The storm of Tuesday night was terriffic, and it is miraculous that so little damage was done. A house at Egg Har bor City was struck by lightning, which is the only one we have heard of in the county. Over \$50,000 worth of property was destroyed by fire caused by the light-

ning, in Philadelphia. We are obliged to omit many things which were prepared for this week's issue-the New York Riot-the Governorship—Women's Department, &c. We shall finish the State laws in two weeks Ten Dollar Suits Ten Dollar Suits more and will then endeavor make full amends. Our local column is exceedingly spare, also, but we suppose our correspondents have been trying to "keep cool" and had not time to write.

It is rather warm work to think of buying coal this weather, but as it will probably be cooler sometime, the adverisement of G. F. Saxton will be of interest to Hammontonians. 500.000 tons of coal are being shipped from the mines over y week, and the market will soon become overstocked, and it will be just the time to lay in your winter's supply.

At high water on Saturday, after noon, a splendid dauble-decked, three masted schooner called the "Emma-C Rommel' was launched from the shipyard of Messrs. Taylor & Mathis at Cooper's Point, Camdon, N. J. in fine style. The vessel is 115 f., keel, 30 ft. 8 inche beam, 9 ft. 3 inches lower hold, 5 ft. be tween decke, and is 500 tons burden Owned by Capt. John B. Adams, father and brother, and others of Atlantic Co., and will be under Capt. John B. Adan at command. Sue is designed for the coast ing and Cubs trader.

Mr. A. J. King, of this town, was seriously injured by fulling under the excursion train, as it was passing here on Tuesday evening. He attempted to \$88-50 alight from the passing train, which was moving very slowly, when he stumbled it the end of the platform. 'A heavy satchol which was suspended from his shoulders, slung him partly around, and he tell upon his back, with his left arm on the track, three cars ranning over it.
