The Republican State Convention met in Trenton on Tuesday. Ex-Senator Henry M. Nevius was chairman. Gen. E. Burd Grubb, Frank A. Magowan, Franklin Murphey, John Kean, Jr., were placed in nomination. The first ballot stood: Kean, 381; Grubb, 178; Magowan, 74; Murphey, 167. On the second ballot, changes to Kean made his nomination certain, and on motion of Judge Buchanan it was made unanimous. Everybody seemed satisfied, and there will be no wounds to heal during the campaign.

Mr. Kean is an attorney by profession, but devotes his time to extensive practical business interests at his home. Elizabeth He has twice represented his district in Congress, and has served as chairman of the State Executive Committee.

The Presidential Electors nominated are:

At Large, Alex. G. Cattell, of Camden; Frederick F. Frelinghuysen, Newark.

First District, Geo. Hires, Salem.

Second, Ferdinand Roebing, Mercer.

Third, Adolph Mock, Somerset.

Fourth, Dewitt Blair, Warren.

Fifth, Donald McKay, Bergen.

Sixth, Frederick Kuhn, Essex.

Seventh, Geo. T. Perkins, Hudson.

Eighth, Winfield S. Chamberlain, Elizabeth.

The platform adopted endorses the administration and re-nomination of Mr. Harrison; approves of the national platform in all its phases, and says:

We favor the passage of an act restoring the proceeds of the sale of riparian lands to the school fund of the State.

We are opposed to an administration of the State Government for personal uses, the subversion of the Legislature and the courts to executive dictation; to the abolition by the Legislature under executive orders of local home government; to the multiplication of public offices and the increase of salaries for the furtherance of personal and political ends; to the appointment of public officers for a stated consideration to be paid to the party campaign fund; to the pardon of convicts in the State prison; to the unheard of extravagance of the present State administration in the expenditure of public money; to clothing the Governor with dictatorial powers by acts of a Legislature obsequiously subject to executive control; to the creation of unnecessary boards and commissions for partisan purposes, investing them with arbitrary powers and placing them beyond the control of the people, making their terms of office subject to the will of the Government; to evasions and misconstructions of the Constitution by the chief executive to secure political and personal support; to the countenance and support by State officers and party leaders of race track gambling, with all its attendant evils; to the destruction of the right of suffrage by false registry, ballot-box stuffing and fraudulent count of votes, and to the general maladministration of public affairs, which during the present current administration have brought shame and disgrace upon the State.

We arraign the Democratic party of the State for the atrocious crimes against the rights and liberties of the people. We pledge ourselves to the thorough reform of these evils, and we appeal to all patriotic voters in the State to aid us in the re-establishment of a government of which Jerseyans need not be ashamed.

The Democratic Convention, Wednesday, was called by some papers, a "bear garden," and by one of the delegates, "perfect pandemonium." Judge Geo. T. Werts was nominated for Governor, in spite of the fact that he had thrice declined to accept. At the time of going to press, no one had found out what his intentions are.

Mr. John Ford, editor of the *American Economist*, has prepared a "Pocket Encyclopedia of Protection," which is published by the New York Press and sold at ten cents a copy. It gives in alphabetical order, supplemented by an exhaustive index, the cream of the facts which champions of Protection want to have always by them, and is designed especially for editors and stump speakers.

Why should Democratic Labor Commissioner Peck's report, showing how the McKinley law has increased wages and given life to industry, cause such great sorrow in the Free-Trade camp? Does not this show that the hopes of the Free Traders are based on the misfortunes of our people?

**The Best Remedy**  
In this world, says J. Hoffer of Syracuse, N. Y. is Pastor Koenig's Nerve Tonic, because my son, who was partially paralyzed three years ago and attacked by fits, has not had any symptoms of them since he took one bottle of the remedy. I most heartily thank for it.

**Nervous Prostration, Sleeplessness, and Weakness.**

West Brimington, Quebec, Oct. 1, '90. The Pastor Koenig's Nerve Tonic I ordered was for a young lady of my household, who was almost useless to herself and others, owing to nervous prostration, sleeplessness, weakness, &c., &c. 10-day there is quite a change. The young person is much better, stronger, and less nervous. She will continue to use your medicine. I think it is very good.

**PAINT! PAINT!**  
—THE—  
**HAMMONTON.**

When you buy the Hammonton Paint, you do not buy seven-eighths of a gallon for a gallon, or three pints for a half gallon; nor do you get one of those packages that weigh 12 to 14 pounds, and containing so much alkali that it appears to be so thick that it is impossible to use it without thinning; but in buying the Hammonton you get a full standard gallon of paint, weighing 14 to 16 pounds to the gallon, made from the best materials known to the trade, and costs the consumer from \$1 to \$1.50 per gallon for honest paint.

If the purchaser doesn't want honest paint, and wants to be honest to himself, then be sure to buy the Hammonton Paint, and the manufacturer will give a receipt with every gallon sold telling you how to make two gallons of paint out of one of the Hammonton. It will cost 33 cents for the extra gallon.

**One Dollar.**

And then here comes Commercial Paint, in 30 shades,—the best wearing paint ever put on the market for so low a price as \$1 per gallon, and guaranteed to be a first-class wearing paint. If any one should want to pay so high a price for a good exterior paint, then work the 33 cent racket, and get two gallons for \$1.33. Manufactured at Hammonton Paint Works.
