The Tumble in Prices which took effect in our Clothing and Shoe Departments will enable you to buy good honest, reliable merchandise at cost and less than cost of manufacture.

Many thousands of dollars' worth of goods must be removed from our store, to make room for the new goods which are beginning to arrive.

We gladly take a loss on many lots of merchandise, and ask you to take advantage of it:

Prices are not exaggerated. Every article that has been reduced has its former low price on, and so you can compare and see if your investment is bringing you a good dividend.

The first thought presented in thes

verses is that we need the strength which the grace of Christ alone can supply to fit us for the faithful per formance of our duty, and that if we vant that strength we must appro printe it for ourselves. "He strength ned in the grace that is in Chris Jesus," Paul says. The grace is it Christ in abundance and it—car qualify, us for any service to which God calls us and fit its to meet every our, needs, but we must lay hold o appropriate it, by our own act. It is an act of faith. Jesus said, "Ask and ye shall receive," but at another time He qualified that promise, saying, "Whatsoever ye shall -believing, yo shall re-(Matt. 21:22.) And James Paul knew by experience that

Town Council Meeting.

A special session was beld on Tuesday evening, Aug. 17th. Mr. White was absent-sick.

The matter of appropriations for 1911 was the chief topic, and Council voted to recommend the following;

Town Purposes, Highways. Street Lights, 4100 1500 Poor, 900 Fire Park, Memorial Day -- 60 200 Board of Health, Drainage,

\$16500

[The total appropriations for 1910 were \$15,700.7

The item of street lights caused much discussion. The electric company proposed to replace all the gas lights with electricity, and have the street lights barn all night; but this would require an appropriation of about \$5000, and a ten year contract, which was opposed. Messre. Baker, Coggey and Dilger voted for \$5000, leaving the contract question for a public meeting to decide. Mesera. Austin, Dilger, Rogers and Wood voted for \$4100.

Cierk was instructed to call a public meeting for Monday evening, August 22ad, in Town Hall.

By vote, the Rod and Gun Club were ranted use of the Park on Saturday, 77th inst., for a clam bake.

Residents on Fifteenth Street asked for improvements to their roadway, said to be impassable in places. Referred.

By resolution, Mr. Bernehouse was authorized to make surveys for exteneion of Peach and Packard Streets and Wyman Avenue.

Committee reported finding no ground for a bath-house at the foot of the Lake. and recommended that the Town lease the basement of Drake's will, which contains two large rooms, for twentylive dollars per year, and expend about twenty-five dollars in repairs. This was referred to Property Committee, with power to lease for five years. Adjourned at 10.88.
