### W. C. T. U.

The ladies have taken this space by the year, and are responsible for all that it may contain.

#### Origin and Work of W. C. T. U.

Through the saloon, drunkenness and debauchery had reached such a point of misery and intolerance to the mother-heart of the country that from these conditions Christian women left home shelter to "face the deadliest weapon the Evil One has ever been able to control."

Finding their own homes endangered, their husbands and children exposed to this great temptation, that the children were to be made drunkards, they came forth from their homes to work against this great evil. Here, therefore, the efforts of all temperance societies had been put forth to save drunkards. Now the great need was not only to save drunkards, but to prevent the young, the coming generations, from becoming drunkards. "An ounce of prevention" was "worth a pound of cure." The temperance people, do the most they could, were not able to save as many drunkards as the saloons were making. We were fast becoming a nation of drunkards. From these conditions the "Woman's Christian Temperance Union" came into being.

These women studied the question of intemperance from every point. Traced back to the beginning, in lack of nourishment, the medicine chest, and in various other ways, they found the clue which pointed to the forming of the liquor habit. "Mary Hunt" appealed to science to prevent what science itself could not cure. Physical and moral weakness was shown to be often the legacy of drunken parents. For a proper training for parents was brought about a mothers' and fathers' meeting.

Educational work is greatly retarded while the saloon exists; and the chief aim of all temperance societies is to get rid of the saloon. Nothing but utter annihilation of this hotbed of sin and misery will satisfy the good and pure. This is what God wants, and it is the work he has given us to do. If we do our part, he will do his. We must work as well as pray, and do our best. We study to "understand the rights of citizens, under the law, to protection." We also study the powers of government.

We are a unit,--800,000 women! Courage and loyalty are our twin helpers. We are resolved to persevere to the end, until the saloon has sunk into oblivion, and our boys and girls, young men and women, as well as the older ones, can walk safely through our streets, free from the temptation of the saloon and its attendant evils.

We have nearly finished another year of work in this cause. Let us resolve to do more work, and do it far better, in the year to come. Consecrating ourselves anew to God's service, let us push forward, ever ready to help the weak, lead the erring, and do good to all. May God bless the work of the W. C. T. U. in the coming year.

### Base-Ball.

In a decidedly interesting contest, the "County Capital A. A.," of May's Landing, succeeded, last Saturday, in administering to Hammonton her first shut-out. For three successive seasons the home team has played at the new base-ball park without being blanked, while, time after time visiting teams have gone home disconsolate, with nine big goose-eggs to their credit.

The game was replete with sharp fielding, in which both sides took an active part; but the home team lost through their inability to connect safely with the curves of Leach. The veteran pitched gilt-edged ball, and when men were on bases was simply invincible.

Neither side scored until the third inning, when the visitors found Paul's curves for three safeties, which were responsible for three runs, more than enough to win. The home team had men on bases in nearly every inning, but all were left, as the next batters proved easy outs.

#### Base-Ball Championship.

The interest in Atlantic County base ball is at fever heat; and never in their history have the various towns had such strong teams, and all so evenly matched. For the past few seasons, the County championship has been decided between Pleasantville and Hammonton by close and intensely exciting games,--the other towns not being factors in the race. This year, however, Egg Harbor and Mays Landing have developed very strong teams, and must be considered in the struggle for championship honors.

By completely out-classing Egg Harbor and Mays Landing last year, and winning two of a series of three prettily played games from Pleasantville, the Hammonton club holds a clear title to county champion. To retain that title, she must defeat Pleasantville in both games on Monday next (Labor Day), and then again down her on neutral grounds. This is not an easy task, as Pleasantville is very strong, and confident of winning.

The games will be a stubbornly fought contests, and the team that comes out victorious will not have a walk-over. The management has greatly enlarged the seating capacity in Base-ball Park, to accommodate the large crowd of enthusiasts which will undoubtedly be present.

#### The teams will line up as follows:

	Pleasantville.....	Hammonton.....

A cordial invitation is extended to all to attend these meetings.

#### To Save her Child.

From frightful disfigurement, Mrs. Annie Gallagher, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions, cuts, burns, scalds and piles. 25 cts. Cure guaranteed by Crowell, druggist.

### Sidewalk Notice.

ROOMS OF TOWN COUNCIL.

To Property owners of the Town of Hammonton:

Without waiting for personal service of the official notification, you are requested to rebuild or repair your sidewalk, as required by Town Ordinance.

All sidewalks can be made of such material as is most convenient to the owner of the property, but must be such as will pack and keep smooth, satisfactorily to the judgment of the Overseer of the Highway.

The sidewalk of each street shall be in width as follows:

60-foot street, 6 feet wide.

50-foot street, 5 feet wide.

40-foot street, 4 feet wide.

They shall be rounded sufficiently to drain off water, and all be made uniform in the square.

All work must be approved by the Overseer of the Highway, and he will give any suggestions or advice requested.

Council hopes you will at once see the necessity of attending to this matter, and thus save unnecessary expense and trouble.

In order that the work may be promptly attended to, and that the Commissioners and Highway Committee can make their reports, the time set for the completion of your sidewalk will be Oct. 31, 1901.

Respectfully,

(signed) J. E. WATKIN,

Chairman Highway Com.

E. A. JOHNSON, Overseer Highways.

### LAMP TALK.

The above quotation is just as well adapted to the eyes as to the stomach. Every hour spent in working the eyes by a poor light means so many days in later life spent in partial blindness because your eyes have failed.

Is it economy for you to work, read, or sew by a poor light, when such a good light as the Angle Lamp can be had for \$1.80 up?

## The Republican.

[Entered as second class matter.]

SATURDAY, AUGUST 31, 1901

**Mr. Harry Smith and family** are home from their annual summer trip. We hear that the Keyser Bros. have been awarded a contract to paint all the station buildings of the N. J. Central R. R., from Elm to Red Bank. A big job, and we hope it will prove a good one for the brothers.

The new First Road school house is expected to be ready for use by the second, Monday in September. Pupils of the Fourth Grade and under, south and west of the Reading Railroad, must attend Magnolia, First Road, or Rosedale School, those south of Twelfth Street, at Magnolia; between Twelfth and Fourteenth Streets, at First Road School; and those north of Fourteenth Street, at Rosedale. Mr. J. W. Gorse has been secured to teach in the First Road School. DISTRICT CLERK.

Hon. John J. Gardner, Member of Congress from this District, is very sick, at his residence on Rhode Island Avenue, Atlantic City. He injured his arm quite seriously, recently, on his farm at Egg Harbor City, but did not regard the injury as serious, and did not procure proper medical treatment. Symptoms of poisoning developed, and on Saturday last Mr. Gardner went to Atlantic, and during the night his condition grew rapidly worse. The doctors pronounced it a well developed case of erysipelas, his fever being very high, at times producing delirium. At last accounts, he was better, though still in a serious condition.

**EDITOR REPUBLICAN:**—Our farmers may not all know that there is a "Crop and Weather Report" published by the State Experiment Station, which is issued weekly, and can be had for the asking. It is made up from the reports of over fifty reporters, located in different parts of the state, north and south, and gives the state of the weather and condition of the crops at the date of each report. In Hammononton, the rainfall from the 9th to the 18th of August was 3.25 inches, 1.04 to 23rd, 2 inches. On Saturday, Aug. 24th, one inch. A postal sent to Edward W. McGinnis, Director, New Brunswick, N. J., will bring said report. P. H. BROWN.

This week's Pleasantville Press says: "Hammononton swallowed a big dose on Saturday last, when the May's Landing-Egg Harbor team shut them out in a pitchers' battle, but the dose does some of its bitterness when one reflects that it took the pick of two teams to do it. Every team has some weak players on it, but a team made up of the best players of two clubs must be very strong. Now that the game is over, who is to get the credit, May's Landing or Egg Harbor? True, the pitcher was a May's Landing man, but two of the most difficult infield positions were held by Egg Harbor players, and there were other foreign players on the team."

**ASTONISHED THE EDITOR.**  
Editor S. A. Brown, of Bonnetville, O., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down—she had no strength or vigor, and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles she is entirely well—can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles, it's a positive, guaranteed cure. Only 50 cts. at Crowsell's.

**A Cure for Cholera Infantum.**  
"Last year," says Mrs. Curtis Baker, of Hooker, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance. For sale by all druggists."

## The Saunterer.

What he saw in his Rambles.

Several very vigorous insects: in the West they "would call them 'the bird with the hot foot,' but we simply call them mosquitoes.

Bellevue Avenue, up to Third Street, is very good; but above that it's certainly a bumper. Respectfully referred to the Highway Committee.

Over on the east side is one of the finest streets in town, Maple Street. There are at least a dozen more, very houses, all occupied by their owners who have either paid for or are paying for them.

One sign of prosperity is the number of houses going up, and old ones either being remodeled or replaced by new ones.

On the old Hammon place, opposite Oakdale Cemetery, can be seen a wonderful transformation. The old house has been moved back, and a fine large house erected in its place. Looking at the outside, he accepted the invitation of the owner, Mr. W. B. Scott, formerly of Philadelphia, and viewed the interior.

It is certainly fine. There are six large rooms, heated throughout with a hot water system, and a spacious attic. Mr. and Mrs. Scott are much pleased with the open stairway, finished in oak.

In fact, they may well be satisfied with the entire structure. Henry Nicolai was the contractor. When the grounds are put to sleep, as they are planning, it will be one of the most attractive homes along Mala Road.

On most every street in town we see the catpaw tree (called by many "bean tree"). Within the past two weeks they have been attacked by a worm about two to four inches long, mostly black with a yellow stripe. Inside of twenty-four hours they leave nothing but the bare branches and "bean-pods." Many remember them as the old oak worm of years ago. Look after your trees carefully, and either knock the pests off or spray the trees with a solution of paris green.

Another branch of "Little Italy" is springing up around the corner of Fairview and Main Road.

It makes him hungry to pass the orchards now-a-days. Peaches. Some trees are loaded, and they are selling from 25 to 50 cents per basket.

One of our amateur farmers gave him a good receipt for extinguishing sand-burns. His idea is not patented, so here it is: "Pull 'em up and burn 'em."

It's a pleasing sight to see the well kept flower beds at the stations.

He could find hardly a single vacant house anywhere,—or a double one, either.

Only a few of our residents are fixing up their sidewalks. The Commissioners say you'd better hustle.

One of the latest industries is picking basket-worms. 'Spose they get a cent and a-half per quart?

John says the "grats" are doing a rushing business around Red Men's and Old Follower's Halls.

He wondered why all Hammononton roads could not be put, and kept in as good order as the County Road, which is the cyclist's delight.

Tablans. Time, 10:30 p.m.; place, near the lake. Three figures moving noiselessly on their wheel-mounts, are approaching a house. Peering around the corner, they quickly remount and ride away, disappointed, for their prey had escaped,—watermelons.

Mr. and Mrs. U. H. Rogers spent a few days at Atlantic City and Cuno May. They will return to Houlville to-day, where Mr. R. will again have charge of the schools.

### Their Secret is Out.

All Sadioville, Ky., was curious to learn the cause of the vast improvement in the health of M. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "Its all due to Dr. King's New Discovery," writes her husband. It completely cured her and also cured our little grand daughter of a severe attack of whooping cough. It positively cures coughs, colds, lagrippe, bronchitis, all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Crowell's drug store.

### A Young Lady's Life Saved.

Dr. Chas. H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had very bad attack of dysentery. I prescribed for her proved and she was growing worse. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and as a last resort prescribed it. Within eight hours she was feeling much better; inside of three days she was upon her feet, and at the end of one week was entirely well." For sale by all druggists.

# EDISON'S PHONOGRAPH

Better than a Piano, Organ, or Music Box, for it sings and talks as well as plays, and don't cost as much. It reproduces the music of any instrument—band or orchestra—tells stories and sings—the old familiar hymns as well as the popular songs—it is all ready. See that Mr. Edison's signature is on every machine. Catalogues of all dealers, or NATIONAL PHONOGRAPH CO., 135 Fifth Ave., New York.
