It requires "hard pushing" to dispose of poor wares. All sorts of schemes are devised to "palm off" inferior clothing onto the unwary.

At Yates', corner Thirteenth and Chestnut Streets, schemes are not in vogue—the goods sell themselves. They are gotten up with great care, are superior in every way, and still are sold at moderate prices.

A. C. YATES & Co.,

Now only corner 13th and Chestnut Streets, Philadelphia.

Mrs. McKee and Mrs. Russell Harrison arrived in New York from Europe on Wednesday, on board the steamer Majestic. They were met down the bay by Mrs. Harrison and Russell Harrison on the revenue cutter Grant.

The Commissioners of the World's Fair decided at a meeting in Chicago to ask Congress for a loan of from \$5,000,000 to \$7,000,000, to carry on the work of the undertaking. Popular subscriptions have reached \$6,000,000, and the city of Chicago has issued bonds for \$5,000,000 more.

Miss Mary Lincoln, daughter of the American Minister to England, Robert T. Lincoln, was married to Mr. Charles Isham, a wealthy young lawyer of New York.

The receipts of wheat at St. Louis are the heaviest ever known in that city.

The embargo on American pork has been officially removed by the German Government.

"I am sure that you realize here in a large degree the benefit of a policy that keeps the American market for the American workman. I try to be broadly philanthropic in my thoughts about the human race, but cannot help thinking that an American workman has a stronger claim on my sympathy and help than any other workman."—President Harrison at Troy.

The census bureau says the real and personal property of the country is rated at sixty-two billions, six hundred and ten millions of dollars—giving one thousand dollars to each person. New Jersey's valuation is placed at \$688,309,187—an increase of \$115,790,826 in ten years. A pretty rich country, this of ours.

The State Liquor Dealers' Association have decided to hold an annual convention in Jersey City on Tuesday next. It is proclaimed the meeting will be accompanied by political action which will have more or less marked effect on the results of the approaching Fall election.

There is a chance for a battle in New Jersey if the friends of Senator McPheerson and ex-President Cleveland take up the gauntlet that Gov. Abbott and his friends have thrown down. It is just possible that the Governor's pathway to the U. S. Senate may beset with difficulties that may cause history to repeat itself.

President Harrison, in what may be called his roadside chats, has proved himself again to be very happy. What he says is good; what he omits to say is better. He says more in ten lines than almost any other man could say in a column. The country should be proud that we have such a hearty, sensible, and honest President. He is educating the nation, by precept and example, in patriotism, manhood, and brotherly kindness. He is unifying the people rapidly. Such a Summer as he has spent is extremely valuable to the nation at large as well as to the nation's head.—Press.

Boston has good evidence of the largeness of the peach crop. The Transcript says that already the Hub has received more of the fruit than it sometimes gets in an entire season.

General William J. Sewell has returned from his European trip, and is confident that President Harrison will receive the delegates for renomination.

Senator Washburn, of Minnesota, who has just returned from Europe, said in an interview that Secretary Blaine would be nominated by acclamation for the Presidency by the Republican party and would be undoubtedly elected.

Major McKinley seems to be engaged in a walk-over. He can find no foe man worthy of his steel.

Cleveland's letter on silver is doing excellent service in the Ohio campaign, but not for Campbell.

It was stated on good authority in Washington, D. C., that the reported rejection by the Government of Venezuela of the reciprocity treaty with the United States was incorrect. The treaty was not rejected, but the Government of Venezuela sent it back and asked that certain modifications be made.

SATURDAY, SEPT. 5, 1891.

Why I Am a Protectionist.

I am a protectionist because I follow the enactment of wise laws. Because I love my own country better than I do foreign countries.

Because protection builds up our towns into cities and enhances the value of our houses and lands.

Because every dollar sent abroad to purchase goods that we can produce at home makes us a dollar the poorer.

Because protection in this country gives labor better wages than free-trade.

Because it is better for this country to feed, clothe, and house our own labor in this country, than to support foreign labor in other countries with our hard-earned money.

Because it is true, as Peter Cooper well said: "No goods purchased abroad are cheap that take the place of our own labor and our own raw material."

—H. K. Thurber.

In my judgment, the purpose in raising revenue should be first to promote production, from which spring a nation's wealth and power. Consumption will follow.

In home production the whole cost of the commodity is kept here to buy materials and pay wages.

With agriculture and manufactures developed by stable protection, a surplus will be produced to seek external markets by ships made by American mechanics from our native products.

Home markets are best for our own producers, and their development is the condition of a foreign trade large and varied enough to endure and expand.

—Hon. Ellis H. Roberts, Assistant U. S. Treasurer.

The grand reception to Gen. E. Burd Grubb, U. S. Minister to Spain, (who ought to be Governor of New Jersey to day), will be held in Camden on Saturday evening next, Sept. 12th.

Our Grand Army Post is invited to participate, and will doubtless make arrangements at their meeting this evening. There will be a parade at 6:30, exercises at the armory from 8 to 10, supper and sociable following.

In the Richmond (Va.) Dispatch of last Sunday, is a communication on the poultry business, including some references to the great poultry show to be held in Richmond, Oct. 27th, "birds to be scored and judged by Mr. B. A. Fox, who judged the poultry in Richmond last year to the great satisfaction of all exhibitors."

The writer gives quite an account of the seven hundred acre poultry farm ("Elk Island Farm," E. Va.) of which Mr. Fox is to be manager. Well, he knows all about poultry, and will have hands and head fully occupied there.

"Foreigners must pay for the privilege of selling, and never should the United States treat a foreigner upon equal terms until the condition of labor in Europe is elevated to the American standard. We never will degrade our labor to the level of Europe. England buys our surplus product only when she cannot help it, and never buys a dollar's worth if she can get it any where else."

—Wm. McKinley, Jr.

"We might as well permit our enemies to direct the movements of our armies in time of war as to permit them to direct or control our manufactures and other industries in time of peace."

—Peter Cooper.

"We legislate for the people of the United States and not for the whole world; and it is our glory that the American laborer is more intelligent and better paid than his foreign competitor."

—James A. Garfield.

Messrs. Norton-Bros., manufacturers of tin plate and tin cans, of Chicago, received a telegram recently from the Tennessee Lottery Commission, saying that they were ready to make shipments of the tin plate which was ordered some time ago. Several tons were shipped at once, and Norton Bros. are doubtless using tin from those mines to-day.

This is another practical lesson of the free-traders; gross misrepresentations as to the product of tin in this country.

Twenty-five cases have already been completed at New Orleans against the president of the Louisiana Lottery Company, and Post Office Inspector Maynard, who has collected the evidence for them, says he believes that the backbone of the lottery scheme is broken.

A Famous Editor.

TRENTON, N. J., Jan. 20, 1890. Having been a sufferer for some time past with biliousness and constipation, I was recommended to use Dr. Deane's Dyspepsia Pills. I did so, and am well pleased to find that they are as recommended—a cure for those ailments. I therefore subscribe myself cheerfully in recommending them to any who may suffer with those complaints.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp (naming this paper) W. A. NOYES, 820 Powers Block, Rochester, N. Y.

If this should meet the eyes of any one who would like to buy a fine business property, let him write to the Editor of the REPUBLICAN for particulars.

Edw. Welzer, of Winslow, was badly cut and bruised about the face one day last week. The king-bolt of his carriage broke, his horse ran away, and Mr. W. was thrown violently to the ground.

Friends will please bear in mind that we cannot publish items received after nine o'clock Friday morning, as we must go to press soon after that hour. Advertisements should all be handed in on Thursday, or earlier.

The cranberry crop in this vicinity is reported about average, and condition good. Reports from the west state that the crop prospect for these adulterated spheres was not very encouraging two weeks ago, and that recent frosts had damaged them greatly.

D. F. Lawson, builder, has his hands full of business—having contracts for four dwellings: one at Ancora, one for W. J. St. John, on Fairview, one by the side of the latter for Walter Ellis, one on upper Bellevue Ave. for E. W. Bachelor. Good enough.

The W. C. T. U. will hold their annual meeting on Tuesday, Sept. 8th, at Mrs. Randall's. Election of officers and full reports of work done will be the order of the day. All are cordially invited. S. C. BROWNING, Cor. Sec.

Assessor Ridell has increased the valuations of Atlantic City property from \$4,500,000 to \$10,871,883. The City Council reduced this about twenty-five per cent. If the latter action holds, their tax rate will be \$1.69 on \$100; if the assessors' work is sustained, it will be about \$1.30. Last year, \$2.65.

We had the pleasure of witnessing, on Thursday, the driving of the first stakes for the new school-house. The contractor, Mr. C. H. Sayre, of Camden, says he expects to have the walls and roof completed by Dec. 1st. If this is done, the building will be ready for use about Feb. 1st.

We wish it distinctly understood that Mr. A. B. Davis is now Collector and Treasurer of Hammon, and will doubtless send out the tax-bills as soon as possible, probably about Oct. 1st. We mention this because we have so many inquiries, both verbally and by mail, concerning this year's taxes.

Mrs. Mary F. Hudson, wife of ex-Assemblyman Shepherd S. Hudson, died last Friday afternoon, at her home in May's Landing. Mrs. Hudson contracted a severe cold last June, which terminated in pneumonia. Like her husband, deceased was beloved by all, and the circle of sincere mourners is large.

The County Board of Assessors should have met on Tuesday last; but the law which changed the day from Monday to Tuesday was so indefinite that no one seemed able to decide whether it means "the first Tuesday in September," or "Tuesday after the first Monday in September." Consequently only a portion of the Board were present, not a quorum, and they adjourned to meet on Friday.

Good Cows and Horses for sale by Wm. A. ELVINS, Hammon.

WINSLOW.—Parties wishing a farm or home will take notice that the time when not a foot of land was for sale at Winslow is past and gone. Every foot of it now belonging to the Glass Works is for sale, and will sell because it is located where business is. It will be a boom in very few years. Thousands of dollars were invested to build the brick works, and other enterprises will be located around there not a great while from now.

The President of the Glass Works Co., Mr. W. S. Fox empowered me to sell lots of one acre and larger around Winslow Junction. I will be at Winslow every day, and be glad to show the location.

Remember, you can buy one acre now in the centre of property, for less money than you could a year ago out in some desolate place.

Do you want to buy a Lamp?

And the best lamp ever made, like Aladdin's, of old, a "wonderful lamp." A lamp absolutely non-explosive and unbreakable, which gives a clear, soft, brilliant white light of 85 candle power. Pure and brighter than gas light, softer than electric light, more cheerful than kerosene. That lamp is

"The Rochester."

And with it there is no smoke, no smell, no broken chimneys, no flickering, no sweating, no climbing up of the flame, no "tantrums," no annoyance of any kind, and it never needs trimming. Its founts (oil reservoirs) being tough rolled seamless brass, with central draft, it is absolutely unbreakable, and as safe as a hollow candle.

Only five years old, and over a million and a half in use. It must be a GOOD lamp to make such a telling success. Indeed it is, for lamps may come and lamps may go, but the "Rochester" shines on forever! We make over 3,000 artistic varieties, -Hanging and Table Lamps, Banquet, Study, Vase and Piano Lamps, -every kind, in Bronze, Porcelain, Brass, Nickel and Black Wrought Iron. Ask the lamp dealer for it. Look for the trademark stamp, "The Rochester." Despatches from Admiral Brown and Consul McCreery, at Valparaiso, Chili, confirm the triumph of the Congressionalists, and say that Balmaceda fled leaving General Baquedano in charge of the Government. Everything is quiet in Valparaiso, and the sailors and marines, who were landed from the foreign men of war in the harbor to preserve life and property, have returned to their ships.

When she had Children, she gave them Castoria.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve, and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. All druggists.

THE PRESS.

THE PHILADELPHIA PRESS has won the foremost place among Pennsylvania newspapers by the enterprise and talent with which it conducts its business, records great events, and the completeness with which it records, day by day, the life of the city, state and country.

Its field is world wide, and its staff, its special correspondents, so many and well organized, its sources of information, that it gives to its readers an accuracy and truthfulness that no other newspaper ever published in Pennsylvania.

"The Press," said one of the managers of Western Union Telegraph Company, "now receives more telegraphic news than all the other Philadelphia newspapers combined." This statement is authoritative and conclusive, and The Press offers as daily witness to its truth its twelve to twenty four bright and interesting pages.

But it is not only by its news enterprise - by the zeal, energy, and integrity of its reporters and correspondents, that The Press has won and held the confidence of its many thousands of readers, representing every age and condition of life, every trade and every profession, every faith and every political opinion. It is the excellence and varied interest of its columns, its general family journal, appealing to women as well as to men, which have made for it so many friends at home, and extended its reputation throughout the country. It prints every important event of the world's progress.

The printing of news is always its first business, but it cannot be a general family journal, appealing to women as well as to men, which have made for it so many friends at home, and extended its reputation throughout the country. It prints every important event of the world's progress.
