The bridal couple went to Washington, and will later be at home on South Third Street, Hammonton. Both are well known, and have best wishes.

The Girl Pioneers had a field day on Tuesday, at the Park. They had a good time with their Volley and Captain Ball and other games, the boats, swings, and see-saws. It would have done a dyspeptic good to see the girls around their camp-fire, boiling corn and toasting "half-smokes," with which to sandwich their fresh rolls. Of course there were accidents (?). To give the first-aid nurses out-door practice. Then Mr. Moore brought his car and treated them all to a spin along the County Road. Yes, it was a very enjoyable day, and will bear repetition next year. \*

We had the pleasure, on Thursday, of visiting the new sewage disposal plant in the company of Commissioners Anderson and Colwell. We ceased to wonder at what seemed the great cost of this plant, when we viewed the sixteen acres of land, the wells, pumps, filtration beds, buildings, fence, etc., etc., composing it. We confess inability to describe the works; but they will be worth the price if they do all that is expected of them. Already, some eight other communities have sent officials and committees to inspect our sewer system,—advised to do so by the State Board of Health,—with a view of adopting the same plans for their towns. The test will soon come, and we anticipate a successful operation of the entire sewer system.

Should a slick-tongued individual attempt to extract hard-earned dollars from you, on the promise that your advertisement will appear in a book to be gotten out by the Board of Trade (or any other organization or individual), just call up the Board's Secretary, Mr. Dougherty, or the police. More than one of the fellows has found that there are some here who possess more cash than sound business judgment.

The County Board of Taxation has made two outstanding changes in Hammonton's assessed valuation. The Gas Company, placed by our assessors at \$21,000, was increased to \$26,100. The local Telephone Company was raised from \$5,000 to \$12,000. We don't know the why or wherefore of the County Board's action, but they will need strong arguments to sustain their decision before the Board of Appeals.

That hand-stand at the Park has become unsafe, and should be rebuilt. We had noticed its shaky condition, but on Tuesday a little girl's foot and leg went through the floor, injuring her painfully. It might have been a fracture. One of the youngest of the "first aid" girls did a very neat job of bandaging for the wounded one.

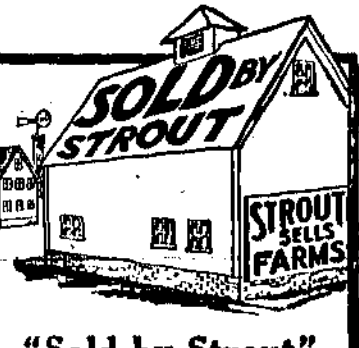

The first Registration Day occurs next Tuesday, at the various local polling places, from one to nine o'clock. If you wish to vote at the Primary, make it your business to register early, as you may forget it before the first Registration Day, Oct. 20th.

In another column will be found an advertisement for Emerson Richards, candidate for Member of Congress. As Assemblyman, he has a good record, and from inquiry and personal observation we believe him to be a clean man.

But two Saturdays and Sundays, a special officer has been stationed at the corner of Bellevue Avenue and Main Road, and the entire absence of automobile accidents on those days proved the value of such guard.

The Pennington Glee Club gave an excellent concert in the M. E. Church on Monday evening last, which was enjoyed by about one hundred and fifty people. The program was in charge of Dr. Nichols. An address on Pennington Seminary, past and present, was given by Dr. M. E. Snyder, one of the secretaries of the Board of Education. The Club was the guest of the official board, and were entertained at "The Cedars."

### Sewer Plant Accepted.

A special session of Town Council was held on Monday evening, Aug. 31st, at which all members were present.

Messrs. R. G. Scudder, John G. Galigue and Wm. Colwell, members of the Board of Sewerage, were also present. Secretary Samuel Anderson being unavoidably detained.

President Scudder, for the Board in a few well chosen words presented to the Town a completed sewerage system, eleven miles of pipe and a disposal plant of most modern construction, the whole constituting one of the best systems known. He gave into custody of Council the various drawings used and keys of the disposal plant structures.

Mayor F. C. Burt, in his own inimitable way, replied to the President, giving a brief history of the sewerage idea in Hammononton, as since so successfully developed, and tendered to the Commissioners the thanks of Council for their energetic and efficient efforts.

A resolution was unanimously adopted, receiving the report of the Commissioners and accepting the completed sewerage plant.

There being still a number of unpaid sewer bills, it was voted to borrow ten thousand dollars to complete all payments.

Voted, that Town Sewer Bonds be issued, amounting to \$70,000, to be dated September 1st, 1914.

Clerk instructed to proceed in legal manner, to have special commissioners appointed to assess upon property owners and the Town the cost of sewer plant.

Messrs. Edw. W. Haney, T. R. Evans, Fred Nicolai, John Smith, Jr., Adin Wescott, Peter Klingenberg, Geo. F. McIntyre and Dan'l Green, were applicants for the position of Superintendent of Sewers.

An informal ballot gave McIntyre three votes; Klingenberg two; Haney one; Smith one.

The two receiving most votes were candidates on formal ballot, which resulted in McIntyre receiving four votes, Klingenberg three. George F. McIntyre was declared elected. The salary will be sixty dollars per month.

The Clerk was instructed to notify the Board of Health that the sewer system is completed, and they may issue permits, and connections be made at once.

Adjourned at 11:13.

Tuesday evening, several autos rolled into town, laden to the cuppers with officers and members of M. E. A. of the A. O. of M. P. of Philadelphia. With members from Camden and Haddonfield, they easily captured the local Assembly. Owing to one of those "hard-to-dodge" accidents that all motorists are heir to, one car was held up for an hour, hence the late arrival of the visitors. They proved themselves most entertaining, and the local brothers have reason to feel proud of this visit of "high-ups." After a very enjoyable evening, the company "cranked up" at a near-by ice cream parlor, and then flitted away up Bellevue, leaving with us very pleasant memories. 9.

Charles Piez, of Hammononton, and Miss Helen I. Middleton, of Pleasantville, were married on Tuesday, Sept. 1st, 1914, by Rev. Thos. J. Cross, at the country place of the bride's sister, Mrs. John M. Bewley, Pleasantville. A reception followed the ceremony, after which Mr. and Mrs. Piez took the train for Philadelphia, where a friend met them in his auto for a trip to New York. Charles rejoined his base-ball club, the New York Nationals. Mrs. Piez will accompany the team during the balance of the season, after which they will return to Hammononton. Many friends will greet them, and extend best wishes.

Wednesday afternoon, Mrs. Tom Pinto, of Nesco, was thrown from a wagon, breaking her left arm and rendering her unconscious for six hours.

At Hotel Royal, Monday eve'g, a pleasant surprise party was given one of the lady guests, Mrs. Rosa Strauss, in honor of her birthday, those present being mostly guests of the house.

## This is the 1st Authorized Mid-Summer Hoosier Cabinet Sale on the Hoosier \$1 Plan

This mid-summer sale is authorized for the first time, because so many Hoosier agents were unable to get Hoosiers for their spring sales, and many more could not get their full allotment. But even now, only a limited number of Hoosier Cabinets can be turned out of our new factory building in time for mid-summer delivery—an average to each sale of less than twenty. So only you who enroll early can count on delivery during the hot months, when you need your Hoosier most.

THE HOOSIER MFG. CO., New Castle, Ind.

Read about these conveniences that made the HOOSIER necessary to over 700,000 women.

(1) Mrs. Christine Frederick's famous "Housekeepers' Food Guide"—on the upper left door—answers the eternal problem: "What shall we have for dinner?"

(2) The Cook-book Holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder. It is on a level with your eye, always clean, never in the way.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily. The inside is entirely of metal, with no corners to hold flour. First flour in is always out first.

(4) The New Shaker Flour Sifter is the most wonderful of all the new Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet that shakes flour through instead of grinding it through. It cannot wear out and cannot grind through any grit or foreign substance that might be in the flour.

OUR WINDOW DISPLAY is the talk of the town—come and see it.

(5) A new feature in the Base Cup-board is a narrow shelf conveniently located for the storage of canned articles. Most women will find this a great convenience as an "emergency shelf." It will save many trips to the cellar or pantry.

TOMORROW YOU may examine all the new features. You incur no obligation. But you should come early. You may be too late to get one on the HOOSIER PLAN if you delay. Come and SEE this remarkable NEW Hoosier tomorrow.

## Tomorrow, Only \$1 Puts This NEW HOOSIER in Your Home—Don't Wait!

The mid-summer sale terms are:

1. You may choose any of the new Hoosiers—"White Beauty," or "Oak Interior," at slightly less price.
2. \$1 puts your Hoosier in your home at once.
3. \$1 weekly quickly pays for it.
4. The low cash price fixed by the factory prevails strictly.
5. No interest—no extra fees.
6. This sale is under direct supervision of the Hoosier Company.
7. Sale is strictly limited to our small summer allotment of new Hoosiers.
8. Your money back if you are not delighted with your Hoosier.

This is your opportunity—if you act quickly—to own this wonderful Hoosier on the most liberal terms ever offered. You may search the whole world and find nothing that will save you so much labor in your kitchen as this new Hoosier.

White Beauty is a wonder of convenience. It combines three: roomy cupboards, a large work table and package pantry in one spot so you can sit down at work and save miles of steps.

You have places before you for 400 articles, all at your fingers' ends. You save most of the weary hours other women spend in their kitchens.

This new Hoosier on these terms is the greatest kitchen cabinet bargain you have ever seen. The few we have will be sold in no time at all. Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on the liberal Hoosier plan.

A few discontinued patterns at Reduced Prices.
