**DR. JOHN BULL'S
Smith's Tonic Syrup**
**FOR THE CURE OF
FEVER and ACUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.**

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and venereal affections—the King of Blood Purifiers.

DR. JOHN BULL'S VEGETABLE WORM DESTROYER is prepared in the form of candy drops, attractive to the sight and pleasant to the taste.

MR. EDITOR.—In answer to the card in a late issue of the *Atlantic County Mirror*, Mr. Tudor's supposing that I am inclined to tolerate a nuisance on my property is certainly a mistake. On the contrary, I am in favor of quietness. But my people vary in opinion, and they will do as Mr. Tudor does, enjoy themselves. Their enjoyment consists of singing, laughing, and sociable conversation, which is louder than Americans. I believe that was the case when Mr. Tudor heard the "nuisance," as he called it. But I have rights, and think I know what is right, if I am an adopted citizen. I made inquiries of parties on Pine Road, and no one was disturbed but Mr. Tudor. Probably when he heard that "howling nuisance" he was in the same state as when he came to make the complaint to me, viz: that he did not know what he was doing or saying.

I make this true statement for my benefit, as I don't wish to be misrepresented to the public.

PASQUALE RANERE.

Governor Murray, of Utah, telegraphed to the Interior Department that the Ute Indians are on the warpath in Colorado and Utah, and asks that troops be sent to protect the whites.

Commissioner Price, of the Indian Office, has tendered his resignation, to take effect as soon as his successor can be appointed.

Beginning Wednesday next all European steamers will land their passengers at the Battery, New York.

Mr. Blaine has begun legal proceedings against the publishers of the *Indianapolis Sentinel* for circulating a slanderous story detrimental to his honor.

Throughout Maine, Democrats say they will either vote Blaine or not vote at all.

Ex-Senator Bruce, who has just finished a tour through Ohio and the South, denies that there is any disaffection among the Republicans in the Buckeye state, and says the Republican party will carry several Southern states.

It is predicted that at least fifty Republicans will occupy seats in the next Congress that are now occupied by Democrats.

The Indian Bureau will send a special agent to the Indian Territory to learn the opinion of a majority of the Kiowa, Wichita and Comanche Indians relative to leasing their lands in the territory to cattle men.

Hearty greetings were given General Logan at every stopping point on his trip through New York.

Irish-Americans are organizing for Blaine in Maryland.

A large portion of Grenada, Miss., was burned out Saturday night, involving a loss of 300,000.

Forty buildings in Greenville, Texas, were destroyed by fire Sunday. The loss is \$360,000.

A number of Accomac, Va., farmers tore up the tracks of the New York, Philadelphia and Norfolk Railroad, wrecking a construction locomotive and fatally injuring the engineer and fire man.

France has invited Germany, Austria and Russia to join her in alliance against England on the Egyptian question.

Rumors were afloat on Tuesday that Cleveland will decline the nomination, and that Tilden will take his place.

Italian laborers are returning to their native land in great numbers, as they are unable to find employment here.

It is asserted that the Democratic plan in Maine is to throw the Republicans off their guard by a lifeless canvass and at the last moment to put enough money in the state to cut down the Republican majority.

Negotiations are still in progress between France and China, but naval officers on leave have been ordered to report at Toulon in anticipation of war.

The number of cholera cases and deaths is steadily increasing again in France and Italy.

Congressman Randolph Tucker, argued at a Democratic mass meeting at Harrisburg that white laboring-men should be contented, because they are worth three times as much as the colored slaves before the war.

A terrible plague of locusts has visited Central Spain. The damage to the crops about Ciudad Real is placed at \$10,000,000.

The British steamer *Cracadaile*, which has cholera on board, will be due at New York in a few days from Santa Lucia, and will be placed in quarantine, the health authorities have been forewarned.

An association of German Veterans in the United States has been formed with objects similar to those of the G. A. R.

Governor Cleveland's letter of acceptance is made public.

Three Abyssinian envoys have arrived in England. Among the gifts which they bring to the Queen are a monkey and an elephant.

It is proposed to have an early meeting of the Emperors of Austria, Russia and Germany.

Mr. Robert Bonner has purchased Maud S. for \$40,000.

The most surprising thing about Cleveland's letter of acceptance is that he accepts.

The Democratic candidate for president appears to think the tariff question is even less than a local question, to be determined in silence.

Solon Chase concluded that it was cowardly for him to keep silent in the present canvass and let people infer that he still belonged to the Greenback party, so he says he wrote the letter declaring it to be his intention to vote for Blaine.

The Press despatches seem to indicate that the people who eat their dinners at noon are solid for Blaine, and, by the way, the people who eat their dinners at noon have made this country and will continue to make its presidents.

The Democrats' still hunt in Maine this year consists in mutilating grave-stones after dark. But it is just like these blundering fellows to run up the price of the things they will stand most in need of.

General Butler's letter may not convince the laboring men that they should vote for Butler, but it will confirm the most of them in their conviction that they should not vote for Cleveland.

The Republican party is the American party, and is going to win for that reason.

At present Ben Butler lacks only two things of being a party—a campaign committee and a brass band.

In western New York, which did so much to help his "boom" for governor, not a leading Republican is on Cleveland's side.

The admiration for Mr. Blaine in his own state is a significant feature of the campaign.

Uncle Sam's wagon looks better in the Republican ruts than it would in the Democratic ditch.

The Republicans, we take it, will attend closely to their knitting, without reference to General Butler.

We protested against Cleveland as an undeserving and dangerous candidate. We meant it then, and we mean it now.

An easy way to convert a Democrat is to send him to Buffalo, the only place in the country where Cleveland is really known.

Carl Schurz is not fully persuaded that the alleged earthquake was not the commotion provoked by his coming out for Cleveland.

Some folks condone Grover Cleveland's offense on the ground that it occurred so long ago. On the same principle, they should by this time have rid themselves of any antipathy they may have felt toward Benedict Arnold and Judas Iscariot.

Warner & Merritt, of Philadelphia, the large fruit importers, have failed, with liabilities stated to be about \$350,000.

Thomas Adonis Hendricks used to call Carl Schurz "a lying Dutchman," but Mr. Schurz, we believe, forgives it on the ground that Mr. Hendricks was color-blind.

Boston is experiencing the effect and cost of a Democratic city government, in an increase of the city debt, a round addition to the expense of municipal administration, and an advance in the local tax rate. The men who have worked this increase in the cost of administering the city government when the cost of everything else is falling, are supporting "Grover Cleveland and reform."

The Department of State will send to the Southern Exhibitions a set of pictures showing the different breeds of cattle in the world. The Department also proposes to issue a publication of the cattle industries of the world, the material for which has been obtained from the reports of the United States consuls.

Jefferson Davis says that he can't see why veterans of the Mexican war who participated in the rebellion should be denied the benefits of the pension act. We didn't suppose he could,—he's one of 'em.

LIFE OF GROVER CLEVELAND
The best and only reliable. By Chauncey F. Black, Lieutenant-Governor of Pennsylvania. Our book will contain facts to be found in no other besides a complete history of the Democratic party, with all its platforms, sketches of the lives of all the Presidents; the women of the White House; protective tariff; revenue reform; electoral vote; home life of the President, and a full life of Thomas A. Hendricks. Ours is the best, most accurate, cheapest, and sells most largely. Send 50 cents for outfit at once.

A CURE FOR GRAVEL.
A Common and Painful Complaint—A Statement you may Confide in.

It seems to have been reserved for Dr. David Kennedy of Rondout, N. Y., to accomplish, through his preparation widely known as KENNEDY'S FAVORITE REMEDY, what others have failed to compass. The subjoined letter will be found of vital interest to sufferers from gravel and to the general public:

ALBANY, March 20, 1884.

Dr. D. Kennedy, Rondout, N. Y.,
Dear Sir:—Let me tell you frankly that I have never been partial to proprietary medicines, as I believe the majority of them to be nothing better than methods of obtaining money from people who are suffering from disease and distress. But your Favorite Remedy I know by happy experience to be a totally different thing. I had been a sufferer from gravel for years, and had resorted to many eminent physicians for relief, but no permanent good came of it. About three years ago your Favorite Remedy was recommended to me. I can give you the result in a sentence: I tried it and it cured me completely. I am confident it saved my life. You can see this letter if you think best.
Yours etc.,
NATHAN ACKLEY.

Capt. Nathan Ackley was for a long time connected with the Canal Appraiser's office in Albany. He is well known, and writes for no purpose but to do good to others.

As a medicine for all diseases of the Blood, Liver, Kidneys, and Digestive Organs, Kennedy's Favorite Remedy has fully won its high reputation. Write if desirable to Dr. David Kennedy, Rondout, N. Y.

**MILLVILLE
MUTUAL
Marine & Fire Ins. Co.**
This Company have disposed entirely of all
STOCK PLAN BUSINESS, and having
been RE-ORGANIZED, has decided to
in the future do a
Strictly Mutual Home Business.
Having succeeded in paying ALL ITS LIABILITIES, and securing an
Actual Net Available Surplus
of Over \$30,000,
The Directors feel that they can offer to all who
desire insurance not only at LOW RATES and
UNQUESTIONABLE SECURITY, but much
greater probability of immunity from assessment
for years to come, than other Companies,
since this surplus is large enough to pay all
probable losses on the policies now in force,
until their expiration, without any dependence
on receipts from new business—a condition of
things that can be shown by but very few com-
panies in the State. The present Directors
pledge to the Policy Holder, an
ECONOMICAL MANAGEMENT
and a
Careful Supervision of the business
and will continue in the future, as in the
past, to act on the principle of
PROMPT PAYMENT
OF
HONEST LOSSES
without seeking to EVADE them on technical
grounds.
Hereafter, no notes will be subject to assess-
ment, until they are a year old.
We would call especial attention to our

A Good Watch as a Premium.

To Bridge Contractors.
A contract will be given to the lowest
responsible bidder, for building a new
bridge at Pennypot stream, two and a
half miles south of New Germany, on
the May's Landing Road, Buena
Vista Township, Atlantic County.
The Specifications are as follows:
Abutments for said bridge are to be
stone, laid in cement. Said abutments
to be 15 feet long on the face and 6 feet
high from the foundation; and wing
walls to run back 8 feet into the bank at
right angles with the face of the abut-
ment. The wing walls to be built up
15 inches higher than the abutments.
The abutments and wings are to be 3
feet thick at the base and 1 foot six in.
at top, with 2 inch plank to be laid on
the abutments, for the bridge to rest on.
The foundation for said abutments and
wings to be piled with piling not less
than 4 inches in diameter at top end.
Said piling must be driven down to a
solid foundation, 3 piling to the foot in
length of abutments and wings, and
piling to be driven 6 inches under water
and planked on top with 2 inch plank.
2nd. Said bridge to be known as a
truss bridge, with 5 sills 26 feet long
8x10 inches square, 4 uprights 5 feet
long to be mortised and tenanted into
the sills; said uprights to be 6x8 in.
4 truss girders 6x8 inches, footed and
bolted into the sills at the bottom of the
uprights, running to the centre of the
bridge with an elevation of 5 feet.
2 stringers 28 feet long 6x6 inches,
said stringers to be mortised and ten-
anted on to the top of the uprights and
running over and bearing on the top of
the truss girders at the centre.
3rd. Said bridge to have a cross sill
under the centre, 8x10 inches 13 feet
long, held up by 14 inch rods running
down through the stringers, girders and
sill, with a washer and burr at bottom.
4th. 2 hub boards 28 feet long 2x8 in.
2 planks 3x10 inches 14 feet long known
as stubbing plank spiked on at the end
of the sills.
All timber used to be of the best
quality either cedar or white pine.
Said bridge to be planked with cedar
plank 12 feet long 3 inches thick, plank
to be spiked with not less than 2 spikes
to the plank.
The ends of the bridge to be properly
filled and graveled to the satisfaction of
the Bridge Committee.
The work all to be done in a good
and workmanlike manner.
Proposals to be received by either of
the Committee until Saturday, August
24th, 1884, at 12 o'clock. Committee
reserving the right to reject all bids if
thought proper.

To Bridge Contractors.
A contract will be given to the lowest
responsible bidder, for building a new
bridge at Pennypot stream, two and a
half miles south of New Germany, on
the May's Landing Road, Buena
Vista Township, Atlantic County.
The Specifications are as follows:
Abutments for said bridge are to be
stone, laid in cement. Said abutments
to be 15 feet long on the face and 6 feet
high from the foundation; and wing
walls to run back 8 feet into the bank at
right angles with the face of the abut-
ment. The wing walls to be built up
15 inches higher than the abutments.
The abutments and wings are to be 3
feet thick at the base and 1 foot six in.
at top, with 2 inch plank to be laid on
the abutments, for the bridge to rest on.
The foundation for said abutments and
wings to be piled with piling not less
than 4 inches in diameter at top end.
Said piling must be driven down to a
solid foundation, 3 piling to the foot in
length of abutments and wings, and
piling to be driven 6 inches under water
and planked on top with 2 inch plank.
2nd. Said bridge to be known as a
truss bridge, with 5 sills 26 feet long
8x10 inches square, 4 uprights 5 feet
long to be mortised and tenanted into
the sills; said uprights to be 6x8 in.
4 truss girders 6x8 inches, footed and
bolted into the sills at the bottom of the
uprights, running to the centre of the
bridge with an elevation of 5 feet.
2 stringers 28 feet long 6x6 inches,
said stringers to be mortised and ten-
anted on to the top of the uprights and
running over and bearing on the top of
the truss girders at the centre.
3rd. Said bridge to have a cross sill
under the centre, 8x10 inches 13 feet
long, held up by 14 inch rods running
down through the stringers, girders and
sill, with a washer and burr at bottom.
4th. 2 hub boards 28 feet long 2x8 in.
2 planks 3x10 inches 14 feet long known
as stubbing plank spiked on at the end
of the sills.
All timber used to be of the best
quality either cedar or white pine.
Said bridge to be planked with cedar
plank 12 feet long 3 inches thick, plank
to be spiked with not less than 2 spikes
to the plank.
The ends of the bridge to be properly
filled and graveled to the satisfaction of
the Bridge Committee.
The work all to be done in a good
and workmanlike manner.
Proposals to be received by either of
the Committee until Saturday, August
24th, 1884, at 12 o'clock. Committee
reserving the right to reject all bids if
thought proper.
