### ANNUAL CLEARANCE SALE

In the regular run of daily business, it is almost impossible to sell every dollar's worth of goods that was bought for the season's business. It is the policy of this store to sell all goods the same season for which it was bought, soit becomes necessary at this time of the year to sacrifice profits and in many cases actual cost in order to assure a clearance-The goods we offer are highly desirable and don't begin to suggest their real worth. But that is the way of this store one of its nomerous progressive policies.

Included in this August clearance Sale is Clothing for Men and Boys; Shoes and Oxfords for everyone in the family; Coats; Dresses; Blouses; Goods by the yard; Men's and Women's Furnishings. -lowest cost mileage ever known Effective July 20th, Goodrich establishes a revised

price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard. ### **Buick Takes Care of Buick Owners**

Buick responsibility does not end with the sale of a Buick car. It follows the car throughout its entire life.

That is why Buick has organized a nation-wide authorized Buick service that extends to practically every city, town and village in the United States.

Buick owners do not need service often. But they have the comfortable feeling of knowing that they can always be supplied with genuine Buick parts and have their work done by Buick trained mechanics wherever they may happen to be.

To The People of Hammonton :-

There appeared in The Atlantic City Daily Press, The Philadelphia Inquirer, and the Hammouton Papers'a copy of a certain Minute adopted by The Board Of Directors of The Kiwanis Club of Hammonton, N. J., over the signature of

Samuel Anderson, President. Clifford J. Waas, Secretary. This was preceded by certain printed matter connecting the Fire Department with this Minute.

I resent this attack upon the Fire Department as unjust, untrue and cowardly.

By imputation they charge that The Fire Department of Hammonton, - A part of the municipal govenument of the Town,-did conspire with Billie Clark in the beginning to bring to Hammonton an indecent and immoral exhibition, contrary to the Laws and we did during said exhibitions protect and

defend the givers there of. Both of these statements are absolutely untrue as will be sworn to by those in contact with the Carnival during its stay in Hammonton.

Cowardly, because, if such exhibitions had been carried on in Hammonton as has been set forth by this Minute then these gentlemen erred in their duty as good Citizens by not closing these exhibitions at once instead of leaving the matter without protest at the time, and indulging in a mere vaporing of words when the matter, if true as charged, was beyond

Henry M. Phillips, Chief of Hammonton Fire Dept.

State of New Jersey | County of Atlantic | SE

Personally appeared before me, Heary M. Phillips who, after being duly sworn, states he is Chief of The Hammonton Fire Department, that he took part in the preliminary negotiations that resulted in bringing to Hammonton the Carnival that was here from July 8th to 18th, that it was distinctly stipulated in these negotiations, that, there should be no exhibitions of any kind on the Sabbath; that there should be no gambling; and there should be no exhibitions of objectionable character of any kind.

To see that these stipulations were carried out, there was a Clause written in the Contract between Billie Clark and The Hammouton Fire Department, that a Committee of Firemen should have the absoobjectionable feature or exhibition.

That in accordance with Clause there was a Committee of Firemen who had charge of the Carnival. whose car could be reached by any Citizen who had any exception whatever to take to any thing that might be going on.

The deponent further saith: This Committee was composed of reputable and high mind Citizens who were ably assisted by the Town Poice and the State Constabulary.

The deponent further states: that apon representations made to him. and inquiry presectted on his part that any thing contrary to good morals attempted at this Carnival

soon as detected.
