August 26 to 31 is "Hammonton Boys' Week"; the following is "Pershing Week."

A Splendid Exhibit.

The Junior Industrial Army ex-
hibit was held in Civic Club Hall
on Saturday, Aug. 24. For the
boys and girls who belong to this
Army it was a day such as the
greater number of them have never
before known, these boys and girls
were exhibiting the garden and
farm products resulting from their
handiwork, investment, and labor
in keen competition with each
other, asking no odds from grown
folks in such competition, but each
boy and girl ready to win or lose
on the merit of their own product.
No favors were asked, nor none
given, nor was there a single word
of discontent expressed by any one
of the contestants, thereby proving
that the boys and girls of the Junior
Army of Hammonton to be good
sports. All honor to them for this
and the good work they have done
in raising food during the season
now with us.

To many people, the Junior In-
dustrial Army is only a name, but
to those who attended the exhibit,
it is now much more than a
name. It is an Army engaged, not
in play but in the serious work of
producing food at home with a sur-
plus for sale. It is in Hammonton
alone an army of 250 strong healthy
boys, and girls, young men, and
young women working with all the
enthusiasm of soldiers to plant their
crops under the best conditions they
can have, to care for these crops,
and to get on the defensive in fight-
ing weeds, and insect pests all the
summer, so that they may have a
worthy crop, and have the satisfac-
tion of knowing they have made
good in their work and have realized
on their investment of labor, time
and money. They have made good
as their exhibit proves, an exhibit
equal to any exhibit given in Ham-
monton by grown folks. This opin-
ion was expressed by several par-
ents and by grown people who

know these things to be true.
The exhibits ranged through all
classes of vegetables as listed in the
premium list. The canned vegeta-
bles and fruits were many and
varied, attractive, and well-done.
Each entry of canned goods cal-
led for three jars of the product.
In other classes of vegetables, po-
tatoes one peck, tomatoes, peppers
or grapes four quarts, corn three
ears, beets and carrots a bunch of
five, etc. Chickens formed a part
of the exhibit, the entry being four
pullets and a cockerel.

Mr. W. B. McDougall, Director
of Atlantic County Vocational
Schools was judge of the exhibits of
vegetables and chickens. The can-
ned goods were judged by Mrs.
A. E. Holman, and Mrs. G. M.
Crowell.

The money premiums were don-
ated by the directors of the Peoples
Bank. The premium ribbons were
given by Mr. W. J. Braman the
instructor.

The special exhibit entered by
Joe Lamomaca, a boy thirteen years
of age, was a feature of the exhi-
bition. This consisted of a crate of
tomatoes, a crate of peaches, a bas-
ket each of cucumbers, squashes,
peppers, and grapes, and a bunch
of onions.

The exhibition was fairly well
attended. More people could have
well spent their time to come and
encourage the boys and girls. But
we are not discouraged. We made
good, opinion and sentiment prove
it, so we have the right to say so,
even cheer about it a little if we
feel so inclined. As standard bear-
er of the boys and girls, I am joined
by them in here saying, "Hurrah
for the Junior Industrial Army!"

The soldiers of this Army are not
through yet. Many crops are yet
to be gathered. Some exhibits go
next week to the County Agricul-
tural Contest at May's Landing.
In October the corn and sweet
potato contest comes at Egg Har-
bor.

The Part that Should be New

If you're driving a used car
you ought to give it a fair show
by adding a new battery.

But be sure the battery is
new. Insist on the Bone Dry
Willard with Threaded Rubber
Insulation, which you know
is new when you buy it.

We carry a complete stock of
Bone Dry Batteries—every one
brand new. That's because they
are not filled and charged until
we make them ready for your
use.

Ask for the free booklet,
"196,000 Little Threads," it tells
how Bone Dry becomes possible
and why it benefits you.
