About Sick Horses.

GERMANTOWN, PHILA., Aug. 26, '87

THE SOUTH JERSEY REPUBLICAN:—Having noticed in the Philadelphia Press accounts of the prevalence of cerebro-spinal meningitis among the horses of your vicinity, I thought I would offer the suggestion that it might possibly arise among horses which are at pasture, and have eaten with the grass, or with food cut and given them, small portions of poisonous weeds which grow in the locality.

A large, poisonous, thrifty-growing family of weeds is known among botanists as the *Solanaceae*. To this family belong the potato, egg plant, tomato, bitter sweet, a climbing vine, capsicum or pepper, horse nettle, ground cherry, belladonna or deadly nightshade, stramonium or Jamestown weed or Jimson weed as it is generally called, hyoscyamus or henbane, tobacco and some others.

The most poisonous of these are the Jimson weed and deadly nightshade. Horses, cattle or hogs, eating portions of these weeds with their food, would be very likely to show symptoms of cerebro-spinal meningitis,—namely, loss of power in any or all of the limbs, vertigo, staggering gait in traveling, and when worse, throwing of the head violently backward, with redness of the white of the eyes, distended nostrils, labored breathing and death.

Death may be caused in a few hours by the most poisonous of these weeds.

While at Ancora, last week, I put up dozens of plants of the Jimson weed of very rank growth, any one of which would be sufficient to kill one or more persons or horses. While on the Bull Run battle field, on the 17th inst. we walked over acres of poor pasture land, where cattle were grazing, and saw hundreds of specimens of deadly nightshade, so mingled with the grass that cattle could scarcely avoid getting some of it. Horses and cattle generally discard bitter and poisonous plants while grazing, but if recently turned out, in their greed could very readily be poisoned.

The botanists and many of the residents of your locality can point out the most deadly of the plants above mentioned. This summer being a wet one, the growth of weeds of all kinds has been very rank, and those of a poisonous character are now at their maturity, still more dangerous.

The antidotes to belladonna and stramonium are hyoscyamus, nuxvomica, opium, tobacco, whiskey, vinegar, lemon juice, coffee and camphor. These remedies are the most important ones in the treatment of cerebro-spinal meningitis. If your horses show symptoms of the disease, make some strong coffee, give them a pint at a time every half hour and send for a veterinary surgeon. Do not use the poisonous antidote except upon the advice of a physician. Very truly yours,
M. M. WALKER.

A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe it. Physicians recognize it as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are no preparations of iron that are so effective as Brown's Iron Bitters. This shows conclusively that it is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS, there was no perfectly satisfactory iron combination had ever been found. BROWN'S IRON BITTERS does not merely supply the iron, but it also contains the most perfect headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fever, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Nerve-itis—for all these ailments Iron is prescribed daily. BROWN'S IRON BITTERS, however, does more than supply the iron. It acts as a tonic. When taken by men the first symptom of renewed energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the infant. BROWN'S IRON BITTERS is the ONLY iron medicine that is safe and harmless. Physicians and Druggists recommend it. The Genuine has Trade Mark and covered red lines on wrapper. TAKE NO OTHER.

A Trip to Halifax.

The town occupies a peninsula, whose land but thinly covers a foundation of solid rock. East and west the town extends for miles, and there is no chance for angry gales to disturb them, they usually present a tranquil appearance. On the west, the town extends for miles, and there is no chance for angry gales to disturb them, they usually present a tranquil appearance. On the west, the town extends for miles, and there is no chance for angry gales to disturb them, they usually present a tranquil appearance.

At many places along this iron-bound coast, and through the interior of Nova Scotia, the natural pavement of flinty rock is sealed with veins of gold-bearing quartz. For the first time efforts are now being made to develop the valuable mines in a scientific manner, and there is every reason to predict that during the next four years the wealth of the province will be largely increased.

While we were walking on Barrington street, one of the chief business thoroughfares of Halifax, a man met us, accompanied by a number of men, and an oblong square of metal on his shoulder. Upon inquiring we learned that this bar was pure gold, weighing several hundred pounds. In other words, the thing over twenty-one thousand dollars.

The treasure came from the Montague mine, situated only a few miles from the city, and its extent one of the richest in the world.

Seen from the citadel, from the harbor or from Dartmouth, a pleasant town on the opposite shore, Halifax is fine enough to look at; but a close inspection reveals many streets of ancient and dilapidated buildings, some of them strange to say, in the most desirable places.

Dr. Schweninger, owner of the International Hotel, says that the city is one of the most beautiful in America. There are several beautiful churches and buildings for charitable and educational purposes.

One of the city's chief attractions is its Public Garden, whose plain wood fence is a masterpiece of landscape architecture. The garden is a masterpiece of landscape architecture.

The society of this Anglo-Canadian city is very refined and exclusive. For any stranger managing to obtain a proper introduction will find that hospitality in the highest sense is thorough and unfeigned.

The average New England winter is like that of the south, but in summer this region is usually cool and delightful; while a peculiar humidity imparts a sort of mellowness to the atmosphere, and furnishes an agreeable change from the hard frosts of the north.

The best of a book is not the thought which it contains, but the thought which it suggests.

PASTE THIS ON YOUR MIRROR.

How Thin Girls May Acquire Beauty Pounds. It may be safely asserted, that even if not eight out of every ten young ladies would be improved in face and figure by the addition of ten or fifteen pounds of weight.

Every woman who is thin would like to be stout. Every woman who is thin would like to be stout. Every woman who is thin would like to be stout. Every woman who is thin would like to be stout.

The famous Mr. Banting, who reduced his weight by more than fifty pounds in one year, found that sugar was the most fattening thing he could eat. Hence, to increase your weight eat cakes, puddings, cream, bread and butter, and these always taking care that it be crisp and digestible, for indigestible food is a chief cause of leanness.

THE QUEEN'S MAIDS.

Arduous Duties of the Ladies Who Wait on England's Sovereign. The maids of honor to the Queen earn every penny of the \$200 a year salary which the Queen allows them. It is a difficult position. While on duty they can not call their souls their own.

FARM NOTES.

AVERAGE MILK YIELDING.—The average milk yield in New England does not seem to have risen during the year. The estimate, for practical purposes, might exclude the dairy herds of the New England States, which are especially remarkable for their high milk yield.

WHEN YOU ARE THIRTY.

His name was James, not Ganymede. It was a closely clipped lawn upon which he trod, instead of the divine thighs of Mr. O'Connell, which were those gods and goddesses—those four athletic figures, clad in white and red flannel, disporting themselves upon a portion of the lawn.

Newspaper Decisions.
Any person who takes a paper regularly
from the office—whether directed to his name
or another's, or whether he has subscribed or
not—is responsible for the payment.
If a person orders his paper discontinued he
must pay all arrears, or the publisher may
continue to send until payment is made, and
collect the whole amount, whether the paper
is taken from the office or not.
The courts have decided that retaining to
take newspapers and periodicals from the
postoffice and leaving them un-
called for, is prima facie evidence of fraud.

Yes; we Advertise
Because it is Popular!

Yet it pays to let you know about our
goods. Still, our best advertisements
are the goods themselves. This is
shown by the packages sold of our
Uncolored Japan, Carleton's, Oolong,
Formosa, and English Breakfast. Yes,
also, our best quality of Java, Laguira,
Maracibo, and Rio Coffee, and cus-
tomers calling again to remark that
this splendid tea is elegant coffee! so fresh,
etc. Yes, coffee ground to order, while
you wait.
What is said of our tea and coffee is
re-echoed in regard to our Pork, Lard,
Hams, Shoulders, and Bacon. Our
Butter is hard to find better, and as to
Cheese, why, we always keep "full
cream."

We have a good line of Dry Goods
and Notions, Confectionery, Tobacco
and Cigars.
Land Lime and Canada Ashes in car
load lots, at lowest rates possible.
We expect to do a large business in
Coal this year. So send in your orders.
Call and see us; try our goods, and
like others say, how cheap for cash.

If you want a dish almost too
sweet, take a dead-ripe musk-melon or
cantaloupe, cut the tender part into
small pieces, cover thickly with sugar
and let it stand for an hour, then (if
you have it to spare) a cup of sweet
cream poured over it. This makes a
nice dish for tea, or breakfast; or it's
good at any time.

Everything is quiet at the scene of
the Ute Indian troubles, though the
schemers among the Indians are seeking
to provoke hostilities. Agent Byrnes
says that white men are to blame, this
time, and by vigorous measures with
them, and his personal influence with
the Indians, has been mainly instru-
mental in preventing a terrible amount
of bloodshed.

and children's shoes offered by P. S.
Tilton & Son.

The Workingmen's Loan Association
meeting, next Monday evening, in
Jackson's office.

Mrs. Alex. Aitken is expected in
New York to-morrow, on her way home
from Great Britain.

Mr. Newton C. Holdridge starts
to-day for Hamilton, N. Y., to enter
Madison University.

Mr. W. A. Miller and family
expect to move to Camden about the
first of October. We regret it.

That base-ball game, Saturday,
was a good one, and called out a crowd.
Williamstown, 8; Hammoncton, 3.

E. J. Woolley can furnish you
with any grade of watch, from a Water-
bury up. All grades of movements and
cases.

The first blast in the Winslow
glass factories was to be made yesterday,
and the blowers expected to go to work
to-day.

Mr. Delavan, of Owego, N. Y.,
made a flying trip to Hammoncton this
week, returning home, with Mrs. D.,
on Friday.

Service will be held in the Uni-
versalist Church on Sunday morning, at
10:30. Rev. Asher Moore will occupy
the pulpit.

Services will be resumed in the
Baptist Church to-morrow. The pastor,
Rev. E. M. Ogden, has returned from
his vacation.

Dr. Waas' dental office will be
closed during the Constitutional Centen-
nial celebration in Philadelphia, —Sept.
15th, 16th, and 17th.

Mrs. Martha Matteson, of Mil-
lino, is visiting her father, Mr. Hol-
dridge, at Elm, this being her first visit
for twenty-one years.

Rev. Mr. Hunter, of Greenacres,
Pa., a friend of Rev. Mr. Randall,
preached in the Presbyterian Church
last Sunday morning.

Mrs. William A. Hood and her
niece Lucy expect to start for Massa-
chusetts next Wednesday. They may
be gone three months.

They say that Jack Brewer, the
shootist, expects to sail for Europe in
October, to try the skill of some of the
crack shots over there.

Jones & Lawson have a contract
to build a house for Mrs. T. A. Johnson,
on Fairview Avenue; also for W. R.
Tilton, on Vine Street.

Mrs. Harry Setley will move into
the house now occupied by C. Howard
Wilson, who expects to move into his
own house in a few days.

More satisfactory and enduring
than playthings, of which children soon
tire, is *Our Little Ones and The Nursery*,
published by the Russell Pub. Co., 30
Broadfield St., Boston.

is just opposite the post-office.

The West Jersey Railroad Com-
pany has declared a semi-annual divi-
dend of 3 per cent; on the West Jersey
and Atlantic, 2 1/2 per cent; and on the
Camden & Atlantic, 2 per cent.

The Presbyterian Sunday School
had a pleasant picnic at the Park, on
Wednesday. The weather was quite
agreeable, there were plenty of boats,
and all seemed to enjoy themselves.

Hon. George Elvins has bought
the good-will and fixtures of the coal
yard formerly occupied by Clayton R.
Scullin, and expects to have a stock of
coal on hand by the middle of Sept.

Now is the time to examine Mr.
Bassett's flowers and foliage plants, and
see which show to the best advantage.
Some of the latter are remarkably fine.
Dahlias are in bloom now, and he has a
good collection of roses in pots.

Mr. Geo. F. Potter and wife, of
Augusta, Maine, and Mr. E. Roberts
and wife, of Jacksonville, Florida, are
visiting at Mr. Wm. Black's. Extremes
meet,—North and South shake hands
on middle ground.

A meeting of members of the
Universalist Society will be held at the
Church this (Saturday) evening, to select
delegates to the convention to be held
here in October. Every one interested
is requested to be present.

PEACH SHORT-CAKE.—Make a
nice short-cake of one-half cup butter,
one cup milk, or water, two teaspoons
baking powder, flour as for soft biscuit;
when baked, take one dozen nice dead-
ripe peaches, previously pared, halved,
and well sugar, add a cup of sweet
cream or milk, and spread all thickly
between layers.

We have received one of the pret-
tiest songs ever written, called "There's
no one like mother to me," by Charles
A. Davis. For a nice home song, in
which both the words and the music are
so very pretty, it is hard to equal. It
can be played on the piano or organ,
and will be sent to any address for only
22 1-cent stamps. Address the publish-
ers, J. C. Groene & Co., 50 and 42 Ar-
cade, Cincinnati, O.

The horse-disease, though report-
ed as raging in this section, has done
but little damage in Hammoncton, so far
as we can learn. But two deaths have
been reported to us,—Col. Richards' horse
died on Tuesday, and John Traf-
ford's on Sunday. Every owner seems
to be taking precautions, and we can
imagine the surprise that some horses
feel at the unusual cleanliness of their
stables, and the generally disinfected
atmosphere about them.

As Otto Wackerhagen was driv-
ing Packer's baker wagon along the
Hammoncton road, last week Thursday,
a New Jersey Southern train passed
along, and the horse became so fright-
ened that it ran directly at the cars, but
the driver succeeded in turning its head
so that the wagon was only knocked
over by the cars, and the three occu-
pants, Mr. Wackerhagen, Mr. Bennett,
and a little girl named Zane, were all
thrown out, but not injured. The
horse was severely strained and cut—

N. S. M.—The Presbyterians of
New Jersey are arousing themselves for
a great effort in November, in behalf of
Foreign Missions. The movement is
named the "N. S. M."—the "November
Simultaneous Meetings." These meet-
ings will be held Nov. 13-19, in every
Presbyterian Church in our State. No
collections will be taken,—the object is
simply to stir up the Church on this
great subject. The services will all be
of an intensely popular and interesting
character. Eminent speakers will can-
vass the State and plead for Foreign
Missions as never before. Success to
the campaign.

Rev. George Sexton, M. A., M. D.,
LL. D., Ph. D., etc., who visited Dr.
Peoples recently, will preach in the
Hammoncton Presbyterian Church on
Sunday morning, Sept. 11th, and in the
Methodist Church that evening. On
Monday, Tuesday, and Wednesday eve-
nings he will lecture—probably in Union
Hall—not yet decided. The subjects of
his lectures will be: "If a man die, shall
he live again?" "Prayer; its relation
to science, natural law, and modern
thought." "The difficulties of Infidel-
ity." The doctor is no stranger to the
best educated men of America. Though
an Englishman, he has spent several
years in this country, and made the
acquaintance of all the most advanced
thinkers and writers, and lectured in
about every important city in North
America. It is by special favor that he
comes here, and we hope that our citi-
zens will honor him with good audiences
each evening. There will probably be
no admission fee.

O. E. Moore has put up a street
lamp in front of his store, and Keyser
has painted him a well lettered sign.

Highway Committee recommended a
sluice under Bellevue Avenue near Geo.
Elvins' corner; another under Main
Road just beyond Elvins' storehouse; a
third opposite Wm. Elvins' property, to
allow superfluous water to run in its
natural course to the swamp. Recom-
mendations approved.

Same committee recommended that
Fifteenth Street be worked to the top of
the hill opposite O'Neill's.

John Myers was appointed janitor of
the Town Hall.

Clerk read an official copy of a deci-
sion of the Supreme Court of this State,
affirming the right of Town Council to
increase the assessment of property
without previous notice to owner.

Noted, that sidewalks on town lot be
