That CANNING FACTORY.

EDITOR REPUBLICAN:

It will not be out of place to give a few facts in regard to the proposed canning factory.

A copy of the REPUBLICAN being sent to Ohio, attracted the notice of parties who were engaged in the canning industry, an article having appeared in that issue referring to the matter.

These parties have any amount of capital, and only ask a favorable location between the two railroads. They are willing to come here if the people will agree to provide the materials for canning, such as fruits, corn, peas, string beans, lima beans, tomatoes, and pumpkins. They attach much importance to pumpkins as well as to the other articles.

The factory will give employment to quite a number—perhaps 200 persons,—and open a home market for articles which can be as easily produced here as elsewhere.

The main point is, will the people grow the articles? Will the people come to a meeting to consider the subject? These parties are willing to come here and discuss the matter. If a meeting is called, and an invitation given, negotiations can begin at once; but if every person interested stays away from the meeting, expecting others to be there while he remains at home, it means an empty house, and the matter will be dropped.

I am authorized by the parties to call a meeting and learn what our people will do, but it is very discouraging to hire a hall and nobody come. If this chance slips away it may be a long time before another is offered. If the people desire to grow vegetables for canning, as well as give employment to many, this is an excellent opportunity.

I will say that it is to the persistent agitation by Mr. Wm. Rutherford and the Editor of the REPUBLICAN that the parties (who already have several large canneries, with ample capital) became interested in our town. They recently received a single order from Chicago which required twenty cars to transport the goods.

Marvellous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Doctor King's New Discovery, as the results were almost marvellous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was bro't down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in its results." Trial bottles free at Croft's Pharmacy. Regular size 50 c. and \$1.

THOMAS L. MCCONNELL,
Chairman of the Convention.
Sept. 10th, 1895.

To settle all doubts as to the registry of voters, and other matters included in the new election law, we have secured a copy of the law, as issued by the Secretary of State. After considerable study, we can find but little change that will affect Hammon, or any other municipality having less than forty thousand inhabitants. The local Board has been appointed, and have (or will) organize by electing one of their number Judge, one Inspector, and two Clerks of the Election.

On Tuesday, Oct. 8, the house to house canvass and registration of voters will begin, to be completed in four days. Oct. 15, they will be in session from 10 a. m. to 9 p. m., to make up their registers from their canvassing books, each clerk to post a copy of the registration on the next day. Oct. 23, Board will meet for final revision and correction of register. Election day, Nov. 5, polls open from 6 a. m. to 7 p. m.

The Rev. G. D. Ogden will give a "chalk talk" at the regular business meeting of the Epworth League next Monday evening. Mr. Ogden's special mission is to organize (under the auspices of the literary department of the League) a reading course for the young people this Fall and Winter. All young people interested in a good healthy literary growth and spirit in such societies, come out. Mr. Ogden is an interesting and instructive speaker. Exercises begin at 8 o'clock.

Atlantic County Bicycle Race Meet.

On Saturday, Sept. 28th, the Hammon Athletic Association will close their racing season with a Bicycle Race Meet open only to residents of this County. This Club has made a big reputation during the season for putting up the best prizes ever offered in South Jersey, and they have had the largest fields of good riders ever seen together in the section. Their half mile track is pronounced by veteran racing men to be faster than the Tioga Track, at Philada. Among the other events, of which there are five, is a one mile race for the Championship of Atlantic County, the prize being a valuable gold medal. This will be a race for "blood and glory" and will undoubtedly be the race of the Meet. Then there are the three handicaps, all of which will attract a large number of entries. The events and prizes are as follows:

One Mile Race—1st prize, gold medal; 2nd, silver medal; 3rd, bronze medal.
One Mile County Championship—gold medal.
One-half Mile Handicap—1st prize, set solid silver orange spoons; 2nd prize, silver syrup pitcher; 3rd, silver butter dish; 4th, silver pickle jar; 5th, silver berry spoon.
One Mile Handicap—1st prize, banquet lamp; 2nd, dress suit case; 3rd, silver cake basket; 4th, silver soup ladle; 5th, silver stamp box.
Five Mile Handicap—1st prize, onyx table; 2nd, solid gold cuff links; 3rd, dress suit case; 4th, silver cake basket; 5th, sugar shell and butter knife.

Boys, look out. Mr. Krebe, the Principal of Central School complains that the boys who congregate on the base ball grounds during school hours disturb the schools to such degree that either the schools must close or the boys go. He has the names of some of the boys, and requests parents to put an end to the disorder. If not, the boys will be arrested, and as disturbing a school is "disorderly conduct" under the law, and will cause offenders to go to jail for thirty days, it will be a serious matter for a boy to be arrested. He desires to give this information to parents and boys, so that no responsibility for what follows will rest on him, as he is determined to have the boys arrested if they begin their noise on Monday. He has already warned them but to no purpose.

The entertainment, given at Union Hall, on Friday and Saturday nights, under the management of Mrs. Oakleigh, was one of the grandest ever given in Hammon. In costumes and stage settings, while the dramatic and other attractions were superb. Fairy scenes are always interesting, but those referred to above were unusually delightful. Fairy Banquet—Gracie Thayer—showed the power for evil, and Goldenlocks—Lutie Whitmore—the power for good. The numerous little fairies, flitting about the stage, with the rich decorations surrounding them, made it, indeed, a fairy land. The dancing by the fairies was something wonderful. The three-year-old, Baby Burbeck, and older ones, showed they had had an apt teacher, and that they were unusually apt scholars. It was a delightful evening's entertainment. There was a good appreciative audience each night.

Following is a complete list of Hammon teachers:

The September term of Court opened on Tuesday morning, with Judge Ludlow presiding. As this was the Judge's first term, business was not pushed as under Judge Reed, and but little was accomplished. Hon. John J. Gardner was chairman of Grand Jury; J. T. French was the only member from here. After three days of hard work, seventy-six true bills were reported, fifty-one complaints ignored. The largest list and the longest session of the grand inquest for many years. It looks as though two weeks more would be required to complete business before the Court.

The Base Ball Club wish it un-
derstood that the boys who disturb the
school by their racket on the ball ground
have no connection with the Club.
They have have now instructed Mr.
Shourds, janitor of the school, to keep
trespassers off the grounds during School
hours.

Central School was crowded on
Monday the opening day, and the
Board was compelled to employ an ad-
ditional teacher, Miss Wood, to reduce
the number of children to limits,—one
of the teachers having her class in the
assembly room. It takes two sessions
a day to accommodate the kindergarten
pupils.

The other evening, Miss Esie
Wescoat and a young lady friend were
driving across the railroad, in a light
wagon, when their horse was frightened
from some unknown cause, and ran
away. In turning out for another team
their wagon struck the curb in front of
the Fay property, and the young ladies
were thrown to the ground. Miss
Wescoat appeared to be seriously in-
jured, and both were taken into Dr.
Cunningham's residence near by, but
later were able to go home. Fortu-
nately, neither seemed much the worse
for the accident, the next morning.
The wagon struck a heavier wagon
in front of Squire Atkinson's, and the
horse was released with but little dam-
age done.

We give below the amounts of

The Sovereign Grand Lodge of
Odd Fellows (the Grand Lodge of the
World) with delegates from every civil-
ized country, will meet in Atlantic
City next week. Elaborate prepara-
tions are made for their reception.
Tuesday, the 17th, will be grand parade
day. Hammon delegates will join
with others of the county and form a
District Lodge in the line. The uni-
form is a dark suit, black derby hat,
pied collar, white tie, white gloves,
light cane. We would like to see a
large representation from here. Our
station agents report that no extra
trains have been provided, and no
special rates; but we can leave here on
the C. & A. road at 9:25 a. m., and
leave Atlantic at 5:12. It will probably
be the only chance of a lifetime to see
such a gathering of the brotherhood.

The G. A. R. monument will be
dedicated on Saturday, September 28th.
Details of the programme are not yet
arranged, but it will be somewhat as
follows: March to cemetery about 10
a. m., where the ceremonies will be
brief; lunch at 12; short parade at 1;
addresses and music
