THE FLAG.

'Tis the flag of America. It floats o'er the
brave.
The fairest unfurled on the land or the wave.
Though brightest in story and matchless in
deed,
The herald of mercy as well as of might.
'Tis the cause of the wronged that it ever
pleads first;
'Tis the tyrant it would humble, and fetters
't would burst;
'Tis justice its war-cry, that faithless is he
Who'd scruple to rally 'neath the Flag of the
Free.

To succor the oppressed this banner we send,
'Tis the emblem of all we've sworn to defend,
'Tis freedom with loyalty and honor en-
twined,
'Tis the cause of our Nation; of God and
mankind.

To a down-trodden people of whatever name
Humanity and progress it shall proclaim.
Its Stars with the Stripes we will ever sustain
And "Old Glory" we'll love while time shall
remain.

THE WAR IS ENDED.

As we stated last week, M. Gambon,
French Ambassador approved the pro-
tocol prepared by the U. S. authorities,
and transmitted it to Spain for official
acceptance. This was accomplished in
a surprisingly short space of time for
Spaniards. Remember, Spanish officials
prepared the document; clerks trans-
cribed it into cipher, and it was sent to
the Spanish Minister in Paris; he re-
wrote, and then translated it into
French; French authorities put it into
cipher and cabled it to M. Gambon, in
Washington, he rewrote, and translated
it into English. Thus, it was afternoon,
on Friday, that the precious document
was ready for use. About 4:30, Friday
afternoon the protocol, written in
Spanish and English, was signed by
Secretary of State Day and M. Gambon.

This protocol provides,—

1. That Spain will relinquish all claim
of sovereignty over and title to Cuba.
2. That Porto Rico and other Spanish
Islands in the West Indies, and an
island in the Ladrone, to be selected
by the United States, shall be ceded to
the latter.

3. That the United States will occupy
and hold the city, bay and harbor of
Manila, pending the conclusion of a
treaty of peace which shall determine
the control, disposition and govern-
ment of the Philippines.

4. That Cuba, Porto Rico and other
Spanish Islands in the West Indies shall
be immediately evacuated, and that
commissioners to be appointed within
ten days, shall within thirty days from
the signing of the protocol meet at
Havana and San Juan, respectively, to
arrange and execute the details of the
evacuation.

5. That the United States and Spain
will each appoint not more than five
commissioners to negotiate a treaty of
peace. The commissioners are to meet
at Paris not later than the 1st of
October.

6. On the signing of the protocol
hostilities will be suspended and notice
to that effect will be given as soon as
possible by each government to the
commanders of its military and naval
forces.

Orders were at once dispatched to all
our commanders in army and navy, to
discontinue all hostile movements. Our
blockading squadrons were ordered to
discontinue their weary watch, and
most of the vessels were instructed to
return to home ports, awaiting orders.

MANILA SURRENDERS.

The Philippines are too far away to be
reached in one day. Orders were cabled
to Hong Kong, and a British ship then
in port was chartered and steamed
away to carry the news to Dewey
and Merritt; but now we know that on
Saturday our combined forces on sea
and land bombarded and stormed the
Spanish stronghold, and now "Old
Glory" is waving over Manila. Captain
General Augustin Roda, and was last
heard of in Hong Kong. "On his way
to Madrid." This weakens Spain's
case before the peace commissioners, as
she was defeated, and we hold the
islands by right.

No more hard fighting; but more
serious problems of government of our
new colonies will tax the brain of our
statesmen, and many troops will be
needed to preserve peace during the
reconstruction.

Fears have been expressed that the In-
surgents in Cuba would refuse to respect
the armistice between the United States

and Spain pending the framing and rat-
ifying of the peace treaty.

The Cuban Junta in this country,
however, have assured the adminis-
tration that they will do all in their power
to induce Garcia and Gomez to stop
fighting the Spanish troops, and it
seems probable that the so-called "Pro-
visional Government of the Cuban Re-
public" will order a cessation of hostili-
ties. Whether the ragged freebooters
in the jungles will respect the mandate
remains to be seen.

If the better portion of the native
Cuban population has any influence
over them, now is the time to exert it
in favor of peace and order. The
American people were rightly disgusted
with Garcia's childish tactics in with-
drawing his troops from co-operation
with Shafter after the insurgents had
loaded themselves with provisions and
equipments, discarded by our troops
around Santiago.

This country is in no mood to stand
any more nonsense from Garcia, or
from Gomez, who seems to have
remained entirely quiescent in the
western part of the island, while
American lives were being sacrificed
for Cuban freedom.

Kindness is the sun of life, the charm
to captivate, and the sword with which
to conquer.

Republican Ticket

For Congressman,
Hon. John J. Gardner
Of Atlantic City.

We heartily approve of the re-nomination of Hon. John J. Gardner for Representative in Congress. While less noisy than some of his fellow-members, his services have been characterized by good business sense, which counts far more than mere words. It requires several terms in Congress before a man becomes known, and learns the many intricate methods of procedure necessary to secure what his constituents want. Hence, the longer a worthy man serves, the more useful he becomes and the greater his influence. History proves this, as in the case of Hon. Thos. Reed and others. We look for Mr. Gardner's re-election by an increased majority.

The termination of the war has made an important change in President McKinley's cabinet. Secretary of State Day has succeeded his predecessor after a tenure that has been as honorable to himself as it was honorable to the country. His place will be taken by Hon. John Hay, now our Ambassador at the British Court, an appointment that is a pledge of able service in the American premiership.

The President appointed the following commissioners to arrange the details for the Spanish evacuation of Cuba and Porto Rico: Cuba, Gen. Jas. F. Wade, Admiral Wm. T. Sampson, and Gen. Matthew C. Butler; for Porto Rico, Gen. John B. Brooke, Admiral Winslow S. Schley, and Gen. Wm. W. Gordon. These commissioners will proceed to Havana and San Juan, respectively, where they will meet a like number of Spanish representatives. No trouble in reaching an agreement is apprehended.

If the Republican newspapers of the state correctly gauge the sentiment of the party, Mr. Voorhees is by long odds the most popular man for the gubernatorial nomination. Things seem to be going his way without any special effort on his part. In fact, the indications point to his nomination on first ballot, by acclamation.

Every American vessel in the Manila light was built in American ship-yards, by American workmen, of American materials. Every gun was American built, with an American at the butt-end of it during the engagement.

All the resolves of Democratic chieftains cannot keep national issues out of the New Jersey campaign this year, nor any other year, for that matter, when such issues have a place in the campaign.

Captain-General Blanco has sent in his resignation. He says he does not wish to superintend the evacuation of Cuba. But the home government has refused to release him, poor Blanco!

The sound-money Democrats and the free silver Bryanites in New Jersey are planning to checkmate each other in state convention. The question involves the retelling or retention of the leadership.

The Spanish statesman asks who will decide if the Spanish and American commissioners disagree about the Philippines. That's an easy one, — Dewey and Merritt, of course.

Many seem to be thrown away upon the average politician—the official as well as the actual.

During four days in July the stereo types of Chicago struck, and no daily papers were issued. During that period the volume of business among the advertising stores fell off one half as a direct result of having no newspaper medium of communication with their customers.

One hundred thousand watermelons were received in the Philadelphia markets on Monday.

Planters say that oysters will be of fine quality this season.

Days, if ever in doubt as to the propriety of a questionable action, give yourself the benefit of the doubt and let the thing alone. Nine times out of ten you will be benefited by such a decision, and the tenth time you won't be sorry.

A kind heart is a fountain of gladness, making everything in its vicinity freshen into smiles.

All the resolves of Democratic chieftains cannot keep national issues out of the New Jersey campaign this year, nor any other year, for that matter, when such issues have a place in the campaign.

Captain-General Blanco has sent in his resignation. He says he does not wish to superintend the evacuation of Cuba. But the home government has refused to release him, poor Blanco!

The sound-money Democrats and the free silver Bryanites in New Jersey are planning to checkmate each other in state convention. The question involves the retelling or retention of the leadership.

Republican Ticket

For Congressman,
Hon. John J. Gardner
Of Atlantic City.

We heartily approve of the re-nomination of Hon. John J. Gardner for Representative in Congress. While less noisy than some of his fellow-members, his services have been characterized by good business sense, which counts far more than mere words. It requires several terms in Congress before a man becomes known, and learns the many intricate methods of procedure necessary to secure what his constituents want. Hence, the longer a worthy man serves, the more useful he becomes and the greater his influence. History proves this, as in the case of Hon. Thos. Reed and others. We look for Mr. Gardner's re-election by an increased majority.

The termination of the war has made an important change in President McKinley's cabinet. Secretary of State Day has succeeded his predecessor after a tenure that has been as honorable to himself as it was honorable to the country. His place will be taken by Hon. John Hay, now our Ambassador at the British Court, an appointment that is a pledge of able service in the American premiership.

The President appointed the following commissioners to arrange the details for the Spanish evacuation of Cuba and Porto Rico: Cuba, Gen. Jas. F. Wade, Admiral Wm. T. Sampson, and Gen. Matthew C. Butler; for Porto Rico, Gen. John B. Brooke, Admiral Winslow S. Schley, and Gen. Wm. W. Gordon. These commissioners will proceed to Havana and San Juan, respectively, where they will meet a like number of Spanish representatives. No trouble in reaching an agreement is apprehended.

If the Republican newspapers of the state correctly gauge the sentiment of the party, Mr. Voorhees is by long odds the most popular man for the gubernatorial nomination. Things seem to be going his way without any special effort on his part. In fact, the indications point to his nomination on first ballot, by acclamation.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Crowell's Drug Store. Regular size 50 c. and \$1. Every bottle guaranteed.

Yellowstone Park and the Omaha Exposition.

The Yellowstone National Park is unquestionably one of the most interesting regions on the globe, for within it is displayed the greatest collection of nature's manifold wonders. Indeed, this mountain-bound plateau, high up on the summit of the everlasting Rockies, is a veritable playground for the world's giant forces. The personally conducted tour of the Penna. R. R. Co., which leaves New York on Sept. 1, affords the most satisfactory means of visiting this wonderful land and viewing its marvelous features. A stop of two days will be made on the return trip at Omaha, affording an opportunity to visit the Trans-Mississippi Exposition. Tourists will travel by special train of Pullman smoking, dining, sleeping, and observation cars in each direction. Eight days will be spent in the Park. A stop will also be made returning at Chicago. The round-trip rate, \$235 from New York, Philadelphia, Baltimore, and Washington, \$230 from Pittsburgh, covers all necessary expenses. For detailed itineraries and full information apply to ticket agents, Tourist Agent, 1186 Broadway, New York, or address Geo. W. Boyd, Assistant Gen. Passenger Agent, Broad Street Station, Philadelphia.

An experienced chaplain will also accompany the party, having special charge of unassorted ladies.

The rate of \$100 from New York and Brooklyn, Newark, Trenton, Philadelphia, Harrisburg, Baltimore, and Washington, covers railway and boat fare for entire round trip, parlor-car seats, meals en route, hotel entertainment, all transfer charges, carriage hire,—in fact, every item of necessary expense.
