The License Question To-Night.

Council should settle the vexed license
question to-night, and leave the matter
for voters to decide next March. Delay
has done harm by creating dissatisfac-
tion. It is but fair to admit that all
concerned have been honest in their
views, and no ill feeling should result.
I may be mistaken in supposing that a
single hotel was wanted, and for one
will make no opposition to any ordi-
nance that may be offered, except to go
on record against it if not satisfactory.

If Mr. Anderson, who offered the last
one, will give a fair consideration to all
the ordinances that have been offered,
and endeavor to frame one that best
protects the town, as far as a license
can, it will put an end to the matter
for awhile. I certainly attribute to Mr.
Anderson and the other members the
possession of common sense, and that
they at least desire to conform to the
vote of the town; and I believe also
Mr. French (who is an interested party
in the license matter) is not really
opposed to a fair ordinance.

I believe that if open license is granted,
a high fee will not be satisfactory,
as it cuts out the man of limited means.
I do not think there should be a
monopoly of three men, any more than
of one. Those who may oppose one
hotel, conducted by Mr. French, will
find, if they are not careful, that they
may be guilty of wanting as much
monopoly as possible for themselves.
Mr. French is not alone in desiring the
number of hotels restricted, and he no
doubt means to keep a respectable
hotel, not particularly a bar-room. The
other applicants have also certain rights
and are earnest in their intentions.
But there are still others, and if they
do not get a license from this Council
they will elect a Council of their own,
just as the limited license voters did
last Spring. And that is the difficulty
both classes are to face, hence license
and anti-license men in the present
Council should endeavor to make the
ordinance one that will punish violators
of its provisions, and restrictions should
be placed around each place where
liquor is authorized to be sold.

In discussing the question of license,
I have aimed to criticize the actions of
Council as a body, mentioning individ-
uals not for particularizing their acts as
such, or to condemn them, but to call
attention to those things which may
result from mistakes. It is true that
the mentioning of individual members
and interested parties may appear un-
necessary, but as no one has been guilty
of harm, and the struggle is to secure
an object, the proper course is to frame
an ordinance without regard to the
parties to be benefited, and allow the
people, next Spring, to judge of the
work. In the meantime, it would be
well to look at the question for the
future, as well as the present.

If those interested in the licensed
hotels will stop and consider, they will
no doubt conclude that each and every
applicant has used effort to seek an
advantage to some extent, and if one
man has been more energetic than the
others, he has simply aimed to carry
his point. Every other applicant has
worked in some direction for the same
purpose. Outside of securing an ad-
vantage in parliamentary methods,
members of Council have been guilty of
being slow, but as enough time has
been lost, no doubt the question will
now be settled.

There is at least one thing of which
the town can boast, and that is the fact
that no charges of bribery have even
been hinted at. The only "influence"
used has been persuasion; and that is
creditable to us as a people, being a
condition which is not the boast of all
towns. It is a knowledge of that fact
that induced me to criticize the work of
Council, as errors are always subject to
review.

With three ordinances ready for con-
sideration, there should be at least a
satisfactory one for the majority to
adopt. Personally, it matters not to
me which is selected, and I do not pro-
pose to obstruct any action.

Oh, It was Awful!

HAMMONTON SCORES TWELVE IN ONE INNING.

In the baseball game last Saturday,
with the Quakerville Wheelmen, the
H. A. A. took such a lead in the third
inning that it soon appeared useless for
the visitors to attempt to catch up,
consequently the game was rather more
uninteresting than usual.

Tell surprised some of the spectators
by his pitching. Beverage did well on
first, in place of Tomlin, while Setley
played a rattling good game at short.

Of the Quakers, Haertrich deserves
special credit for some fine catches.

Leaving out that third inning, it
would have been a good game. But in
that inning Loveland and Setley started
off with a two-bagger apiece, which so
rattled ye Friends that the record of
hits and errors and stolen bases wearied
the scorer to record. Ye good Angle
was relieved thereafter by Blake, where-
upon ye Quakers braced up and tried to
redeem themselves.

Just look over the score.

SATURDAY, AUG. 14, 1897.

We have twelve and a half acres of good land for sale, near Hammononton, with a good six room house, barn, etc. Four acres are in cranberries, just coming into bearing; most of the balance in fruit and berries. Price very low.

The Board of Education met on Tuesday evening, but found little business needing attention. A few text books were ordered, to replace those worn out; one new teacher elected; Monday, Sept. 13th, fixed for the opening of schools.

On Friday and Saturday eve's, August 21st and 22nd, Rev. W. C. Stiver will give, at Union Hall, stereoscopic views and lectures on the War of the Rebellion, and other subjects, for the benefit of the Woman's Relief Corps, of Hammononton. Commencing at eight o'clock. Price of admission, 20 cents.

The Camden County Board of Freeholders, at their meeting on Wednesday, adjourned all difficulties in regard to the new County Road by resolving to improve both the Atco and Waterford Roads. This will give wheelmen two routes from Berlin to Hammononton, and seems to us a very satisfactory arrangement. State Road Commissioner Budd was present, and at once approved the Atco route. Work on both is to be begun at once, they say.

The Commencement exercises of the largest class ever graduated from the county schools, will be held at Pleasantville at an early date. The participants will number fifty, all of whom have completed the regular or post-graduate course. Miss Mabel Lake, of Pleasantville, will be the valedictorian; Miss Mina Johnson Smithville, salutatorian; Miss Bessie Donahue, Linwood, class prophetess. County Supt. S. D. Hoffman and his assistants are completing arrangements for the commencement.

The Eleventh Convention of the New Jersey C. E. Union will be held in Paterson, Oct. 6th to 8th, 1897. The provisional program has been issued. Prominent speakers have been secured, and the prospects are that this will be one of the best conventions in the history of Christian Endeavor in New Jersey. Meetings will be held in three buildings, each capable of holding one thousand persons. The railroad companies have made the usual concessions, and the committee of arrangements are busily engaged in arranging every detail.

A business man, criticizing the Council's action—or rather the complaints made to Council of disorderly conduct and unbecomingly language used by tourist bicyclists—says that most of the disturbance is caused by young Hammononton toughs—they used to be called "rowdies." We have a few such in town, and they should be taught a lesson. In this connection, some ladies complain of the evening gatherings about the Post Office. They say it is at times difficult to pass there, and often unpleasant to hear the conversation indulged in. Evidently the same crowd gathers at Stockwell's corner on Sunday evenings, compelling those returning from Church to crowd through or pass single file. We believe the Marshal's order to "move on" would be obeyed.

Although the alternating clouds and sunshine made things look dubious for a picnic, last Tuesday morning, the Baptist Sunday School would not allow that to interfere. As it was, four great loads started about 8:30, besides numerous private conveyances and bicycles, containing nearly one hundred and fifty, for the picnic grounds at Weymouth. With the exception of one little shower, there was nothing to mar the enjoyment of the picnicers. Even the mosquitoes seemed to have left off on a picnic (perhaps). One of the greatest games of ball of the season was played between the Thunder and Lightning teams. Two and three baggers were among the features of the game. Swings, games, and hunts were in demand all day. The long ride was enjoyable,—some of the young people agree that the evening ride was the best part of the day.

It is pleasant to contemplate the close friendship existing between President McKinley and Vice-President Hobart. It has been too long thought the office of Vice-President was only a waiting one. Now it is different, and Mr. Hobart is almost constantly being consulted on national business by Mr. McKinley.

If the Cubans continue their present aggressive fighting, they may soon be smoking real Havana cigars.

Judge Barkalow, of Paterson, set a good example last week, by refusing naturalization papers to several men who did not understand the English language.

At Baritan, N. J., two thousand mill operatives, two-thirds of the population, are rejoicing over a ten per cent raise in wages, and the woolen machinery manufacturers at the same place are preparing to put more men at work.

If silver gets much lower, it will be free, in reality.

A London paper says that American improvements in the production of steel rails are calculated to make English manufacturers "gnap."

Wait a little, and see if an administration that stands for sound money and protection does not prove to be a Klondike mine for the whole people.

The benefits of the gold find in Klondike are far-reaching. New Jersey has already received into her treasury two thousand dollars for filing the organization papers of nine different companies organized to work the rich mines.

Silver recently touched the lowest price in its history.

Wheat continues to advance in price, notwithstanding the fact that silver continues to drop.

The first week of the new tariff law shows a marked improvement in business all over the country, not only in manufactures but in business confidence and general activity. Reports from every direction are encouraging.

The sugar trust is not wholly happy. The Digby law deprived it of the special advantages which it had enjoyed under the Wilson law, and now farmers of the United States are preparing to raise beets for the sugar of the country, and reduce it in the factories where the sugar is made.

When wine enters, wisdom goes out.

The way to get a better position is to more than fill your present one.

Diplomacy consists largely in backing down with dignity when you have gone too far.

Gottysburg, Lunny, Washington.

The Pennsylvania Railroad Company has arranged for a most delightful seven day tour to the Gottysburg battlefield, Avenel of Lunny, and Washington, to leave New York Sept. 15th. It will be in charge of one of the company's tourist agents, and will cover an intensely interesting section of the upper South. An experienced chaperone, whose especial charge will be unaccompanied ladies, will accompany the trip throughout. Round trip rate, including all necessary expenses during entire time about \$37 from New York, \$28 from Philadelphia, and proportionate rates from other points.

For itineraries and full information apply to ticket agents, Tourist Agent, 1199 Broadway, N. Y., or address Geo. W. Lloyd, Asst. Gen. Passenger Agent, Broad Street Station, Philadelphia.

Mr. Hallard has made a solid job of the culvert at Third Street and Bellevue Avenue. It looks as though a much discussed problem had been solved,—how to construct a street culvert that can be cleaned when clogged.

The M. E. Sunday School will picnic at Weymouth next Thursday. The May's Landing School expect to do likewise on the 26th. An Elwood School were there on Wednesday. It is an ideal place for a picnic.

Joseph R. Riskey, for twenty-five years postmaster at Linwood, this County, was instantly killed, Thursday morning, by a motor car in Atlantic City. He was a highly respected citizen.

The County's stone bridge, on Main Road, between Bellevue and Fairview Avenues, is being extensively repaired by Mr. Trafford. The soft soil caused portions of the retaining walls to give way.

H. L. McIntyre's horse ran away, Tuesday,—starting at Stockwell's corner. The wagon evidently collided with an obstruction about a hundred rods further up the avenue, and was overturned. Damage slight.

A prisoner in the Atlantic City lock-up escaped Wednesday, by puncturing Turnkey Shaw's abdomen with a mop handle, inflicting a possibly fatal injury. The man was re-captured quickly, after a desperate fight.

Hundreds of barrels and baskets of pears, and baskets of peaches have been shipped at Union Depot, for Boston and New York, this week. There were four carloads on Tuesday, including about eighty crates of blackberries.

A Hammononton farmer said, "I wish I had all the mosquitoes in Atlantic County on my farm. I should want them dead however; I think they would fertilize my fifty acres well. Wish he would collect them,—everybody is willing."

Mrs. F. Elvins, for five years principal of the Westboro Schools, and with several years of experience in other departments, has been elected teacher of the fourth and fifth grades in Central School, in place of Miss Stretch, who resigned.

A twelve year old daughter of Fred—Friedie—died on Wednesday, of heart failure, following diphtheria. She was past all danger from diphtheria, but contrary to the doctor's orders she was allowed to leave her bed, which aggravated her heart trouble, brought on a convulsion, and death soon followed.

Gain ill gotten never prospers.
The religion of Jesus is unselfish; it enlists a man as a crusader against everything that is unrighteous.

Better trifle with forked lightning, or the deadly pestilence, than with your chances for eternal life.

This world would be studded with angels if each man would act upon the advice he is ready to give to others.

There are strong natures among us who write their names and purposes on the blank pages of weaker lives about them.

"I thank God," says Josh Billings, "that there is one thing that money won't buy, and that is the wag of a dog's tail."

Under the Wilson tariff, people had little to do except to "raise Cain." Under the Dingley tariff they're raising mortgages. May the good work long continue.

The sub-Treasury in New-York has received over 3,500 counterfeit pennies in the last few days. What genius works as cheaply as that? He might employ his brains in a more useful channel.

A Valuable Prescription.
Editor Morrison, of Worthington, Ind. "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and sick headache, and as a general system tonic it has no equal." Mrs. Annie Steble, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices, 50 cts and \$1. Get a bottle, at Croft's drug store.

Yellowstone Park.
The Yellowstone National Park is unquestionably the most interesting region on the globe, for within it is displayed the greatest collection of nature's manifold wonders. Indeed, this mountain-bound plateau, high up on the summit of the everlasting Rockies, is a veritable playground for the world's giant forces. To stand and gaze upon them all in their marvelous manifestations, — the great geyser upheavals, the fierce steam blasts, the terrible leap of the river, and the awful canon, — is a revelation, an experience to be had at no other point on earth.

The personally conducted tour of the Pennsylvania Railroad Company, which leaves New York on Sept. 2nd, affords the most satisfactory means of visiting this wonderland and viewing its marvelous features. Tourists will travel by special train of Pullman smoking, dining sleeping, and observation cars in each direction. Eight days will be spent in the Park. Stops will also be made, returning, at St. Paul and Chicago. The round-trip rate, \$235 from New York, Philadelphia, Baltimore, and Washington, \$230 from Pittsburg, covers every necessary expense.

For detailed itineraries and full information, apply to ticket agents, Tourist Agent, 1190 Broadway, N. Y., or address Geo. W. Boyd, Assistant General Passenger Agent, at Broad Street Station, Philadelphia.

Delightful Vacation Trip.
Visiting Watkins Glen, Niagara Falls, Thousand Islands, Quebec, Montreal, Au Saubie Chasam, Lake Champlain and Lake George, Saratoga, and the Highlands of the Hudson. Leave Philadelphia by a special train, Aug. 17th. The tour will be in charge of one of the Penna. R. R. Company's tourist agents. An experienced chaperon will also accompany the party, having special charge of unaccompanied ladies.

The rate of \$100 from New York City, Brooklyn, Newark, Trenton, Philadelphia, Harrisburg, Baltimore, and Washington, covers railway and boat fare for the entire round trip, parlor car seats, meals en route, hotel entertainment, transfer charges, carriage hire, — in fact, every item of necessary expense.

For detailed itinerary, tickets, or any additional information, address Tourist Agent Penna. R. R. Co., 1190 Broadway, N. Y.; 869 Fulton St., Brooklyn; or Geo. W. Boyd, Asst. Gen. Pass'r Agt., Broad St. Station, Philadelphia.
