HAMMONTON, N. J., SATURDAY, AUGUST 7, 1915

No. 32

The Board of Health meets next Tuesday evening.

Regular meeting of Town Council next Wednesday evening.

Miss Margaret Hanson, of Philadelphia, is visiting Hammonton friends.

Rev. W. J. Cusworth and family expect to start to-day for their vacation.

Mrs. Jos. T. Sill, of Germantown, is the guest of the Misses Rufenacht, this week.

Mrs. W. W. Williams, from Collingswood, is visiting friends in Hammonton.

W. A. Packard and sister, Miss Ethel N., are visiting relatives at Upper Montclair, N. J.

Mrs. Alfa White reports that she has collected and sent in, so far, to the Red Cross Society, \$40.40.

W. L. Black is moving his furniture stock into the big show room over his new stores on Second St.

Elwood Sunday School brought their picnic wagons to Hammonton Park, Thursday, and had a good time.

Misses Carrie Fitting and Lillian Lehman will soon enter Children's Hospital, Philadelphia, as student nurses.

A cake and apron sale will be held in Civic Club Hall, Saturday next, 14th, in connection with the Japanese fête.

Mrs. M. B. Sutton has moved from Camden to Collingswood, having purchased a pleasant home at 24 Gorman Avenue.

The "Jewels" of the Methodist Church will have a social this afternoon, on the church lawn. Ice cream and candy will be on sale. Cantelope sundaes will be a specialty.

Adam Sepp, one of the best known old German residents, died on Tuesday, Aug. 3rd, at his home on Eighth Street, Hammonton, aged 72 years.

Electric lights were missing on several streets, and phones out of commission, following the severe wind, lightning, and rain storm of Monday night.

Japanese Lawn Fete at Civic Club Hall grounds, on Saturday evening next, 14th inst. A mid-summer evening of pleasing entertainment. Refreshments will be on sale.

Antonio Ingemi was brought before Justice Murphy, this week, charged with mayhem (he hit his daughter). In default of \$300 bail, the Justice sent him to jail, to await Grand Jury's action.

Dr. Geo. R. Shidle and wife, of Pittsburgh, are visiting Mrs. S. S. brother and sister, William and Miss Grace Elvins. They accompanied by a brother, came on in the doctor's handsome automobile, enjoying their trip across Penna.

During Monday night's thunder storm, one of the worst this year, lightning struck the barn of A. M. Cappuccio, on Main Road near Middle Road, and before any one knew what had happened, the building was all in flames. The neighbors saw it first, and sounded the alarm; but of course it was too late. More sad than anything else was the loss of their fine mare, which they could not liberate, so great was the heat and smoke. One pig was killed, but its mate was rescued. Both fire companies turned out.

A New Glass Factory Building.

The Figueroa Cut Glass Company is prospering, but they need a new building and increased facilities. This is proposed to locate on Washington St. The move will require more capital than the corporation can put into it at once. The Board of Trade have taken up the matter, and purpose raising the sum needed (above what the Glass Company will provide),—the same to be repaid in five years.

This has proven itself a worthy and desirable institution, turns out fine work, and promises to improve and increase its output greatly when the desired facilities can be obtained.

Civic Club library will be open to-night, 7 to 9.

Baptist picnic next Tuesday, at Hammonton Park.

Mr. and Mrs. J. A. Van Fleet have moved to Peach Street, near Second.

Among the new advertisements this week is Russo Brothers', on fifth page.

There will be seventeen new teachers in Hammonton's schools, this year.

H. W. Packard is a welcome guest at the home of his son, on First Road.

John Myers, Jr., of Philadelphia, is spending the week here, with his parents.

Miss Nita Lintner, a student nurse, was home from Philadelphia for a short visit.

Hammonton schools will open on the day after Labor Day,—that is, on Tuesday, Sept. 6th.

Edw. A. Cordery advertises a Haines automobile at public sale at two o'clock this afternoon.

Rev. A. W. Anderson is expected to occupy the Baptist pulpit, his former charge, Aug. 22nd.

The Baptists were unfortunate in their selection of Tuesday for their picnic, for it rained that day, and also the next morning. They expect to try it again next week Tuesday.

The P. O. S. of A. will have a big time at Lindenwood, N. J., on Saturday, Aug. 14th, afternoon and evening. There will be various kinds of sports in the afternoon, and prominent speakers in the evening. All members of the P. O. S. of A. are invited to attend.

Something More about Sewers.

To illustrate the manner in which our editorial of last week was received, we record that Rev. Mr. Claus, one of the Commissioners, called us up and accused us of "utter ignorance of the law," and then hung up the receiver.

Another, for comparison: Mr. Packard, another Commissioner, also phoned to us, chatted a minute or so, then said, "You don't like that 'prospective benefit' clause in our report, do you?" We told him that he was correct in his surmise; that to us it seemed ridiculous. He then told us, in a gentlemanly way, that the law provided for just that action, and the Commission consider it a good thing to do. He quoted a case,—"on a street where there are no water mains, and property cannot properly be charged for 'special benefits' now; but the water will probably be run that way, sometime in the future; that the assessment made in this case will remain inactive until that looked-for date, then become payable. He stated that there are a number of such cases.

We thanked him for his courteous criticism; but our estimate of the wisdom of such action has undergone no change. Not every law will bear an X-ray examination for traces of common sense.

Suppose the Commissioners fixed the sum of forty thousand dollars to be raised by their "special benefit" plan, leaving, let us say, sixty thousand to be paid by bonds. Further, they find among the forty thousand assessment some twenty properties,—"one thousand dollars of 'prospective' money. Must our creditors wait for that proportion of their earned money until the happy day when water mains are laid in those dry streets? Or shall the Town borrow the cash and pay interest thereon for many years? Who is to remember these facts, and collect the assessments, one by one, as they become due?

If "special benefits" are wise, they should be placed where they belong to-day.

We are receiving many unsolicited approvals of our stand in this matter. Only this week, a prominent business man said: "You are right, and might state it stronger. A fellow away on Main Road said: 'I hear farmers all around me saying that the sewers ought to be paid for by the Town; that's the way the water plant was paid for, and the water rents are redeeming the bonds so easily that the people know nothing of such payment until they see it in the annual report.'"

But few realize what a convenience it is to those living far from the Post Office to have their mail delivered at their door every day. Nor do many have an idea of the number of letters, papers and packages carried per day by our rural carriers. John A. Saxton of Route No. 2, gives us the following information: During July he delivered 19,949 pieces of mail, weighing 1961 pounds. Omitting Sundays and holidays, he had an average daily load of 767 pieces, or about 75 pounds for each of the twenty-six days.

The violent wind and rain storm, Tuesday night, or very early on Wednesday morning, did considerable damage in our peach orchards, tomato, corn and potato fields. Other parts of the state also suffered severely, and in Pennsylvania many lives were lost, and more than a million dollars damage done.

Laying all jokes aside, the Baptists brought tons of comfort to over heated Hammoniton, when they substituted this week's rain and wind in place of their annual picnic. The sick, especially, had endured about all they could, and welcomed the rest and sleep made possible by the change in temperature.

So great has been the growth of the jitney business in Hammoniton that at present there are not less than seven machines bustling about trade, up and down our streets, to Atlantic City and other points. We understand they are organizing for mutual benefit.

It is too serious a matter to joke about, and the recent storm, and its results, uncovered this bit of jingle in a friend's memory:

"The thunder rolled and the clouds grew big;
The lightning flashed, and killed a pig."

It is the business of every property owner to see that the weeds are kept trimmed along his sidewalk. Rag weeds, especially, are injurious to health, besides inviting mosquitoes.

Good News for Farmers.

Instead of our local growers having to go down into their jeans for express charges, crates, picking, etc., there is a probability that a local market will take care of all their surplus stock.

A firm from Montclair was at the Board of Trade meeting on Tuesday evening, and proposed to take the Evans laundry building and put up in a semi-prepared form all kinds of fruit and berries. They are supplying some of the largest hotels with preserves of various kinds, but wish to purchase the fruits direct from growers, rather than from commission men.

They heard of the very superior products raised in the peach-belt of Southern Jersey, and after some investigation decided to remove their plant.

Whatever can be done will be done to secure it for Hammoniton.

PROPOSALS. Sealed Proposals endorsed "Bid for addition to First Road School House" and the name of the bidder, will be received by the Board of Education of the Town of Hammoniton at its office in the High School Building, on Tuesday, August 17, 1915, at 8.30 o'clock P. M., for altering and enlarging the First Road School House by the erection of a two room addition thereto.

Plans and Specifications may be had at the office of Mr. R. Imhoff, on Eggs Harbor Road, Hammoniton, N. J. A certified check for \$200 will be required with each bid.

A Freeholder bond satisfactory to the Board of Education in the sum of \$1000 will be required of the contractor. The right is reserved to reject any or all bids.

FORD, the UNIVERSAL CAR.

ANNOUNCEMENT. The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout \$390
Ford Touring Car \$440
Ford Town Car \$640

No Speedometer included in this year's equipment. Otherwise one fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing with Retail Buyers. On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914, and August 1, 1915, we would share profits with the retail purchasers, to the extent of from \$20 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

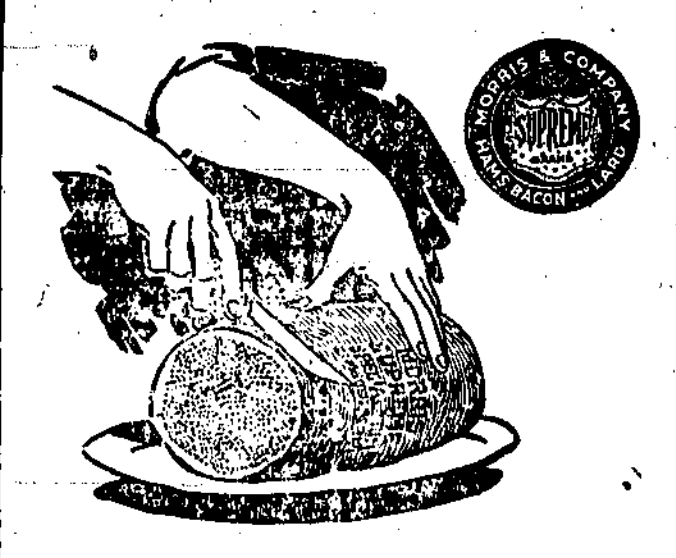

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September, and October, 1915.

was prepared for the purpose of selecting the best of the surrounding warm waters. The boat has a width of 16 feet, this unusual breadth for the purposes of giving stability to the gun on the ground, and the work of studying the sea bottom. The glass bottomed wells, each of which is 10 feet long, are located on the lower side of the gun, and through them they are arranged so that the gunner can study the sea for a mile beneath the boat at the same time as he is firing. The gun is mounted on the water in such a manner that the greater the movement of the water, the more the gun is elevated, and an adjustable search light can be set down with a cord.

HE STANDS WELL.

James? What kind of a reputation do you have?

Well, in regard that I can wear out any other fellow. I can stand up to anybody and not wince with it.

and causes the gun to begin and continue feeding and firing itself automatically, and when the other magnet is so ordered the water is closed and the operation of the gun is stopped.

"Thousands of fathoms, my son."

"Well, how much is a fathom?"

"A fathom is or is not an eye look."

"What is a fathom? Well, a fathom? Four years ago was shipwrecked in the Pacific and the prison came out after him, and the cannibals but I'm the only one left. You, the first ship, sinking to the bottom."
