## Council and the Rum Ordinance.

Again Mr. Anderson succeeded in de-  
laying the license ordinance, and oppos-  
ed a special meeting on August 14th;  
but the special passed.

He read some "amendments," but his  
paper, not being applied to sections,  
proved to be a "substitute," and altho'  
he did not want a special meeting,  
because it would not be well to be in a  
hurry, so he said,—yet he introduced  
an ordinance entirely new, and had it  
passed first reading in five minutes.  
Less than five minutes time did the mi-  
nority have to consider a new ordinance,  
contemptuously hidden from the ordi-  
nance committee, and rushed through  
at once.

Mr. Anderson omitted to turn down  
the address on the envelope from which  
he took the ordinance. Was it addressed  
to Council? No! To Mr. Anderson? No!  
It was addressed to "John T. French,"  
and was from Mr. Thompson. And Mr.  
French was there to see it put  
through, and he went out with his face  
in smiles.

That readers may better understand  
the situation, I have asked the Editor  
to publish the ordinance in last week's  
issue (which Mr. Ballard said was  
written by Stephany) and the new one,  
written for Mr. French by Mr. Thomp-  
son (a judge on the bench) together.  
The new ordinance is the shorter one,  
and may be summed up as follows:

"Ordained. That license be granted  
in Hammoniton, to applicants, at a fee  
of \$300."

There are no penalties, no advantage  
taken of any State law, no restrictions,  
regulations, quantities of liquor, or any  
specifications whatever; being simply a  
town ordinance, the charter permitting  
a penalty of \$10 or ten days' imprison-  
ment, according to the following clause  
referring to Council's powers:

"To license, regulate, and prohibit  
taverns or saloons, and to prohibit all  
traffic in or sale of intoxicating drink or  
drinks \* \* \* All penalties for violation  
of any ordinance of said town shall be  
sued for and recovered before the justice  
of the peace of said town in an action of  
debt, \* \* \* provided, no penalty for the  
violation of any ordinance shall exceed  
ten dollars or imprisonment for more  
than ten days."

As we work under a charter, we can  
step aside from it only by invoking the  
aid of a state law, and the law must be  
designated, as is the case in Egg Har-  
bor. Cities working under the excise  
law, or the act incorporating cities,  
have their laws conform thereto.

Now let us examine the two laws.  
One is by Mr. Stephany; but it seems  
that his "decisions" may not be infalli-  
ble even to those who vote him money  
occasionally, so Mr. French goes to Mr.  
Thompson, and Mr. French lays down  
an ordinance for Council to pass.

It will be noticed in the Stephany  
ordinance (the longer one) that he goes  
to three state laws,—that of 1846, of  
1889, and of 1893. There was no act  
from which he could make out a com-  
plete ordinance. The act of 1846 puts  
the fees at "not less than \$10 nor over  
\$70," the penalty being "\$10 for each  
and every offence"—no imprisonment.  
He did not take up the act (1872) regu-  
lating beer; the penalty for selling beer  
being \$50.

The law of 1889 puts the fees at \$150.  
Selling over one quart denotes a disor-  
derly house; also, selling less than one  
quart the same. Liquor cannot be  
given away, nor sold to minors.

The law of 1893 was the one from  
which Mr. Stephany derived his  
penalty.

Mr. Anderson said that "the State  
law fixed the penalty." Let him state  
which, as there are several laws and  
various penalties.

But that law of 1889, inserted by Mr.  
Stephany, seemed to be all right until  
Mr. French ran against a snag. It was  
a hot one, too. He probably found in  
the law that no one could get a license  
unless his building was ready at the time  
of making application for license; and  
if ordinance passed, the result would be  
that Bowker, Esposito, and others  
would secure the plums before he could  
apply; so off he lies to Mr. Thompson,

gets the brief ordinance drawn up, has  
it introduced, and it may let him in  
later; at least it makes another desired  
delay. That is perhaps why Mr. A.  
"kicked" over my motion for a special  
meeting next Saturday. Delay is pre-  
cious when the building is not ready;  
and this latest proposed ordinance may  
be changed later on.

This agitation began for "a respect-  
able hotel in Hammoniton." You can  
see where it has landed. The fee is  
\$300,—put there to freeze out the others  
and give out a monopoly. The revenue  
is for one man,—not the town.

If Mr. French can keep this thing  
back until he can get a license, his  
friends will attack other applicants on  
"character." Then, if he gets his, Mr.  
Sutton may rebel all he wishes, as it  
will require four votes to give license,  
hence three men can keep others out.  
Mr. French may not apply in his own  
name, but he will "get there just the  
same."

But a man would be foolish to pay  
\$300 now, under the latest French ordi-  
nance. Why pay that amount when  
the penalty is only \$10, to be sued for  
as a debt? A man can stand thirty  
convictions at \$10 each, and must be  
caught first. It is difficult to convict  
once, but here are thirty chances at ten  
dollars a chance. And thus has the  
"respectable hotel" idea blossomed into  
a flower. Come up, one and all, and  
get your bar-rooms going, freely, and  
without price.

I will not be surprised if some other  
amendment or substitute comes up at  
the next meeting. I have seen an  
"amendment to an amendment," where  
sections require alterations, but I have  
never seen "a substitute for a substi-  
tute," and especially when it was  
passed to first reading without being  
substituted by a vote for the substitute.

But parliamentary law is law, and  
there may be a short turn yet. I  
propose to give a little of the "inside  
history" soon. The editor will not  
allow me more space in this issue. I  
also propose to criticize Mr. Stephany's  
ordinance, with due respect and the  
best of wishes for him, as he did a like  
service for me, and he is not at all at  
fault for accepting fees for "oral advice"  
if Council voted it to him when advice  
was not authorized. P. H. JACOBS.

Overseer's action in caring for sick colored man approved.

On recommendation of Highway Committee, voted to rebuild street culverts with brick and cement, movable plank cover.

Voted, that Council visit Park in a body, to consider plans for improving same.

Attention being called to disorder caused every Sunday morning by cyclists on their way to Atlantic, and their indecent language, voted that the Marshal appoint five deputies, to restrain or arrest all offenders against good order and decency.

Ordinance Committee directed to report at next meeting an ordinance in regard to riding bicycles on sidewalks.

License ordinance taken up. When Charles Hanna, reading it, Mr. Anderson offered an amendment by substitution of an entirely new ordinance. Mr. Jacobs raised a point of order that this was not an amendment, and could not be so considered. Chair sustained the point.

Mr. Anderson then offered it as a substitute; and after being read by Clerk, was declared "passed first reading," and went over until next meeting.

Moved by Mr. Jacobs that Council hold a special meeting on Saturday eve, Aug. 14th, to consider new ordinance. Mr. Anderson opposed, but motion carried, 3 to 2.

Collector Davis filed annual report of school funds, as required by law.

On motion, Justice Presney directed to issue warrants required for the collection of delinquent taxes.

Voted, that the Chairman of Council or a substitute named by him be authorized to buy, in the name of the Town, personal property offered for sale for unpaid taxes.

Question arose as to appointing a special collector of delinquent taxes. After discussion, postponed action until special meeting.

Voted, that Overseer of Highways be directed to, at once grade Central Ave., between Bellevue and Vine Street, so as to prevent accumulation of water. Same action taken as to Second and Vine Streets.

Adjourned.

**REPAIRING.** Cleaning and dyeing done at my residence, the brick house on corner of Belmont Ave. Clothing made to order. Good stock of cloth on hand.  
Geo. F. FLEISHER, Tailor.

Mr. Ball stopped the game of ball, last Saturday, with the Highlands, the score standing three to two in their favor. Our boys were putting up a good game in many respects; but, on the other hand, several errors of judgment kept down their score. That five hits made off Spencer, the Wellington of the Mt. Holly, with two bases on balls and two bases on dead balls, in four innings, should score but two runs, disappointed spectators. Double plays were made by our boys in the first and second innings. Only three hits were made off Trent. The sudden storm cut off the interest of spectators, but a jolly half hour was spent in the grand stand, which was not entirely water-proof, to say the least.

William Holmes, the colored man whose strange illness we mentioned last week, died on Tuesday evening, in the town lock-up. For a day or two he seemed to be improving, but never fully recovered consciousness. He was cared for as well as our town's facilities permitted. A male attendant, being with him day and night, and a physician visiting him often. Saturday evening, Overseer Bernhouse received a telegram from Holmes' sister, living in Richmond, in response to his letter, asking if her brother was still living. On Monday, a letter came, asking whether the man could be moved home. This was answered in the affirmative; but on Wednesday morning the wires carried news of his death. Then came a telegram directing the Overseer to bury the body and send bill of all the expenses, which was done, Thursday.

The following is the ordinance introduced by Councilman Anderson last Saturday night.

Wolsdorf, the crack South Jersey Institute player, lately of the Bridgeton team, will probably fill the vacancy caused by the absence of Tomlin, who will not play in to-day's game.

Once more we urge property owners to trim their shade trees well up. For example, one Central Avenue, from Vine Street to Bellevue, which would be fairly well lighted, were the trees trimmed. Helovine, from Third Street south, gets little benefit of the air light because of thick foliage. On upper Helovine, also, the pruning knife should be used. Give the lamps a chance.

FOR RENT. A parlor and Black D. M. Moore and John Hines, at corner a setting. W. H. JENNINGS, Fairview A. V.

Under the ordinance offered last Saturday, by Mr. Anderson, anyone convicted of selling liquor without a license cannot be made to pay more than ten dollars. In order to inflict a higher penalty, the law under which it is imposed must be specified, as our charter limits the penalty to ten dollars. If council really desires to do what is right it should protect the town as well as those who desire license.

There is no use denying that mosquitoes are abundant and voracious. Everybody feels this to be a fact. One of the Union's messengers stated that, as he was going along the road through the swamp, slapping this way and that, he looked behind and found mosquitoes eight inches deep in the back of his buggy.

A Little Main Road girl told a companion that she was riding with her father, early in the morning, and as they entered a piece of wood, the cloud of mosquitoes was so thick that her father had to get out and

JOHN T. FRENCH, P. M.

Last week Friday evening the electric lights were missing until nearly ten o'clock. The delay was caused by one of those unexpected things that seem to happen in every business, an accident. Sand was washed into the cistern, drawn up into the steam force pump, and scoured out the plunger. When that was repaired, and the pump started, the whole head of the pump was bursted out (caused by this same accumulation of sand) which scattered things considerably. Mr. Ball, being a practical machinist, went to work and, with limited tools and facilities, accomplished what witnesses declared impossible, so repaired the break that boilers were filled with water in time to turn on the current about 9:30.

**Yellowstone Park.**  
The Yellowstone National Park is unquestionably the most interesting region on the globe, for within it is displayed the greatest collection of nature's manifold wonders. Indeed, this mountain-bound plateau, high up on the summit of the everlasting Rockies, is a veritable playground for the world's giant forces. To stand and gaze upon them all in their marvelous manifestations, — the great geysers upheavals, the fierce steam blasts, the terrible leap of the river, and the awful canon, — is a revelation, an experience to be had at no other point on earth. The personally conducted tour of the Pennsylvania Railroad Company, which leaves New York on Sept. 2nd, affords the most satisfactory means of visiting this wonderland and viewing its marvelous features. Tourists will travel by special train of Pullman smoking, dining sleeping, and observation cars in each direction. Eight days will be spent in the Park. Stops will also be made, returning, at St. Paul and Chicago. The round-trip rate, \$235 from New York, Philadelphia, Baltimore, and Washington, \$230 from Pittsburg, covers every necessary expense. For detailed itineraries and full information, apply to ticket agents, Tourist Agent, 1198 Broadway, N. Y., or address Geo. W. Boyd, Assistant General Passenger Agent, at Broad Street Station, Philadelphia.

**Delightful Vacation Trip.**  
Visiting Watkins Glen, Niagara Falls, Thousand Islands, Quebec, Montreal, Au Sauble Chasam, Lake Champlain and Lake George, Saratoga, and the Highlands of the Hudson. Leave Philadelphia by a special train, Aug. 17th. The tour will be in charge of one of the Penna. R. R. Company's tourist agents. An experienced chaperon will also accompany the party, having special charge of unaccompanied ladies. The rate of \$100 from New York City, Brooklyn, Newark, Trenton, Philadelphia, Harrisburg, Baltimore, and Washington, covers railway and boat fare for the entire round trip, parlor car seats, meals en route, hotel entertainment, transfer charges, carriage hire, — in fact, every item of necessary expense. For detailed itinerary, tickets, or any additional information, address Tourist Agent Penna. R. R. Co., 1198 Broadway, N. Y.; 869 Fulton St., Brooklyn; or Geo. W. Boyd, Asst. Gen.
