HEALTH NOTICE.

Friday, 10.00 a. m. Through a justifiable error in diagnosis, a case of paralysis was reported, last Saturday. Happily, the case was an ordinary one of over eating.

At present, two cases of diphtheria and four of typhoid are under quarantine. The churches and the movies are again open—to ADULTS ONLY. In order to safeguard our people, our Health Officer visited the Camden Municipal Hospital and examined ten cases of infantile paralysis in various forms of development.

Typhoid seems to menace our people most, and we advise absolute cleanliness of person, food, and surroundings.

Make a hole in all cans before discarding them. If you should have headache, that tired feeling, nose bleed, pain over bowels, and fever, look out for typhoid, and send for your doctor. If it is absolutely necessary to take your children on journeys or joy-rides, our Inspector will issue a certificate of health. Office open from 7 a.m. to 6 p. m. Order of

BOARD OF HEALTH.

Mrs. C. F. Crowell's house is being repainted.

Wilsonites and Hughesites will battle this afternoon, on the diamond at the Park, at four o'clock, provided they have recovered from their recent attack of "Charley horse."

The fire bell sounded at 10.15 Tuesday morning. A shed in the rear of one Berenato's house, out Thirteenth Street, was burning. Prompt use of a garden hose had extinguished the flames before the apparatus arrived.

Geo. Feldsman, for several years employed by Robt. Steel, popular among the young people, an excellent workman, has resigned, and is now in the watch repairing department at Wanamaker's.

Rev. A. W. Anderson, pleasantly remembered here, is now pastor in Bristol, Pa. Since the family removed thither, their four-year-old daughter, Dorothy, sickened and died. They have the sympathy of many friends here.

There will be an auto-truck ride on Labor Day, to Atlantic City, where the party will spend the day. Seventy cents will pay for round trip. If you would like to take it in, see Edw. Johnson right quick, before the list is full.

On Sunday afternoon, 6th inst., Antonio Macri narrowly missed drowning in the Lake, his rescue being made by Thomas Vernier, after he had gone down the third time. Those who saw it say that it was the quickest rescue they ever witnessed.

Dr. Arthur G. Lewis is negotiating for the construction of an up-to-date roller skating rink and public hall on his Egg Harbor Road property. Among the attractive features of the enterprise will be the installation of a mechanical band orchestra, which will cost over five thousand dollars.

W. S. Turner has a fine dog with a fully developed sweet-tooth. One has but to put a nickel in an envelope, and he will take it in his mouth, cross the street to the drug store, open the door, and wait for an ice cream cone to be handed to him. Going outside, he will lie down and eat it,—apparently with as much pleasure as any child.

REVEREND REPUBLICAN: Your stand in re the wrong of Sunday base ball playing is commendable. The fact that the law calls for a penalty for such playing should be sufficient to deter any right-thinking man from engaging in such sport, even if he has no respect for the day itself. The action of the Camden County Prosecutor, in forcing these players out of his jurisdiction, last Sunday, is highly to his credit. How do our town authorities stand on a continuance of this law-breaking?

SATURDAY, AUGUST 19, 1916

Senator Walter E. Edge, candidate for Governor, has issued a pamphlet which he considers deserving of the title unique among the millions of campaign documents in the political history of New Jersey. He terms it unique because it tells what others think of the candidate, instead of what he thinks of himself. It is a large eight-page pamphlet bearing the title: "A Boost from every County in the State—Not Press Agency Inspirations, but the Unbiased Views of New Jersey Editors." It contains seventy-nine different editorials appearing in newspapers of this state, New York, and Philadelphia, all complimentary of the Senator's gubernatorial candidacy. Newspapers in each of the twenty-one counties of this state are quoted in this editorial comment. Editorials are reprinted verbatim from thirty-seven New Jersey newspapers, two Philadelphia newspapers, and one New York magazine.

After announcing that the churches would be open on Sunday last, a case of infantile paralysis was reported to the Board of Health by Dr. McVaine, and permission to hold services was rescinded. This being the first case in Hammonton, Dr. O'Neil, an official of the department in Philadelphia, came on Sunday morning, examined the child, and definitely announced that he was not suffering from the dread scourge, but with an aggravated form of bowel trouble, caused by eating freely of uric acid fruits. The patient is a two-year-old child of Italian parents who recently came here from New York. Dr. Ivaine's prompt report and the Board's action were commended in the interest of safety. We understand that quarantine cards are still up, and the doctor in charge adheres to his opinion that it is a genuine case of paralysis, having proven it to his satisfaction by all scientific tests.

Several of us were watching the carelessness with which drivers and pedestrians used Bellevue Avenue, last Saturday afternoon. Not all the citizens are used to automobiles, though they do drive recklessly; some of our own citizens among them; but men, women and children persist in traveling between crossings, without looking either way. Several narrow escapes were averted, one of them a prominent citizen; another was a lady, who, to save herself and baby, shoved the coach ahead then jumped backward, just escaping a speeding motor cycle. Just keep in your mind the familiar warning,—"Stop! Look! Listen!"

Primary Election, this year, comes on Tuesday, September 28th. On the second Tuesday, Sept. 12th, the several Boards of Registration will begin their canvass of the Town. The new election law, under which we are now working, referring to municipalities having less than ten thousand population, is similar to that before the German act took effect. There will be three ballot-boxes this year,—Republican, Democratic, and Prohibitionist.

That Sunday ball game did not materialize. Camden County officials got busy, and would not allow them to play on their side of the line; and on this side, our local officials were determined that there should be no law-breaking within the Town's limits,—with the above very satisfactory result. Boys,—remember, that to be a true American one must comply with its laws. The STRAIGHT road is the best.

The proposition of the Delaware & Atlantic Telephone Company, to lay their trunk line underground, will come up for public hearing on next Wednesday evening. So far, we have heard of no objections, excepting the excavating of the short stretch on Bellevue Avenue.

What do they mean, and who are they? Signs were up, yesterday, advertising a game with Folsch tomorrow. Get on the job, officers!

Thomas Verrier is again deserving of a Carnegie medal, for a recent rescue, at the Lake.

The Hammonton Paint
 Is the very best paint ever used in
 Hammonton.
 There are scores of buildings in
 town covered with this paint,
 which look well after eight or
 ten years of wear.
 The Hammonton Paint is sold for
 less than other first-class paint.
 It has no equal, as it works well,
 covers well, and wears well.
 Sold by **JOSEPH I. TAYLOR**

Hammonton's War Relief Work.
 The need in Europe is greater
 than ever. The continuous and
 terrific fighting around Verdun and
 the Somme means thousands of
 wounded men daily. What are
 we, in Hammonton, going to do
 about it? How many of these
 men are we going to save? How
 many are we going to let die?
 Men are dying daily because the
 hospitals are not fully supplied
 with sanitary appliances. We can-
 not close our eyes to the need, and
 say it is Europe's affair, and not
 ours. It is our affair. The most
 terrible suffering the world has
 ever known is being endured now.
 We are well and strong, and able
 to help our brothers in Europe.
 Let us be Good Samaritans, true
 neighbors to those who are suffer-
 ing. Let us enable some mother
 to see her son back home from
 war, cured by the treatment we
 helped to give.
 There is much we can do. We
 can help with our money. Any
 contribution, from five cents up,
 will be welcomed. Let us give
 what we can, even if we must sac-
 rifice. Remember, we can save
 human lives and lessen human
 suffering. Let us ask ourselves if
 there is not something we can get
 along without buying, and give its
 value in money. The Red Cross
 Association and War Relief De-
 partment here are continually han-
 dicapped by lack of funds.
 Many of us can help with our
 time. The Relief Department of
 the Needlework Guild meets every
 week, and never has had as many
 workers as it needs. If we cannot
 go every week, let us be there just
 as often as we possibly can.
 Let us organize ourselves into a
 community of workers, each one
 aiding in the way he or she best
 can. Rich and poor alike, chil-
 dren as well as grown people, all
 can help. Do not let it be said of
 us, "I was a stranger and ye took
 me not in; naked, and ye clothed
 me not; sick and in prison, and
 ye visited me not."
 Contributions of old linen, how-
 ever thin and worn, old discarded
 sheets, pillow slips and worn gar-
 ments, old bedspreads, etc., can all
 be used, and will all be gratefully
 received.

THE - ONE - STORE
 Quality Satisfaction Price
 Not "How low priced?" but "How good a brand of Paint?"
 shall I buy for the painting? The only answer can be
Atlas Paint, manufactured by Geo. T. Wetherill.
 Paint is the only insurance to be had on lumber; why use a
 cheap brand of Paint? It will cost you as much for labor.
