## Town Council Meeting.

All members were present but Mr. Tell at their meeting last Wednesday evening.

Property Committee reported repairs of Park walks, purchase of new jail locks, and the framing of service flag in the Post Office.

Voted, that orders for oil, gas, and repairs, be signed by officials of the fire companies.

Chief of Police reported thirty-four arrests for drunkenness and disorderly conduct, nine of them taken to May's Landing in default of fine; three cases discharged; and \$122 received for fines.

Collector reported receipts for taxes, \$2079.56.

Clerk's receipts for licenses, for the month, were \$105.40.

Tony Pinto applied for renewal of his pool-room license, and it was granted.

The Junior Industrial Army, thro' its instructor, Prof. Braman, asked for use of Town Hall on Aug. 24th, for their exhibit. As the hall is used for courts and inquests, Mr. P. was notified that it would not be advisable to occupy the room.

The appropriation ordinance was taken up for final reading, and was adopted.

The traffic, or parking, ordinance was revised and added to, and will come up for hearing and final action in two weeks.

At this point, J. A. Burgan, a member of the committee appointed to investigate the gas situation, was given the floor. He censured the citizens for their lack of interest—stating that the increased cost of gas would amount to seven thousand dollars per year to them. He advised an appeal from the decision of the Public Utility Commission. Council thereupon voted to instruct the Solicitor to serve a writ of certiorari on the Board. The general opinion of Councilmen seemed to be that it might do some good, while the cost of proceedings would not amount to much.

The purchase of suit and revolver for new police officer was objected to, and deferred.

Mr. White called attention to unsanitary condition of the cells. Accordingly, the janitor was instructed to burn up the bedding, and the committee to purchase new material.

Six hundred dollars were voted by resolution, borrowed from the surplus fund, with which to pay bills.

Adjourned at 11.25.

Six letters, written by a local man in France, all of different dates, and directed to the same person, arrived on the early mail yesterday morning.

The new Sanitary and Plumbing Code has been issued in pamphlet form, and can be procured from Wayland DePuy, Secretary of the Board of Health, or at Collector Davis' office.

"Miss Cherryblossom," a musical comedy, will be given on Friday and Saturday evenings, Aug. 30th and 31st, in Union Hall, for the benefit of Red Cross. Admission, thirty cents; reserved seats, forty cents.

## A BOX FROM HOME

Food savings of millions of Americans during our first year of war enabled this govern-  
ment to send enormous food shipments abroad for our fighting forces and the Allied nations.  
Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was  
shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was  
America's "box from home" to our army abroad and the civilians and military forces of the  
Allied nations.
