louie" Vuotto is about town again.

Volunteer Fire Company meets next Monday evening.

The Board of Trade will meet next Tuesday evening.

Mrs. Wm. Vent, of Philadelphia, visited Hammonton friends on Friday.

Word has been received from Horatio Myrick, that he had arrived in Montana.

Mr. and Mrs. John D. Ball, of Philadelphia, were first of the week visitors in Hammonton.

Farmers' and Merchants' Building and Loan Association meets on Tuesday evening next.

District Clerk W. R. Seely and wife are enjoying two days at the Ocean City Summer School.

The local committee are waiting for a permit from Washington to form a branch of the Red Cross.

The Presbyterian Church have invited Rev. Charles O. Mudge, of East Paterson, to become pastor.

Arl, youngest son of Mrs. J. H. Aigner, is in the Naval Hospital, New York, for surgical treatment.

A little daughter was welcomed at the home of Mr. and Mrs. Edw. P. Campanella on Tuesday, July 10th, 1917.

An auction sale of household goods will take place at 1 o'clock this afternoon, on the lawn of Hotel Columbia.

Mrs. E. M. Packard, with her son Reynolds and daughter Miss Virginia, are spending the summer at "The Jackson."

The M. E. Sunday School had planned to go to Green Bank on Tuesday, but because of the rain deferred it to Wednesday, then to Thursday; then, at the very last moment, plans were changed, and they were taken to Clementon, where they enjoyed a pleasant day.

Mayor Kilvins, with Messrs. C. F. Osgood, W. L. Black, and P. T. Ranere, went to Trenton on Thursday, by appointment, and had an interview with the State Road Commission. They presented arguments in favor of retaining the present route from White Horse Pike, via Main Road and Bellevue Avenue to Egg Harbor Road. No decision has been made as to the locating of the new road, whether to come down the old Wilsey Mills Road, from Elm, to the "big turn," then cut southerly, through the D. Colwell tract, and connect with the Egg Harbor Road at Fairview, east of the Penny R. R.

Town Council Meeting.

Council met in regular session on Wednesday evening, with all chairs full excepting Messrs. McIlvaine and Tell.

A resolution was adopted, authorizing the issuance of temporary improvement note, No. 5, for \$6940, on account of Bellevue Avenue improvements.

Chief of Police reported four arrests, four runaways, and one lodger.

Chief also asked regarding the duties of his office, and if the rules as adopted by a former Council were still in effect.

Budget ordinance passed second and final reading.

Special officers were authorized for the 16th.

Committee discussions, business, etc., occupied up to 11.20.

Miss Emma Vernier, daughter of Harry Vernier, has returned from the German Hospital, after a successful operation and treatment.

People can deposit their letters in the street mail boxes; regular collections are made thrice daily, twice in the morning, once in the afternoon.

The many friends of Mr. and Mrs. W. H. Farrar are looking forward with regret to their departure for the mission fields in India, about Aug. 15th.

H. R. Allison has entered the employ of Royal Electric Company, selling the Delco Electric Lighting plants to farmers and other suburbanites. The Royal people have already sold thirty-one of those up-to-date conveniences.

The Sunday School of the Universalist Church will hold their basket picnic at Hammonton-Park next Wednesday, July 18th. Members of the Church and Sunday School, and their parents, are invited, meeting at the Church at 2.00 p.m.

Frederick Donatello, 67 years old, for two years guard of Thirteenth St. Reading crossing, was found beside the track about six o'clock, Thursday morning, with his head badly crushed. He was brought to the station, and died in half an hour. Evidently, having just come on duty, he passed one train, then stepped to adjoining track to see about another, which was late, just in time to meet it and receive the fatal blow.

Those boys who were implicated in the stealing from Rod and Gun Club House were brought before Justice Strouse, Wednesday eve, for a hearing. All but one were discharged, there being no charge pressed against them. One boy, Eddie Riebel, a pleasant spoken little fellow, and known to almost everyone, acknowledged his guilt, and may be sent to Reform School by the Court. Others were implicated by having stolen articles, and will also have to appear before the Grand Jury.

There will be meetings for canning of fruits and vegetables, held under the direction of Vocational Schools of the county, next week Tuesday, July 17th, at 9 o'clock a.m. and 1.30 p.m., in the rooms over Ranere's garage. All girls and women are welcome. Bring something to can, and necessary utensils. No doubt a community canning club will be organized, through which much food that might otherwise be wasted will be saved for winter.

The War Relief Committee of the Needlework Guild will meet, as usual, on Tuesday and Thursday afternoons, next week, from two to five, in St. Mark's Parish House. At their meeting on the 10th, it was decided that while working on surgical dressings the women should wear white aprons, with bibs. Donations are hereby acknowledged, with many thanks, from—Bank Brothers, Baker Bros., W. L. Black, Mrs. A. Cappuccio, J. T. Kelly, J. Rizzotto, Mrs. R. E. Allison, Mrs. R. H. Sharpe, Mrs. J. E. Watkins.

Program for July Sixteenth.

Next Monday will be observed as the "Feast of Our Lady of Mount Carmel"; and Hammonton will be the centre of attraction for thirty miles around.

Two Bands, Pizz and Columbus, will participate, in the parade at eight o'clock, in the street concert at two, in the great procession at three-thirty, and throughout the evening.

The parade will move from St. Joseph's Church, to Fairview, to Egg Harbor Road, to Bellevue, to Third, to starting point.

Colored electric lights have been suspended over N. Third Street, and will be lighted both Sunday and Monday evenings.

Masses will be said at 7.00, 8.00, 9.00, and 10 o'clock, on Monday morning; and vespers at 7.30 p.m. Fireworks, at nine o'clock, will be set off on the Walther lot.

Special trains will be run on both roads for the accommodation of the many thousands of visitors.

Bank Brothers

Bank Brothers

Thousands of dollars worth of desirable merchandise is disposed of in every department, regardless of present values. Come and buy what you need now, or what you will need later. It will pay you.

Skirts at \$1.50.

Of white gaberdine, some trimmed with contrasting colors; all made in the newest style, with pockets.

Skirts at \$1.25 and \$1.75; in white, big flowered designs, with pockets

\$6 Silk Skirt reduced to \$5; of plaid silk; pleated style

Silk and Angora Sweaters

at \$7.50

In many different colors. These are the newest and most popular now.

A new style Angora Middy Sweater at \$6; in many different colors.

Ladies' Silk Hose

At 50 cents and 65 cents—very special. In black, white, blue and gray

Parasols reduced in price.

Women's Black Hose, special at 12 1/2 cts.

Women's part Silk Hose, special at 29 c. In black and white

Muslin Underwear.

We offer our entire stock of undergarments at prices that we can't duplicate it for.

Night Gowns, Chemise, Drawers, Petticoats, Combinations and Corset Covers.

Also some Silk Underwear.

Let us get together

on the Suit Problem.

A few days ago, a gentleman walked into our store wearing a suit for which he had paid a merchant tailor \$28. He happened to see a suit, in our store, made of the same material, and the ticket called for \$18.

Now, why did he pay ten dollars more for his suit? Just simply because he thought he couldn't buy a suit to fit him.

If he had only taken a few minutes time to look around, he could easily have saved ten dollars.

Don't arrive at the conclusion that you cannot be fitted.

We carry a very big stock of clothes made by the best and most reliable manufacturers. The cloth is tested, the linings and trimmings are carefully selected. You can try on as many as you like. If you can't find what you want there is no harm done.

But if you do get suited, we assure you that the saving is worth looking for.

Suits are priced at \$9, \$10, \$12.50, \$13.50, \$15, \$16.50, \$18, \$20, \$22.50 and \$25.

You will find—serges, in black, gray and blue, cassimeres and worsteds, in light and dark colors, and styles a-plenty.

Bank Brothers Store,

Hammonton

SALE OF LAND FOR UNPAID SEWER RENTS OF 1916

Collector's Office.

Hammoncton, N. J., July 14, 1917.

Notice is hereby given that the

Collector of the Sewer District of Hammoncton,

County of Atlantic, State of New Jersey, will

sell at public auction, on Wednesday, July 18, 1917,

at 10 o'clock in the afternoon of that day, in the

Town Hall, in said taxing district, all lots of

land hereinafter described, or any part or

parts thereof, and sufficient for the purpose,

on which sewer rents for the year 1916 remain

unpaid and in arrears, to each person or

persons as will purchase the same for the

highest bid, and pay the sewer rent due

thereon, including interest and costs of sale

or in fee, where no one will bid for a shorter

term.

A note is made under the provisions of

Section 22 of the Charter of the Town of

Hammoncton, that the names of the persons

against whom said sewer rents have been

charged, and amount of the same, are as

follows:

SATURDAY, JULY 14, 1917

Our supply of booklets on canning and drying were completely

exhausted on Monday. In reply to a request for more copies, Congress-

man Bacharach wrote an appreciative letter to the Editors personally,

and added: "Just at the present time the printing office is temporarily

out of them, but it is expected that a new supply will be off the press

in a few days, and just as soon as I receive them I will forward same

to you." So we expect soon to have a supply for all who wish.

The weather man certainly had it in, this week, for Sunday School

picnic, Home Guard drills, berry growers, and campers—as rain fell

nearly every day for a fortnight.

The "Republican" was three or four days ahead of all city dailies,

last week, in stating that the Camden County road would probably

be changed.

Be sure that your wife (present or prospective) and your daughter

join the canning club. It will mean much to your family next winter.

Detectives and our local force of specials will be on the lookout for

gambling machines and pickpockets, next Monday.

Mayor Elvins' choice of Miss Osgood for Chairmanship of Women's

War Work was an excellent one.

Mrs. Parker and children are

visiting at Bradley Beach.

Daniel E. Houty, of Norristown,

Pa., was in town this week.

Mrs. J. L. White is visiting at

her old home, Tamaqua, Pa.

Mrs. W. H. Miller has returned

from a visit at Crum Lynne, Pa.

Benefit of the Navy League next

Wednesday evening, at the Eagle

Theatre.

Mrs. Bertha Eckhardt is taking

the course in music at the Cornell

University.

Mr. and Mrs. Mervin Myers, of

Camden, were local visitors over

the week-end.

Born on Saturday, July 13, to

Mr. and Mrs. Albert E. Purchase,

of Jersey City, a daughter—Mrs.

Purchase, of Raleigh-in-the-Pines,

went on this week to see her first

granddaughter.

Prevent Hog Cholera.

Now is the time to prevent an

epidemic of hog cholera. Two

years ago the losses were heavy.

Prevent them, this year, by having

your hogs inoculated with an anti-

hog cholera serum.

The cost is moderate, as com-

pared to the value of the hog.

Inquire of your druggist, or the

Vocational School Instructor, as to

what should be done. He will

inoculate free of charge if the hog

owners pay for serum and dis-

Ladies Doing Their Bit.

Carrying out the splendid idea

of President Wilson and Governor

Edge, Mayor Elvins appointed

Miss Grace Osgood as permanent

Chairman of the "Hammoncton Unit

of the Woman's Committee of the

National Council of Defense, in

New Jersey Division."

Miss Osgood went to work at

once, after securing needed infor-

mation, and appointed heads of var-

ious departments, and they are all

getting busy.

One of the first missions is the

circulation and obtaining signa-

tures to food conservation pledges,

which read as follows:

To the Food Administration.

I am glad to join you in the service of

food conservation for my nation, and

herby accept membership in the United

States Food Administration, pledging my

self to carry out the directions and advice

of my household in so far as my circum-

stances permit.

The Ford car makes its appeal to you in appearance as well as for service. Large radiator and enclosed fan, streamline hood, crown fenders, entire black finish, nickel trimmings, — up-to-date in all requirements for handsome appearance—and serving the people the world over as a money-saving, time-saving, labor-saving utility. It is surely your necessity. The Ford car is just as useful on the farm as it is in the city; just as necessary to the business man as it is to the professional man. More necessary to every man than ever before. Low purchase price and very economical to operate and maintain. Why not investigate? Touring Car, \$360; Runabout, \$345; Coupelet, \$505; Town Car, \$595; Sedan, \$645. F. O. B. Detroit.

Order your car now, to insure prompt delivery.

When you buy a Ford car you also buy Ford service.

We carry a complete line of parts for repairing Ford automobiles, and can do your work in first-class manner, promptly, and at a moderate fair price.

BELLEVUE GARAGE, Inc.

E. A. CORDERY, President.

The Economy of Buying a Hudson Super-Six Now

Market Conditions Make Present Supply and Prices Uncertain

This is not an announcement of an increase in price. I do not even know that a price increase is intended or will be necessary.

But I do know that there never was a time when it was so difficult to forecast either the price that must be paid for raw materials or to know how to plan for future market requirements.

The accompanying table shows how the rising prices of raw materials have affected the Hudson Super-Six. The prices of all automobiles and manufactured goods of practically every kind have been similarly affected.

Everything has increased in price during the past two years. There is no indication that top prices of raw materials have yet been reached.

Serious as that situation is, however, it is not as bad as are the newer conditions, which daily become more confusing.

When costs of all materials increase correspondingly prices adjust themselves. During the past two years we have seen prices mount higher and higher. The increases are approximately at the same ratio with all articles of merchandise. Therefore, the list price of an automobile is today relatively no higher than it was when it sold at from \$200 to \$300 less.

If these conditions continue it would not be difficult to meet them. The prices that must be paid in the future for materials out of which automobiles are built, and which thus affect the price at which those cars must be sold, are, however, the least of our present obstacles.

An all powerful and selfish buyer is in the market. He demands what he wants and no one has the power to oppose him. He is War. He takes the products of the world and at his will deprives all others of the use of the materials they may need. Today he threatens to stop certain industries, for his need is not to be denied. Even War does not know from one day to another what he shall want next. So no one can definitely plan for the future.

He may want automobiles and if he does his wants must be supplied. He will require thousands of ambulances. This would affect the supply of pleasure cars. War does not stop to make repairs. He throws men, materials and money into the scrap heap with an extravagance impossible of imagination. The average life of a war ambulance on the battle front is 11 hours. So the difficulty now is in knowing how to plan for future requirements.

Materials for automobiles must be contracted for from twelve to eighteen months in advance of production. As things are now, the matter of price is of secondary importance. Will we have enough automobiles to meet requirements? I seriously doubt it. Surely people will continue to want cars. With the great prosperity that exists in this country, with the tremendous expenditure of the billions of dollars that are being put into circulation for war supplies, thousands of new buyers will want cars.

But the Government may want all our pleasure cars. If it does where are the cars to come from except out of the stocks that were intended to meet an expected normal demand. Assurance has already been given that privately owned automobiles are not to be commandeered.

There is a distinct advantage in buying your Hudson Super-Six today. It is not alone the advantage of a price that is based on a last year's material market. It is the advantage of obtaining delivery. Who knows how long that supply can be met?

I don't know how many cars I will be able to get. I know what has been promised, but the factory can give me no definite assurances as to the future. My Hudson contracts are cancellable so far as deliveries are concerned, when cars may be needed for war purposes.

I have no assurances as to what price will have to be charged for the cars after I have had my present allotment and I do not know that I can even rely upon getting that allotment.

"It is an ill wind that blows no one good." War has always brought prosperity even to the countries most sorely afflicted. It cannot fail to have a similar effect on America. You can readily imagine what this will do in creating a greater demand for such a car as the Hudson Super-Six.

Isn't it natural to suppose now that power, speed, and particularly endurance, are required as never before that the Hudson Super-Six will be the wanted car?

I cannot imagine how there can be enough Super-Sixes to meet the condition, so you see the advantage in getting your Hudson Super-Six now.

Today you can get it at a price not influenced by present material costs. You are assured of delivery. Neither the price nor the delivery, I am sure, can be guaranteed as to the future.

In Each 7-Passenger Hudson Super-Six the Following Amounts of Materials Are Used:

	The Cost in 1918.	The Cost Now.	Increase in Per Cent.
320 lbs. frame steel	1.33 per cwt.	5.23 per cwt.	289
328 lbs. sheet metal	2.75 per cwt.	6.13 per cwt.	221
110 lbs. aluminum castings	.28 per lb.	.50 per lb.	79
210 lbs. cast iron	12.25 per ton	42.00 per ton	239

Our leather increases, which is one of the most important items, is 40%. Other upholstery items have advanced 100%. Our wheels have advanced 80% in price; our front and rear axles 10%; the components of our tires, rubber and cotton, have advanced 75% and 150% respectively. We use 60 pounds of copper in each Super-Six; it costs 100% more than a year ago.
