The ladies have taken this space by the year, and are responsible for all that it may contain.

A part of the saloon's work is to destroy the results of a loving and devoted mother's teachings. Here is the place that rubbed off the polish that the winsome ways and loving touch of a sweet sister had put on her ruined brother. These beautiful saloons, covered with the garb of respectability (and the danger is in their alleged respectability) are the entering wedge that separates a young man from home influence that has held him up when beset by wrong-doers; and after they have thoroughly done their work he is ready to be lowered to the next department, where he can be taught to break all the commandments, and soon board the flying train that will bring him to an ignoble grave.

PRESS SQUIP.

GOLDEN WEDDING.

Last Sunday was the fiftieth anniversary of the marriage of Mr. and Mrs. Joseph Eckhardt, of Folsom, and a host of friends gathered to participate in its celebration.

The date being also the fifty second anniversary of the Reformed Church, of which Mr. Eckhardt and Mr. Peter Bernshouse (father of Messrs. William and George Bernshouse) were the first Elders, Mr. E. decided to combine the celebrations, and give their golden anniversary a religious form, and arrangements were made accordingly.

In the morning, a Reformed minister from Philadelphia held service in the church, in German, which was largely attended. In the afternoon, Rev. F. L. Jewett, Pastor of the Hammonton M. E. Church, conducted service in English, the Church being filled.

A chorus of about thirty male and female singers, from Egg Harbor, added much to the day's enjoyment.

In the meantime, hundreds of friends tendered congratulations to the happy couple. Ice cream, cake, etc., were served to all who desired to partake. Mr. Wm. Bernshouse, whose parents settled at Folsom previous to Mr. E.'s coming there, gave reminiscences of the early days, and others present contributed interesting facts concerning times long gone by.

Mr. Eckhardt came to "Woolleyfield" direct from Germany, spending his first night in America on the plot of ground which he now owns. He was poor, but robust and energetic, and has through the industry and economy of himself and wife, accumulated a competence. We tender our congratulations.

Mr. Philip Pinto, an Italian, residing on Middle Road, was sitting at the open window, with two women, during the thunder storm on Monday evening. A bolt of electricity entered, stunned the women, burned the man's leg from the knee down, tore the shoe from his foot, and shocked him severely. He was confined to his bed for a day or so, but we understand is recovering.

The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Hammonton, N. J. For sale by Rogers, druggist.

The Blue Anchor choir and orchestra assisted by the Sticksville Brass Band, under the direction of Prof. F. H. Thornton, are to give a song service in the pavilion at Grenloch Park, on Sunday afternoon, Aug. 2nd.

There have been several run-aways during the week—horses frightened by automobiles. In one case there were several crates of berries scattered, and a wheel damaged, but the chauffeur never halted his machine.

IT IS DONE WITHOUT COST. Buy pure paint and add 10 cents a gallon, and make your own paint by adding 2 of a gallon of it to one gallon of the Longman & Martinez Absolute Pure Paint. The paint will then cost about \$1.50 per gallon. Any building not satisfactorily painted will be repainted at our expense. Twenty-seven years of reliable service. Free. An agency in every town in the United States. Longman & Martinez, New York.

The blackberry crop is very much below the average in quantity, but it must be pleasant for a grower to haul ten crates to the station, and in a few minutes start home with thirty dollars in cash. These dollars per crate has been the prevailing price, rising to \$3.50, and under peculiar conditions, a few crates went for \$2.75.

Last week Tuesday, as Edmund Berry and other men were putting up shuffling, in Philadelphia, one of the men slipped and lost his hold, and the heavy shuffling fell, striking Mr. Berry on the head. He was unconscious for several hours, but happily no serious injury was received, and he has apparently recovered. He visited his parents, Mr. and Mrs. D. B. Berry, for a few days.

Mr. Roger's "Ran-o-lin,"—the only known relief from the mosquito pest, is selling well,—two orders from one house in Philadelphia were received, making over eight gross of the bottled compound sold in one day. Please don't let like Ran-o-lin either. Agency in called the mosquito's home, and it is proper that Hammonton should vindicate the state by providing relief from the little nuisance.

Twenty years ago, fences were almost unknown in Hammonton, except, perhaps, enclosing pastures, and they were not numerous. To-day the reverse is noticeable,—partly because of the ravages of the basket-worm. The cost of fences has gotten down to such a reasonable figure that any one who owns his place can erect some kind of a fence, either a picket, woven wire or a combination. We don't know whether a higher variety can be found, this cost ranging from twenty to sixty cents per running foot.

Of course, there will always be growers; but when they become numerous in a community, you may safely conclude that there is ground for complaint. As a sample of many of the remarks, we quote one heard this week: "I travel about town a great deal, and I never know Hammonton roads to be in so dilapidated a condition as now."

For a sample, see Bellevue Avenue—particularly from Third Street to the railroad. A few shovels of stuff were put out on Tuesday, but the men's' opinion, but it wouldn't mix, and the last state of that road is worse than before.

Narrow Escapes.

Last week Friday afternoon, during the Junior Epworth League picnic, at the Lake, many enjoyed a bath,—among others, the Pastor, Rev. E. L. Jowett. He is a good swimmer, and, after being in the water for some time, he essayed to swim out to a boat, but upon reaching that he was tired, and supposing himself still in shoal water, he allowed his feet to sink, expecting to stand on the bottom; but, to his surprise, he went two or three feet under water. This "rattled" him considerably, but he instinctively rose to the surface and called Mr. Robert Steel to his aid, with whose assistance he soon reached the shore.

Later Miss Rosie Rufenacht, also a swimmer, was "surprised" in the same way, but did not call for assistance, and had sunk for the second time when Mr. Steel saw her hands waving frantically above the water, and hastened to her in time to prevent what would probably have been a sad ending to the merry outing.

ELWOOD NOTES.

Charles Albor went to a Philadelphia hospital on Tuesday last, and had his crushed finger amputated.

Mrs. Constant Cobb and her little daughter Anna have been very sick, but are now improving.

While Isaac Dayton was in Elwood, visiting his mother, his house, located near the cranberry meadows, took fire and burned to the ground. No one was present at the time, so all of his household goods were destroyed.

Messrs. Harry Rupp and Jos. Sawyer met with an accident while working at a well, on Wednesday. They were both standing on a board, which broke suddenly and both fell. Mr. Rupp went clear to the bottom, and struck his head. He was somewhat bruised, but received no serious injury. Mr. Sawyer, however, did not escape so easily. He fell head foremost and struck a brace in the well, cutting his head and his hip. It is feared that his back is also injured.

Any one who happened to be in the vicinity of John Langham's store, Wednesday evening, might have seen a cloud of dust moving rapidly up the road, and heard a voice calling, "Whoo! Whoo!" But neither dust nor the voice had the least effect on Mr. Stevens' horse, for it continued its rapid pace, rounded the curve of the drive-way in front of the store, and entered the horse-shed, fetching up with such force as to break some of the boards of that building. Fortunately no one was hurt, but the boy who was driving the horse was pretty well frightened.

During a brief but lively thunder storm, on Monday evening, lightning struck the electric light wires, burning out the armature of one dynamo. The sudden crash shocked the whole town, seeming to strike everywhere at once, and with the sudden darkness was startling. The other dynamo soon restored light.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy, one of the best patent medicines manufactured, and which is always on hand at the home of a physician. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in the summer time. —Lancaster (Iowa), *Journal*. For sale by Rogers.

Base-Ball News.

Our boys journeyed to Egg Harbor
City last Saturday, to try conclusions
with the aspiring county champions,
and met defeat by the score of 9 to 5.

The game was delayed in starting,
and very poorly played, the only re-
deeming feature being the work of
Thielacker and Soth. Herbert showed
his lack of practice, and because of
poor control could not use his best
curves.

Coventry, the tireless wonder, did
slab duty for the home team, and
allowed our batters but seven safeties.

The averages above find that the
team has improved .01 per cent in a
month in the batting, and in fielding
a gain of .023 is shown.

The first five men in batting also led
a month ago, but have changed posi-
tions. Herbert and Selley exchanged
places,—first and second respectively.
J. Jefferson and Cordery each move
up a peg, P. Jefferson dropping from
third to fifth. Harrar falls from sixth
to eighth, although he gained .013 dur-
ing June. Conley is regaining his
batting eye, and gained .009. Cordery
takes the lead in fielding; Angelow
dropping to second. Selley had a bad
slump, and is sixth instead of second.
Conley and Herbert still hold the same
positions.

CONTRIBUTED COMMENTS.

"Pop" Conley is certainly misused
by his mates, as was shown in the
Pleasantville game. May he soon be
able to join them again.

The boys hope the "knockers" are
satisfied now that they have lost two
more games in the county champion-
ship series.

S. Long wanted Holland to change
his decision on Cordery's hit, but he
could not see it that way.

Frankies admitted, at the railroad
station, that he did not touch Jefferson
at the plate.

What a contrast there is between
the "rooters" of Hammononton and
those from Pleasantville and Egg
Harbor. The home rooters are lost
when visitors are here.

Come boys, settle down, and show
the people that you can still play good
base-ball.

The spectators will not stand at-

other exhibition of umpiring such as
was witnessed on July 10th.

We think it would be better for all
concerned if the games were started
when advertised.

Never mind, Wayland, you will be
proud of the boys before the season is
over.

If a half dozen of the rooters were
provided with megaphones they could
make as much noise as a hundred
could ordinarily.

If some of the players would do a
little more sacrifice hitting, the runs
would not come so hard when they
are needed.

The Hammononton Juniors defeated
Atco Jrs. in an eleven inning game,
last Saturday, by the score of 8 to 7.
It was very exciting from start to
finish, but was played very smoothly.
There was no kicking-over decisions
by either side.

In ninth inning it seemed as though
Hammononton was beaten; but with
two men gone and nobody on base,
Whitmore hit a two-bagger, stole his
third, and tallied on Thomas' short
drive down third base line, making it
7 to 7. No more runs were scored
until the eleventh, when Reeves and
Wohler sent out safe hits, and Whit-
more drove one through short-stop,
bringing in Reeves.

The features of the game were Var-
sello's running catch, with three men
on base, and his double play.

The Best Lintment for Strains.

Mr. F. H. Wells, the merchant at Dear
Park, Long Island, N. Y., says: "I
always recommend Chamberlain's Pain
Balm as the best liniment for strains. I
used it last winter for a severe lameness
in the side, resulting from a strain, and
was greatly pleased with the quick relief
and cure it effected." For sale by J. B.
Rogers, druggist.

death for Mrs. Lois Oragg, of Dorches-

untold misery from a severe lung trou-
ble and obstinate cough. "Often," she
writes, "I could scarcely breathe, and
sometimes could not speak. All doctors
and remedies failed until I used Dr.
King's New Discovery for Consumption
and was completely cured." Sufferers
from coughs, colds, throat and lung
trouble need this grand remedy, for it
