The Mugwump Brooklyn Union points out the significant fact that the department in which the Democrats have made the cleanest sweep is the one in which the Government is first to suffer. This is the internal revenue service, where sixty four of the eighty-three | 1 Republican collectors have given place to Democratic successors. "The distillers and manufacturers," the Union says. "have not been slow to perceive that the new officers and the clerks and deputies are so ignorant as to allow old tricks of evading the tax to be played with success." The government will have to bear it, however, and be put to embarrasmentand loss while Democratic reform is being accomplished and the victors enjoy the spoils of office.

There are many cases in which farm horses need no shoes in summer, and woll be better without them. A horse owned by the writer had hard, dry hofs and contracted feet, caused by a natural tendency, increased by shoeing with high caks. For want of use, the frog had withored away, and the horse was always lame. The shoes were taken off, and time only were used. These Haddonffal Berlin Waterford Wintlow Hatemonie De Costa Elego Harbo Abescon why always lame. The shoce were taken off, and the only were used. These were thin plates, reaching around the fore half of the hoofs only, to protect the loss from wearing away. The frog and the neels, thus came to the ground at every step; the bars were able to spread, and the proper functions of the feet, to preserve healthful action and growth, were given full play. The horse, soon became sound, the frog grew healthfully, and the feet were in perfect order, while the expense of shoeing was materially reduced. Am. Agriculturist.
