Our Lady's Day.

The thirty-first celebration of the Feast of Our Lady of Mount Carmel will be held in Hammonton next Monday, July 17th, with a program said to exceed any one heretofore.

At 7.30 a. m., the bands will arrive, and parade the streets.

8.00 a. m., celebration of the first mass.

9.00, second mass.
10.00, solemn high mass with three priests.

4 p. m., grand procession through streets, starting from St. Joseph's Church.

8.00, Band Concerts, conducted by Prof. C. Pizzi. Grand illumination.

9.00, grand fireworks display, on Walthers lot, conducted by Calvano, of Jersey City.

Three bands are expected,—La Marine, of Philadelphia, Egg Harbor Band, and one other,—not the Hammonton.

Bellevue and Third Streets will be illuminated by arches, suspending fairy lamps.

The Hot Wave.

Last week, we called attention to the thermometer, but did not compare it with that of other towns or cities. The fact is, Hammonton people didn't suffer so severely; and had it not been so dry, living would have been quite endurable. Nearly all the time, we had a breeze blowing, and one had but to get under shade to enjoy themselves. In the cities, people huddled on the shady sides of buildings or into public squares; but there was no air stirring—none of the pure ozone we enjoy so much here. Philadelphia, with the thermometer hovering about the century mark, had a record of one hundred and ninety-four deaths from heat, in ten days. We have not heard of a single death, from that cause, in Hammonton.

The writer was in Atlantic two or three days, and was glad to get home, to cool off and drink some of the purest liquid on earth—Hammonton's artesian water. The past week has been very trying to all; but we have plenty of shade, pure air, natural porous drainage, town water, a fine Lake for boating and swimming, and, in fact, all the advantages of city life, without its disadvantages. If you want to enjoy the heated months, come to Hammonton.

The New Astronomy

and
Laws of Nature.
By A. J. KING,
Counselor at Law,
Hammonton, N. J., Publisher.

This book presents a new theory of Cosmogony. It accounts for the origin of Worlds—all Stellar Forms—by natural development from primordial matter and Spirit. It gives the Origin of Life, Species, Sex, Man; his development in the planets of the Solar System; the Law by which the outer planets receive the proper amount of light and heat of Sun; explains much that has heretofore been inexplicable in science.

It is Revolutionary, but Reasonable, and accords with Revised Laws of Nature. Old scientific theories are given, with which to compare this. It explains the Spiritual forces of Nature; its application in healing the sick; the Law of formation, structure & location of man's home after departure from his physical body; how he goes to that world and returns to this, etc., etc. This is Inspirational.

Portrait of author, and autograph, for frontispiece.
Illustrations: the Universe, Solar System, Earth and Moon, Origin of Man, Earth and Moon, origin of the Asteroids, the Birth of a World.
Subjects treated too numerous to mention. 200 pp., 8 vo., cloth. Price, \$1.00 net. Postage, 11 cts.

To Whom it May Concern.

Notice is hereby given that on the fourth day of June 1911, an ordinance was introduced into the Town Council of the Town of Hammonton, providing for the improvement, with sidewalks and curbs of the following streets:—The westerly side of Twelfth Street from Grand Street to West End Avenue and the southerly side of Twelfth Street from Grand Street to Front Street; both sides of Bellevue Avenue from Egg Harbor Road to Main Road, the westerly side of Egg Harbor Road from Orchard Street to Grand Street; and both sides of Horton St. from Bellevue Avenue to Pleasant Street.

The improvements provided for in the aforesaid ordinance are as follows:—Sidewalks and curbs shall be constructed of Portland Cement concrete sidewalks, excepting such as shall be laid or reconstructed on Bellevue Avenue, shall consist of a concrete walk four feet in width, the middle line thereof being equidistant from the building line and the inner line of the curbing; sidewalks shall be laid to a grade of one quarter (1/4) of an inch for each foot in width from the curb to the sidewalk; sidewalks shall not be required to be paved with cement as above specified shall be filled in with gravel to the same grade as above specified; provided, however, that where the space between the curb and the building line shall be so narrow as to render impossible the laying of a four foot wide sidewalk, Council may provide for the laying of a cement walk of less width than provided, further, that where Council shall deem it advisable, Council may order that sidewalks to be laid from the building line to the curb line, and provided further, that when Council at all deem it desirable, Council may order the cement walk to be laid or reconstructed nearer to the property line than to the curb.

Cement walk constructed on Bellevue Ave. shall be laid in width of sixteen inches from the building line to the curb line; but in all other cases, such sidewalks shall be laid or reconstructed on Bellevue Avenue shall conform to the provisions above provided. The aforesaid ordinance will come up for consideration and voting at a meeting of the Town Council to be held on the 15th day of July 1911, at the Town Hall at Hammonton, New Jersey. At this meeting an opportunity will be given to all owners of property abutting on the streets aforesaid to make objections to all or any of the provisions of the aforesaid ordinance and the improvements provided therefor.

Meeting to be held at 8 o'clock p. m.
On the completion of the aforesaid improvements a commission will be appointed by Council to assess upon the Town of Hammonton and upon all owners of property abutting on the streets aforesaid, such portions of the costs and expenses of the aforesaid improvements as may be justly and equitably assessed by the Town of Hammonton and by said owners of property abutting on the streets aforesaid.

W. H. HENRY,
Clerk of the Town of Hammonton.

AN ORDINANCE appointing Commissioners in the matter of Laying out Wireman Avenue in Hammonton, N. J.

Introduced May 21st, 1911.
Passed June 14th, 1911.
Resolved, That it is ordained by the Town of Hammonton, in Council assembled, that Harold G. Berry, Daniel M. Hart and Albert Jackson, do, and are lawfully appointed, commissioners, to examine into the whole matter of the laying out and opening of Wireman Avenue, as accepted by the special Town Meeting held May eighth, 1911, and to report as provided in Section 2 of the ordinance to the Charter of the Town of Hammonton.

Sec. 2. And be it further ordained, that this ordinance shall go into effect immediately signed, J. E. HASTEN, Mayor.
Attest: W. H. HENRY, Town Clerk.

Presbyterian services to-morrow will be as follows: 10.30 a. m., theme, "Learning to be content." Sabbath School 12.00 to 1.00, noon. In the evening, there will be a Christian Endeavor Rally. Starting at 7.15 with a song service of the old-fashioned hymns, there will follow a short devotional service, led by the Pastor; then the following will give bright, helpful reports of the great Christian Endeavor Convention just closed at Atlantic City: Mrs. A. Brownlee, Misses Anna Walther, Anna Holand, Caroline Garcelson, Mary Brownlee, Mary Mitchell, and Bella Berry.

Next Tuesday evening, 18th inst., is the date set for a conference between Town Council and citizens on the proposed sidewalk ordinance that she is very ill,—will probably not recover. If you are interested, for or against, attend the meeting. The Board of Education did not succeed in selling the Filson-DeFay buildings last Saturday. No one appears willing to pay a fair price for them, on condition that they be moved off the lots. It certainly would be a problem. Jacob Brown, aged twenty-four years, whose illness we mentioned last week, died about two o'clock on Tuesday morning, of tuberculosis. His remains were taken to Mays Landing for burial. Much sympathy is felt for the afflicted family. GLASSES Found. Gentleman who asked for ride in automobile, July 14th, and left glasses on seat. Can have same by calling this office, proving property, and paying costs. Tuesday, July 11th, was Mr. W. F. Bassett's eighty-sixth birthday. One of our oldest men in time of residence, as well as in age, he is known to everybody, and all unite in wishing him yet many happy returns of the anniversary. He is thinking of taking a trip by steamer to Boston, on the way to visit New England relatives. We were treated to a delightful rain, on Wednesday,—the precipitation being forty-six one-hundredths of an inch, in about three hours. It was badly needed, and as much more would be welcomed. LATE Cabbage Plants for sale. Also young ones. Henry M. Phillips. The old electric-light-pantaloons factory, purchased for a storehouse by the Atlantic Cranberry Co., is being overhauled. The building has been raised about four feet, a corrugated iron roof put on, a second story floor laid, and now workmen are excavating the huge cellar. Not being able to personally thank citizens of Hammonton for their kindness, in searching for and securing the body of their son in Hammonton Lake, Mr. and Mrs. Wm. Boyd, of Philadelphia, take this means of expressing their deep appreciation to all; and to those who have manifested sympathy since the sad affair. CARP, Laster and Tinsch last carpenter on the job, have dissolved partnership. The better class of citizens of Atlantic City are well pleased with the appointment of Messrs. Black and Clevenger as jurors. They have chosen the Grand Jury,—the names being withheld,—which will meet next Tuesday. There will be something doing, people say. Mrs. John Goforth is building a nice house on Grape Street, next above Alex. Brownlee's. On this side of Alex's, next to John Gulgigne's, Robert Steves has bought a lot, and will build. Then, above Mrs. Goforth's, Leonard Adams owns a lot on which they say he will have a new home. HINNEN and chain Hooks, different sizes, at Waples' Variety Store. At the M. E. Church, to-morrow: Service at 10.30 a. m., preaching by the pastor, Rev. W. L. Shaw; Bible School at the noon hour. The popular one-hour "Twilight Service," from 7.00 to 8.00 o'clock. Spirited song service of twenty minutes; short address by Pastor. Plenty of fans. Although the air was hot last Monday evening, more than a dozen Patriotic Sons of America assembled in their camp room. MONFORT'S SHOE STORE

Town Council Meeting.

Regular session on Wednesday evening, July 12th. All members present.

Highway Committee recommended that the gutters be opened on Twelfth Street, beyond the Reading Railroad, to enable property owners to put in curbs and walks. They were authorized to do so. Also reported two bids for cement culverts at Bellevue and Fourth Street.

On report of License Committee, Columbia Hotel license was transferred from M. J. Dwyer to J. M. Smith.

Fire Committee reported that they had ordered brakes put on chemical engine. In regard to W. H. Bernshouse's bill,—one dollar for a team furnished, but not used at time of fire alarm, stated that Mr. B. had orders to send three teams at each alarm, to be paid for whether actually used or not. Council had not authorized such arrangement,—the original order being that the first team or teams at the fire-house should be used. After some debate, voted to reduce the number to two teams in each case.

The Law and Order Committee reported that the Twelfth Street crossing of Penna. R. R. was now guarded until midnight; that a flag man is now stationed at each Thirtieth Street crossing, and bells put where requested.

Property Committee stated that Alfred Reed is doing good work at the Park,—has moved the old bath house from its prominent location, has cleaned up the grounds, and will do considerable painting.

---------------------------------------	---------

The special committee to draw up specifications for improved curbs and sidewalks, made an elaborate report, giving minute details as to materials and work, which was read by the Clerk, and adopted.

Collector reported \$222.28 of back taxes paid.

Clerk has received \$621.75 during past month, from liquor licenses, etc.

Commissioners on opening Wireman Avenue, reported.

Chas. C. Combe, Overseer of Highways, tendered his resignation, which was accepted.

Water Commissioners gave notice that W. J. Vernier had been awarded contract for First Road extension of water mains, and the work is progressing. Location of fire hydrants referred to committee.

Dr. J. A. Wans sent communication in regard to many dying shade trees. Clerk instructed to commu-

nicate with the State Forestry Commission,—asking that an inspector be sent to investigate and ascertain the cause of the trouble, and suggest a remedy.

Antonio Pinto applied for renewal of pool-room license. Referred to committee.

A circular from the State Charities organization called attention to the new law, under which Town Council must, at its next annual meeting, appoint an Overseer of the Poor for five years; also gave details of his duties. On motion, referred to next year's Council.

The new proprietor of Hotel Columbia asked that Jos. H. Garton be appointed special police, at his place, on the 17th. Referred to committee.

Mr. Wood moved that the resolution granting use of the Park to the Italians on the 17th, be rescinded. Carried.

Also, that said society be given permission to exhibit fireworks on the Walther property, Third Street. This caused considerable debate. Messrs. G. W. Bassett, A. J. Rider, H. G. Scudder, and others owning property in the vicinity, objected because of danger from fire; but the resolution was adopted. The Italians are to appoint a number of men to assist the Fire Warden in guarding property that night; also to give bond in the sum of two thousand dollars to cover possible damage,—said bond to be approved by Finance Committee.

New police badges and handcuffs were ordered.

Voted, to hold adjourned meeting on Tuesday evening, 18th. Adjourned at 11.30.
