### "AMERICANS SHOULD BE NEAR EAST RELIEF"

Says American High Commis-sioner. Congress Is Told of Great Accomplishment

Washington.—The annual report of the activities of the Near East Relief organization, filed with Congress by Charles V. Vickrey, General Secretary, constitutes the modest history of one of the greatest pieces of philanthropic work ever undertaken and carried through by American men and women, according to well informed persons in the capital. Ad-

miral Mark L. Bristol, United States High Commissioner to Turkey, for example, declares:

"I have been closely associated with the work of the Near East Relief committee for about 22 months. On the whole the work of this relief committee has been such that Americans should be proud of this great humans of to Constantinople is run more like a business organization than any relief organization with which I have ever come into contact."

Charles V. Vickrey's symmary of the activities of the Near East Relief \$60,000,000.00 in cash and supplies, contributed by the American people to the ealwaying of the Christian populations of the Near East. 711 American and Canadian ment and women relief workers have been chagaged in this huge task on little more than a volunteer basis, 63 hospitals, with 6,522 beds, and 123 clinics; 11 rescue homes, where young girls rescued from lives of shame in Turkish harems are taught to forget their sufferings, and to begin life anew, solf-supporting and independent, are maintained.

thousands of children who have lost parents and relatives during the past parenta and relatives during the past six years. For these little ones American generosity has provided, through the Near East Relief, 299 homes—one, in Alexandropol, Armenia, housing 18,000 children—where, last year, 54,600 children were housed, clothed, fed and taught, while an additional 56,029, outside the Near East Relief orphanages, were saved from starvation and death by food and clothing sent them from the United States.

Mr. Vickrey's report states that approximately 2,790,490 Armonians are still llying in the Near East, out of a pre-war population of ever 4.000.000 and cellmates that had it Amorican people through the Near Bast Roller, fully half of those now living would have perished. Food was furnished to 561,970 homoleen refugees during a large part of 1920, white 136 666 reingees during a large part of 1920, while 300,000 garmonts, comprising 1,500,000 pounds of clothing sent out from the United States were distributed to barpfoot and rag-olad wanderers, all the way from the Mediterranean to the Caneanus

Work Must Continue Commenting on these figures Mr lokrey stated that "this distinctive y humanitarian relief work, as an symmunicarian rollof work, as an expression of brotherhood, should help to mark the beginning of a new era of peace and infor cacial good will in the Near Bast.

"The tremendous lank undertaken by the American people in anying the didition of the Near Stat is one which cannot be left quintained. We have an luvestment of ever \$50,000. People are far from satisfied with the result of the trial of the Atlanc City rum sellers, in that they were fined instead of imprisoned. The udge's stand was that the Van Ness Act had not been tested as to its legality. He could have at least have suspended sentence, and by holding that over the guilty ones, serve as a future warning. A fine the size of the one inflicted probably equalled their profits over one night. Good! We are to have no more of fool time after the 25th. The

ubject will probably never be brought up again. Read the bank statements on page eight.

Henry C. Wallace, Secretary of Agriculture, has this to say in regard to the too-common idea that we older ones have passed the church-going age:

"Why is it that so many parents send their children to Sabbath school but do not themselves go to church? If the one is good for the children, surely the other is good for the grown-ups. The fact in that the church is the great stabilizing tultuence in America today, and an ench should be attended and supported by both saints and sinucio.
