ELVINS & ROBERTS

Let us have your order for 10-pound Grape Baskets. We quote at \$3.50 per hundred.

We also handle Peach Baskets, which we offer in any quantity at the extremely low price of 5½ cents each, which we think is the lowest figure they have ever reached.

JUST IN,—a very pretty assortment of Dress Prints in short lengths, from one to three dress patterns in a piece. Regular 8-cent goods. We can sell them to you for 6 cents. Call and see them.

We reduce the price of those "Peerless" Coffee Cakes and Ginger Snaps to 5 cents per pound,—quality as usual, A. 1. No broken stale stuff,—all fresh baked goods.

New Canned Lobster is now in, and for fine quality and care in packing cannot be excelled. Only choicest of the fish are packed. Put up in paper-lined one-pound tins, either tall or flat, very desirable for salads or to serve plain. We warrant every can.

Tall Cans, . . . 22 cent.
Flat Cans, . . . 25 cents.

In these days of Oil and Gasoline Stoves, WOOD is not much in demand as a summer fuel, but for the benefit of those who have an aversion to these "new fangled machines," we desire to call attention to the fact that we have an ample supply of A No. 1, Oak Wood, in foot lengths, which we will be pleased to have you order in any quantity desired. Our price is \$1.50 per rank (quarter-cord), and deliver to any part of the town free of charge.

There being just at the present an active demand for Field and Grass seeds, 'twill not be out of place to say that we carry all these seeds in stock, and shall be pleased to supply you when wanted, at prices that we think will be interesting. We refrain from making figures, there being such a vast difference in quality; and as we handle nothing but the best, our figures might seem out of joint with others, when the quality is not considered. We give you below the variety,—

Common Buckwheat,
Japanese Buckwheat,
German Millet,
Crimson Clover,
Mammoth Clover,
Medium Clover,
Timothy, Orchard Grass,
Seed Rye, etc.

New Turnip Seed is now ready. We can furnish any variety desired,—have several kinds in stock,—anything special we can get you on short notice.

WHIPS.

The "lash" seems to be a powerful factor now-a-days, not only in the movement of horses but parties,—instance its wonderful effect on the present Congress,—but our purpose at this time is to call attention to our stock of Carriage Whips. Can give you your choice of quality, and make the price to suit. We quote from 12 cents to \$1.

Dunham's Shred Coconut is, without exception, the finest article of its kind now on this market. Always sweet, fresh, and ready for immediate use. Elegant for cake or pie. Quarter pound packages, 8 cents.

Oh, the Flies! how they do bother us! Sure relief is secured by using "Tanglefoot" Sticky Fly Paper,—two sheets for 5 cents. 25 double sheets, with Holder, for 50 cents. If you object to the sticky paper, we have "Dutcher's Lightning Fly Killer." Simply fold a piece of the prepared paper, place in a saucer, and cover with water; set the dish where flies are most troublesome, and you will be surprised how soon you will be rid of the pests.

Fly Fiend—for horses—is certainly the greatest discovery of the age. Simply brush your horse or other animal lightly with the preparation, and the flies will not trouble them in the least for several hours. Two applications a day sufficient.

Fly Traps—for those who have a prejudice against fly paper of any kind. We think we have the best, and at an extremely low price—16 cents each.

Have you tried "Germea" yet? No! Well, you are missing a good thing. This hot weather it is delicious for breakfast, and very quickly and easily prepared. A two-pound package for 15 cents.

Considerable excitement was caused by the appearance of four stalwart and determined men, strangers, standing on the sidewalk in front of Murdock's store, last Thursday evening, about 8 o'clock, who, when one of our most worthy citizens, Mr. Harry Smith, passed them, accosted him, and before any one could prevent, seized and carried him up a flight of stairs as tho' he had been an infant. What took place then we are unable to state, but it is said the strangers were officers of the Most Excellent Assembly of the A. O. of M. P., and that Mr. Smith was made an Artisan in due form, after which the Assembly visited Hill's cafe for final ceremonies. Information concerning this popular Order can be obtained of Mr. A. B. Davis. One fact worthy of note is the Hammonton Assembly is composed of men sound in body and of unclouded intellect, and no good citizen need hesitate to avail himself of the benefits of this beneficial Order by associating himself with them.

Charles Adams, station agent at Stratford, on the Reading, son of James Adams, formerly of Elwood, was run over by a freight train, early Wednesday morning, and died in a few hours. The workmen at Stratford tell the story thus: Adams was one of a party who went to Laurel Springs to attend the opening at the hotel on Tuesday evening. They boarded a freight train about two o'clock in the morning, and when about half-way home Adams fell between the cars. About six o'clock he was found lying near the track, one leg cut off near the hip, the other about the knee, his head also badly cut. They put him aboard a train, but he died before reaching Camden. It seems strange that if the above account is true, that none of the party stopped or returned to the wounded man. It is rumored that Adams had a gold watch and about one hundred dollars in his pocket Tuesday night, but the watch and nearly all the money were missing when he was found; also that a detective is working up the case. We vouch for no part of the story, except the sad casualty.

A convention of the American Railway Union has been called to meet at Chicago on August 2, to consider the question of calling off or continuing the strike.

The anthracite coal sales agents, at New York, decided to restrict the production for August to 40 per cent., or 2,000,000 tons. Prices are unchanged.

Republican Senators are working for a test vote on the sugar schedule of the tariff bill and if Stewart votes with them hope still to defeat it. Senator Vilas replied to Gorman by a eulogistic defense of the President.

Heavy gold shipments to-day will reduce the Treasury reserve to \$58,345,725. Payments for increased imports under the Democratic tariff threatens its extinction and the establishment of a silver basis.

"The sugar schedule," said Senator Caffery of Louisiana, "was not acceptable to me or the sugar growers. I want the country to know that it was dictated by the refining interests"—that is, by the Sugar Trust. Here is the testimony of a Senator who was conversant with every stage and influence of its construction.

Jillson says his observation goes to show that the reckless railroad engineer isn't the wreckless railroad engineer.

This country was in a highly-satisfactory state of prosperity until the present party came into power with its piratical threat to destroy protection—on the claim that protection is unconstitutional.

Farmers through Monmouth County report that their peach orchards are in good condition, and that the trees are well loaded with fruit. The earlier varieties ripen in August, but it will be September before the general crop will be sent to market. The late varieties come in October.

Linen collars are the most numerous victims of "prostration by heat."

The Wellman Arctic expedition is subject to the usual crowd of reports which announce disaster. The plan proposed was undoubtedly risky and dangerous, but the reports thus far indicate nothing whatever except that Mr. Wellman and his party had not returned at a time when they were not yet expected to return. Since a party traveled in safety on a floe all Winter for 2500 miles, one of the Eskimo women giving birth to a baby, it is hazardous to make decided predictions about travel on floes.

The Court of Pardons refused to commute the sentence of Wesley Warner, sentenced to be hanged September 6th.

SUBJECT TO PAIN IN THE STOMACH.—Elder S. S. Beaver, of McAllisterville, Juniata County, Pa., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy for it, and was much pleased with the speedy relief it afforded. She has since used it whenever necessary, and found that it never fails. For sale by Cochran, the druggist.

Sunday brought us the much needed rain,—cool, slow, penetrating,—the thirty earth drinking it in as it fell. Most of the day, Monday, was a continuation of the same. It was poor weather for berry-pickers, but grand for everything that ought to grow.

We heard one of our business men remark the other day, speaking of an employee: "He is thoroughly reliable, competent and willing." Those few words express all that is desirable in a man, and it should be the ambition of every young man to be worthy such strong commendation.

THE LARGEST HOME FOR VESSELS IN THE WORLD.

Description of the Famous Structures at Liverpool—Facilities for Shipping That Cover an Area of 1011 Acres.

ALMOST the first sight that greets the voyager on the banks of the Port of Liverpool is the marvelous and extensive docks that line the Mersey, and the most pathetic individual met at once is impressed with these wonderful and gigantic harbors of stone which throw open their gates for the reception of the commerce of the world, and afford accommodation for the mercantile marine of every country on the globe. From north to south, for nearly seven miles, the river is faced with a wall of granite, laid in massive blocks, apparently capable of resisting the action of both sea and atmosphere for ages. The entire dock estate comprises a total area of 1811 acres—1105 on the Liverpool side and 706 on the Birkenhead side. The quay line at the former place, including basins, measures 244 miles, and at the latter place nearly 100 miles.

For many years the control of the docks remained in the hands of the corporation, according to the original act of Parliament, and were managed by a committee of the Town Council. In the year 1857 an act was passed by which the board of control, now known as the Mersey Docks and Harbour Board, was constituted. This Board (incorporated in 1869) consists of twenty-eight members, four of whom are Government members, the others being elected by the dock ratepayers.

The number of vessels which paid dock tonnage rates to the Board, with their tonnage for the year ending July 1, 1892, was as follows:

The work of indicting the men responsible for the Chicago riots goes right along. About fifty have had bills found against them, and the Grand Jury has just about made a beginning. SUMMER COMPLAINT.—Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We need almost everything, but without benefit. Then I said, let us try Chamberlain's Colic, Cholera, and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it, as it did for me what it was recommended to do. John Hertzler, Bethel, Berks Co., Pa. 25 and 50 cent bottles for sale by Cochran, druggist.
