### No County Convention.

Under the provisions of an act of the Legislature approved Oct. 28, 1897, all candidates for County offices—State Senators, Assemblymen, County Clerk, Surrogate, Sheriff and Coroner, are to be nominated by petition. (See P. L. 1907, Chapter 278, p. 697.)

Section 2 provides that "not less than one hundred voters of any political party may file with the County Clerk their petition endorsing for nomination their choice of men for the office, to be filed. The County Clerk will later certify such names to the Town or Township Clerk, who will place said names on the ticket to be voted at the next Primary Election.

We cannot give the date of the primary, but it occurs either the 8th or 22nd of September. The nominating petitions must be in the Town Clerk's hands not less than fifteen days before that date; so, if you have a "favorite son," whom you wish to present for office, you may be preparing the papers now.

The Congressional nomination will be made by convention, as heretofore.

### License Committee.

Notice is hereby given that the License Committee will sit in Town Council Room on Tuesday evening, July 28, 1908, at eight o'clock, to hear protests, remonstrances, or recommendations on the applications of Anton Pitz, Hotel Hammoncton, renewal of retail license.

All remonstrances must be in writing, verified by affidavit, and shall set forth specifically the grounds of complaint.

No remonstrance shall be considered if it has not been filed with the Chairman of the License Committee on or before July 28th, unless satisfactory cause for the delay be shown to the committee.

MICHAEL K. HOYER,  
Chairman License Committee.

### THE NEW JERSEY STATE

### NORMAL & MODEL SCHOOLS

At Trenton, will re-open

On September 14th, 1908

The Normal School is professional, devoted to the preparation of teachers for the public schools of the State. Cost per year for board, \$154 to \$174. Tuition free.

The Model School offers thorough academic and business courses and prepares for the leading colleges and technical schools. Students may be received from any locality.

The total cost in the Model School, including board and tuition, is from \$200 to \$250 per year.

The moderate prices are made possible by State aid in the cost of building.

Early registration is necessary to accommodation, especially in the girls' dormitories.

A party of twelve made a trip to the bay last Saturday, in the naptha launch Alberta, owned by A. O. Westcott. Every one had a nice string of fish and a basket of clams. The party left the bay at 6.15 and arrived at Pleasant Mills at 7.45, making thirty miles in two hours and twenty-five minutes.

MODERN 7-room House, bath, hot water heat, range, hot and cold water, gas, stationary tub, bathtub and toilet, etc. Convenient to both railroads. For sale, inquire at this office.

E. A. Jansly will bid adieu to Hammoncton the last of July, having accepted a position in a mission Industrial school among the mountaineers of North Carolina. There are now one hundred and forty boys in the school, where they are given an education and taught farming or a mechanical trade. Mr. Jansly will have charge of the farm. His family will join him later.

Mr. and Mrs. Geo. W. Bassett took the Egg Harbor River trip on Saturday last, in company with Mr. and Mrs. Edmund Striebel and Dr. Paul Chambers, and sister, Miss E. Chambers, of Philadelphia. They camped over night at the Old Field, Weymouth. Among the interesting things they saw were a bald eagle, and what they supposed to be a black eagle.

Expressing our longing for a rain early last week, Mr. Swain, our photographer, informed us that none would fall until the following Tuesday; and he was right. We are considering the placing of the young man in charge of our weather bureau.

PLANTS For Sale: Sweet potato, late cabbage, celery, cauliflower, and pepper. H. H. Phillips, corner Main & Middle Streets.

Tuesday brought us that longed for rain. Late in the afternoon, the welcomed life-giving flood came down most copiously, saturating the earth and giving pleasure to all. More of it would have been welcome, as the long continued drought had dried the earth to a depth of two feet. But we were thankful for the washed-out atmosphere and vegetation seemed refreshed.

WASHWOMEN Wanted, to do the work at a family's home, every week. Inquire at this office.

On Tuesday night, six tramps lodged in our town center. They were captured singly and in couples, charged with stealing a ride on freight trains. They were given a hearing on Wednesday morning, before Justice Peil, who sentenced the whole bunch to May's Landing for 30 days. Three of the party were "gentlemen of color."

We hear that later one of the party was released, and the sentence of the whites reduced to ten days.

Yesterday morning, while drinking near the rear of Wm. F. Bassett's house, Child's horse took to its heels, reared around the house, across the fields, and jumped a drainage ditch to Fourth Street. Mrs. Bassett was knocked down near her door, run over and badly bruised on her head, wrist, and back, but it is hoped not seriously. So much for taking a horse's bit out.

LEAVE Your Tree trimmed in the summer when you can see what branches you want to cut, and you can also tell a shade what wood is best.

As told in a short paragraph last week, Miss Jessie Mick died on Friday evening, July 10th, at her home on Orchard Street, Hammoncton, aged 41 years. She was one of our best, a quiet, consistent Christian woman, a mother to younger brothers and sisters, who were deprived of a mother's care many years ago. A hard worker, a tender hearted neighbor, she is already missed by many. Funeral services were held on Monday, conducted by her Pastor, Rev. A. W. Anderson.

The Rev. J. M. Buffum, evangelist of Lincoln, Neb., who conducted a series of meetings in Hammoncton two years ago, will deliver his famous lecture, "Our Boys of To-morrow," in the First M. E. Church, to-morrow evening, July 18th. All the Churches are invited. Mr. Buffum has delivered this lecture to delighted audiences in twenty-three states, being called many times to repeat it. As he is not sent out by, or paid by any organization, but depends on the thank-offerings of the people, a silver collection will be asked for at the close of the address.

A destructive forest fire raged this week, south of us. It started near the Brownlee property, at Da Costa, on Sunday, and came so near that the family had goods packed for hasty removal. It was a narrow escape. There was considerable wind, which caused the flames to spread very rapidly, skipping over spaces made black by back-fires, and sent it at race-horse speed towards Weymouth. There was much hard work done, which saved property; but it was impossible to stop the fire. There seemed to be no cause for this destruction and danger, except some body's carelessness, or viciousness.

A party of twelve made a trip to the bay last Saturday, in the naptha launch Alberta, owned by A. O. Westcott. Every one had a nice string of fish and a basket of clams. The party left the bay at 6.15 and arrived at Pleasant Mills at 7.45, making thirty miles in two hours and twenty-five minutes.

## OUR LADY'S DAY.

The Italians had a model day for  
their celebration, and had the largest  
crowd we ever saw in Hammoncton.  
They came from every point of the com-  
pass, in every form of conveyance.

It was a happy crowd too, bent on  
enjoyment, which they found. There  
was no disorder, but very little drunk-  
ardness, few arrests. The police had an  
easy day.

Musie was the great feature—three  
bands, street piano, bandy-gurdy, com-  
bination troupe, harp, etc.

The parade did not seem as long as  
usual, but the statues, flower pieces,  
girls in white with candles, were all in  
line, and followed the customary route.  
Several masses were said during the  
day. The stands on Third Street were  
more numerous than ever, and all  
seemed to be having a good trade.

But the fire-works capped the climax  
—about the finest display we ever saw—  
particularly the mid-air pieces, rockets  
and bombs of beautiful make, many en-  
tirely new here. There certainly was a  
crowd—all nationalities—and everyone  
enjoyed it.

The old mill at Weymouth was  
burned last Saturday—evidently the  
work of an incendiary, as the fire start-  
ed in the upper story, and there was a  
fire in any part of the structure. A lot  
of lumber was saved by hard work, but  
much was destroyed. We have seen the  
loss estimated at from \$8,000 to \$10,  
000.

he will sell at public sale all the lands,  
tenements, hereditaments and real estate  
hereinafter mentioned for the shortest  
term for which any person or persons  
will accept the same and pay the  
tax lien thereon, including interest and  
cost of sale.

The said sale will take place, in front  
of the Post Office at Folsom, on  
Tuesday, Aug. 4, 1908,

at two o'clock in the afternoon.  
The said lands, tenements, hereditaments  
and real estate to be sold, and  
names of the persons against whom the  
said taxes have been laid on account of  
the same, and the amount of taxes laid  
on account of each parcel, are as follows:

Good clover follows good  
wheat, but it takes Potash to set  
the clover.

Starved clover won't feed the crop that follows it.  
It needs a vigorous root and a sturdy growth for  
itself before it can gather nitrogen for you and your  
crops. Give it a good start by enough Potash with your phos-  
phates in this fall's seeding of wheat or rye.

The clover will do the rest—you'll see when you cut the clover.  
Clover, timothy, rye and oats, for turning under, or a crop in rotation—  
all need more Potash than most commercial mixtures afford.  
Do not use fertilizers that contain less than 6 per cent. Potash. If your  
dealer does not carry them, then mix 15 pounds of Murate of Potash with  
each 100 pounds of your fertilizer. Potash is profit. Buy the Potash first.
