## TUTT'S PILLS

TORPID BOWELS,  
DISORDERED LIVER,  
and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels constipated, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eruption of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, Richly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through the skin, and clearing the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect

ANTIDOTE TO MALARIA.

HE FEELS LIKE A NEW MAN.  
"I have had Dyspepsia, with Constipation, two years, and have tried ten different kinds of pills, and TUTT'S are the first that have done me any good. They have cleaned me out nicely. My appetite is splendid, food digests readily, and I now have natural passages. I feel like a new man." W. D. EDWARDS, Palmyra, N. Y. Sold every where, 25c. Office, 44 Murray St., N. Y.

The Centennial Committee of the M. W. Grand Lodge of New Jersey met in Jersey City a few days ago. The program for the centennial celebration, as outlined at present, contemplates a meeting at the Opera House in Trenton on the afternoon of January 25th, 1887, when a historical sketch of Masonry in New Jersey will be read by Past Grand Master Henry R. Cannon, the historian, and an oration by Past Grand Master Hamilton Wallis, interspersed with appropriate music. In the evening of the same day a banquet is to be given at Masonic Hall, for the entertainment of invited guests. Various sub-committees were appointed, and the committee appeared to be determined to make the centennial anniversary a complete success.

The other day 111 Trade dollars were sent to the Mint, for which the owners were paid by the Government \$78.29 in Bland dollars. That is, they were redeemed at the rate of 70 1/2 per cent. And yet there was more silver and more intrinsic value in the Trade dollars than in the Bland dollars for which they were sacrificed at 30 per cent discount. This incident illustrates the grave injustice involved in the attitude of the Government on this subject. It issued these dollars at a hundred cents; they have been accepted and passed current at a hundred cents; and now it only redeems them at 70 cents. Such a policy of partial repudiation is a disgrace to the Government.

The Treasury Department at Washington issued a warrant for nearly a million dollars in favor of the Postmaster-General to meet deficiencies in the postal revenues in the years 1883, 1884 and 1885.

China is reported to be preparing for war with Russia.

A great many American citizens are still marveling at the extraordinary statesmanship by which this Administration has vetoed \$25,000 worth of pensions, increased the appropriations \$54,000,000 and still balances on the tight-rope clad as the apostle of reform.

"All But," is the title of a new novel. The hero is not, as some might infer, a William goat.

Boycotters may fully realize the character of their work in the history of the case of suicide in Chicago. Driven frantic by the loss of trade resulting from a "boycott" placed upon a baker in consequence of his endeavor to make his men pay for a large lot of bread which was spoiled by their carelessness, the baker has committed suicide, leaving a wife and large family to fight out the battle of life alone. In his right mind there could not be much sympathy for the method employed to shake off this reverse, especially considering the result; but the responsibility for this crime cannot be misplaced.

In some parts of the State, Prohibitionists are distributing to Sabbath congregations circulars beginning thus: "Are you a voter then vote for Clinton B. Fisk." If Goy. Fisk is the truly good man that he is represented to be, he will stop this wicked business at once.

The trouble with Vermont, according to the St. Albans Messenger, is an over-abundance of liquor laws and no public sentiment strong enough to enforce them. A temperance revival is called for.

The Knights Templar will meet in conclave at St. Louis next month. It is expected that 30,000 Knights will be present, and fully 100,000 persons will participate in the demonstration.

Senator J. C. Youngblood, of Morris county, says; "I am not a candidate for renomination and will not under any circumstances accept a renomination. I am grateful beyond expression, for the support which I have received from my friends throughout the county in the past, and sincerely hope that I have not disappointed them."

An American missionary residing in Mexico has written to Pittsburgh saying that he thinks Mexicans want war and annexation to the United States.

## DYSPEPSIA

Is a dangerous as well as distressing complaint. If neglected, it tends, by impairing nutrition, and depressing the tone of the system, to prepare the way for Rapid Decline.

Quickly and completely cures Dyspepsia in all its forms, Heartburn, Bloating, Trailing the Food, etc. It enriches and purifies the blood, stimulates the appetite, and aids the assimilation of food. Rev. J. C. Rosser, the honored pastor of the First Reformed Church, Baltimore, Md., says: "Having used Brown's Iron Bitters for Dyspepsia and Indigestion I take great pleasure in recommending it highly. Also consider it a valuable tonic and invigorant and very strengthening." Hon. Joseph C. Kerr, Judge of Circuit Court, Clinton Co., N. Y., has the most careful testimony to the efficacy of Brown's Iron Bitters for Dyspepsia, and as a tonic. It is the only medicine known to have Trade Mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, Md.

## FACTS vs. PREJUDICE

Prejudice is hard to combat. It cannot be overcome in a day. More than likely it wasn't formed hastily. Indeed it may have been gradually strengthening its hold for years. For instance, some folks believe Rheumatism cannot be cured. Their fathers believed so before them. So did their grandfathers.

Now, RHEUMATISM CAN BE CURED, notwithstanding this prejudice, but the trouble is to make people think so. The only way we know to meet popular unbelief is to state the PLAIN FACTS, and then present the POSITIVE PROOFS that they are facts. It is a fact that the RUSSIAN RHEUMATISM CURE not only relieves but banishes Rheumatic Pain. There is positive proof of it too. It comes from those who have suffered untold agony with Rheumatism and have been completely cured by this remedy. All who have tried it have had this experience. Some of them permit us to print their testimony. It makes quite a little book, which we send free to any who are interested enough to ask for it.

A complete Russian Rheumatism Cure, costs \$2.50. If mailed, 10c. additional. If registered, 10c. more. You'll never need but one, so the price isn't high. Who wouldn't give \$2.50 to get rid of Rheumatism? As yet it cannot be found at the stores, but can be had only by enclosing the amount as above, and addressing the American Proprietors,

PFELZER BROS. & CO.,  
810 & 821 Market St., Philadelphia.

## COAL. COAL

All wanting the best quality of Lehigh Coal can find it at Scullin's coal yard on Egg Harbor road, near Bernshouse's steam mill. Coal will all be dumped from the cars into the yard, and will be sold in five ton lots at the same rate as car-load lots from other yards. Having a good plank floor to shovel from, instead of the inconvenience of shoveling from the cars, is really worth ten cents a ton to every purchaser.

All coal will be sold strictly for cash on delivery.

Office at Anderson's feed store.

**The Republican.**  
(Entered as second class matter.)  
HAMMONTON, ATLANTIC CO., N. J.  
SATURDAY, AUGUST 21, 1886.

The Prohibitionists held their county  
convention at Pleasantville on Friday  
last. We are told that about twenty  
delegates were present. W. R. Tilton  
was chairman; J. E. Steelman, Sec'y.  
Appropriate resolutions were passed,  
addresses made by several delegates, and  
a full county ticket nominated, as follows:

For State Senator, David L. Potter,  
of Hammonton. A good nomination.  
Mr. Potter has lived here for twenty  
years, and is known to all as an honest,  
upright man. Being engaged in fruit  
culture, he has made it profitable, and  
has now a home and farm that ought to  
make a man contented. He has always  
been active in temperance work, and  
was among the first to leave the Republi-  
can party to organize for Prohibition.  
He has been a delegate to about every  
convention, and helped to nominate St.  
John for President. Atlantic County  
would be honored by his election.  
Assembly.—Dr. Job B. Somers, of  
Liauwod. We don't know him, but  
have heard that he was once a Republi-  
can, later a Greenbacker, now a Prohibi-  
tionist. The good book speaks of a  
similar case on this wise: "Unstable as  
water, thou wilt not excel."  
Corner.—Asbury Chester, as usual.

The New York Sun gives President  
Cleveland a hard rap for signing the  
bill for making stupendously large ap-  
propriations for Rivers and Harbors.  
It compares the President's action with  
that of previous Presidents, such to the  
prejudice of Mr. Cleveland. It says:  
"The River and Harbor bill, over which  
the President shook his head and to  
which he then proceeded to attach his  
signature, appropriates \$14,473,000—an  
amount on a rough estimate, about one  
thousand times greater than the saving  
effected by all of them. General Grant  
vetoes taken together and harbor bill half  
so big as this. Hayes signed none that  
came within 5,000,000 of it. Mr. Ar-  
thur signed none that approached it in  
magnitude. In the whole history of  
river and harbor legislation the efforts  
of the log rollers never but once achieved  
a job surpassing that of the present year  
in the aggregate of the appropriation, or  
in the shameless character of many of  
the items. That was four years ago;  
and when the bill went to Mr. Arthur  
he took a stub pen and wrote across the  
face of it, in bold black letters: "Veto;  
I forbid." And that is just what Mr.  
Grover Cleveland has not done.

Democratic conventions this year are  
a great deal fuller of grief over their  
distinguished dead ex-candidates who  
were never elected, than they are of joy  
over the one live distinguished candi-  
date they did elect.

The President has finally taken to  
the woods. Congress drove him to it.  
The Pennsylvania Democratic State  
convention have nominated Chauncey  
F. Black for Governor.

General Drum thinks it would require  
a far greater force to whip Mexico than  
it did in the last war.

Mrs. Elizabeth Cady Stanton says:  
"If from no higher motive than the pre-  
servation of beauty I say to all girls in  
society, sleep!"

A Brooklyn stableman, working for  
\$12 a week, finds that he is heir to  
\$500,000 worth of real estate in New  
York City. He has retained two law-  
yers and hopes to get enough out of the  
\$500,000 to enable him to go on a va-  
cation.

No, it is not hard to write funny pa-  
graphs; all you have to do is to procure  
a pen, some paper and ink, and then sit  
down and write them as they occur to  
you. It is not the writing but the  
occuring that is hard.

That beer wagon still makes its  
business trips to Hammonton, to the  
delight of a few and the disgust of the  
many.

Mr. D. L. Potter and family are  
in central Pennsylvania, where they  
will spend a couple of weeks among  
relatives.

Last Monday we saw a bill and  
check received by Dr. Wm. B. Potter,  
from a commission merchant in Phila-  
delphia, for ten barrels of his apples, sold  
for four dollars per barrel.

Dr. Bieling, the Homeopathic  
Physician, has located permanently in  
Hammonton, and is ready to attend all  
calls, in the town or at a distance.  
Chronic cases a specialty.

The Baptist Sunday School have  
arranged for a picnic in the grove on  
the lake, at Old Hammonton, next  
Wednesday, August 25th, and invite  
all their friends to attend. Bring full  
baskets—big ones.

Harry C. Jewett made us a  
pleasant call, last Saturday. While  
retaining his position as county reporter  
of the West Jersey Press, he is also  
political reporter on the North American  
staff, Philadelphia.

Owing to the absence of the pas-  
tor, there will be no preaching in the  
Universalist Church to-morrow. The  
Sunday School will meet at the usual  
hour. Regular preaching service on  
the following Sunday, Aug. 29th.

Mr. Bernhouse has a contract  
to build the Roman Catholic Church.  
The walls and gables are to be of native  
stone, trimmings of Kentucky blue stone  
and brick; roof, a graceful gothic arch.  
Work will be begun at once.

Mr. B. has also a contract to build a  
parsonage at Gibbsboro.

We are requested by interested  
parties to state that that cup-over on  
Sunday, the 8th, was not caused by  
racing. The young men in the wagon  
were a trifle... well, excited, and  
were shouting as they endeavored to  
pass the carriage which they had just  
overtaken, but failed to gain control  
of their horse. The occupants of the  
carriage had nothing to do with the re-  
sulting mishap.

We wish that some man well  
versed in the law would tell us whether  
it is or is not the duty of some man or  
men to administer the laws in Ham-  
monton? Does their execution depend  
entirely upon the entering of complaint  
by some individual? For instance, a  
town ordinance absolutely forbids the  
sale of liquor—including wine and beer.  
Is it not the duty of some town officer  
to see to it that this ordinance is en-  
forced? Is it not some person's duty to  
investigate any suspicious circumstance  
and prefer charges where he finds viola-  
tion? If not, our laws are defective,  
for "what is everybody's business is  
nobody's business," and violators of  
the law go unpunished. It is a delicate  
matter for a man to charge his neighbor  
with a crime, and he is very reluctant  
to do so unless he has suffered thereby.  
If made some man's duty, he would feel  
the responsibility, and our town offend-  
ers would not be so nearly a dead  
letter as they are to-day.

We read of a certain man who  
went down to Jerico and fell among  
thieves. Last Tuesday, a well-dressed,  
gentlemanly appearing young man, per-  
haps twenty years old, boarded the C. &  
A. express for Atlantic City. He had a  
full purse, also a nearly full bottle (the  
balance was in his system somewhere),  
a handsome breach-loading gun, and two  
revolvers. With him were two  
apparently intimate friends, who kept  
plying him with liquor until he became  
reckless, displayed his money, and finally  
flourished his revolver and fired it at  
random, frightening the passengers.  
The conductor then requested Constable  
Scull to arrest him, which he did, and  
brought him before Justice Atkinson on  
a charge of drunkenness and disorderly  
conduct. He was fined two dollars and  
costs. Of over one hundred dollars said  
to be in his purse, but twenty-four re-  
mained when the conductor rescued it  
from one of his companions, who were  
not acquaintances but evidently sharp-  
ers who gained what they wanted—his  
money. Another argument against the  
use of intoxicants. He was evidently  
one of those fellows who "think when  
they want it, can use it or let it alone"  
—but seldom do the latter.

G. A. R. Post meeting to-night.  
Rev. Mr. Underhill was in town  
this week.  
Council meeting next Saturday  
evening, regular.

Mr. James W. DePuy and wife  
have returned from Virginia.  
Our first tomatoes this season were  
brought in by Mr. George Johnson, this  
week.

Mr. and Mrs. D. C. Potter, of  
Sudley's Landing, visited their daughters,  
in Hammonton, this week.

A struck jury is to be summoned,  
next month, to try the case of the Water  
Company vs. Atlantic City.

Dr. J. M. Peebles is to deliver a  
course of lectures in Phoenixville, Norris-  
town, and several neighboring Pennsylv-  
ania towns.

Mrs. C. R. Ellis (a sister of Miss  
Josie Fish) with her two children and  
Mrs. Thion, all of Newark, are visiting  
in Hammonton.

As we go to press, Rev. M. DePuy  
is still living; but each day finds him  
weaker than the day preceding. The end  
seems very near.

Dr. Waas' dental office will be  
closed for a week, beginning Saturday  
next, 28th. The doctor and family will  
recreate at Atlantic City.

quire his attention, and he feels compelled

convenient and comfortable home.

List of unclaimed letters remaining  
in the Post Office at Hammonton, N. J.,  
Saturday, Aug. 21st, 1886:  
Wm. Adams, Rudolph Denzler,  
Mrs. Emmeline Cook, Willie E. Lieber,  
W. Mattier.

Donato del Galicia, D. Alonzo Faciano,  
Federico Gadante, Eudal Giacinto.  
Persons calling for any of the above  
letters will please state that it has been  
advertised.

**\$100 Reward.**  
The Poultry Association of Hammonton  
offer the amount named above for the de-  
tection and conviction of the thief or  
thieves who robbed the poultry yards of  
M. DePuy and Miss Molinieux on Tues-  
day and Wednesday nights, Aug. 17th  
and 18th, or who shall commit similar  
depredation on the property of any  
member of the Association.

Mr. and Mrs. A. J. King reached  
home on Friday evening last, after a very  
enjoyable trip. The Saturday Sun  
of the 6th says: "We have visited their  
cousin, Dr. G. W. King, and other friends  
in this place, where the groom was born  
and lived many years. Both enjoyed the  
beautiful landscape presented, and inter-  
esting geological specimens found on the  
school-house hill, where Mr. K. attended  
school over fifty years ago. He read in  
the rocks what he could not read when a  
boy, and his memory had an agreeable  
exercise."

Stop thief! Midnight marauders  
visited Rev. M. DePuy's poultry yards on  
Tuesday night, passed by several coops,  
and helped themselves to choice Plymouth  
Rock fowls. On Wednesday night they  
called on Misses Williams and Molinieux,  
—or rather, they didn't call, but desper-  
ately entered the yard, opened a brooder,  
helped themselves to the choicest pullets  
therein, fasten the brooder, and left.

By request, the President of the Poultry  
Association called a special meeting on  
Thursday evening, to formulate some  
plan for mutual protection. The meeting  
was enthusiastic. A reward of \$100 was  
offered for the thieves, and a resolution  
passed that each member provide him-  
self with proper instruments for the adminis-  
tration of cold lead in regulations does,  
the same to be used as often as circum-  
stances required.
