HAMMONTON, N. J., SATURDAY, JULY 26, 1913

No. 30

Miss Edith Simons spent a week with local relatives.

Rev. and Mrs. W. S. Marple are away on a vacation.

Mrs. Carrie Winchip has been visiting "down East."

C. F. Osgood has returned from a visit to his native state, Maine.

Mrs. C. I. Littlefield and children spent two or three days visiting at Bridgeton.

The County is putting in a concrete walk across Central Ave., at Vine Street.

Mrs. Walter P. Bakely and two children have been visiting friends at Millville.

Miss Pearl Adams is attending the Summer School for Teachers, at Cape May.

Rev. and Mrs. H. P. Hoskins are visiting in Pennsylvania for a couple of weeks.

Union church services will begin to-morrow evening, continuing six weeks. See schedule.

The Methodist Sunday School will picnic at Hammonton Park on Wednesday, August 20th.

Miss Alva Lockart, of Atlantic City, spent a week or more as the guest of Miss Nancy Bassett.

Mr. E. L. Dickerson inspected some of the Hammonton nurseries last week, for plant diseases.

Mr. and Mrs. Geo McIntyre expect to move into their fine new house on Fourth Street, next week.

Rev. H. A. Abbott and wife bade their Hammonton friends adieu, yesterday morning, and left for Massachusetts.

The two missionary societies of the Baptist Church held an enjoyable social last evening, on the lawn of F. A. Lehman.

Mr. J. A. Smith, of the Philadelphia firm of Henry F. Mitchell Company, visited the Watkins and Nicholson nurseries, last week.

A party of young folks spent last Saturday evening with Miss Electra Conover, at Rosedale, driving up from Hammonton in wagons.

Reunion day, one week from next Monday, Aug. 4th. Of course no soldier will forget it; or if he does, a check from Uncle Sam will be a reminder.

With the exception of preaching services, the Baptist Sunday program will be as usual.—Sunday School, Junior, and Senior Endeavor meetings.

Mr. and Mrs. H. W. Packard, of Upper Montclair, N. J., are visiting Mr. and Mrs. H. O. Packard, at the Lake, expecting to remain several weeks.

People are admiring Second St., as improved by the pavers. We are patiently anticipating the betterment of Bellevue Avenue by the same force. It is needed.

Bank Brothers issued one of their big circulars (17x25 inches) this week, announcing a summer clearance sale. Of course Hoyt & Son printed it—or them—a heap of 'em.

Miss Lily Bassett, from West Philadelphia, visited her grandparents, Mr. and Mrs. William F. Bassett, last week. She is spending this week with friends at Mt. Royal.

St. Mark's Church, Rev. Wm. H. Davis, Rector. Tenth Sunday after Trinity. 7.30, Holy Communion; at 10.30, Morning Prayer; 11.45, Sunday School; 7.30, Evening Prayer.

Our young townsmen, Horace Gentel, has charge of the "Walk-Over Shoe Store," 1022 Chestnut Street, Philadelphia, owned by the Harper Shoe Co. We tender our congratulations.

Miss Ella Heidrick was united in holy bonds of matrimony, on Sunday, July 20th, 1913, to Mr. James M. Rockefeller, Jr. (both of Camden), at the home of her aunt, Mrs. Ephraim Bakely, 420 Pleasant St., Hammonton, N. J., by Rev. H. P. Hoskins. Later, a reception was given. After a trip to Niagara Falls, they will return to their new home, 1332 Atlantic Avenue, Camden.

A new cement pavement has been laid in front of the Monfort shoe store. Brass foot-prints have been inserted in proper places, and attract much attention, besides being a good advertisement.

Note the list of pupils in the Hammonton Schools, as they will be classified during next term. We publish the first instalment this week, and expect to continue it until completed, including all suburban schools.

Thursday evening brought us much needed rain. There was a little lightning and thunder, no wind, and a copious rainfall while it lasted. Double the quantity would have been welcomed, but so much thankfully received.

The Baptists were treated to an excellent address Thursday eve, by Rev. Thos. J. Cross, of Atlantic City. The Dr. and his friend, Mr. Smith, came up in their car early in the evening, and were caught in the terrific rain storm, soaking them to the skin.

Mr. W. F. Allen, of Salisbury, Md., motored about town one day last week, looking over some of the new fruits originated among our farmers. By the way, Hammonton is producing quite a number of novelties in the fruit line; and it is not to be wondered at, so many fruits are grown here. The latest is the "Joy" blackberry, on the Miel farm. It promises much joy to those who grow it.

There was a delightful little lawn party on Monday afternoon from three to five o'clock, at the residence of Mrs. Samuel Anderson, Pleasant Street, given in honor of Master Donald F. Jenison's birthday. Those present were Misses Roberta French, Helen Imhoff, Flora Burnham, Phyllis Heath, Beretta French, Louise Fisher (of Atlantic City), Florence Picken, Alice Kind, Helen Scullin, Mary Skinner, Frances Fliser (Philadelphia); Donald Jenison, Morris Bank, Josie Imhoff, Joe Harris, Spencer Turner, Willis Wood.

The following telegram from Hammonton appeared in the Philadelphia "North American" on Thursday morning: "The Grand Jury has brought in an indictment against Edward N. O'Donnell, manager of the Elwood Country Club, charging him with selling liquors without a license. This is the resort which, largely patronized by the smart set of Hammonton, was under fire about two weeks ago, fully three score subpoenas being served on prominent persons frequenting the place."

Joe Grim, the prize-fighter, well known to many here, and who invariably gets mixed up in every local scrap on July 16th, sent the following to the "Bulletin" sporting editor, on Thursday: "I boxed Joe Borrell at the Fairmount Club on Tuesday night, and now I have two broken ribs and a badly cut ear. I am convinced that Borrell had steel knuckles in his right glove, and I intend to prove it. I got a raw deal from the referee, and the club manager, and I am going to show them up."

Summer Union Church Services.

Each Church will conduct its Bible School at the customary time and place.

SATURDAY, JULY 26, 1913

Already, ambitious men are working on the preliminaries necessary
to secure public office. At least one would-be County Clerk has had
his man at work here, securing signatures to his nomination petition,
and others are being talked about.

In local affairs, the work is not so far advanced, but we have heard
names mentioned on the street, and presume the papers will be about in
due time. Three men have been spoken of for Mayor, but we prefer to
give no names until they come out in the open. The office of Council-
man seems not so desirable, and we may have to seek the men. Our
present efficient Overseer of Highways will probably be a candidate for
re-election; but expects at least one opponent.

Right here we desire to give a bit of a hint. Hammoncton's public
business has reached such proportions that we need officials of more
than ordinary ability, that it may be transacted properly. We want
progressive men, with foresight enough to keep things moving. We want
clear-headed men—always clear-headed, never befuddled with
beer or any other booze. We want courageous men, who are not afraid
to do what is best for the Town,—listening to suggestions, but taking
dictation from no one. In short, we want MEN—sober men—strong
men—independent men—in office next year.

Somewhat removed two or three boards at the foot of the Lake,
and thus lowered the water about eighteen inches. The Mayor was
notified, Monday morning, and new boards were placed. There is a
severe penalty provided for such a misdemeanor, and the guilty ones
may have to pay it. And that's not the only damage done in that
locality: the fence is down, wrecked by boys, probably. Suppose a
team or automobile should run off the road into deep water: wouldn't
the Town have to stand damages? What is needed is a cement wall,
the full length of the dam or end of the lake; also, a lock placed on
the boards in the sluice-way. An occasional dose of "strap-oil" might
prove a preventive, if properly administered.

If any one complains of being too hot, send him into the storage
room of our local ice-plant. We stepped into one, Thursday, and
the change was wonderful. Imagine a drop in temperature from ninety
degrees to thirty in fifteen seconds, and you can appreciate a pleasant
sensation. We doubt, however, that it would be beneficial to some
constitutions. While enjoying (not the breeze) the coolness, we
admired the plant of the Littlefield Ice and Coal Company, and did not
wonder that their ten tons per day of perfectly clear ice is insufficient
to meet the demand.

We have heard persistent rumors, this week, that the Verrier
(Byrnes) property, on Twelfth Street, between the railroads, had been
sold to a New York physician. So far, we have been unable to verify
it. What we would like to see is for the Town to buy it, and keep the
whole piece intact. In a very few years we could erect a Town Hall,
offices, and fire-house where the mansion now stands, and make it a
credit to the town. If sold to a disinterested party, it may be cut up
into small plots, and news-stands, fruit-stands, pool-rooms, etc., be
erected.

While the weather is hot, remember your dumb friends. Do not
leave the horse in the sun, or let the dog follow your bicycle or motor-
car, or desert the cat when you go away for your vacation. Remember
too, that animals in summer need plenty of water to drink. See that
they have it. And do not conclude that every dog is mad that has a
little froth dripping from his mouth, and acts strangely. "O, no, sir,
you think he is mad?" asked an old lady who had seen a dog in that
condition running from an excited man. "I should think he would
be," said a sensible man, "but perhaps he is only vexed."

At last the speed limit signs are up, after ripening many months in
the Town Hall. They have been placed at Maple Street and Egg Har-
bor Road, at Elvins' corner, and other prominent points. They will
never be lived up to—twelve miles an hour.

Both one and two cent parcel post stamps are printed with red ink,
and people are getting them mixed. Look carefully for the figures "1"
or "2," and your letters will not be held up for more postage.

Thanks! The mowing of grass and weeds along the highways is
a great improvement.

What A Woman Thinks.

MR. EDITOR: The death notice
of the Chautauqua did certainly
strike the heart with sadness. Are
we to be left with the feeling that
it will be for ever and ever, no more
to us return? It seems that Dr.
Holmes said, when referring to the
return of Chautauqua, that if we
thought we could not afford it next
year, and could afford it and wait-
ed it the year following, that we
for the asking could have it again.
Let our hearts be filled with the
hope that Chautauqua will and
must come back to us again. Pro-
bably, being deprived of it one year
will work for good. Next year we
shall certainly miss it; then we will
begin to long for it; and when we
begin to long for a thing we gener-
ally contrive some way or other to
get it. Chautauqua will come back
to us. A good thing is bound to
survive.

The date of the coming of the
Chautauqua, the past two seasons,
has been somewhat in discord with
the conditions that surround a large
number of our people. It came
just in the height of the berry
season, when people have had to
rush from early to late in anxiety
to get their crops picked. They
had no time, and were too tired;
they could not even stop to think
what Chautauqua meant. But let
Chautauqua come any time from
the last week in July to the last
week in August, just in the lull of
the berry season, then see what the
results would be.

We have heard it said that it
would not be a suitable time,
because just then some of our best
people would be out of town.
"Chautauqua is not looking for a
few best; it wants a big audience
of the common." This is what Dr.
Holmes said.

So let us fit Chautauqua season
to the convenience and need of the
greatest number, and Chautauqua
will then become a permanent
institution in our town,—its ben-
eficial influences reaching, in time,
even our brethren here from the
foreign land.

Our Town officials do right in
preventing the presentation of ob-
jectionable pictures at the movies,
such as prize fights, etc. They
are demoralizing, and attract the
class that is easily affected by the
scene. Mr. Little, let it be said
to his credit, has a reputation for
clean subjects, and orderly audi-
ences. Last Saturday evening's
show was very good and, as people
say, a fair sample of what he gives
his audiences.

This Town Is Lagging.

It strikes us that Hammonton is

lagging in one important particular

and that is that it has no live and

enthusiastic business organization.

If Hammonton had a board of trade

or a chamber of commerce, or any

organization of that sort, it might

be possible to do much for the wel-

fare of the town or induce some

manufacturing concerns to locate

here.

Some of the neighboring towns

have boosters' clubs which are

intensely active in community devel-

opment; and, if Hammonton busi-

ness men do not awaken, we soon

will be outstripped by our neigh-

bors. The time is ripe for the

citizens to get busy and do some-

thing in the promotion of its

welfare.

Egg Harbor has gobbled up

several desirable enterprises, the

latest one being a baby coach

factory.

Hammonton has every advan-

tage, excepting business enterprise.

It was this same apathy that let

the Chautauqua slip through our

fingers.

A good cause to be won will

require from us an abundance of

self-denial.

ATLANTIC COUNTY ORPHANS' COURT.

In the Matter of the Estate of On Petition, & c.

of William H. Burgess, deceased. Order to Show

Cause.

Hammonton Trust Company, Administrator

of the estate of William H. Burgess, deceased,

having exhibited under oath, a true account

of the personal estate and debts of said

deceased, whereby it appears that the personal

estate of the said William H. Burgess is insuffi-

cient to pay his debts, and requesting the

aid of this court in the premises.

It is thereupon on this 18th day of July

nineteen hundred and thirteen, ordered that

all persons interested in the lands, tenements,

hereditaments and real estate of the said

William H. Burgess, deceased, appear before

this court, at the Court House, May's Landing,

New Jersey, on the 25th day of September

nineteen hundred and thirteen, at 10.30 a.m.,

to show cause why so much of the lands,

tenements, hereditaments and real estate of

the said William H. Burgess, deceased, should

not be sold, as will be sufficient to pay his

debts.

And it is further ordered that a copy of this

order be set up at three of the most public

places in the county immediately for six

weeks successively and be published at least

once in each week for the same time in the

North Jersey Republican, a newspaper printed

and published at Hammonton, N. J.

What Mr. Fowler Has to Say.

MR. EDITOR: I hope you will

have the grace to correct your

statement in regard to "a large

mosquito-breeding place—Fowler's

Pond."

I have known how mosquitoes

breed ever since I was ten years

old, and have examined that pond

many times, yet never found any

trace of mosquito breeding there,

and never heard of anybody who

ever saw any wigglers in there.

Neither Mr. Davenport nor Mr.

Rider found any indications of

mosquito breeding there. There

are enough young fish there to eat

up
