[Entered as second class matter.]
SATURDAY, SEPT. 1, 1894.

Take the 7:01 train on the Reading Monday morning, to Winslow Junction for the excursion to Ocean Grove. Low. O'Donnell has tickets for sale. \$3 for round trip from the Junction; Children \$1.00. Arrangements have been made to bring excursionists home that night from Winslow.

The Hamonton Teachers' Institute will be held in the Central School, commencing on Tuesday next, Sept. 4th, under the supervision of Principal Salisbury. Prof. E. F. Carr, of the State Normal School, will speak on "The History of Education," and others from the same institution are expected to take part.

Don't drop letters into the outside box at the post-office, unless they are stamped; or if you are compelled to do so, wrap them in paper with the money, and tie a string around the package. Why? Because some folks are dishonest or careless enough to deposit no change, and the post-master doesn't know which letter the money belongs to, and yours may go to the dead-letter office.

Special School Meeting was held last Saturday afternoon, pursuant to call of the Board of Education. Called to order by District Clerk, P. H. Jacobs. E. R. Sproul, elected Chairman; District Clerk chosen Secretary. Call for meeting read, also minutes of last meeting July 14th—which were approved. By request, the President of the Board, C. F. Osgood, stated the amount of money estimated to be necessary to purchase text-books and stationery for the pupils of all our schools—\$1500.

Moved and voted unanimously, that the Hamonton School District raise by special tax the sum of Fifteen Hundred Dollars for the purchase of text-books for the pupils of the several schools in the District.

On motion, adjourned.
When Rev. Mr. Weston entered the Universalist Church on Monday evening to attend a meeting of the Young People's Association, he was amazed to find the church decorated with plants and cut flowers, and crowded with members of his congregation and other friends. A clue to the mystery was afforded by a motto wishing him "Many Happy Returns." The occasion was the celebration of his fiftieth birthday, and after an address by Mr. Sproul, to which Mr. Weston replied in his usual happy vein, there was an extended entertainment, comprising vocal and instrumental music, readings and recitations, followed by a feast of the good things which the ladies of the church-know so well how to prepare. The anniversary was one which those participating will long and pleasantly remember.

Robert Morris, an Italian, lives on Walker Road, with his wife and two boys. The wife and one son were visiting in Philadelphia, the father and little Frank, (between three and four years old) were alone in the house when about three o'clock last Sunday morning Robert heard a voice outside of the house. As he had missed some of his water-melons, he quietly dressed and went out to investigate. Everything was dark and silent, so he watched awhile, then went in. Judge of his surprise at finding that his boy, whom he had left sound asleep in bed, was missing. After searching a short time, he aroused the neighbors, Capt. Burgess and others, who searched that whole section—fields, woods and swamps, without a trace of the missing boy, or of the manner in which he disappeared. On Sunday night, the little fellow was found at Winslow Junction, two miles or more distant, whether he had wandered by himself, and only in one garment.

Bradstreet says the Deb's strike cost some body \$70,000,000 in actual loss. It was a colossal failure except in its loss and the abnormal development of the anarchic demagogues it high places. No man, to be ever so quick, that he will be able to point out one single benefit that came to the cause of labor by the Deb's strike of '94.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had bad colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by druggists.

Large lot for sale. Must sell before Fall. Address: DR. C. M. COOK, 62 George St., Baltimore, Md.

The Board of Education met on Tuesday evening. A motion was made that the course of study pursued last year be adopted for this year. President Osgood declared the motion out of order, as the course had already been adopted, and no action was necessary unless the Board desired to amend it. No action was taken.

Collector Davis presented letter from County Clerk in relation to filing list of unpaid taxes—said filing making the tax a recorded lien against the taxed property. Voted, that the collector be instructed to file said accounts according to law.

Highway Committee reported as to condition of several pieces of road visited, as to some work completed, improvements needed in other places.

Mrs. John W. Roller complained that Wm. Sturtevant had removed branches from shade-tree in front of her property, against the protests of her husband and herself, to make way for a building which he was moving. Clerk read ordinance adopted in 1885, providing for \$25 fine or ten days' imprisonment for the offense complained of. Mrs. R. advised to enter formal complaint before Town Justice.

Henry Nicolai asked that a culvert be placed across Main Road near his residence—being needed. Referred to Committee.

On request of Collector Davis Robert H. Anderson appointed special constable for the purpose of collecting Italian poll taxes.

It was stated that the new road machine needs painting. Referred to property Committee.

Adjourned.

The annual meeting of the W. C. T. U. will be held at the residence of Mrs. T. B. Brown on Tuesday afternoon, Sept. 4th, at 3 o'clock. Officers will be elected, and reports of superintendents heard. A full attendance requested.

R. H. Bishop, an old and crippled soldier, has one of the finest gardens in the county. His tomato trees are as high as ordinary hedges. You'll find him in the old stone-house on the "Hill." His other truck is not a whit behind the "hedge."

That S. E. Brown-bicycle-on-the-sidewalk case has been dropped. Mr. Brown paid his five dollar fine, "to uphold the law," but declined to pay the costs of suit, because the whole proceeding was contrary to law. In this he followed the advice of Judge Hancock; and when Constable Bernshouse consulted Attorney Cole, of Atlantic City, the above decision was confirmed. For this reason the case was abandoned.

JOHN T. FRENCH, P. M.

The President has committed himself

to the "party perfidy and party-dis-

honor" that he charged upon Congress.

If its passage involved these moral

delinquencies, did the President's per-

mission that it pass into a law reduce

the measure of these political crimes?

The whiskey men were getting in

their profits while President Cleveland

delayed for days to dispose of the bill

that raised the tax from 90 cents to

\$1.10. The sugar men pocketed a clear

\$40,000,000 Mr. Wilson says, so that

whiskey and sugar went well together

under the tariff agitation.

The year of a Democratic Congress

has witnessed a decrease of values in the

United States in excess of the debt left

by the rebellion. It has brought the

business of the country to a condition

which the statistician of the Adminis-

tration, Mr. Ford, describes as the

worst possible—any change must be for

the better.

A. M. Bailey, a well-known citizen of

Eugene, Oregon, says his wife has for

years been troubled with chronic diarr-

hoea and used many remedies with little

relief until she tried Chamberlain's Colic

Cholera and Diarrhoea Remedy, which

has cured her sound and well. Give it a

trial, and you will be surprised at the

prompt relief it affords. 25 and 50-cent

bottles for sale by druggists.

John G. Mauger, Editor of the Sun-

beam, Seligman, Mo., who named Grover

Cleveland for the Presidency, in Nov.,

1882, while he was Mayor of Buffalo, N. Y., is enthusiastic in his praise of Cham-

berlain's Colic, Cholera and Diarrhoea

Remedy. He says, "I have used it for

the past five years and consider it the

best preparation of the kind in the mar-

ket. It is as staple as sugar and coffee

this section. It is an article of merit,

and should be used in every household.
