CHAUTAUONA.

Chautauqua must close on Monday, tion of the love and kindness of August 28, at 3.00 p.m. as no season tickets are sold after Chautanque beginn an thie is our agreement.

All those who are to purchase season tickets however may obtain them at the Chantaugua booth on the main street on Saturday. The stickets are selling fairly well, even at the increased price, but many more must be sold to cover the contract and the expenses of hauling, printing, lighting, etc.

Any impression held by anyone that the guarantors make any money from the sale of tickets is grievous mistake, as the price is fixed by Swarthmore Chastauqua, and all money to the last cent, even to overeales, go to Chautauqua. This should be understood for all time, and has been explained in

pravious years. If Hammouton is to have a Chautanqua, and makes a contract f t the same, then a Chautuaqua should be supported as in so doing it makes its support a necessity and takes it out of the class of a luxury, although it is a luxury to have Chautauqua. The payment of the debt then becomes a necessity the same

as any other bill of town expense. We should then regard the matter in that light, and while the guarantors have to pay the deficit in the guarantee if there is a deficit, the citizens of our town have their part to perform in coming forward and luving scason tickens to make ours there will be no deficit. Three dollars may seem considerable, but considering the fact that it is only thirty cents for each entertainment the buyer of a ticket is receiving

more than the value of the money. Why not put this across again Hammonton is not in the liabit of taking a back scat behind any town of its size on anything. Let us begin Chautauqua with the money for it in the bank.

Schools open one week from Luesday.

Thirteenth Street is being gravled from First Road to Second Street.

Mrs. Clara Potter Countermine and brother Ernest, a Presbyterian clergyman, motored here for a few dava' visit.

Deacon Chapman, in a neat little speech, on behalf of the church presented a box to the paster, con taining a beautiful and useful present. SATURDAY, AUGUST 26, 1922

Things have been awfully dusty this week : but the farmers liked t, as the peaches shipped well, and brought good prices.

It's a good thing we have broad shoulders. Some people seem to think they can dump every darn bit of grouch onto the editor, and leave him to fight it out.

Is your imagination in good working order? Then just imagine that your coal bin is full, and your taxes paid.

Hammonton farmers and poultrymen are preparing to exhibit at the County Fair, at Egg Harbor, which opens on August 31. As a poultry and peach center, Hammonton is a leader, and the display will doubtless be the "proof of the pudding." It will be worth your while

Some people say Jersey is harvesting a whopper peach crop. Well, to say it mildly, there are some peaches.

The 1923 Buick "45" has taken the country by storm. Always a favorite, this model reaches the highest pinnacle of value ever attained,

It is a beautiful car—it is luxurious—it is a mechanical masterpiece. Stand off and note the snappy lines, the higher hood, the full crown fenders, sturdy artillery wheels, drum-type head and cowl lamps, the low khaki-lined top. Then sit in the car. Here is comfort equalled only in the costlicat automobiles.

Look about you—the upholstery and trimming are of the finest quality, the instrument board is equipped with richly finished instruments, the control lever is at finger's end, the cowl ventilator control and wind-

And the chassis shows far-reaching improvements. Lock the handy transmission control and know that this feature, with others, gives Buick a low rating by insurance underwriters. Even the famous Buick Valvein-Head motor shows important changes—higher cylinder block, larger connecting rods and pistons, larger crank shaft, with pressure feed to main bearings. These are just a few of the sweeping improvements in the new Buick "45".
