There was a law suit last Friday evening, before Justice Geo. E. Strouse. According to testimony, Chas. P. Myers had contracted to build a fertilizer barn for Chas. Umoselle, to be completed about March 1st. It was erected, and Umoselle had moved twenty-eight tons into it when the floor gave way. Myers offered to make it right, and did so later, putting in a concrete floor, using twenty-five hundred pounds of cement, for which Umoselle promised to pay ten dollars extra. He paid one hundred dollars on the contract, leaving the balance of twenty-five (not counting the ten), and the suit was brought for this balance. A jury verdict was in favor of Myers, but the case was appealed. Lawyer Gries ably represented Myers, and Matthew Jefferson the defendant.

NEED-TIME.
You don't plant oats upon a hill
A hundred miles away,
And somewhere else your corn to drill
You know you'd never get it.
You plant at home to get the yield,
Whatever crops are grown.
For planting in some other field
Will never help your own.
And it's the same with dollars, too—
For dollars, too, are seed:
The cash to-day away you throw
To-morrow you may need.
Don't send your wealth afar to roam,
But wiser learn to sow—
Just plant your coin in Hammonton,
And watch your dollars grow!

A welcome is extended to all at St. Mark's Parish House, Sept. 13, 7 to 10 p. m. Peaches, ice cream, and cake. 15 cents admission. *

Does \$100 Look Good to You?

I will save you that much and more if you are looking for a piano or player piano. What's the use of buying a second-hand piano when you can have a new one of better grade at the same price. What's the use of buying cheaper quality, when you can have the best direct from the factory at the same cost, or less?

Don't be old-fashioned and say, "I don't see how it can be done." Look into my proposition and see for yourself. Just because pianos have never been sold here before on this plan and at such low prices, is no reason they cannot be. I save you the middleman's profit.

SATURDAY, AUGUST 9, 1913

Last Monday evening, about nine o'clock, as a lady and her two daughters were passing School Park, they were accosted by three young men who sat on one of the benches. When informed that they were mistaken as to the parties passing, the fellows made an impolite reply, and when remonstrated with, retorted with very insulting language. One of the boys was known, another not certainly named, the third was not recognized, but suspected. The lady gave them a few words of warning; but this was not enough. It was not the first offense of the kind reported, and something ought to be done to prevent any further trouble.

The question of purchasing the Vernier property by the Town is creating quite a little talk. As our action to-day should be governed by the knowledge that Hammonton will some day be a populous city, the matter should be seriously considered. Every large town and city has (or should have) its city hall on a public square or park; and why shouldn't Hammonton?

Some people have the disgusting habit of expectorating on the sidewalks. Aside from being very unpleasant for passers-by, it is decidedly injurious. Especially now should it be stopped, as we have several tubercular visitors in town, whose spittle, after being dried on the pavement, is breathed into the nostrils and trouble started for the unsuspecting victims.

It seems necessary to occasionally repeat the statement that we will not publish anonymous communications. We must know who is the responsible writer. If you are not willing to back up your words, don't expect us to publish them and assume the responsibility.

An Atlantic City daily reports that our young lawyer friend, Geo. R. Greis, is out for nomination for member of the Assembly. While out of our political faith, we believe he would make an able representative of Atlantic County.

Drivers of carriages should be made to understand that the path across the field, in Hammonton Park, is for pedestrians, not for teams. Posts set to keep teams off have been repeatedly torn out.

The Board of Education decided, Wednesday evening, to place lights at suitable points in School Park, and around the Central school buildings. This is a move in the right direction.

A Fatal Accident.

Mr. A. N. Rizzotto (Nien)

was instantly killed, Saturday morning,

last, Aug. 2nd, at Thirteenth Street

crossing of the Reading Railroad,

by the up-express train which passes

the Hammonton station at seven

o'clock.

Nien was a contractor, having

several houses under construction,

was on his way to work, riding his

motor-cycle. The express was ap-

proaching, and the flagman being

on the South-bound track, waved

his flag and did what he could to

stop the rider, but failed to do so.

No one saw the collision, but from

appearances it is thought that Nien

must have lost control of his ma-

chine and could not stop. He

struck just back of the locomotive

cab, both motor and rider being

thrown far up the track. The

man's body was mutilated most

horribly, scarcely an unbroken bone

being left. The motor was twisted

and bent in every part, indicating

the terrific force of the impact.

The remains were brought to our

freight station and his relatives

notified. It was a pathetic sight—

strong men with tears streaming

from their eyes; some even sobbing

loud at the sight of the sad catas-

trophe.

Nien was among our well known

Italian, respected and trusted

prosperous as a contracting builder.

He was thirty-six years old and

had lived in Hammonton twenty-

seven years. Funeral service was

held in St. Joseph's Church on

Tuesday, and was one of the

most largely attended ever held in

town. The Italian Beneficial So-

cieties was in line with over one

hundred members, led by a Phila-

delphia band, followed by ninety-

two carriages and wagons, the

procession being nearly a mile long.

Funeral pieces were here, and very

numerous. Burial at Oak Grove

Cemetery.

A widow and several children,

with numerous relatives, are now

mourning their loss.

It is a wonder that some of our

youngsters do not gather water-

lies and sell them to autoists as

they pass the Park. We have seen

several parties stopping there and

admiring the beautiful blossoms,

and last Sunday two dainty young

misses were removing their shoes

and stockings, to wade out for the

coveted beauties.

Atlantic County School Attendance

According to a tabulated report

prepared by the County Superin-

tendent of Schools, Henry M.

Cressman, fourteen districts of At-

lantic County show a marked in-

crease in their school attendance

for 1912-13 over that of 1911-12.

Egg Harbor City passed Buena

Vista Township this year in its

record, and therefore ranks first for

attendance with 91.6 per cent.

For several years Buena Vista Tp.

has had the highest per cent. of

attendance in the County. This

year she takes second place with a

per cent. of 91.3, although an in-

crease of two per cent over last year.

Some districts, notably the fol-

lowing, have done considerably

better than heretofore.—Brigantine,

Hamilton Township, Somers Point

and Weymouth Township. The

latter has increased its attendance

by 9 per cent.

ance, being the percentage of

Warning to Wine Growers.

Detective Department
Office of the
Prosecutor of the Pleas
of Atlantic County
Atlantic City, N. J., July 31, 1913.
Mr. S. T. Godfrey, Chairman
Law and Order Committee:

I understand that the Italian and
other residents of Hammonton who
manufacture their wine have been
in the habit of selling it in quanti-
ties of less than five gallons, with-
out first obtaining a license from
the Council of Hammonton for that
purpose. I would request that you
cause to be published in your papers
in Hammonton notices, notifying
all persons who are selling liquor
of any kind in quantities less than
five gallons without first obtaining
a license, that they are violating
the law, and if this practice is not
stopped, prosecution will be started.
Of course it is understood that any
one who desires to sell spirituous
liquors or malt liquors in any quan-
tities must first obtain a license for
that purpose.

Thanking you, I am

the neighborhood of Hugo Kind's.
While our young florist was passing
under a tree, lightning struck over-
head, ran down, felled him uncon-
scious, and played pranks in the
house from one room to another,
frightening the inmates, but doing
little damage. Hugo soon revived,
but it was several days before he
fully recovered from the shock.
It was certainly a narrow escape.
